Severe thunderstorm knocks out power in Fenton area

► Heat wave warnings continue

By Sharon Stone

sstone@tctimes.com; 810-433-6786

For a short time on Monday afternoon, temperatures dropped about 20 degrees, but only after a powerful thunderstorm rolled through the tri-county area around 4 p.m.

The storm, with wind gusts up to 40 miles per hour, dropped about two-tenths of an inch of rain, according to weatherunderground.com. Temperatures peaked at 94 degrees.

Mary Gust, spokesperson for Consumers Energy, said the storm knocked power out to 4,000 Consumers Energy customers on Monday, 2,693 of which were in Fenton. Consumers Energy crews immediately responded to the area to begin assessing the

See THUNDERSTORM on 9

Summary

► Sporadic power outages occurred throughout the tri-county area after Monday afternoon's thunderstorm, resulting in 2,693 residents losing power. The National Weather Service issued an Excessive Heat Watch through Thursday evening.

TRI-COUNTY TIMES | TIM JAGIELO

Kyle Reynolds (right) and Matt Lennox, of Ferguson Tree Service, help clean up a tree that destroyed the roof of a home on Westman Drive. Herman Ferguson said his company received 18 calls on Tuesday for tree removals, but this was the worst damage he had seen.

Fire destroys Dalhart Drive home

Summary

► A house on Dalhart Drive in Fenton Township was destroyed by fire Monday morning. Several fire departments responded to the scene to assist Fenton Township Fire Department. No residents were home at the time of the fire. The fire appears to be accidental, and electrical in nature.

Firefighters battle house fire and heat wave

By Sharon Stone

sstone@tctimes.com

Fenton Twp. — Firefighters battled a stubborn house fire and 90-degree temperatures Monday morning in Fenton Township.

As residents across Michigan

and the Midwest escaped to air conditioned offices, homes and lakes, firefighters from several departments converged at a home at 12078 Dalhart Drive at 10 a.m. to assist the Fenton Township Fire Department in fighting the blaze.

Fire Chief John Moulton and a deputy with the Genesee County Sheriff's Department were the first responders on scene. A neighbor had spotted smoke and believed someone might be inside the house since several cars were present. Nobody answered the knocks at the door.

Moulton and the deputy entered the home to see if anyone was inside and discovered the home was unoccupied. Two brothers who live at the house arrived after being contacted. When they left the home at 7:30 a.m., it appeared fine.

Rose Township to re-evaluate zoning ordinance

By Tim Jagielo

tjagiolo@tctimes.com; 810-433-6795

Because of recent large land parcel zoning issues, the Rose Township Board of Trustees voted to have the planning commission re-evaluate zoning ordinances for large land parcels in the township at its next meeting on Aug. 4 at 7:30 p.m.

One of the ongoing cases that prompted Supervisor Allison Kalcec to ask for the review is the case of residents Tim and Terry Claus, who have been fighting what they felt were restrictive zoning ordinances since last November.

Terry and son Tim were fined \$1,250 because of zoning ordinance violations and plans to appeal in court. Tim and Terry frequently attend the monthly board meetings to raise his complaints about the issue. He said he believed the review of the zoning ordinance wouldn't help his case. "It's too late for us," Terry said.

Summary

► The Rose Township Board of Trustees voted to have the planning commission reevaluate the schedule of uses for large land parcels in the township.

Kalcec said there are two other people with large land parcel zoning disputes. "With zoning, the same thing keeps coming up," she said. "Maybe we need to look again at the schedule of uses."

The supervisor said that large parcel zoning ordinances were reworked in the last couple of years, based on what residents wanted. "You can tweak things over the first five years of the zoning ordinance," she said.

Kalcec doesn't have specific goals for the planning commission but she wants them to take into account that times change. "You can't be the same as you were

10 years ago," she said. "As planners, you need to look forward a few years."

If the planning commission believes there is a need to change part of the ordinance, it can recommend an ordinance amendment, which the township planner would draft. Residents can also speak during public com-

ment like any other public meeting. "Let the commission know how they (residents) feel about it," she said.

"With zoning, the same thing keeps coming up. Maybe we need to look again at the schedule of uses."

Allison Kalcec
Rose Township supervisor

News briefs

LAKE FENTON BOARD OF EDUCATION ELECTS OFFICERS

The Lake Fenton Board of Education's newly elected board members, Christopher Fletcher, Larry Godlewski and Kristi Ocenasek, were sworn in to office by Judge Duncan Beagle on Monday. The school board members also elected its officers for the next year. Robert Grubbs was elected president, Sandra Dailey, vice president; Alberta Martin, secretary and Orlin Knuth, treasurer. Fletcher, Godlewski and Ocenasek are trustees.

FENTON BOARD OF EDUCATION ELECTS NEW OFFICERS

The Fenton Board of Education elected new officers at its meeting last Monday. Lynn Hopper was elected to serve as the new president. Nora Kryza will serve as vice president. Sandra Mathews-Barnes is the secretary and Rick Desjardins, treasurer. Trustees include Daniel Carter, Brian Horton and Tamara Valley.

LINDEN SCHOOL BOARD ELECTS OFFICERS

The Linden Board of Education elected its officers for the 2011-12 school year on last Wednesday. Laura Starrs was elected as president, Pam Snyder as vice president, Michael Murphy as treasurer and Steve Murphy as secretary. Steven Losey, Scott Maker and Rob Rossow are trustees.

SMART SOLUTIONS

1 Stubborn insect splats

Stubborn insect splats stuck to your car? Mix ½ cup baking soda with water to make a thick paste. Dab on the spots, let sit 5 minutes, then rinse and rub dry. The water softens residue as the grainy powder removes gunk without marring your car's finish.

2 Remove nail polish traces

When polish remover fails to erase every last trace of nail polish color, dissolve a denture cleaning tablet in a cup of water then soak your fingertips in the solution for 10 minutes. The bleaching agents break down and remove the leftover hue.

PROTECT YOUR EYES with the right pair of sunglasses

By Sally Rummel • news@tctimes.com; 810-629-8282

This summer's steamy hot weather and bright, sunny days have left no doubt that sunglasses are needed when venturing outdoors.

The right pair of sunglasses will protect your eyes from harmful ultraviolet (UV) rays, which are at least three times higher in the summer than in the winter. Sunglasses will also reduce eyestrain in bright conditions and will protect the eyes from flying debris and other outdoor hazards.

Children should protect their eyes by using sunglasses as well, according to eye professionals at Fenton Vision Center. Children are at particular risk because they're in the sun much more than adults and their eyes are more sensitive. The damage from UV rays is cumulative over a person's lifetime, so parents should begin protecting their child's eyes as soon as possible.

See **SUNGLASSES** on 10

Summary

►This summer's bright sunny days calls for eye protection by wearing sunglasses, especially for children and people who have eye conditions such as cataracts.

Millionaires and billionaires

If new millionaires or billionaires were created every time President Obama and his fellow liberals disparaged 'millionaires and billionaires,' there would be far more of them than there are today. And that would be a good thing because it would mean more people are succeeding. This president seems determined to punish and discourage success and hard work, and the values by which one must live by in order to attain it.

People who envy the successful won't receive any of the money higher taxes might bring in. Congress will spend it long before it 'trickles down' to the poor, and even if the poor did get some of the largesse from the wealthy, when the money runs out they would likely remain poor because their attitude toward 'entitlements' rather than wealth building would remain unchanged. Welfare mostly subsidizes people in poverty, helping few escape from it.

In their hearts, most people who are poor would like to be rich or at least self-sustaining but this president never talks about how they might achieve that goal. Instead, he criticizes those who made the right choices and now enjoy the fruits of their labor. The president seeks to punish the rich with higher taxes and more regulations on their businesses.

President Calvin Coolidge, who is receiving another look by some historians, said in 1919, 'The great aim of our government is to protect the weak, to aid them to become strong.' President Obama apparently thinks the weak and poor can never become strong and rich without government, though government has a poor track record of aiding people in either endeavor.

There is something deeply repulsive, even un-American, about this war on achievers. We once held them in high regard because they built and sustained the nation. What do the unsuccessful produce?

Wealth is a sign of achievement, a reward for risks taken. And being poor is not a crime, unless those in poverty refuse to strive to overcome it. That's the message this president should be broadcasting, not one that trashes success and promotes class division and envy of the successful.

TO THE PERSON who thinks a bigger plane means longer flying capability, that's not necessarily true. Usually what determines flying ability is fuel-tank capacity and engine efficiency. You ever see the Spirit of St. Louis? It went from New York City to Paris, France on one fill-up. It's not a very big airplane.

ON BENNETT AND

Linden roads, there have been several car accidents this month. I was just reading the police report and none of them were listed. The troopers are sitting on Bennett Lake watching that two-way stop because people are running that stop sign. Someone was killed at that stop sign. It's dangerous. Stop and look. It's your life.

TO THE BIBLE quoter of 'judge not lest you be judged,' you forgot to quote Leviticus 18:22 and Romans 1. God makes it clear how He feels about homosexual unions. He called it abomination in His sight and will judge this sin, and every other sin, whether we do or not. If you want to dispute the point, I suggest you take it up with Him.

BETTER LATE THAN never. Allow me to congratulate the city of Fenton and all the city personnel who helped bring us a safe and festive Fourth of July, which was complete with a morning patriotic parade and great evening fireworks display.

IF YOU WANT to blame anybody for the Detroit Axle shutting down, blame all the people who keep buying Toyotas. It's their fault.

YOU'RE RIGHT TO make a bunch of smoke ends at my bedroom win-

dow. I propose that the city pass an ordinance demanding that all fire pits be put out at 10 p.m.

I HOPE THE Michigan Bean is included in Fenton's remodeling.

TO OUR ELECTED state and national leaders, both Democrat and Republican, I have a simple, common-sense request. Cut spending, eliminate all non-essen-

tial entitlement programs, and operate under a balanced budget. Millions of Americans do it personally and in business every day of every year. It's called fiscal responsibility. In fact, it is what we elected you to do in our behalf. Spend our tax dollars as if they were your own personal bank account.

ONE MAN WITH one woman is God's biblical version of marriage. That's good enough for me.

IF THE FEDERAL government wants to uphold the marijuana law, that is up to them. They need to go to the state and arrest them. But the people of Michigan have spoken. We are not responsible for upholding federal law.

THE POLITICIANS OF one party attack opponents personally and view the American people as uneducated, uninformed, gullible, and unable or unwilling to manage their own affairs. The other major party encourages self-reliance, an honest work ethic, entrepreneurship, small business development and respects individual liberties and equal participation of all citizens. Please go beyond the political speeches and find out what your candidate really stands for before you cast your next ballot.

See **HOT LINE** throughout Times

Cheryl Dennison

From the
editor**Heat wave**

You know what? This is something I never thought I would say but it is too hot outside to golf. I love summertime and I swear every year after a long, cold winter that I will never complain about how hot it is. But it is. It's just too darn hot.

Many people in the tri-county area are very lucky, with the plentiful lakes to help them stay cool. And hundreds of people are heading to the local beaches this week.

With temperatures well into the 90s predicted to remain for this week and beyond, just what do you do to beat the heat? Here's what I do.

I'm not really a fan of air conditioning. I like open windows and enjoy a nice breeze. But when the temperatures soar into the 90s or above I love kicking on the air conditioner and popping a movie into the DVD player. By my side is a tall glass of sweet tea, my favorite summertime drink, with lots of lemon.

When it's this hot, I don't advise cooking. I would recommend a root beer float for dinner or better yet, dining out at a very air-conditioned restaurant.

It's also a good time to go shopping and enjoy the cool air conditioning at our local retailers. I am a fan of second-hand shopping and can spend hours searching out treasures in the various local second-hand shops. It's also a good idea to catch a matinee at the movie theater on a hot day.

The heat wave that stretches all across the country was so hot it buckled roadways in Oklahoma. The owner of an amusement park in Nebraska had two tons of ice cubes dumped into the swimming pool, to cool the water down from 90 to 80 degrees.

This oppressive heat can be dangerous. An out-of-control grass fire was reported on Argentine Road but firefighters were able to get it under control. And kudos to the firefighters who battled the blaze at a house fire in Fenton Township on Monday.

I can also tell you who the most popular person is right now in my book — the repairperson who fixed my air conditioning unit Monday evening.

Stay cool and enjoy your week.

TRI-COUNTY TIMES | SUBMITTED PHOTO

North Oakland County Fire Authority Lt. Barb Breen (left) presents the Berry family of Rose Township and Sam and Kyla Schneider from Holly Township safety kits containing smoke detectors and other safety-related products.

Reflective address signs improve response time

Holly Twp. — July marks the end of a four-year reflective address sign-marking campaign by the North Oakland County Fire Authority (NOCFA).

NOCFA received a Fire Prevention and Safety grant in 2007 that allowed the department to install 1,531 reflective address signs within Holly Township and Rose Township.

NOCFA's research showed that when a clearly visible reflective address sign was present, fire suppression occurred more than two minutes faster and response times for priority medical patients was more than one minute faster. For a cardiac arrest patient, their chances of survival are reduced by 7 to 10 percent for each minute they wait for initial emergency medical care to begin.

"It is our belief that the installation of all these signs will save time and lives by helping to ensure a reduction in time spent trying to find a poorly marked address," said NOCFA Fire Chief Jeremy Lintz.

To celebrate the success and completion of this project, the last house in both Holly Township and Rose Township to get the reflective address signs received a safety kit containing smoke detectors, a CO detector, and other safety-related products. The Berry family of Rose Township and Sam and Kyla Schneider of Holly Township were the recipients of the kits.

"Many thanks goes out to the department members and volunteers who spent countless hours installing these signs to benefit our community, and to Lt. Barb (Weil) Breen for obtaining the funding for this important project," said Lintz.

Police&Fire report

FISHING EQUIPMENT STOLEN

The Argentine Township Police Department is investigating a theft of fishing equipment worth nearly \$3,000. A resident from the 16000 block of South Seymour Road reported to police on Monday, July 11 that someone had stolen an assortment of fishing equipment from his boat, which was up on a boatlift at Lobdell Lake. If anyone observed suspicious activity, they are to call Argentine police at (810) 735-1537.

HOUSE WINDOWS BROKEN

On Wednesday, July 13, Argentine Township police were dispatched to a home in the 11000 block of Rolston Road to investigate a malicious destruction of property complaint. A 21-year-old resident reported that sometime between 2:30 p.m. on July 12 and 2:30 a.m. on July 13, someone broke several windows at his home and garage with an unknown object. The identity of a possible suspect was provided to police. The case remains under investigation.

TEENS PETITIONED FOR LARCENIES

Three teenage boys have been petitioned into probate court on three larceny from automobile (LFA) complaints. Linden Police Chief Scott Sutter said three male teens, a 15-year-old Linden male, a 14-year-old Byron male and a 13-year-old Linden male are believed to be responsible for LFAs during the weekend of July 3 on Byram Lake Drive and West Broad Street. Stolen items included DVDs and stereo equipment accessories. The court will be in contact with the parents or guardians of the teens. The chief said his department has zero tolerance for this type of offense.

WARRANT ARREST

A 22-year-old Linden man was picked up on an outstanding arrest warrant and a 21-year-old Fenton man was issued a court appearance ticket for possession of marijuana after a traffic stop in Linden on July 12. Linden Police Chief Scott Sutter said he received a warrant list from the 67th District Court. Officer Gary Conklin recognized one of the men on that list and pulled the vehicle over that he was a passenger of. The Linden man was lodged at the county jail awaiting his arraignment on his outstanding warrant. Conklin detected the odor of marijuana in the vehicle and the driver of the vehicle, the Fenton man, admitted ownership. He was issued a ticket. The vehicle was impounded.

CORRECTION

In an article in Wednesday, July 13 edition, "The cost of rising college tuitions," it was incorrectly stated that the tuition increase for the 2011-12 school year at Oakland University is 14 percent. The tuition increase is 7 percent, according to a spokesperson from Oakland University.

judge

Michigan's new expungement law

On July 16, 1965 a new law went into effect allowing the setting aside of a criminal conviction (expungement) committed by a person before his or her 21st birthday and under certain limited and prescribed conditions.

In 1982, the law was amended eliminating the age limitation for such a proceeding. Life felonies and other specified crimes including traffic offenses cannot be expunged.

A person must file an application to set aside the conviction with the convicting court no sooner than five years after the conviction and must also show that their conduct after the conviction warrants the requested relief. There are a number of other procedural requirements that must be met.

Only one conviction can be set aside in one's lifetime, and up until June 23, if a person had been convicted of more than one criminal offense they were not eligible to file the application.

On June 23, an amended expungement statute went into effect, which changed the eligibility requirements for filing an application. Under the amended law, a person is eligible to file if they have been convicted of not more than two minor offenses, in addition to the offense for which the person seeks to have set aside.

A 'minor offense' means a misdemeanor or ordinance violation for which the maximum permissible imprisonment does not exceed 90 days, for which the maximum permissible fine does not exceed \$1,000, and that is committed by a person who is not more than 21 years old.

The purpose of this new amendment is to allow those who committed small offenses when young a chance to obtain a cleaner record and to then allow them a better chance at employment and other benefits. The new amendment is Enrolled Senate Bill 159.

Calendar of events

EVERY MONDAY

Meetings for friends and family of those suffering from addiction is held every Monday at 7 p.m. at the **Transfiguration Lutheran Church** on 14176 Fenton Road in Fenton. For more information please call Jeff at (810) 449-6595.

SATURDAY, JULY 13

The **HAZMATs robotics team** from Lake Fenton High School is hosting a classic car show and fundraiser on Saturday, July 23 in the school's parking lot at 4070 Lahring Rd., Linden. Numerous activities, food, a DJ and a robot demonstration are planned. Registration is 3:30 to 4 p.m. on Saturday. Show times are from 4 to 8 p.m. Awards will be presented at 7:45 p.m. Registration on Saturday is \$15. Vic Canever Chevrolet and Runci's Services are sponsoring the car show. A Chevrolet Volt will be on site for test drives. For more information, e-mail dmkracing@yahoo.com.

BATTLE OF THE BULGE

Continued from Front Page

the report, "F as in Fat: How Obesity Threatens America's Future 2011," done for the Trust for America's Health (TFAH) and the Robert Wood Johnson Foundation (RWJF).

That percentage has nearly tripled in the past 10 years, according to former Surgeon General David Satcher.

Adult obesity rates increased in 16 states in the past year and did not decline in any state, according to the report. Twelve states now have obesity rates above 30 percent. Four years ago, only one state was above 30 percent.

The prevalence of overweight and obesity in the United States is dramatically higher now than it was a few decades ago. One of the biggest changes has been an increase in the number of Americans in the obese category. The prevalence of obesity has doubled and

in some cases tripled between the '70s and 2008, according to the U.S. Department of Agriculture Center for Nutrition Policy and Promotion.

Experts warn that the high prevalence of overweight and obesity across the population is of concern because individuals who are overweight or obese have an increased risk of many health problems. Type 2 diabetes, heart disease and certain types of cancer are among

the conditions most often associated with obesity. Ultimately, obesity can increase the risk of premature death.

The overall environment in which many Americans live, work, learn, and play has contributed to the obesity epidemic. Ultimately, individuals choose the type and amount of food they eat and how physically active they are.

Figuring out how a person gains weight is simple — too many calories are consumed compared with calories burnt by activity. Why a person consumes too many calories is the million-dollar question. Since food is

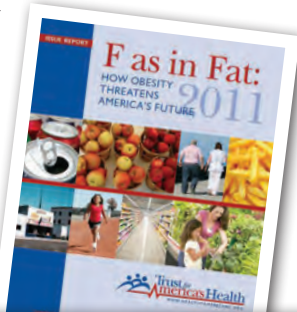

required to sustain life, it would be deadly to stop eating. The question is how to balance food intake with energy spent.

Calories are hidden in every food, some food more so than others. Food served at fast-food restaurants is fast. However, much of it is laden with calories, fat, sodium and sugar.

On average, adults need about 2,000 calories per

day. Consuming more will result in weight gain if the activity level is inadequate. Based on the amount of calories in common fast-food menu items (see sidebar), it's easy to see why Americans are gaining weight at record speeds.

Aside from fast food, packaged food, large portions, eating on the go, sugary soft drinks, social snacking, snacking while watching TV, and eating late at night, are also to blame in the ever-

Calorie-burning calculator

30 minutes of activity for a person weighing 150 pounds

Vigorous stationary bike.....	378
Golfing with cart	126
Golfing, walking and carrying bag	198
Running a 9-minute mile	396
Walking a 15-minute mile.....	162

www.internetfitness.com/calculators/calburncalc.htm

TRI-COUNTY TIMES | SUBMITTED PHOTO

Americans reportedly spend \$150 billion per year on health-care costs tied to obesity. And those numbers are only likely to go up if the obesity rates for younger generations don't significantly decrease.

States with the highest obesity rates

1 Mississippi.....	34.4 percent
2 Alabama.....	32.3 percent
3 West Virginia.....	32.2 percent
4 Tennessee.....	31.9 percent
5 Louisiana.....	31.6 percent
6 Kentucky.....	31.5 percent
7 Oklahoma.....	31.4 percent
8 South Carolina.....	30.9 percent
9 Arkansas.....	30.6 percent
10 Michigan.....	30.5 percent

expanding waistline.

As an example, one Big Mac, large fries, and a large Coca-Cola at McDonald's are 1,350 calories. Considering that 2,000 guideline, there is not much room left for the calories found in the other meals for that day. Based on the calorie-burning calculator (see sidebar), a person weighing 150 pounds would burn off just 162 calories by walking a 15-minute mile.

Based on Little Caesar's nutritional guide, eating one slice of their eight-inch pepperoni pizza is 380 calories. Who eats just one slice? If two people share a whole pizza, they are each consuming 1,520 calories.

A stop at Burger King will result in 1,590 calories for a Whopper, large fries and a large Coca-Cola, according to its nutritional guide. Eating a Triple Whopper with cheese, large fries and a chocolate shake is 2,730 calories.

Subway, which features spokesperson Jared, who lost an enormous amount of weight by eating its sandwiches, also has menu items that have hidden calories. One of the restaurant's 6-inch cold cut combo has 410 calories.

If eating on the go is necessary, moderation and education is key. Planning meals, adding more fresh fruits and vegetables to the diet, cutting back on soft drinks and taking part in physical activity could remove Michigan from the Top 10 list.

Body Mass Index (BMI)

Body weight status can be categorized as underweight, healthy weight, overweight, or obese. BMI is a useful tool that can be used to estimate an individual's body weight status. BMI is a measure of weight in kilograms relative to height in meters squared. The terms overweight and obese describe ranges of weight that are greater than what is considered healthy for a given height, while underweight describes a weight that is lower than what is considered healthy for a given height.

Fenton Township cleans up after storm

TRI-COUNTY TIMES | TIM JAGIELO

Bill Baird, of Fenton Township, uses a chainsaw to cut several truckloads of tree branches that fell into the road and the yard of his home off Torrey Road, following the thunderstorm on Monday afternoon. Baird had just returned home from work. "What a mess," he said.

THUNDERSTORM

Continued from Front Page

damage and make repairs. As lines were repaired, power was restored in areas.

By Tuesday morning, Gust said there were still 815 customers in Genesee County without power, 159 in Fenton. Power was restored by 5 p.m. on Tuesday.

Gust suggests older residents without power or without air conditioning go to senior centers, malls and libraries during this heat wave. An excessive heat watch remains in effect through Thursday evening.

"Take care of neighboring seniors and pets," said Gust.

Fenton Township Fire Chief John Moulton said his department responded to nine calls of downed power lines and fallen trees or branches. He said the worst call was on Darts Drive, where an 18-inch limb broke off from the tree, carrying an electrical line with it into a house. "That was the most serious," said Moulton. "We had nine more calls after that."

Crews also responded to reports of trees and lines down on Lahring, Thompson and Torrey roads.

National Weather Service has issued an **Excessive Heat Watch** for the Fenton area. It remains in effect through Thursday evening.

- **The height** of the heat wave is expected to impact Southeastern Michigan on Wednesday and Thursday. High temperatures on both days are expected to range between 95 and 100 degrees.
- **A tropical** air mass is in place across Southeastern Michigan. With limited air mass modification expected, surface dewpoints will range in the upper 60's to lower 70's.
- **The combination** of high heat and humidity will cause heat index values to exceed 105 by Thursday.
- **If you** must be outside, schedule frequent rest breaks in shaded or air conditioned environments. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency — call 911.

FIRE

Continued from Front Page

Mundy Township, Fenton City, Argentine Township and Grand Blanc responded to the fire to assist with manpower. Portable holding pools were set up on North Long Lake Road and tanker trucks brought water in from Fenton. There are no fire hydrants in this area.

With the heavy, fireproof turnout gear, firefighters were forced to rotate shifts often due to the sweltering heat. Fenton Township Battalion Chief Ryan Volz said the heat was unbearable, his chest tightened up and his fingertips turned a shade of white after just a few minutes inside.

Concerned neighbors, including Angie Schwiuntek, who is married to a Fenton Township firefighter, were quick to offer ice-cold water and tea to the firefighters resting in the shade with heat exhaustion.

Moulton said it appeared that the fire began in the ceiling and was electrical in nature. Firefighters fought the blaze from within the house, as well as from the roof. Hot spots kept reigniting, which kept the departments on site for several hours.

HOT LINE CONTINUED

THE MICHIGAN LAWMAKERS

should pass a new tax law. Only teachers would pay this tax out of their paycheck. This money would be earmarked to pay for all non-teacher taxpayers' retirement and retirement health care. Or, the teachers could opt out of this tax, by opting out of their paid for retirement, and save their own money.

is tax benefits and joint property ownership? You mean you can't own property jointly without being married? You mean marriage doesn't consummate two opposite sexes that are naturally attracted to each other to guarantee the survival of the species? I don't force my beliefs on anyone. I'm simply expressing my view.

POLICE

Continued from Page 6

MAN ASSAULTED AT KNIFE-POINT

A 21-year-old Fenton Township man reported that he was the victim of an assault. Lt. Jason Slater of the Fenton Police Department said the man arrived at a bar in the 700 block of Torrey Road on Sunday, July 17. Three males, between the ages of 18 and 22, approached him. One of the suspects presented a knife and a struggle ensued. A second suspect presented a knife and the altercation continued. He broke free and drove himself to Genesys Health Park in Grand Blanc Township for medical treatment. The victim had numerous injuries from the assault. Investigators are working with the owner to obtain surveillance video from the exterior security camera.

FAIL TO PAY AT THE GAS PUMP

On Saturday, July 16, Fenton police were dispatched to a service station in the 1300 block of North LeRoy Street to investigate a report of stolen gas. An employee said the driver of a silver Ford Focus, on two separate occasions, filled up the car with gas and fled without paying. The license plate

information was provided to police and officers are attempting to make contact with the Norton Shores resident, whom the car is registered to.

DOG BITES TATTOOED MAN

On July 16, a 33-year-old Fenton Township man filed a dog bite complaint with Fenton police. The man said he had been walking near the old fire hall in downtown Fenton when he passed a 50-year-old Rose Township resident who was walking her Chow dog. The dog bit the man in the leg. Police observed a puncture wound on the man's leg. Police later spoke with the owner of the dog, who confirmed the victim's claims. She told police that her dog did not like people with tattoos and the victim had several. The dog was up to date on vaccines but was held in quarantine for 10 days. The owner was issued a court appearance ticket for keeping a vicious dog.

TREES DAMAGED

Fenton police received reports of three damaged trees on July 16 and 17 in the area of Eagle on the Water's Edge and Howard Street. Tree branches were snapped off. Police have no suspects.

INVITATION TO BID WATER TREATMENT SUPPLIES BID CITY OF FENTON

The City of Fenton, Michigan will receive sealed bids at the City Clerk's Office, 301 South Leroy Street, Fenton, Michigan 48430-2196 for water treatment supplies for the water facility of the City of Fenton.

Bids will be accepted until August 15, 2011, at 10:00am at which time the bids will be publicly opened and read in the conference room of the Fenton City Hall, 301 South Leroy Street, Fenton, Michigan. Bids should be submitted in sealed envelopes plainly marked "WATER TREATMENT SUPPLIES BID, CARBON DIOXIDE (CO2) – CITY OF FENTON."

Bids are being solicited only from responsible and established bidders known to be experienced and regularly engaged in the work of supplying drinking water treatment additives. Satisfactory evidence that the bidder has the necessary capital, equipment and personnel to do the work may be required.

Proposal forms and specifications are on file for the inspection of bidders at the Fenton City Hall, 301 South Leroy Street and copies may be obtained by qualified bidders. Sealed proposals must be submitted on the bid forms furnished by the City.

The City Council reserves the right to reject any or all bids and to accept any bid, or portion thereof, which, in their opinion, is most advantageous to the City.

SUNGLASSES

Continued from Page 3

Also at risk are people with cataracts or who have had cataract surgery, macular degeneration or other serious eye conditions.

How do you know what to buy? Is it necessary to spend lots of money on high-end sunglasses, when you can get a pair for under \$20 at many retailers?

The difference between a \$20 pair of sunglasses and a \$150 pair is all in the technology, which offers more comfort, durability and performance. This is more important if you are a person who engages in high-impact outdoor activities.

What's most important is that the lenses provide adequate protection from UV light and are free of distortions. A good pair of sunglasses will be marked appropriately with its UV protection on the lens.

What you should look for

- Sunglasses that offer 99- to 100-percent protection from UVA and UVB light. Even if the sky is overcast, the UV light can go right through the clouds.

- Wraparound sunglasses prevent harmful UV rays from entering around the frame. Different tints that can help with glare and reflections if you're driving, or if you'll be around snow, water or sand.

- Look for polarized lenses if you enjoy water sports, snow sports or are very sensitive to glare. Anti-reflecting coatings reduce glare.

- Mirror-coated lenses limit the amount of light entering your eyes, and are good in very bright conditions, such as snow skiing on a sunny day. The color of a mirror coating is purely cosmetic. It's the color of the tinted lens under the coating that determines how mirrored sunglasses affect your color vision.

DID YOU KNOW?

Large sunglasses, such as the giant "Jackie O" style and retro aviator styles have both made a trendy comeback.
Cherie Campbell
 optician at Fenton Vision Center

Which lens color should you look for?

Lens color is a personal choice and doesn't affect how well sunglass lenses protect your eyes from UV light, according to www.allaboutvision.com. Gray and brown are popular because they distort color perception the least. Athletes often prefer other tints because they provide contrast with their activities. For example, brown is popular with golfers because it provides a contrast on very green golf courses.

If you wear glasses, you can buy prescription sunglasses or glasses with photo chromic lenses (they change from clear to dark) from your eye-care professional. Clip-ons are a less expensive option and can be bought at the same time as your eyeglasses to ensure a perfect fit with your frames.

Three steps to a good fit

1. **Frames** should fit snugly on your nose and ears, but not pinch or rub.
2. **Your eyelashes** should not contact the frame.
3. **The weight** of the sunglasses should be evenly distributed between your ears and nose. Frames should be light enough to avoid excess friction on these contact points.

TRI-COUNTY TIMES | TIM JAGIELO

Bill Donahue was appointed as the new senior pastor for the Fenton United Methodist Church. His official start date was July 1.

Fenton United Methodist Church appoints new senior pastor

By Sharon Stone

sstone@tctimes.com; 810-433-6786

Bill Donahue has been appointed as the new senior pastor for the Fenton United Methodist Church. He officially took over on July 1.

Before his appointment in Fenton, Donahue, 60, was pastor at the Utica United Methodist Church in Sterling Heights for eight years. Prior to that, he was pastor in Dexter for 10 years. The appointments are made by the Bishop of the church on a one-year basis.

While serving at his other locations, Donahue was very involved with the community, including downtown developments, the Kiwanis and Optimist groups. He served on the board of the United Way and other service organizations and he has served and trained as a jail and fire department chaplain. "It's an important part of my ministry," he said.

Donahue has become very familiar with the Fenton area and this church

and he expects to be here for a long time. The congregation has about 1,300 members.

Donahue enjoys music, spending time at his cottage with his wife, Nancy, as well as spending time with family and friends. His wife was most recently the director of a local community service agency.

Summary

► Bill Donahue was appointed as the new senior pastor of the Fenton United Methodist Church, effective July 1.

His son Ryan, 23, is an assistant vice president of finance for a company in Ann Arbor. His son, Scott, 21, is a senior at Oakland University and works full-time as a

health insurance agent.

"I love serving Christ," said Donahue. "For me, the greatest blessing is how much I can give rather than what I receive."

As the congregation's leader, Donahue said, "As senior pastor I am called to model and reflect servant-leadership. My task is to equip disciples for their ministry. That's why my ministry is to equip you for your ministry not for you to equip me for mine."

HEAT

Continued from Page 3

advisory warning on Monday for Southeast Michigan. Factoring in the heat index, the weather is expected to feel more in the 100s.

Residents out enjoying the summer weather need to take extra precautions to avoid heat stroke and other illnesses. Avoiding strenuous activities and staying hydrated are two ways to stay out of the hospital.

The Centers for Disease Control and Prevention (CDC) advises drinking more fluids than normal, regardless of activity level. One of the worst mistakes people can make is drinking only when they're thirsty. The CDC recommends drinking consistently and to avoid alcohol and sugary liquids.

Tim Thibodeau, owner of At Ease Lawn Care in Fenton, spends his summer days cutting lawns and follows this advice daily. He frequently drinks liquids that will refuel his electrolytes such as Gatorade or ZeroWater.

Thibodeau said that this particular summer has been hotter than past ones. "I've been doing this for five years, and this is the worst summer so far," he said. "We usually get more cool, wet summers than real dry, hot summers. This is defi-

nately a hotter summer."

The hardest part of Thibodeau's job on hot days is weed whacking and trimming bushes, activities where he moves slowly in the sun. The landscaper takes frequent, 15-minute breaks in his truck where he can sit in air conditioning. If the heat is too unbearable, Thibodeau won't put himself at risk for heatstroke.

"If I ever felt like I'm getting sick to my stomach or dizzy, I will quit what I'm doing. There's no use pushing myself that hard or I'll wind up in the hospital."

"This is
definitely
a hotter
summer."

Tim Thibodeau
owner of At
Ease Lawn
Care

Heat-related illness can strike anyone. According to the CDC, people aged 65 or older, infants and young children, people with high blood pressure or heart disease are especially at risk of heat stroke. These people should be watched regularly. Light colored, loose clothing should be worn and no one should remain in a closed, parked vehicle.

For those who do have to be outside, avoid exercising as much as possible. Drink two to four glasses of cool, non-alcoholic liquids every hour. Rest often in shady areas and wear protective clothing including wide-brimmed hats and sunglasses to reduce the chance of heat related illnesses.

HOT LINE CONTINUED

IN RESPONSE TO the person commenting on gay marriage, you quoted the Bible about judging others (Matthew 7:1). You should also look up Leviticus 18:22, Romans 1:26-27, and 1 Corinthians 6:9-10 to see what the author of all has to say regarding this lifestyle. Allowing gay marriage is one more piece of our moral fabric to be torn away.

BEFORE ANY MORE money is spent on the Fenton catch phrase, 'Be Closer,' let the people and businesses help select something that doesn't require translation. Something like 'We're Fenton, Welcome' is a friendly greeting stated with pride. Isn't that the kind of message we want?

SOME PEOPLE NEED to concentrate on cleaning up their own yards, instead of worrying about and cleaning up other's yards. That person is clearly capable of doing it themselves, just lazy. Look in your own backyard and clean it up, then worry about others.

THE VILLAGE OF HOLLY raises water rates. The village of Holly offers water saving tips. Village residents conserve water. The village of Holly subsequently loses water revenue. Begin cycle anew. The village of Holly raises water rates.

DON'T LIKE GAY marriage? Don't get one. Don't like abortions? Don't get one. Don't like drugs? Don't do them. Don't like your rights taken away? Don't take anyone else's.

SERIOUSLY, A HOT line complaining about illegal fireworks displays was unpatriotic? The decline in our knowledge, values, and respect for our liberties, duties, laws and country is disheartening.

GREAT DYSFUNCTIONAL PARENTING Tip No.2: If you work nights, keep your children awake well past midnight so they won't wake up early and you can sleep in.

TO THE WOMAN laying on her horn for me to turn on red off Silver Parkway, there was a biker in front of me, that you obviously didn't see who was giving me dirty looks for your honking. Reminder to everyone, a motorcycle is a vehicle with all the same rights and privileges on the roadway. Look twice.

I'VE MAXED OUT my credit. I have a large income but there's not enough to make the minimum payments. I borrow more to pay the interest on my other loans. I still deserve more stuff so I borrow more. I use borrowed money to make more interest payments. I'm entitled to more stuff. I can't afford it but it's OK, I'll just borrow more. Sounds like Democrat's logic to raise the debt ceiling.

AS SOMEONE WITH gays in my family (not me by the way) and who are people I love, it's scary to read the hate that they evoke by only their God-given sexual orientation. They are people who sing in the church choir, volunteer for organizations such as Relay For Life and Habitat for Humanity. They are honest, hard-working, kind, law-abiding, solid people. You'd be lucky to know them and count them as family or friend.

I CAN'T OFTEN drive past a wooded area without seeing large numbers of downed and/or dead trees and I have to wonder why more people aren't burning wood to heat their homes, with the price of other fuels being so high. Recycling the dead wood makes the wooded areas look better, reduces the likelihood of forest fires and helps the re-growth of new trees.

I HAVE TO agree with the person who made the statement about McCaslin Lake Road. The road is so bad. It's really become a safety issue. Everyone is trying to avoid the numerous potholes and broken road by swerving from side to side. I'm just waiting for an accident to happen. Why doesn't the township just turn it into a dirt road? Unfortunately, it's not going to get paved like the entrance.

WELL, AN AUTO company allows payment of health insurance in their contract to two people who are living together. It seems to me that if married people have to suffer the pains of marriage, that these significant others should, too. Also, living together, they can just leave and have no consequences of divorce. If they adopt kids, the kids would suffer the same pains of divorce, as married couples, with children.

ONE THING WE can be certain of in 2012 when President Obama fails to get re-elected. It will, for sure, be all George Bush's fault.

PAUL G. DONOHUE, M.D.

To your good health

DEAR DR. DONOHUE: Recently I had what the hospital doctors called a panic attack. I would like to know what causes them and if there is a cure. Would lack of sleep or medication have anything to do with it?

— W.B.

ANSWER: A panic attack is a period of extreme fear in a situation that doesn't warrant such fear. It comes on suddenly, reaches a peak in 10 or fewer minutes and makes the person want to flee from the situation he or she finds him- or herself in -- shopping for groceries, driving a car or walking down a street.

RELEASED THIS WEEK

DVDs&Movies

LIMITLESS

Aspiring author Eddie Morra (Bradley Cooper) is suffering from chronic writer's block but his life changes instantly when an old friend introduces him to NZT, a revolutionary new pharmaceutical that allows him to tap his full potential. With every synapse crackling, Eddie can recall everything he has ever read, seen or heard, learn any language in a day, comprehend complex equations and beguile anyone he meets — as long as he keeps taking the untested drug. Soon, Eddie takes Wall Street by storm, parlaying a small stake into millions. His accomplishments catch the eye of mega-mogul Carl Van Loon (Robert De Niro), who invites him to help broker the largest merger in corporate history. But they also bring Eddie to the attention of people willing to do anything to get their hands on his stash of NZT.

POTICHE

Set in 1977 in a provincial French town, "Potiche" is a witty and charming comedy starring Catherine Deneuve as Suzanne Pujol, a housebound "trophy housewife" (or "potiche") who steps in to manage the umbrella factory run by her tyrannical husband (Fabrice Luchini) after the workers go on strike and he gets ill. To everyone's surprise, Suzanne proves herself a competent and assertive woman of action. Gerard Depardieu plays a union leader and Suzanne's ex-beau who still holds a flame for her. A satirical and hilarious take on the war between the sexes and classes. (In French with English subtitles)

MEMORABLE **DETROIT TIGERS'** PITCHING PERFORMANCES

With this being the anniversary of Jim Bunning's no-hitter as a Detroit Tiger, the sports staff thought it would be fun to remember some other memorable Detroit Tigers' pitching performances within their lifetimes. They aren't necessarily the best, but they are ones that stuck out for some reason. In order from oldest to most current game.

May 31, 1979 — Pat Underwood joined the Tigers to make his Major League debut against the Toronto Blue Jays, and he tossed a masterful three-hitter over 8 1/3 innings, walking just

one. But what made the game stick out is who was on the mound for the Blue Jays. It was his brother Tom Underwood.

April 15, 1983 — Milt Wilcox was one out away from tossing a perfect game against the Chicago White Sox. All that stood between him and that feat was pinch hitter Jerry Harriston. And, of course, Harriston lined the first pitch to him for a single. The next batter, we don't recall his name, was out with just one pitch, ending the game.

Oct. 4, 1987 — It was the last game of the regular season and

the Tigers needed to beat the Blue Jays to lock up the AL East title. Frank Tanana made sure that happened with a complete-game six-hit, three-walk gem. He struck out nine. The Tigers won 1-0.

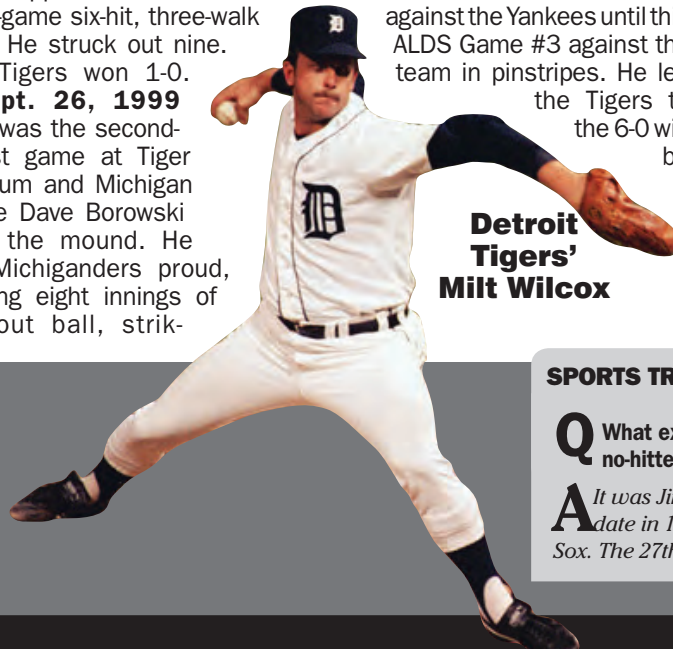

Sept. 26, 1999 — It was the second-to-last game at Tiger Stadium and Michigan native Dave Borowski took the mound. He did Michiganders proud, tossing eight innings of shutout ball, strik-

ing out six and allowing just four hits. The Tigers won 6-1.

Oct. 6, 2006 — Kenny Rogers never had much success against the Yankees until this ALDS Game #3 against the team in pinstripes. He led the Tigers to the 6-0 win by

tossing 7 1/3 innings of five-hit, two-walk and eight-strike out ball.

June 2, 2010 — The imperfect perfect game. Armando Galarraga got the first 26 batters he faced out in order. He was one out away from a perfect game, and just like Milt Wilcox in 1983, saw it end. But this time it was a blown call by an umpire that lost him the perfect game. Jason Donald was ruled safe for an infield hit. Replays clearly showed he was out. Galarraga got the next batter out, to conclude what many call the 28-out perfect game.

Detroit Tigers' Milt Wilcox

SPORTS TRIVIA

Q What ex-Detroit Tiger pitcher tossed a no-hitter on this date in history?

A It was Jim Bunning. He tossed a no-hitter on this date in 1958 for the Tigers to beat the Boston Red Sox. The 27th out in the contest was Ted Williams.

Fenton's Cowger tops our softball team a second straight season

By David Troppens

dtroppens@tctimes.com

Sammi Cowger is an athlete.

If she's not doing something athletic, it's likely the Fenton senior is probably sleeping.

"I really don't have a lot of time to do anything else," Cowger said when asked what other hobbies she enjoys.

That's fine, because she does sports pretty well, specifically softball.

For the second straight season, Cowger is our Tri-County Softball Player of the Year.

"Every once in awhile the stars align and create a kid that is the ultimate softball player, and that's Sammi," Fenton coach Rick Bescoe said. "She's a kid that just loves the game."

Cowger also plays volleyball, but it's pretty apparent that softball is her first love. After all, her spring and summer are pretty much devoted to the sport.

When the Fenton spring season ends, she can usually be spotted either practicing with Team Compuware (out of Detroit) or playing in weekend tournaments with the team. While playing for Compuware, Cowger doesn't even play the position she's seen at in most Fenton games — pitcher. She plays second base, first base and some outfield. She may pitch once in awhile. And that, right there speaks volumes about Cowger. While she may love softball, she also loves being a team player.

"Pitching is not her most passionate thing or her best position, but she does it for the team," Bescoe said. "When we do All-State selections she gets overlooked around the state because she doesn't pitch enough games or isn't one of the best pitchers in the state. She's overlooked. Her batting average is right there with anyone in the state, except as a pitcher, they only look at pitching and not batting."

"I like being a part of a team and being on the field with my teammates," Cowger said. "It's hard to explain, but I like the whole game and just being a part of a team and working together."

Soft-

ball is a sport if you are having a rough day, there's someone there to pick you up. It's a collective effort."

But it's not like she's a bad pitcher. In fact, Cowger is an above average hurler. She finished this season with a 15-5 record, while posting an earned run average of just 1.43. Opposing batters hit just .183 against her, and Cowger struck out 187 batters in 151 2/3 innings. She allowed just two home runs.

At the plate, Cowger is among the state's elite. She batted .446 with a .679 slugging percentage and a .519 on-base percentage — numbers at par with her sophomore year. She led the team in runs scored (39), hits (50), doubles (15), triples (four), home runs (one), runs batted in (32), and hit by pitches (eight). She was the Tigers' only player who came to the plate at least 100 times that didn't strike out in double-digits.

See **COWGER** on 15

Cowger's season

Here are just some of Sammi Cowger's 2011 prep season highlights.

* Batted a team-high .446, with a .679 slugging percentage and a .519 on-base percentage.

* Led the squad with 39 runs scored and 32 RBI.

* While pitching, limited opponents to just a .183 batting average.

* Struck out 187 batters in 152 innings pitched.

* Posted a 1.43 ERA and a 15-5 record.

PHOTOS BY Scott Schupbach

Here is a list of the players that made our All Tri-County Softball Team as selected by the sports staff.

All Tri-County Softball Team

PLAYER OF THE YEAR:

Sammi Cowger, Fenton

Record 1,111 participate in Saturday's Bastille Day run/walk

►Raises \$20,000 for Habitat for Humanity

By Al Zipsie

news@tctimes.com; 810-629-8282

Fenton — A strong field of runners, mainstays and some new ones took to the streets in downtown Fenton Saturday morning on a sunny and warm day for the 10th annual Bastille Day Run.

While the number of participants in some road races is dwindling, the Bastille Day run is only growing. A record number of 1,111 participants took part in the run/walk, topping the record set last year by 611 runners. It is the second most popular race in the area, only behind the upcoming Crim road race held in Flint.

Overall winners in the 15K were Joe Maki, of Ypsilanti, in the Men's in 50:45 and Emma Kertesc, of Toledo, who set a new Women's record of 56:54. Nineteen-year-old Dave Madrigal III, of Durand, won the 5K Men's in 16:01. His father, David Madrigal, was second in the 5K 40-44 age group. Fifteen-year-old Addie May, of Flushing, won the Women's 5K for the second straight year in 19:44.

"We broke a record for runners and the money (\$20,000) raised for Habitat for Humanity," said race director Adam Haffajee, of Habitat for Humanity.

"We have a good mix of local runners and people who like to walk in the community and out of area runners who are coming in."

From babies in strollers pushed by a parent and runners, from age 8 to 87, adding to the allure of the race was the challenging Denton Hill.

Maki, 21, who runs track and cross-country at Eastern Michigan University in Ypsilanti, was 1.1 seconds off a 15K course record, set by Pat Cassady in 2009. Maki, who ran for Powers, will return home to Flint for the Crim.

"It was my personal best by about 2 minutes," said Maki. "I have been doing the USA road circuits and I liked the distance and the hilly course."

The Women's 15K had strong runners but was missing Fenton's Sue Larsen, who broke the 1-hour barrier in 59:11 for a new women's record. Larsen, who has won the women's overall 5K four times and 15K twice, did not feel well enough to run. The 20-year-old Kertesc, who was on the MAC champions at Toledo, set a new record, breaking Larsen's mark by

TRI-COUNTY TIMES | WILLIAM AXFORD

The race begins as runners launch from the starting point in downtown Fenton at the Bastille Day Run on Saturday. A record 1,111 runners participated in the 10th annual 5K and 15K races.

a minute and 17 seconds.

"I felt strong the first seven miles until I saw the hill. I went in strong. I just had to push through until I got downhill," said Kertesc. "I wanted to do this race. It's a challenging course. I wanted to step up the distance. The half marathon is too long (over 21K) and this race at 15K was ideal."

The 15K Masters winners are both from Fenton and big names on the running circuit. Both were second overall. Kirk Walrath, who has been the overall Men's winner three times in the 15K and twice in the 5K, ran the 15K in 53:29. Lisa Veneziano, of Fenton, who also won the Linden Summer Happening 5K, was the female master's winner in 59:23. She was only the third female to break the one-hour barrier in the history of the race, all in the last two years with Kertesc and Larsen. Timianne Walrath, of Fenton, who has won the women's overall 15K three times, took the 15K female 35-to-39 age group.

The 5K Male Masters winner was Thomas Preiss. Rochelle Jones, of Fenton, was the Female Masters winner. "I was off for awhile and only started running the last three or four months. I am not in the greatest shape and my time (24:14) wasn't close to my best," said Jones. "It is always nice to win and run in the hometown, and I love the brutal hills."

Other local winners were Travis Peruski, of Linden, who won the wheelchair division in a blazing time of 43:11. In the 15K run in women's age groups were

Kayla Duke, of Linden, (19-24) and Julie Bedford, of Fenton (45-49). In the 5K, winners were James Kryza, of Fenton, (under 13); 9-year-old Alexa Keiser, of Holly, (under 13); Sydney Ekmer, of Fenton, (14 to 18); Benjamin Cox, of Fenton, (19 to 24); Michelle Auerbach, of Fenton, (30-34); Jayson Doggert, of Fenton, (30-34); Eric Larsen, of Fenton, (40-44); Jay Owens, of Fenton, (45-49); Sandra Carlson, of Fenton, (50-54); Maryann Kupres, of Linden, (55-59) and Christine Major-Talley, of Fenton, (60-64). In the 5K walk, the female overall winner was Susan Mora-Fassett, of Fenton.

COWGER

Continued from Page 14

striking out just eight times.

"Her batting average slid from .500 to .446 the last 10 games because she was injured," Bescoe said. "I can't imagine what she would've done if she wasn't injured. She had hip and back problems, but at that point of the season she just tried to get through it. If she was 100 percent healthy, there's no telling what the kid would've done."

Cowger thought she improved beyond the stats this season.

"I think I became a lot more mentally stronger," Cowger said. "I guess I improved skill-wise, but I think the biggest difference is my mental maturity."

Cowger has one more season at Fenton, and she's excited about that season. She was pleased with the team's Metro League title performance last year.

"I think we had one goal this year and that was to take the Metro," Cowger said. "A lot of people at the beginning thought we'd probably be middle-of-the-pack. But we worked hard and it showed. We tied for the league, which is a pretty big deal, considering last year we were just over .500."

"I'm excited about next year. We were a young team and we have some freshmen coming up that should be good."

Bescoe is happy he still has one more year with Cowger, whose GPA is just under 4.0.

"She's our captain and been a leader for the Fenton program since she's a freshman," Bescoe said. "She doesn't do it verbally, but does it with action and all the positive energy she lets out. The rest of the team feeds off that positive energy."

DO YOU HAVE A RESMED CPAP MACHINE that is not in use? Please donate it! Did you know that there are patients that are in need of a CPAP machine, but have no health insurance, nor any means to purchase one. They have their name on a waiting list at Genesys Home Medical Equipment. They are awaiting a used Resmed CPCP machine. If you would like to help by donating your machine, please call 810-735-5910. Your donation will be greatly appreciated. Free pick up. Thank you.

NOTICE OF RIGHT TO REFERENDUM ON BECOMING A CHARTER TOWNSHIP

Official certification has been received from the Michigan Secretary of State that the

Township of Holly has a population of 2000 or more according to the most recent United States census and is therefore eligible to be incorporated as a charter township under the provisions of section 3a of the Charter Township Act, 1947 PA 359 (MCL 42.3a). The township board has the right to exercise one of three options concerning status as a charter township, as follows:

1. Adopt by majority vote a resolution opposed to incorporation as a charter township;
2. Adopt by majority vote a resolution of intent to approve incorporation as a charter township;
3. Adopt by majority vote a resolution to place before the electorate at the next regular or special township election the question of incorporation as a charter township;

In the event option 2 is adopted by the township board, the citizens of the township have the right to file a "Right to Referendum Petition". This petition must be filed within the 60 days which must lapse between passage of a resolution of the intent to incorporate and final passage of the resolution to incorporate as a charter township.

The petition shall follow, in general form, the nominating petition form as prescribed in the Michigan Election Law, and in the heading will indicate "Disagreement of Intent to Incorporate as a Charter Township". The petition must be signed by not less than 10% of the registered voters of the township based on the vote cast for all candidates for supervisor at the last election at which a supervisor was elected.

If the petition is successful, the question of incorporation will be placed on the ballot at the next general or special township election.

Karin S. Winchester
Holly Township Clerk

NOTICE This firm is a debt collector attempting to collect a debt. Any information obtained will be used for this purpose. If you are in the Military, please contact our office at the number listed below. Notwithstanding, if the debt secured by this property was discharged in a Chapter 7 Bankruptcy proceeding, this notice is NOT an attempt to collect that debt. You are presently in default under your Mortgage Security Agreement, and the Mortgage Holder may be contemplating the commencement of foreclosure proceedings under the terms of that Agreement and Michigan law. You have no legal obligation to pay amounts due under the discharged note. A loan modification may not serve to revive that obligation. However, in the event you wish to explore options that may avert foreclosure, please contact our office at the number listed below. Attention: The following notice shall apply only if the property encumbered by the mortgage described below is claimed as a principal residence exempt from tax under section 7cc of the general property tax act, 1893 PA206, MCL211.7cc. Attention: Kywayne D. Johnson, regarding the property at 8087 Lark Ln., Grand Blanc, MI 48439. The following notice does not apply if you have previously agreed to modify the mortgage loan under section 3205b, 3205a, 3205b and 3205c do not apply unless the terms of the modified mortgage loan entered into were complied with for one year after the date of the modification. You have the right to request a meeting with your mortgage holder or mortgage servicer. Potestivo & Associates, P.C. is the designee with authority to make agreements under MCL 600.3205b and MCL 600.3205c, and can be contacted at: 811 South Blvd., Suite 100 Rochester Hills, MI 48307 (248) 844-5123. You may also contact a housing counselor. For more information, contact the Michigan State Housing Development Authority (MSHDA) by visiting www.michigan.gov/mshda or calling (866) 946-7432. If you request a meeting with Potestivo & Associates, P.C. within 14 days after the notice required under MCL 600.3205a(1) is mailed, then foreclosure proceedings will not commence until at least 90 days after the date said notice was mailed. If an agreement to modify the mortgage loan is reached and you abide by the terms of the agreement, the mortgage will not be foreclosed. You have the right to contact an attorney and can obtain contact information through the State Bar of Michigan's Lawyer Referral Service at (800) 968-0738. Dated: July 20, 2011. Potestivo & Associates, P.C. 811 South Blvd. Suite 100 Rochester Hills, MI 48307 (248) 844-5123 information may be faxed to (248)267-3004, Attention: Loss Mitigation Our File No: 11-42636 Ad #14120 07/20/2011

Bonnie Sue Hagon

July 1, 1949 - July 19, 2008

They say it's a beautiful journey
From the old world
to the new
Someday we'll make
that journey
Which will lead us
straight to you
And when we reach
that garden
In which there is no pain
We'll put our arms
around you
And never part again.

We love and miss you
very much.

Marissa and Kyle

Lafayette William
Withey

1935-2011

Lafayette William Withey - age 76, of Linden, died Saturday, July 16, 2011 at his residence. Services will be 1 PM Friday, July 22, 2011 at Sharp Funeral Homes, Fenton

Chapel, 1000 Silver Lake Rd., Fenton. Interment in Great Lakes National Cemetery, Holly. Visitation 11 AM until the time of service at 1 PM Friday. Those desiring may make contributions to the National Cemetery Memorial Fund. Mr. Withey was born July 10, 1935 in Lansing the son of Lafayette Joseph Withey and Jennie Mae (Stroud) Withey. He was a veteran of the U.S. Navy serving in Korea. He married Mary Ellen Watts on September 19, 1959 at Trinity Lutheran Church in Fenton. He had resided in the Linden/Argentine area since 1968. Mr. Withey retired from Lloyd Tool and Manufacturing in Burton in 2007 with over 40 years of service. He was a member of the American Legion, and a life member of the VFW and the NRA. He was a founding member of the Argentine Fire Department. He enjoyed gun collecting, hunting, and fishing. He was a proud and loving grandfather. Surviving are: wife Mary Ellen; two sons, David and wife Corinne of Linden, Tim and wife Trish of Louisville, KY; three grandsons, Josh and Joe of Linden, Patrick of Louisville, KY. He was preceded in death by his parents; sister Alice; and brother Ernie. Tributes may be shared on the obituaries page at www.sharpfuneralhomes.com.

Neal Robert
Heyman

1962-2011

Neal Robert Heyman - age 48, of Fenton, died Saturday, July 16, 2011 at his residence following a 9 year battle with cancer.

Services will be held 7 PM Thursday, July 21, 2011 at Sharp Funeral Homes, Fenton Chapel, 1000 Silver Lake Road, Fenton. Rev. Jeremy Peters officiating. Visitation will be held at the funeral home Thursday from 3 PM until time of service. In lieu of flowers, those desiring may make contributions to Genesys Hospice or a charity of one's choice. Neal was born October 27, 1962 in Mequon, WI, the son of Robert and Elnamae (Roeseler) Heyman. He was a 1981 graduate of Homestead High School in Mequon, WI. He attended Milwaukee School of Engineering in Milwaukee, WI and graduated from the University Wisconsin-Milwaukee in 1991 earning a degree in Metallurgical Materials Engineering. He married Lori Kittel (formerly from New Bremen, OH) October 21, 2000. Neal worked for Delphi Automotive and most recently for General Motors. He was a member of Fenton United Methodist Church. Surviving are: wife, Lori; mother, Elnamae Heyman of Cedarburg, WI; sister, Denise (Keith) Van Engel of Cedarburg, WI; 2 brothers, Craig Heyman of Cedarburg, WI and Michael (Cindy) Heyman of Germantown, WI; niece, Nicole Heyman and nephews, Ryan (Sable) Van Engel, Jason Van Engel and Mike Heyman. He was preceded in death by his father, Robert Heyman and his mother-in-law and father-in-law, Richard and Alice Kittel. Online tributes may be posted on the obituaries page of www.sharpfuneralhomes.com.
