

Compiled by the Tri-County Times
Editorial Committee

The following are the Times' endorsements for mayor and city council in Fenton, and the recall election of State Rep. Paul Scott.

FENTON MAYOR

Fenton is fortunate to have two qualified individuals seeking the office of mayor. We feel that the interests of the citizens would best be served by staying the course and reelecting **Mayor Sue Osborn**. Fenton is moving forward in revitalizing its downtown. A change in leadership would likely hinder the momentum of that initiative. The mayor has stated that she would like to serve one more term and finish the work she has started. We agree.

FENTON CITY COUNCIL

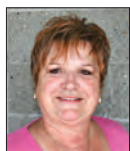

This election provides an opportunity to improve the objectivity and perspective of Fenton's council.

Les Bland – No candidate is more qualified than Bland, the retired DPW director and 41-year veteran of the city. He is familiar with all aspects of our city government and can be counted on to share his opinions clearly and honestly on all issues. Bland will fairly represent both the citizens and the city in the inevitable tough decisions.

Pat Lockwood – Lockwood's resume speaks for itself — Fenton mayor, Fenton city council, Genesee County commissioner, state representative and former DDA member. Lockwood's steady hand and vast experience at the local, county and state level will be invaluable in future decision-making.

Cheryl King – Incumbent King's history of civic dedication, and 20 years of council experience will fit nicely with new member Bland and seasoned pro Lockwood. King listens to every citizen's concerns and tries to resolve them to the satisfaction of all concerned.

PAUL SCOTT RECALL

The purpose of a recall is to remove an elected official from office due to malfeasance or misconduct.

This recall has nothing to do with malfeasance or misconduct. Scott is being targeted due to legislation he sponsored that impacts the Michigan Education Association (MEA), the singular organization bankrolling the recall. If the majority of Michigan voters want Scott out of office, they can vote him out in the next election, less than a year from now. A NO vote is recommended.

Absentee ballots indicate larger than expected turnout

TRI-COUNTY TIMES | TIM JAGIELO

Fenton Township election coordinator Andy Bagley (right) and assistant Julie Lewis have sent out 823 absentee ballots, with 689, or 84 percent already returned ahead of Tuesday's election.

Recall of Rep. Paul Scott, election of city officials and renewal of school millage on area ballots

By Sharon Stone

sstone@tctimes.com; 810-433-6786

If he had to guess what this election's voter turnout would be, Thomas Broecker, operations manager and deputy clerk for Fenton Township, said he would estimate between 20 and 25 percent. Since Fenton Township did not have a planned election of its own, Broecker said it's difficult prediction to make.

Following is a breakdown by community.

Summary

► In the election on Tuesday, Nov. 8 registered voters in the 51st District will cast ballots on the recall of Rep. Paul Scott. Fenton and Linden city residents will vote on their city officials and residents in the Linden school district will vote on a millage renewal.

Fenton

Residents in Fenton City have an opportunity to change, or retain, the leadership of their city by voting on Tuesday. They will also be casting their ballot on the recall of Rep. Paul Scott.

Mixed reviews on city's new 'welcome' signs

► Directional signs still to come in 2013

By Sharon Stone

sstone@tctimes.com; 810-433-6786

Fenton — Anyone driving toward Fenton or through it has probably noticed the new "welcome" signs, as well as the signs recognizing local service clubs.

Michael Burns, assistant city manager and director of the Downtown Development Authority, said installation of the signs was to be completed by the end of the week.

Four large welcome signs were installed, at Freedom Park, Main Street at Eddy Lake Road, Owen Road by Fenton High School and on Silver Lake Road at Poplar Street. Service club signs were erected next to those welcome signs, except for the Freedom Park location.

Times e-edition now more user friendly

► Popular EZ Read feature compatible with tablets, notebooks, iPads

By Cheryl Dennison

cdennison@tctimes.com; 810-629-8282

More than 100,000 visitors log onto the Times website each month. More often than not, they immediately click

the large, red EZ Read link on the top of the page and access the e-edition of the Tri-County Times.

"It's our most popular online destination by far," said Web Coordinator Jennifer Ward. "People really like the fact that it's an exact duplicate of the print edition."

See **EZ READ** on 2A

EZ READ

Continued from Front Page

The popularity of EZ Read is due in large part to the fact that it can be accessed via the Internet, from any location with Internet access, a feature greatly appreciated by snowbirds, lonely college students and former area residents wanting to keep up with Fenton-area news.

Thanks to a recent major software upgrade, EZ Read has a new, and much more user-friendly, page-turning tool that allows readers to flip through the pages of the Times by moving the arrow icons to the left and right of the displayed pages. "It's much more intuitive in all regards," said Ward. "It also allows you to run a slideshow of the entire document and select the pages you wish to read."

According to Ward, online readers of the Times love the digital version but found it 'cumbersome to navigate.' "I never forgot that term," she said. "I was obsessed with fixing it. It took a few weeks to do, but we are already getting rave reviews from users."

The new software also allows EZ Read to be viewed on tablets, such as iPads, which was another issue that readers commented on.

"That was a biggie," said Ward. "As tablets become smaller and more powerful, more and more of our users are ditching their laptops and turning to devices like iPads. We are one of the few newspaper sites that are tablet friendly."

"People really like the fact that it's an exact duplicate of the print edition."

Jennifer Ward
web coordinator

The new EZ Read also has an icon for bookmarking, said Ward, which allows the reader to bookmark articles of interest throughout the publication for quick referencing. Also available is a "thumbnail" view of the Times. Clicking this icon allows a user to see a thumbnail of each page of the document, making it easy to click directly on the desired page without having to flip through the entire newspaper.

Last, but not least, clicking the globe icon allows a reader to e-mail a link from EZ Read to a friend or share the publication via Facebook or twitter.

Asked if she's done for now, Ward just laughed."

Tri-county fundraisers

LOOSE CENTER FUNDRAISER

Volunteers with the Loose Senior Citizen Center will be collecting donations on Saturday, Nov. 12 and Sunday, Nov. 13. This is one of many fundraisers planned to support the construction of a new building. One of three buildings at the center, in downtown Linden, was destroyed by fire on Friday, Sept. 30 and another sustained some damage. The third building was not damaged. The fire was caused by an electrical problem in the basement. It was insured and insurance money will go toward rebuilding. Activities continue to take place off site, but Loose board members and volunteers are attempting to rebuild in the near future so that its nearly 4,000 members have a place to go. On Saturday, Nov. 12 and Sunday, Nov. 13, volunteers will be collecting donations, from 9 a.m. to 5 p.m. at Alpine Marketplace in Linden, Holly Foods in Holly and Wal-Mart in Fenton. On Sunday, Nov. 13, volunteers will also be collecting donations from 9 a.m. to 5 p.m. at VG's Grocery on Silver Parkway in Fenton. Visit the senior center's website at www.looseseniorcenter.org.

News briefs

Overnight parking restrictions begin in Fenton

Overnight parking restrictions for the city of Fenton began Tuesday, Nov. 1 and will continue through March 31, 2012. Overnight parking restrictions will be enforced as parking is prohibited on all Fenton City streets and in the municipal parking lots from 2 to 5 a.m. with a couple of exceptions. Exceptions include emergency services personnel (police and fire) in the vicinity of the police station and the fire station and properly registered vehicles owned by apartment dwellers in the 100 and 400 blocks of South LeRoy Street, and the 100 block of West Shiawassee Avenue, if special permits have been issued by the zoning board of appeals.

Federal government to conduct first test for nationwide emergency alert

The first nationwide Emergency Alert System test will occur on Wednesday, Nov. 9, at 2 p.m. Eastern Standard Time. It will be broadcast on radio, local, cable, and satellite TV. The test will last for about three minutes and will begin with a beeping sound followed by an important message. Normally these tests and messages are conducted at the local, county, or regional level, depending on the circumstances. However, on Nov. 9, it will be initiated at a federal level and a presidential message will be sent across the country through all broadcasters. This event serves as a reminder that everyone should establish an emergency preparedness kit and emergency plan for themselves, their families, communities, and businesses. This first test of the Emergency Alert System results from a cooperative effort among the Federal Emergency Management Agency (FEMA), the Federal Communications Commission (FCC) and the National Oceanic and Atmospheric Administration (NOAA). For more information, go to www.fema.gov.

Rose Township contracts building inspector

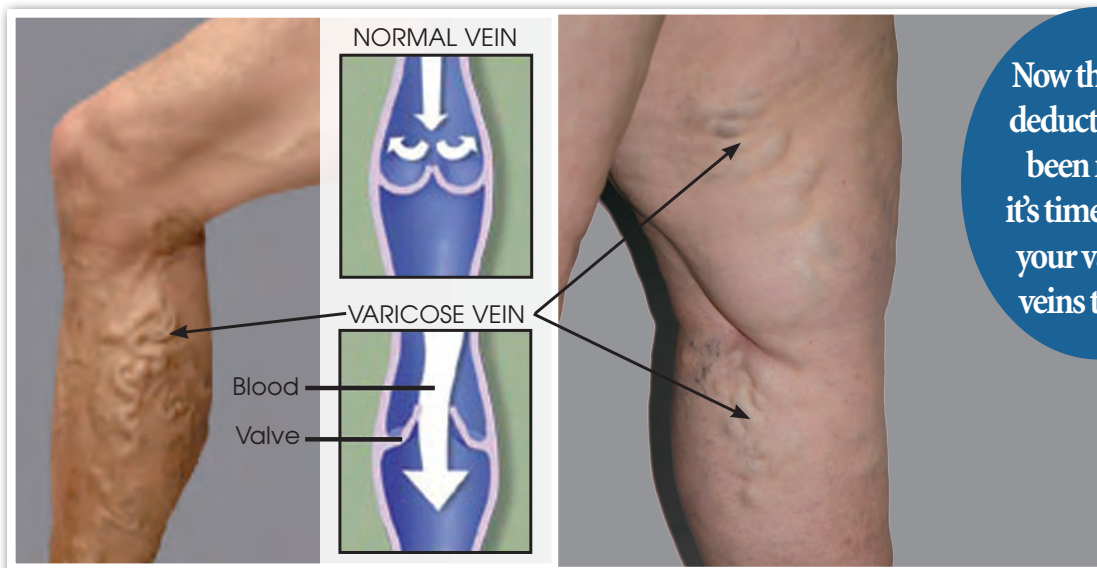

At a special meeting on Wednesday evening, the Rose Township Board of Trustees agreed to contract with Carlisle/Wortman and Associates out of Springfield Township, to fill the role of building inspector. Former building inspector David Shang's contract with the township was terminated in October. Shang was scheduled to work until Dec. 15, but decided to take a month vacation before his end date. Carlisle/Wortman will work for the township for a three-month trial period. After that, the township will decide to either continue contracting, or consider hiring someone in-house.

SMART SOLUTIONS

1 Slippery cake

To keep your cakes from sliding around while you slather on icing, drop a dollop of frosting in the middle of a plate and set the cake on top. The frosting acts as glue so the cake stays put, letting you decorate with ease.

2 Crooked mirrors

Prevent hanging mirrors and picture frames from becoming crooked by sticking corn cushions behind the corners. The pads help frames stay perfectly straight without damaging the wall's surface.

Spring forward fall back

By Tim Jagielo

tjagiolo@tctimes.com; 810-433-6795

Many people will enjoy an extra hour of sleep today, with the ending of Daylight Saving Time at 2 a.m. this morning.

Daylight Saving Time begins on the first Sunday in March and ends on the first Sunday in November. The adding or subtracting an hour affects people in different ways.

Yvonne VanTassell, of Linden, has been a bus driver for Fenton Area Public Schools for six years, each year going through the change.

"Personally, I love this Daylight Saving Time (ending), because I get more sleep," she said. She finds that in November, her students are ready at the bus stop, waiting for her.

MEA is the schoolyard bully!

Let's get this out of the way, first. The Paul Scott recall has nothing to do with teachers.

The Paul Scott recall has nothing to do with 'the kids.'

The Paul Scott recall has nothing to do with education.

The Paul Scott recall has everything to do with the Michigan Education Association (MEA), the powerful and vengeful union that 150,000-plus Michigan teachers and support staff are forced to join.

Let's take a peek behind the MEA curtain for just a moment.

The biggest scam in history is MESSA (Michigan Education Special Services Association), the 'non-profit' subsidiary of the MEA that provides the health care services that MEA members enjoy.

The MEA attempts, in every contract, to force school districts to use MESSA as their health care provider. Study after study concludes that MESSA costs are 10-20 percent higher than what school districts would pay if they were to purchase their employee health insurance on the open market. The Otsego school district rebelled this year, bought identical health coverage on the open market, and saved \$4,200 per year, per employee. Do the math for your school district.

Meanwhile, the 'nonprofit' MESSA had over \$250 million in the bank at last count. The whole stinking scam picks the pockets of Michigan taxpayers to the tune of tens of millions of education dollars every year.

The MEA has over 160 employees on their payroll that make at least \$100,000 per year. They take in about \$70 million annually, just in union dues. The MEA has contributed nearly \$8 million to various politicians, including \$2,000 to Paul Scott in 2008.

The MEA paid thousands of dollars to professional canvassers to help gather the signatures for the Scott recall.

At the end of the day, you and me, the tax-paying citizens of Michigan, are fleeced out of tens of millions of dollars per year by the MEA. That money enables them to influence more legislation that enables them to fleece us out of more money.

Vito Corleone, were he alive today, would be very proud of the MEA. By the way — do not confuse the MEA with the teachers. Our area school districts have the most dedicated, caring teachers on the planet. They love the kids, they love their jobs, and it shows in every measurable way. I have spoken with teachers

and each has expressed mixed feelings about their union, but none will go on record. 'That would be professional suicide,' said a high school teacher from Fenton.

The bottom line is that the MEA leaders, who make \$200,000 per year, are schoolyard bullies. They bully the teachers. They bully the administrators. And they bully the taxpayers.

The only guy with the guts to stand up to these bullies so far is Paul Scott.

The MEA is counting on us being too disinterested to show up at the polls on Tuesday, Nov. 8, due to the lack of 'compelling' issues.

I think that bullying school districts and stealing money from 'the kids' they claim to care so much about is compelling.

Plus, I hate bullies.

I'll be there.

I hope you will be, too.

WHY DID WEST Shore Elementary School go to Montrose Orchards, instead of a local pumpkin patch? Parents could not ride the bus. We had to drive 30 to 35 miles away. I wonder what the mpg is for a school bus. I think they should have spent the money in our community.

I AM FURIOUS. Almost every day on Grange Hall Road, I watch vehicles drive by the bus (red flashers going) letting kids off. Today it was a light blue Volkswagen. After you hit or kill a kid, it will be too late to say you're sorry. Pay attention.

I WONDER HOW the businesses who contribute to the DDA feel about using their money to fight their appeals of property tax assessments. I for one am appalled.

OBAMA WANTS TO eliminate paying back student loans? Guess why that's his push now. College students are mind-numbed to facts, and will vote for him (or any Democrat) because they are easily brainwashed and useless idiots. It's about votes because he's in trouble and nothing more.

THE TIMES SHOULD probably do some more investigating, because I have two friends who work for the

Holly police. I am positive they weren't there about the Oakland County Sheriff's Department taking over. Check it out, do some digging, you'll find the truth.

WE REALLY HAVE some strange cops here in Fenton. One, in particular, drives around the apartment complexes in the dark of night and tickets the cars that are a few days late on getting their new tags, but he never seems to notice the ones that get broken into.

WONDERFUL PROGRAM, CHASING the Dragon. I was at the assembly today at AGS middle school. I am glad that the seventh- and eighth-graders got to see it. I worry about drugs and talk to my children all the time. This should really hit home to most of the kids. Thanks.

IS IT POSSIBLE to prevent the political ads and political survey calls on a landline phone? There are so many of them now, it becomes very annoying.

GIANT THANK YOU to The Rock Church for another awesome Trunk-or-Treat event. You're a wonderful asset to our community.

HELLO TO ALL you wood burners with so-called burn permits. You still cannot have smoke going over to the neighbor's property. Think of it like a driver's license. You can't drive drunk, you can't speed, and you have to follow applicable laws. Michigan law specifically prohibits any burning that causes a nuisance to others.

I THINK THE new signage is ugly. I cannot believe my tax dollars are being wasted on those. They're terrible. Somebody said they look like a 'fortress.' That's a compliment. What an absolute governmental waste of \$300,000. They have no concept of reality.

I HAVE A liberal conscience that makes me morally ill with national policies that shower rich men with tax advantages, while depriving the poor of necessities. No one is entitled to windfalls reached in this immoral way.

A BIG THANK you goes out to Sharp Funeral Homes for their assistance to our young people who have been doing their duty in the military overseas.

TYRONE TOWNSHIP, YOU voted for residents to pay a safety tax of \$150 for fire runs, but if they don't get a burn permit for \$5, residents will be charged for the fire run. This is more than \$1,300. But if they paid the \$5, then they're covered. Wow, what a scam.

Rose Township supervisor resigns

►Hopes to end divisive atmosphere of current board

By Tim Jagielo

tjagiolo@tctimes.com; 810-433-6795

Rose Township Supervisor Alison Kalcec has announced her resignation after three years at her post, and 11 months shy of when the term expires.

Her last day is technically Dec. 31, but she will probably be in the office for the last time on Dec. 22, because of the holidays. "I feel comfortable with my decision, I'm very happy with it," she said.

Kalcec made the decision three weeks ago, and let her close friends and family know, first. Last week, she made her decision public. As a matter of process, the board of trustees must accept her resignation, which will be officially handled at its meeting on Wednesday.

Kalcec has heard positive remarks from the community on her service, and some said they were sorry to see her go. She hasn't heard any negative comments yet, but added, "We haven't had a meeting yet, you know how those can get."

Kalcec said she was leaving because it might improve the current divisive atmosphere that surrounds the board and its

meetings. In the last three years, conflicts have stopped progress from happening in the township, as evidenced by tense meetings with angry public comments. "I'm hoping a new fresh perspective will improve on it," she said.

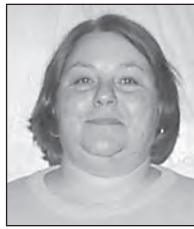

Although Clerk Debbie Miller tried to talk her out of resigning, she feels that a fresh look at the township may help improve the climate in Rose Township. "It's going to be hard to fill her shoes, she's a very good supervisor," said Miller.

Kalcec said she will miss working with people at the township offices, but will still be active in the community.

Kalcec served as Rose Township clerk for 12 years, and supervisor for 3 years. She was also clerk/treasurer for the village of Holly. She's not sure if she will do public service again.

At a special meeting Wednesday night, the board discussed how they would fill the position. The township will begin requesting

resumes for the position next week, said Miller. The board will then appoint a supervisor for the remainder of Kalcec's term. If this appointed supervisor wishes to continue, he or she would need to be on the primary ballot in August, and be elected by the people in November 2012.

Fenton woman lucky to be alive

►Sleep aid wipes out
memory of late night crash

By Sharon Stone

sstone@tctimes.com; 810-433-6786

A 36-year-old Fenton woman recently read about her Oct. 15 automobile crash in the Tri-County Times. She said everything in the article was accurate; however, she had no recollection of the crash.

The woman was driving her 2003 Oldsmobile Silhouette and lost control of it, causing it to veer from the roadway and crash at 3:30 a.m. A witness reported to police that they saw her walk away prior to police arrival. Using the van's registration plate, police identified the registered owner and stopped by their home in attempt to make contact with the driver.

Shelley Koski is that woman. Koski had been taking Ambien since June under her doctor's care. On the night of Oct. 15, she took the medication at 9:30 p.m. and went to bed. When she awoke the next

morning, she felt sore, unsettled and upset but did not know why.

As Koski opened her front door, the business card for Sgt. Greg Feamster fell to the ground. She also noticed that her van was missing. At that point, she remembered a crashing sensation. She

immediately called Fenton police, desperately trying to find out if she had injured someone. She learned that there were no other people involved.

Police told Koski that a witness saw her walk away from her crashed van and when they asked her if she was all right, she just kept walking away. She showed up at her neighbor's home

with a bloody nose and disoriented. The neighbor walked her home. "I'm lucky to be alive," she said.

Koski said she had read all of the warnings that accompanied the medication; however, she did not realize just how dangerous it could be.

This situation has been like a nightmare. "You can't remember it and you can't undo it," she said.

Because of the medication and crash, Police were required to notify the Secretary of State and her driver's license is under review by the state. Koski urges anyone taking similar medications to have someone hide the car keys so they do not drive somewhere. "Thank God I was wearing my seat belt," she said.

Koski immediately discontinued use of the medication. She had emergency surgery after the crash for an injury to her back and she still has lingering numbness in her arm. However, she said, that is minor compared to what could have happened.

Neil Johnson, a pharmacist at VG's Grocery, said Ambien is one of the better and more popular sleep aid medications available. He said that if someone is prescribed Ambien or other sleep aids, they need to take it within 15 minutes of going to bed. "It knocks you out," he said.

Ambien is a federally Schedule IV controlled substance because it can be abused or lead to dependence. Keep Ambien in a safe place to prevent misuse and abuse. Selling or giving away Ambien may harm others, and is against the law. **Notice to patients:** Read the Medication Guide that comes with Ambien before you start taking it and each time you get a refill. There may be new information.

Police&Fire report

ITEMS STOLEN FROM VAN

On Thursday, Nov. 3, Linden police received a larceny from an automobile complaint. A woman from the 1100 block of North Bridge Street reported to police that someone entered her unlocked 2003 Dodge Caravan and took a DVD player, DVDs and her purse. Police have no suspects at this time.

PHARMACY BREAK-INS REMAIN UNDER INVESTIGATION

Linden police continue to investigate two break-ins, which occurred at a pharmacy in the 100 block of North Bridge Street. Both break-ins occurred during the early morning hours and the suspect(s) gained entry by kicking in the back door. If anyone has information, they are to contact Linden police at (810) 735-5454. Tipsters can remain anonymous.

ANOTHER SOLAR COMPANY bites the dust as Beacon Power files Chapter 11 bankruptcy, making it the third company sticking the taxpayers with more debt. If you were an Obama supporter and still not embarrassed, you should consider taking a reality check.

LADIES AND GENTLEMEN, watch prices in the stores. A name-brand company has two sizes of napkins. One package has 200 napkins that sell for \$2.97 and the other size has 220 napkins at \$3.97. A dollar more for 20 napkins. Wow.

MY WIFE AND I pay zero income tax. We have no pensions, although we worked all our lives. Our income comes from our own savings and Social Security. We don't have enough income to pay tax. We have never taken any unearned tax giveaways, nor do we want any. Better to rescind the huge tax handouts to the rich of 2001-2003 totaling \$3 trillion, and then blame low-income people like us.

BUILDING DOOR DAMAGED

On Wednesday, Nov. 2, Fenton police were sent to a building in the 100 block of Trealout Drive to investigate a malicious destruction of property complaint. The complainant said someone had damaged an exterior door on the north side of the building. He had last checked the door at 5 p.m. on Nov. 1. Police noticed that the window on the door had been smashed by a large blunt object. No entry was gained and there are no suspects.

TEEN'S IPHONE STOLEN AT SCHOOL

On Wednesday, Nov. 2, a 14-year-old Fenton male reported that his new iPhone 4s had been stolen during the day while he was at Fenton High School. Police Chief Rick Aro said the teen's uncle loaded an app to track the phone's location, which led police to an address on Eagle Drive. That address did not exist. The chief said they learned that the app has an accuracy radius of 25 yards to two miles. The theft remains under investigation.

I SHOULDN'T HAVE called students who take out huge student loans 'stupid.' It's just unwise to take out \$50,000 to \$60,000 in loans, not knowing how you are ever going to pay them back. The ones that do pay them back are both responsible and commendable. It's a fact that students borrow way more than the amount to cover their tuition. If you work a minimum-wage job, share rent or live at home, local college is very doable.

I JUST READ the comment about Obama increasing the deficit 25 percent and Reagan increased it 300 percent. As someone who taught economics, I find that to be so misinformed, that I'd like to see us have a debate in Fenton due to all the incredibly misinformed people around town. The ignorance is incredible.

ELECTION

Continued from Front Page

Sue Osborn, the current mayor, is seeking reelection. Tim Faricy, a Fenton City councilman, is seeking to be elected as mayor.

Incumbent Cheryl King, Les Bland, Patricia Lockwood and Michael Piacentini are seeking to be elected to Fenton City Council. There are three seats available.

All precincts of Fenton City will vote at the St. John's Activity Center located at 600 North Adelaide St. in Fenton.

Linden

Residents in the city of Linden are voting on Linden City Council members and the recall of Scott. If the resident lives in the Linden Community School district, they are also casting their ballot for the school district's millage renewal.

Linden City councilors Edward Cielesi and Charles Ross are seeking reelection so that they can serve the city of Linden for another three years. The two councilors are running unopposed for two available seats.

Councilors Amanda Adams and Gary Mahnke are seeking to be elected to serve partial terms. Adams replaced councilor Matt Chapman and Mahnke replaced councilor Patti O'Dwyer. The two are running unopposed to serve the remainder of O'Dwyer and Mahnke's terms, which expire Nov. 20, 2012.

Linden City Clerk Marti Donnelly said the city's residents vote at Faith Baptist Church on Silver Lake Road. She said she has issued 409 absentee ballots and 323 of them have already been returned. "I already have a 14 percent turnout and I have not even opened the polls," she said Wednesday morning.

Fenton Township

Fenton Township residents are voting

on the recall of Rep. Paul Scott and if the resident lives in the Linden Community Schools district, he or she votes on the school district's millage renewal.

Voters in Fenton Township will vote in the band room at Lake Fenton High School. Broecker said the township has issued more than 800 absentee ballots so far, with more than 600 of them already returned.

Argentine Township

Residents in Argentine Township will be casting their ballots for the Scott recall and if they live in the Linden Community Schools district, they will be voting on the district's millage renewal. Argentine Township residents who live in the Byron school district will vote on a millage proposal.

Clerk Denise Graves said all precincts vote at the fire hall. "I expect the voters in the Byron school district to turn out due to the bond proposal," she said. "There seems to be a huge effort to get voters to the polls in the recall," she said.

Argentine Township has issued 302 absentee ballots and 266 (88 percent) have been returned by Wednesday afternoon. Graves projects a voter turnout of about 15 percent, overall.

QUESTIONS

form of ID or failed to bring it with them to the polls still can vote. They simply sign a brief affidavit stating that they are not in possession of a photo ID. Their ballots are included with all others and counted on Election Day.

Q Can I wear election-related clothing to the polls?

A Michigan has prohibited the practice of displaying election-related materials at the polls for decades. This includes clothing and buttons as well as materials such as pamphlets, fliers and stickers. You cannot display such items in the polling place or within 100 feet of an entrance to a polling place. If you go to the polls with a shirt or button bearing election-related images or slogans, you will be asked to cover or remove it.

Q Can I use a camera in the polls?

A No. The use of video cameras, still cameras and other recording devices are prohibited in the polls when they are open for voting. This includes still cameras and other recording features built into many cell phones. The ban applies to all voters, challengers, poll watchers and election workers. Exceptions are made for credentialed members of the news media though certain restrictions remain.

Sample ballot of Rep. Paul Scott recall

Statement of Reason:

State Representative Paul Scott voted in favor of House Bill 4325, which cut funding for Michigan K-12 schools, community colleges and universities by an estimated total of more than \$1 billion. He also voted in favor of House Bill 4361, which increased taxes on public and private pension income as well as other retirement income for taxpayers born after 1946.

Justification of Conduct:

State Representative Paul Scott:

- Voted to balance the 2011-12 state budget without raising taxes.
- Voted for pension tax reform, which kept taxes unchanged for all senior citizens born before 1946.
- Voted to ensure that all pension and retirement income will be taxed equally.
- Voted to close the loophole that allowed government pensions to be tax-free.
- Voted to keep Social Security and military pensions exempt from the state income tax.
- Voted for teacher tenure reform that helps kids by making it easier and less expensive for schools to remove bad teachers and retain good teachers.
- Voted to eliminate special tax credits for businesses while reducing taxes on Michigan's small businesses to help create jobs.

Q: Shall Paul Scott be recalled from the office of Michigan State Representative, District 51?

FALL BACK

Continued from Page 3A

In March, her students are late because they slept in, and were not ready for the time change. "In the spring they're rushing because they've overslept because of the changes in the time," she said. When the time "springs ahead," it takes VanTassel an extra 10 minutes to complete her route because of these factors.

Aside from getting more sleep, another advantage to the ending of Daylight Saving Time is that it's lighter in the morning, and therefore safer for everyone, because she has better visibility when driving.

Lake Fenton Middle School sixth-grade math teacher Ashley Speckmann said it takes about a week for her students to get used to "springing ahead" an hour in March and they often come in tired. "You'll notice they'll lose sleep that night," she said, and they have trouble concentrating for that week.

Speckmann doesn't have much of a problem with springing ahead or falling back. But the students don't notice it as much when the schedule falls back. "They'll only mention that they weren't tired at bed time."

For restaurants, such as Fenton Mega Coney Island, the breakfast crowd is busy despite any time changes, said Manager Rocky Edivanaj. But darker evening hours keep people away later at night. "You can see the difference," he said.

Restaurants that aren't open for the breakfast rush may not see a difference, which is Linden Hotel owner Sharon Flowers' experience, as they don't open until 11 a.m.

Dwight Eichelberg, of Eichelberg Farms in Linden, likes going on to Daylight Saving Time, because it stays lighter

longer in the evening. He doesn't like going off Daylight Saving Time, because it gets dark outside earlier. It doesn't affect his farming though, because most of his work is done by fall. "It doesn't make a bit of difference," he said.

Daylight Saving Time was originally implemented to lengthen days, in the United States, and to save fuel in European countries.

It has been argued that it saves energy, as much power is used in the early or late hours when lights need to be turned on while people are still awake.

Debra Dodd of Consumer's Energy said they have not noticed a difference in their system with Daylight Saving Time. "Times have changed a lot since the original Daylight Saving Time existed," she said. With more Americans working different shifts, the stress on the power grid is different than it used to be, she said.

Daylight Saving Time was adopted in the United States in 1918. Some states, including Indiana, only have half the state on the new system. The same plan that enacted Daylight Saving Time also set the three time zones inside the United States.

The law was unpopular, and became optional for states to observe. Daylight Saving Time was inconsistently used until 1966, when Congress enacted the Uniform Time Act. In 1986, Daylight Saving Time was set to begin at 2 a.m., the first Sunday in April and end on the last Sunday in October. From 2007 on it begins the first Sunday in March, ends the first Sunday in November and is observed in some form in many countries throughout the world with many variations.

It is suggested that when you change your clocks forward, check the batteries of your smoke detector also.

ROADSHOW PAYING CASH ON THE SPOT FOR ANTIQUES, GOLD JEWELRY, SILVER COINS AND MORE!

By Jason Delong
STAFF WRITER

Got gold? This week, visitors can cash in on gold and silver jewelry, antiques, collectibles, and all coins prior to 1970.

Clean out your attics, closets and lock boxes, because the "As seen on TV," **Treasure Hunters Roadshow** is coming to **Flint & Fenton**. Roadshow specialists are in town this week examining your gold and silver, antiques and collectibles.

While the Roadshow will accept anything that's old, they will be focusing on: gold and silver coins made before 1970, military items, toys and trains, musical instruments, pocket and wrist watches. **Scrap gold is expected to be a popular category this week due to soaring gold prices.**

Buyers for the roadshow have noticed a tremendous increase in the amount of gold coming to the Roadshow, and for good reason. Record gold prices have Roadshow guests cashing in on broken or outdated jewelry with our **fair and honest** purchase offers.

Other types of items Roadshow specialists hope to see include vintage guitars. Ryan Krushas, one of the Roadshow's instrument specialists, spoke about some of the top guitars getting great offers. "Gibsons and Fenders are in big

Above—Roadshow specialist, Mike Delong, sits with a gentleman who is eagerly anticipating the assessment of his collectibles.

demand right now as are vintage amps," said Krushas. We also buy violins, mandolins, woodwinds, **if it plays it pays!** Timepiece specialist Jeff Ford adds, "Watches are hot! We recently paid over \$2,500 for an old Hamilton pocket watch. And we are buying all types of high-end wrist watches too. Brands like Rolex, Tiffany and Chopard are very desirable to collectors. And the finest Swiss timepiece in the world, Patek Philippe, just earned a happy seller \$42,000.00"

"U.S. COINS MADE BEFORE 1970 ARE THE MOST SOUGHT AFTER BY COLLECTORS. COINS MADE BEFORE 1965 ARE 90% SILVER, AND VALUABLE BECAUSE OF EITHER THE SILVER CONTENT OR EVEN MORE VALUABLE IF ONE HAPPENS TO BE A RARE DATE."

When specialist Tom Fuller was asked what he enjoyed most about working at the Roadshow, he was quick to answer, "Old coins and paper currency." Fuller went on to explain that any U.S. coins made before 1970 are the most sought after by collectors. Coins made before 1965 are 90% silver, and valuable because of either the silver content or even more valuable if one happens to be a rare date. Fuller explained, "We help people sort through their coins for unique dates. We buy all types of coins at the Roadshow—from wheat pennies to buffalo nickels, and from single coins to entire truckloads. See you at the Roadshow."

The "No Problem" People™

What a car's color says about a driver

Silver: Elegant, loves futuristic looks, cool

White: Fastidious

Vibrant Red: Sexy, speedy, high-energy and dynamic

Light to mid-blue: Cool, calm, faithful, quiet

Dark blue: Credible, confident, and dependable

Taupe/light brown: Timeless, basic and simple tastes

Black: Empowered, not easily manipulated, loves elegance, appreciates classics

Neutral gray: Sober, corporate, practical, pragmatic

Dark green: Traditional, trustworthy, and well balanced

Bright yellow-green: Trendy, whimsical, lively

Yellow gold: Intelligent, warm, loves comfort and will pay for it

Sunshine yellow: Sunny disposition, joyful and youthful

Deep brown: Down-to-earth, no-nonsense

Orange: Fun loving, talkative, fickle and trendy

Deep purple: Creative, individualistic, original

CAR COLOR

Continued from Page 3A

reflect more than just a personality however, as some customers are foregoing flashy for practical.

"Our culture is getting busier with driving kids to functions and working more hours," said Tony Crimi, salesperson at Vic Canever Chevrolet. Darker colors that have earthy tones conceal dirt better than brighter-colored cars and don't require as much cleaning. "If we can take a shortcut and keep our cars looking nice, that's what we're going to go for," Crimi said.

When Crimi started at Vic Canever 14 years ago, red, white and blue colors dominated the market. Colors with earthy tones such as gold and brown are surging in popularity. Manufacturers are also beginning to blend brighter colors with darker ones, creating colors such as burnt orange.

While darker colors are starting to surge in popularity, white and silver still dominate the market. PPG, a Troy-based paint company, found that 20 percent of

customers in North America purchased a white car and 19 percent of customers bought a silver car. Black accounted for 18 percent of total sales. Brighter colors such as red and blue made up 9 percent of the car market. Natural colors such as brown, tan and gold commanded 9 percent of the market as well.

In a survey conducted by PPG, 48 percent of consumers said they choose cars based on their color. A majority of drivers who own a luxury or sports car said they were willing to pay extra for a vehicle that was the color of their choice. Overall, 40 percent of consumers said they prefer a wider range of color choices when purchasing a car.

The experimentation of newer colors isn't successful in all areas however. Kevin Potts, owner of Fenton Collision, said newer colors are hard to replicate after an accident. Generally, new parts on a damaged vehicle are blended with existing parts and don't match in color, 100 percent.

"Everything's blended these days, the new colors have so many different pearls in them that parts can't be painted the same way," Potts said. It has been his experience that most people pick their favorite colors without much thought to matching it in the event of an accident.

A new trend for car colors may develop over the years. Crimi said more cars will eventually have tri-coated paint with colors like champagne and pearl. Granite colors are also rising in popularity, as the color requires low maintenance.

"No one waxes their cars like they used to," Crimi said. "There's less time to pay attention to the upkeep of our cars."

"If we can take a short cut and keep our cars looking nice, that's what we're going to go for."

During the busy holiday season, we know all to well a quick and tasty meal is a go to. Here is a wonderful recipe filled with holiday flavors thats quick and easy too.

Thanksgiving Casserole

Quick & Easy Recipe

You'll Need:

- 1 box instant chicken stuffing made according to package directions
- 2 cups mashed potatoes (you can save time by using instant if you are in a real time crunch)
- 1-1 1/2 shredded rotisserie chicken from your local grocery store
- 1 jar chicken gravy
- 1 cup canned/thawed corn
- 1 cup shredded cheddar cheese

**Directions:**

1. Preheat oven to 350°F. Lightly grease a 9x13" baking dish.
2. Spread the prepared stuffing evenly in the greased baking dish.
3. Follow the stuffing layer with the mashed potatoes.
4. Following with evenly distributing the corn, chicken, gravy, and cheese for the final layers. (FYI: in that order is best.)
5. Bake for 25-30 minutes or until cheese is browned and bubbly.

Serve this along side a veggie or salad and you have a quick and easy meal with a holiday feel. From our kitchen to yours.

YOU ARE REQUIRED TO PERSONALLY APPEAR BEFORE the Lane County Juvenile Court at 2727 Martin Luther King Jr. Blvd., Eugene, OR 97401, on the 1st day of December, 2011 at 1:30 p.m. to admit or deny the allegations of the petition and to personally appear at any subsequent court-ordered hearing. YOU MUST APPEAR PERSONALLY IN THE COURTROOM ON THE DATE AND AT THE TIME LISTED ABOVE. AN ATTORNEY MAY NOT ATTEND THE HEARING IN YOUR PLACE. THEREFORE, YOU MUST APPEAR EVEN IF YOUR ATTORNEY ALSO APPEARS.

This summons is published pursuant to the order of the circuit court judge of the above-entitled court, dated August 2, 2011. The order directs that this summons be published once each week for three consecutive weeks, making three publications in all, in a published newspaper of general circulation in Genesee County, Michigan.

Date of first publication:
Sunday, November 6, 2011
Date of last publication:
Sunday, November 20, 2011

NOTICE
READ THESE PAPERS CAREFULLY
IF YOU DO NOT APPEAR PERSONALLY BEFORE THE COURT OR DO NOT APPEAR AT ANY SUBSEQUENT COURT-ORDERED HEARING, the court may proceed in your absence without further notice and TERMINATE YOUR PARENTAL RIGHTS to the above-named child either ON THE DATE SPECIFIED IN THIS SUMMONS OR ON A FUTURE DATE, and may make such orders and take such action as authorized by law.
RIGHTS AND OBLIGATIONS
(1) YOU HAVE A RIGHT TO BE REPRESENTED BY AN ATTORNEY IN THIS MATTER. If you are currently represented by an attorney, CONTACT YOUR ATTORNEY IMMEDIATELY UPON RECEIVING THIS NOTICE. Your previous attorney may not be representing you in this matter.
IF YOU CANNOT AFFORD TO HIRE AN ATTORNEY, and you meet the state's financial guidelines, you are entitled to have an attorney appointed for you at state expense. TO REQUEST APPOINTMENT OF AN ATTORNEY TO REPRESENT YOU AT STATE EXPENSE, YOU MUST IMMEDIATELY CONTACT the Lane County Juvenile Department, 2727 Martin Luther King Jr. Blvd., Eugene, Oregon 97401, phone number 541/682-4754, between the hours of 8:00 a.m. and 5:00 p.m. for further information.

IF YOU WISH TO HIRE AN ATTORNEY, please retain one as soon as possible and have the attorney present at the above hearing. If you need help finding an attorney, you may call the Oregon State Bar's Lawyer Referral Service at (503) 684-3763 or toll free in Oregon at (800) 452-7636.
IF YOU ARE REPRESENTED BY AN ATTORNEY, IT IS YOUR RESPONSIBILITY TO MAINTAIN CONTACT WITH YOUR ATTORNEY AND TO KEEP YOUR ATTORNEY ADVISED OF YOUR WHEREABOUTS.
(2) If you contest the petition, the court will schedule a hearing on the allegations of the petition and order you to appear personally and may schedule other hearings related to the petition and order you to appear personally. IF YOU ARE ORDERED TO APPEAR, YOU MUST APPEAR PERSONALLY IN THE COURTROOM, UNLESS THE COURT HAS GRANTED YOU AN EXCEPTION IN ADVANCE UNDER ORS 419B.918 TO APPEAR BY OTHER MEANS INCLUDING, BUT NOT LIMITED TO, TELEPHONIC OR OTHER ELECTRONIC MEANS. AN ATTORNEY MAY NOT ATTEND THE HEARING(S) IN YOUR PLACE.

SIGNS

Continued from Front Page

Smaller 'Welcome to Fenton' signs were installed, on Torrey Road, North Road, Silver Lake Road, South Holly Road and Adelaide Street. Burns said these signs were taken down shortly after they were installed when they noticed that the size of the lettering was not to spec. These signs were fixed and in the process of going back up.

In the downtown area, motorists will see new "Welcome to Downtown" signs on Main Street, east of Walnut Street, Silver Lake Road at Adelaide Street and at Shiawassee Avenue at Elizabeth Street.

Burns said the concrete bases were made by Rice's Garden Ornaments in Holly and Dibleville Woodworks built the prototype for the concrete fluting. Jennifer Weaver, of Weaver Designs in Fenton, created the lettering on the signs. Craftsman Electrical Services, of Fenton, took care of the lighting on the monument signs, while Universal Signs, of Grand Rapids, installed the signs. "A lot of people in town helped with these signs," said Burns. "We had a lot of local assistance."

The cost to the DDA for what is currently up was \$104,000, said Burns.

In 2013, when the city begins the streetscape project, it will also install the planned directional signs, which are part of this sign project. Estimated cost for the directional signs is \$175,000. In all, the DDA is spending between \$275,000 and \$300,000 on signage for the city.

Burns said they did not want to install the Wayfinding directional signs now since they would have to be removed, when the streetscape and landscaping project is being done.

Since the signs were installed, Burns said he has not heard much feedback, other than a couple of city officials saying they looked nice. "So far, so good," he said. "Board members are happy."

Fenton resident Tessa Stickel said she thinks the signs were a good idea, however, she believes they are really dated. She is convinced that in five year's time, the font used on the signs will be outdated.

Stickel said she understands that the new signs are based on the Be Closer campaign, but she does not think that campaign will carry on very long, causing the look to be irrelevant. "They're awfully large and there's a lot of them," she said.

Postings on the Tri-County Times' Facebook page reveal differing opinions. Barri Szabo said the city did a great job and the signs give Fenton a fresh and updated look. Brenda Armour said she likes the style and she loves the fact that the city has new signs. Cheryl Green said she thought it was a huge waste of money.

"I like it anytime the city invests in the city. It shows we're Fenton, welcome to it."

Kenny Nevells
Fenton House
restaurant owner

Although she is not from Fenton, Sarah McCanney said she thought the signs were very classy as she passed through the city.

Carol Schuler, owner of Sweet Variations, at the corner of Shiawassee Avenue and LeRoy Street, likes some of what she has seen. The base of the large signs reminds her of the concrete barricades that motorists see on highways in construction zones. She likes the top part of the signs though. The lettering on the smaller sign she saw on southbound LeRoy was too small to read.

Kenny Nevells, owner of Fenton House restaurant, said he likes the signs. "I like it anytime the city invests in the city," he said. "It shows we're Fenton, welcome to it."

The restaurant is undergoing an expansion and Nevells is pleased with the city's marketing firm, New Moon Visions, and likes what they're doing. "It's a good thing."

Roger Sharp, owner of Sharp Funeral Homes, said he does not see one thing wrong with the signs. "It's clean, nothing wrong," he said. "It's a pretty creative design."

Despite being tased, the driver of the Cadillac drove away on westbound on Thompson Road. The deputy followed the Cadillac as it traveled down Linden, Sharp, Ray, Hogan roads at speeds in excess of 70 miles per hour.

Linden City police assisted with the call. The chase ended on McCaslin Lake Road in Argentine Township. After his car came to a stop, the driver fled on foot.

Police and deputies chased and apprehended the man. He was transported to the Genesee County Jail, where he was questioned and released.

Dwyre said the man admitted that he was driving someone else's car and that he just "snapped" because he did not have a license. The driver was remorseful for what he had done. There were no drugs or alcohol involved during the incident.

CHASE

Continued from Front Page

a deputy traveling on U.S. 23 near Thompson Road in Fenton Township noticed a suspicious vehicle. A computer check indicated that the car had an improper license plate on it.

The deputy initiated a traffic stop to the older Cadillac at 7:30 p.m. as it began traveling westbound on Thompson Road. The driver pulled the car over and told the officer that he did not have a driver's license. When the deputy asked him to exit the vehicle, the driver said "no."

The officer opened the driver side door, at which time the driver put the car in drive, as if he planned to drive away. In response, the deputy deployed a taser on the driver, said Dwyre.

IF YOU WANTED more valuable treasure, more precious than gold and diamonds, read the book of John in the Bible.

PEOPLE IN HOLLY should be outraged with the current village administration. Not only did the previous village manager get re-elected, he continues to mismanage the water cost issue and use the office for his personal agenda. I live in the township and am affected by this issue but can't vote.

THE NEW SIGNS don't look good and the concrete base is too large and overpowers the sign. When my child saw them, she said they look ugly and asked why didn't they buy books for her class (they don't have enough for the full class). The city likes to waste money.

ASK THE APPLIANCE EXPERT

Today I have advice for the holiday cooking season!

Every year we get SOS calls from our customers that have self cleaned their ovens the day before Thanksgiving, and their oven quits working. In the self cleaning cycle the oven temps can reach 900 degrees. Most ovens with self cleaning feature have a cooling fan to take away that heat while cleaning. When the fan gets weak or dirty and cannot take the heat away fast enough, the thermal fuse will open and stops the operation of the oven.

To avoid dining out, either clean the oven a couple weeks before the big day or wait until after! We will be there to help either way.

Have a great Thanksgiving!

Hidden gem Downtown HOLLY

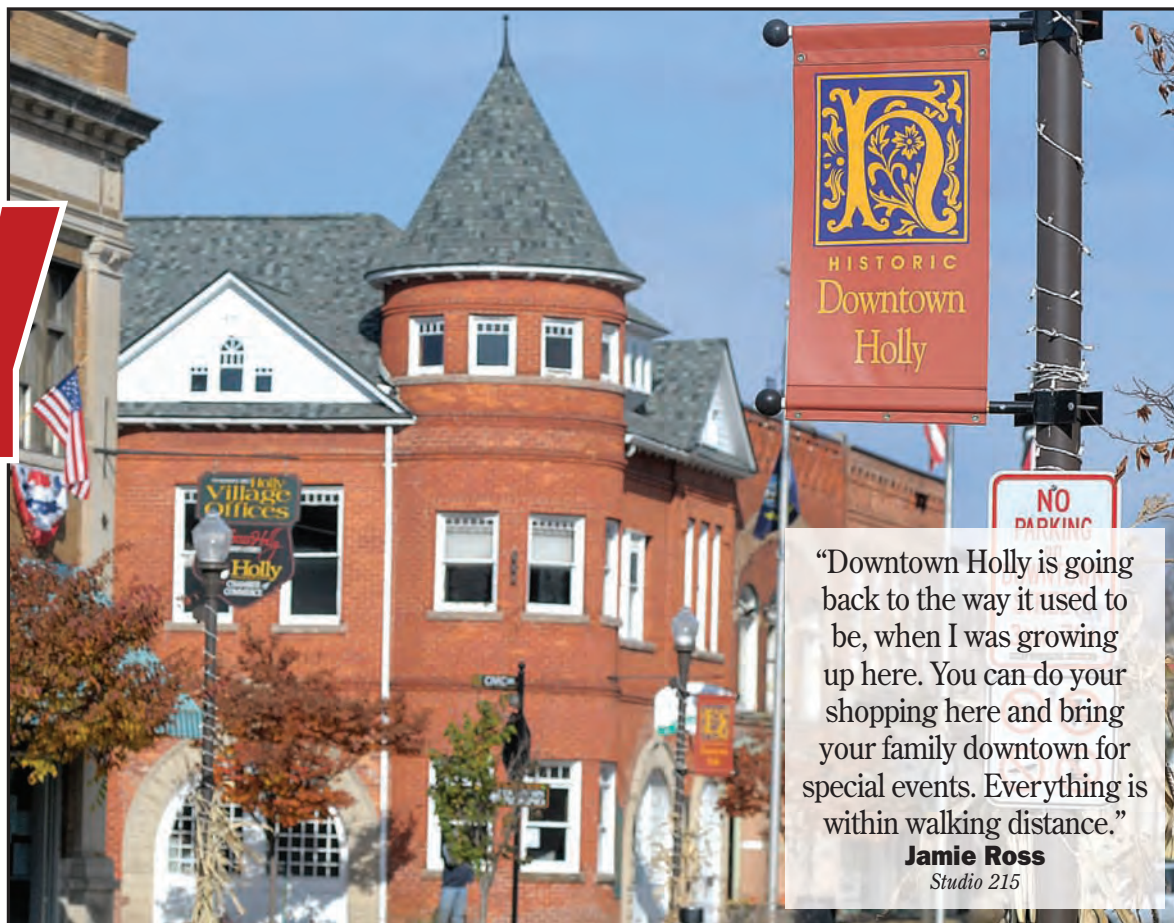

Not just antique stores anymore

By Sally Rummel

news@tctimes.com; 810-629-8282

If you haven't visited downtown Holly in a few months, you're in for a pleasant surprise. Not only are most of the storefronts full, but the eclectic mix of businesses has created a modern-day retail niche for this historic community. What makes this an interesting story to tell is that much of this retail boom has happened in the last nine months. "Eleven new businesses have opened on Main Street since March," said Hope Ponsart, director of the Holly Downtown Development Authority. "There's

Community events are creating a large customer draw in downtown Holly, contributing to the downtown's recent boom in business. Many of the original Holly downtown landmarks, such as the Holly Hotel, will have their own special holiday events from Thanksgiving weekend up to Christmas.

"Every weekend in Holly is a 'gal's weekend.' There's always so much to do downtown."

Why be thankful?

'We have been recipients of the choicest bounties of heaven. We have been preserved in peace and prosperity. We have grown in numbers, wealth and power.'

Who made these three positive pronouncements?

Abraham Lincoln.

Then, in his 1863 Thanksgiving Proclamation, he added these three serious warnings. 'We have forgotten God. We

have forgotten the gracious hand, which preserved us in peace and multiplied and strengthened us. We have vainly imagined, in the deceitfulness of our hearts, that all these blessings were produced by some superior wisdom of our own. Intoxicated with unbroken success, we have become too self-sufficient to feel the necessity of redeeming and preserving grace, too proud to pray to the God that made us.'

Does Lincoln's warning sound up to date?

If so, maybe its time to consider this beloved president's warning today. God doesn't need our thanks, but we need to be thankful. Paul, the apostle, later drew a similar conclusion concerning another group of people who had reached the pinnacle of success, but then were plunged to destruction. He described their tragic fall as follows. 'When they knew God, they glorified Him not as God, neither were thankful,

but became vain in their imaginations. Professing themselves to be wise, they became fools' (Romans 1:21-22).

In Lincoln's words, they became 'too self-sufficient to feel the need of redeeming and preserving grace, too proud to pray to the God that made us.'

Thankfulness makes us ever conscious of God's love, grace and provision. This keeps us aware of His presence and makes a difference in how we live. People who are constantly thanking God for His blessings and love and want to please Him every day; rejecting attitudes and actions that grieve Him.

An attitude of gratitude to God for daily blessings changes our dispositions. Thankful people make better husbands, wives, parents, friends and citizens. We cannot be angry and thankful at the same time. We cannot be both grateful and grumpy. It is impossible to praise

and pout simultaneously.

When I visited my friend, Frank, in the hospital, I read a few verses from Psalm 103 to him. This Psalm is David's great song of thanksgiving in which he reminds himself of the importance of giving thanks for daily blessings.

I had no idea of how those few words about being thankful would change Frank's life. What I had considered just a friendly hospital call was far more than that to him.

Weeks later, I heard Frank tell a group of men that while I was reading those words about not forgetting to be thankful, he had placed his faith in the One to whom all our thanks are due.

Have you? If not, this is the perfect month to launch a new attitude of gratitude and see how it changes your life.

The best foods for you

Luscious, tart-sweet pineapple is full of nutrients as well as flavor. In addition to supplying vitamin C, a cup contains your daily quota of manganese, a trace mineral that promotes bone health.

37%

Amount of the daily recommendation for vitamin C in 1 cup of pineapple

Though available all year round, this tropical fruit is at its peak from March through June. Go ahead and cut it into chunks and store in the fridge or buy it pre-cut for convenience — the fruit retains its nutritional punch for up to a week.

■■■

Sweet potatoes

A nutritional All-Star — one of the best vegetables you can eat. They're loaded with carotenoids, vitamin C, potassium, and fiber. Bake and then mix in some unsweetened apple sauce or crushed pineapple for extra moisture and sweetness.

■■■

Crisp-breads

Whole-grain rye crackers, like Wasa, Kavli, and Ryvita

— usually called crispbreads — are loaded with fiber and often fat-free. Drizzle with a little honey and sprinkle with cinnamon to satisfy your sweet tooth.

The best and worst of food from around the world

World's most expensive pizza

► \$4,200 plus tip

Pizza is one of the staples of the modern American diet, especially amongst the young and the lower class. It's generally regarded as a cheap and convenient meal with more going for it than its fast-food competition. So when we heard about chef Domenico Crolla's "Pizza Royale 007", we were quite shocked. It didn't seem likely that someone would have set out to make the world's most expensive pizza when usually pizza is such a low-budget meal.

The 12-inch pizza pie is densely packed with an assortment of some of the world's most expensive food ingredients, such as lobster marinated in cognac, caviar soaked in champagne, sunblush tomato sauce, Scottish smoked salmon, venison medallions, prosciutto, and vintage

The Guinness Book of World Records is reviewing

the details of the pizza's sale and it is under consideration for taking the record for "World's Most Expensive Pizza" from a less extravagant white truffle pizza created by Gordon Ramsay's Maze restaurant in London.

Interesting facts

■ A company in Taiwan makes dinnerware out of wheat, so you can eat your plate.

■ Ketchup was created for use as a drug, not as a condiment.

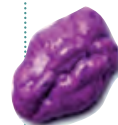

■ The liquid inside young coconuts can be used as substitute for blood plasma.

■ Apples, not caffeine, are more efficient at waking you up in the morning.

■ You'll eat about 35,000 cookies in a lifetime. Wow!

■ Fortune cookies were actually invented in America, in 1918, by Charles Jung.

■ Chewing gum while peeling onions will keep you from crying.

■ Smelling bananas and/or green apples (smelling, not eating) can help you lose weight.

■ Peanuts are one of the ingredients in dynamite.

How to pick the best produce

Broccoli

Find rigid stems with tight floret clusters that are deep green or tinged purple. Pass on any with yellowing heads—they'll be more bitter.

Peak: October to April

Storage: Refrigerate in a plastic bag for up to 1 week.

Payoff: Cancer-fighting sulforaphane

Grapes

Find plump, wrinkle-free grapes that are firmly attached to stems. A silvery white powder (bloom) means they'll stay fresher longer. Green grapes with a yellowish hue are the sweetest.

Peak: May to October

Storage: Keep unwashed, in a shallow bowl in the fridge, for up to 1 week.

Payoff: Resveratrol, which may protect against cardiovascular disease

Bell Peppers

These should have lots of heft for their size, and brightly colored, wrinkle-free exteriors. The stems should be a lively green.

Peak: Year-round

Storage: Refrigerate in the crisper for up to 2 weeks.

Payoff: All bell peppers are loaded with antioxidants, especially vitamin C. Yellow peppers lead the pack.

Avocados

Find firm ones with no sunken, mushy spots, and a waxy rather than a shiny appearance. Shake it—a rattle means the pit has pulled away from the flesh. Not good.

Peak: Year-round

Storage: To ripen, place in a paper bag and store at room temp for 2 to 4 days. Add an apple to the bag to speed things up. Ripe ones can go in the fridge for up to a week.

Payoff: Cholesterol-lowering monounsaturated fat

New owners continue barbecue tradition at Beale St. Smokehouse BBQ

By Sally Rummel

news@tctimes.com; 810-629-8282

"Low and slow" is the motto of the new owners of Beale St. Smokehouse BBQ in Fenton. Continuing to improve on the quality of the barbecue experience is the goal of owners Phil Canup, Lisa Reading, and Steven Pender, who bought the restaurant in August.

As long-time employees of former owner Kim Hicks, they purchased the restaurant so they could continue the barbecue traditions that have made Beale St. Smokehouse BBQ a popular eatery in Fenton since 2006.

"We plan to keep all of the favorite entrees on the menu," said Canup. "People love the pulled pork, ribs and brisket and are comfortable with the quality of the food, atmosphere and service that they've come to expect here." Saturday night entertainment will continue, too, with local "blues" artists performing from 7 to 10 p.m.

Canup handles marketing and graphic design for Beale St., while his daughter,

Reading, brings more than 20 years of customer service and management experience to the table. Pender's niche is his culinary skills and kitchen management. They plan to expand the restaurant's catering services this holiday season, too.

Summary

► Beale St. Smokehouse BBQ in Fenton has a trio of new owners, all former employees of the restaurant previously owned by Kim Hicks.

The trio is excited about a new appetizer on the menu, called "Burnt Ends," made from brisket that has been smoked and seasoned twice, then sauced up and grilled. "We plan to offer it on the menu as a sandwich, too," said

Pender. Desserts are another specialty, and Reading is proud of her homemade white chocolate bread pudding, offered on a limited basis. Caramel apple cheesecake is another favorite.

Beale St. Smokehouse BBQ is located at 2461 North Rd., behind Smitty's Exit 80 Sunoco. Hours are Monday through Thursday, from 11 a.m. to 9 p.m., Friday and Saturday, from 11 a.m. to 10 p.m. and Sunday, from 11 a.m. to 8 p.m. For more information, call (810) 750-0507.

Lamb brothers bring expertise to Ace Heating & Cooling

By Sally Rummel

news@tctimes.com; 810-629-8282

Brothers Dan and Dennis Lamb come from a long history of heating and cooling experts in the tri-county and surrounding areas. When they opened Ace Heating & Cooling in Byron in 2007, they brought their own expertise to the local market, specializing in geothermal heating, high-energy efficiency and hybrid equipment.

"Our specialty is in high-tech heating and cooling systems for your home or business, primarily in Genesee, Livingston and Shiawassee counties," said Dan, who has more than 25 years of experience.

This Byron location is the second of-

fice of their business, which also serves residential and commercial customers in Muskegon. When the Lamb brothers bought the company, it came with a track record of business in the west side of the state since 1962.

Ace Heating & Cooling has 12 employees and nine trucks on the road. The heating and cooling technicians are all certified by North American Technician Excellence (NATE).

Office hours are 7 a.m., Monday through Saturday. The office is open weekdays until 5 p.m., and until 12 p.m. on Saturday.

Ace Heating & Cooling is located at 11097 Silver Lake

Road in Byron, telephone (810)266-5167.

Summary

► Ace Heating & Cooling in Byron is owned and operated by Dan and Dennis Lamb. The company serves residential and commercial customers in Genesee, Livingston and Shiawassee counties.

HOLLY

Continued from Page 1B

only one vacant building downtown next to the village offices, and two 'occupied vacancies,' meaning that they have an owner, but the business is not open. All the other storefronts are full."

While Holly is a destination for an active antiques business community, there's more to Holly than antique stores. You'll find restaurants and coffee shops, a bakery, home decor, unique gifts, clothiers, yoga/fitness studios, salons/spas, handmade candles and more. "Antique stores are a core draw, but it's great to have the variety of shops we have now," said Nicole Kilpatrick, who opened Morgan's Boutique, an upscale children's resale shop, about 1½ years ago.

Newcomer John LaCroix has already made his mark downtown with the opening of three businesses on Main Street within the last year, Great Lakes Artisan Village, which displays and sells the works of more than 50 Michigan artists. It also houses Great Lakes Market Place, a made-in-Michigan grocery store and coffee shop. The Great Lakes Village Theater opened for movies the weekend of Oct. 21.

"I've heard that there's not much for kids to do in Holly during the winter months, so we decided to open a 50-seat theater to provide good, quality family entertainment," said LaCroix, who formed the Great Lakes Art Group to spearhead "Movies in the Village". Located in the former Wilmot Building at 111 S. Saginaw Street, this historic building will be restored over the next few months, he added.

With several exceptions, including LaCroix and long-time retailer Don Wingemire, there's a new face and demographic to many of today's Main Street and Battle Alley business owners. The majority of the businesses are owned by women, of which many of them are on the younger side of 50. From Kel Leigh Coale, 32, who opened her photography and design studio on Main Street 4½ years ago to

Valerie Ehrman, of Swartz Creek, has lunch with her mother at the Bittersweet Café in downtown Holly on Wednesday. "Oh, it's beautiful, really cute," she said.

Jamie Ross, 33, owner of Studio 215, a Main Street fitness studio, women are stepping out in large numbers to boost the retail scene in Holly.

Historic Battle Alley has also experienced a resurgence of retail growth in the last six months — from the addition of the Holly Candle Shoppe owned by Holly Jablonski to the Fire & Ice Café owned by Barbara Gerber and her husband, Dennis Haight. Gerber also owns the Blackberry Bakery on Main Street, which she opened a year ago.

Women business owners are finding a community of support in their new ventures. Dee Van Boemel, who purchased Bittersweet Café nine months ago, said, "We're all going through the same things and we can help and support each other."

Many of these women are taking active roles in planning community events. Jenny Stilwell, owner of Elements Day Spa on Main Street for six years, is a board member of the Holly Area Cham-

ber of Commerce. "We're doing a lot of marketing now, and letting people know what we've got in Holly," said Stilwell. "We're a walkable community. There aren't many towns around that are like us. We've maintained our historic flavor while adding new businesses. We've become a destination."

She credits the addition of "gathering spots" like Blackthorn Pub downtown to increasing the evening business traffic. Blackthorn Pub opened in March after being vacant for 3½ years. "We're definitely getting busier," said owner Rory Kelly, 30. "We're an affordable family dinner destination earlier in the evenings, and then turn into more of a pub atmosphere for the younger crowd. We're hoping to open for lunch in the future."

Blackthorn Pub joins an already strong group of local landmark downtown restaurants — from Red Devil Pizza, which has been open for almost four decades, and Broadstreet Station, a popular local pub, to the historic Holly Hotel, which anchors Battle Alley. Other seasoned Holly restaurateurs such as brothers Mark and Mike Ruhlig, owners of Villagers Restaurant located a mile north of downtown, welcome the more active downtown restaurant and retail scene, saying that more restaurants and shops bring in more

business to the entire community.

Community events are also bringing shoppers and families downtown in record numbers. "It takes a lot of work for merchants to put on events like Holly's popular Dickens Festival," said Kilpatrick. "But it's worth it to see people enjoying themselves downtown. These kinds of events create family memories and make people want to come back to Holly. That's what we're striving for."

Cathy Bateman, 55, owner of My Sweet Holly, has noticed a dramatic increase in business in the past year, after opening her home decor store 2½ years ago. "We've had more customers downtown and I've noticed a big increase in my own business," said Bateman. "Our downtown landlords have also kept our rent at an affordable rate, so we can still make money to live on and put dollars back into our businesses."

Ponsart believes that the timing is just right for Holly to bloom. "I think I have one of the very best 'products' to market right now. Smaller cities and towns across the state are where the momentum is right now. With its accessible location between I-75 and U.S. 23, Holly's in a perfect position for growth."

Summary

► Downtown Holly has re-invented itself in recent months, adding a diverse number of businesses that create a new interest in shopping beyond the town's long-time reputation as an antique store destination.

Look Who's Talking

By William Axford Staff Reporter

BRAD KAPANKA

16-year-old junior

Linden High School

FAMILY:

My parents, Ken and Jenny. I have two brothers, Brian and Corey.

ALL-TIME FAVORITE MOVIES:

'The Big Lebowski.' The dude rules.

MY BIGGEST HIGH SCHOOL DO-OVER WOULD BE:

My entire freshman year. I goofed off too much and started high school off bad, academically.

Brad Kapanka

What do you do outside of school?: I work at Villager's Restaurant and play drums.

My dream car is: a blue Z28 Camero from the '70's, with white strips.

My greatest high school regret is: There are a couple of girls in high school that I dated but I should have just avoided them.

My most embarrassing school moment was: I don't get embarrassed, ever.

If you could have one superpower, what would it be?: The ability to fly or super speed. I could get to anywhere I want, quickly.

If you were principal for a day, what changes would you make?: Students could play music at any time, and could leave campus during lunch.

What is an upcoming event you are looking forward to?: A road trip to Vegas. My brother wants to marry his fiancé there.

If you had to walk through downtown all day wearing a sign, what would it say?: 'Donny, you're out of your element.'

Front row seats and backstage passes, who are you seeing?: Eminem, he has good lyrics and it would seem pretty cool to chill with him.

The best day of my life so far was: the day I bought my first car, a '98 Cavalier.

What are your plans after graduation?: Go to college and then make some money. I might move to North Carolina with some of my family.

Where will you be and what will you be doing 10 years from now?: I'll be living the American Dream. I want enough money to live comfortably and living somewhere warm. Eventually, I plan to have a family.

Student Body asked at Linden High School

What does the color of your car say about you?

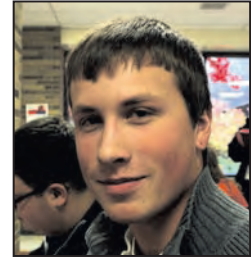

Compiled by William Axford

COREY MULANIX, SENIOR

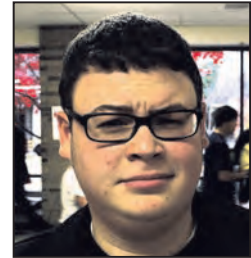

"My car is red and loud. It's a beast, like a dragon."

BRANDON CRISWELL, SENIOR

"My car's red and it says I'm here to go fast, but I'm still going to abide by the rules."

TYLER CONWAY, SENIOR

"Pewter, it's the color of gold and silver, which I'm always looking for."

LINDSEY PETERSON, JUNIOR

"My car is tan and I have no idea what it says about me. I don't like the color."

HAILEY STEELMAN, JUNIOR

"My car is white and gets dirty all the time, so I don't know what that says about me."

Marcia Lynn (Murray) Sawyer

1953-2011

Marcia Lynn (Murray) Sawyer - died on Friday, September 30, 2011 after courageously battling cancer for the past year and a half. She

passed away peacefully, surrounded by close friends and family in Fort Myers, Florida. Marcia was born September 15, 1953, in Waynesburg, Pennsylvania. As a child, she enjoyed living on the farm in rural Pennsylvania, but was later raised in Royal Oak, Michigan. She graduated from Royal Oak Dondero High School in 1971. Marcia then moved around the Detroit and Flint areas, keeping old friends and making many new ones along the way. Marcia was a "sweetheart", as everyone who met her would say. She was giving of her time, her talents, and her heart; she would go out of her way for a friend in need at any time. She later moved to Fort Myers, Florida with her husband Gary to enjoy the sunshine, a nice big yard, her animals, car shows, sewing, crafts and flea markets. Marcia is survived by her loving husband, Gary Sawyer; her mother, Louise Murray; her father, Roy Murray; two devoted brothers, Dan Murray and Matt Murray; her niece Michelle Korb; as well as many other cousins, relatives and friends. She leaves behind these and many friends and family members who will miss her creative spirit and laughter. Family and friends are welcome to join a short remembrance ceremony on Saturday, November 12, 2011 at 11 AM at the White Chapel Cemetery in Troy, Michigan. A short service will be held at the Cemetery Chapel (east side of large building). Contributions in the memory of Marcia may be given to the wonderful people who offered such attentive care at Hope Hospice in Fort Myers, Florida. Address is 9470 Healthpark Circle, Fort Myers, Florida 33908. Donations can also be made out to the American Cancer Society in Marcia's memory.

Holly schools placed on nationwide district honor roll

By Tim Jagielo

tjagielo@tctimes.com; 810-433-6795

Holly Area Schools (HAS) received a bit of good news. Last week, the school district announced it had been placed by the College Board on the second annual Advanced Placement (AP) Honor Roll.

The College Board is a nonprofit organization that promotes "excellence and equity in education through programs." HAS was chosen among 367 other districts in the United States, across 43 states.

HAS was placed on the honor roll for increasing access to AP coursework, while also increasing students who scored a 3 or higher on AP exams.

HAS is known for high academic

performance, even as a tight budget has forced the closing of Sherman Middle School and lay offs. "I believe the high school staff and students have done a wonderful job sustaining the AP program even with the continuing reduction in funding," said Superintendent Kent Barnes in an e-mail. "I think our community should be very proud of this accomplishment."

Next year, HAS will need to cut more than \$600,000 from the already stripped budget. However, Barnes believes the AP programs will be safe from cuts.

For the moment, he would rather focus on the bit of good news the district has received. "Let's enjoy the moment for now," he said.

"I believe the high school staff and students have done a wonderful job sustaining the AP program even with the continuing reduction in funding."

Tigers lose in district championship vs. fourth-ranked Clarkston

By Al Zipsie

dtroppens@tctimes.com; 810-433-6789

Clarkston — Fenton's varsity volleyball team would trade in the last four unbeaten Metro League seasons and the 37 consecutive conference wins for a district title.

The last time Fenton (42-1-19-4) won a district volleyball title was 2007. That was the last year they did not win the Metro.

But when it comes to districts, the Tigers frequently find themselves in tournaments with state-ranked teams double their size. For the last two years, that team has been Clarkston.

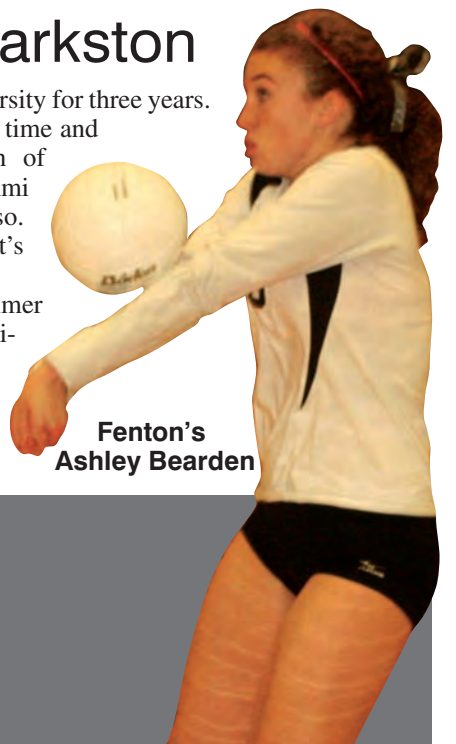

The fourth-ranked Clarkston Wolves (57-5) defeated Fenton 24-26, 25-19, 25-16, 25-19 in the Class A district title match at Clarkston High School on Thursday. The Wolves beat Fenton in district action a year ago as well.

"(Clarkston) plays at another level," Fenton coach Linda Rusaw said. "They have three times as many students. I don't know the big difference between Class A and B. We play all those teams during the season. We just need to play better."

"I think we had our best game. We played the best we can," said senior Sarah Collier, who was emotional after her last volleyball match. "Julie (Gil-

bert) and I have been on the varsity for three years. We have been together a long time and have that mental connection of what the other will do. Sammi (Cowger) has been there also. We are all good friends and it's tough for it to end."

Collier and Payton Maxheimer had nine kills each, while Mai-zie Martin had eight kills and three blocks. Megan Cockin was 40-for-40 with her serve. See **TIGERS** on 15B

Pond hockey tourney slated for Lake Fenton

By David Troppens

dtroppens@tctimes.com; 810-433-6789

For as long as Sean Lapham can remember, he's been playing pond hockey.

And to this day he still plays, as does his son.

"My father owns a farm and we play pond hockey from what the cows drink out of," Lapham said. "We play at night and have a campfire. We play all day long like we are little kids. I'm 37 and I can't get enough of it."

Lapham knows there are hundreds of other people of all ages that feel the same way, so he's decided to have the Inaugural Lake Fenton Winter Classic at Lake Fenton from Jan. 27 to Jan. 29.

He hopes to get about 100 teams of all age groups, caliber of play and sexes. The cost is going to be \$350 a team and each squad is guaranteed at least four games. The games will be played on 14 "rinks" on Lake Fenton throughout the weekend.

With established competitions already at Whitmore Lake two weeks earlier and at St. Ignace about two weeks later, Lapham, the tournament director of the event, feels he has a great date for the event. There are about six pond hockey dates throughout Michigan during the winter.

"We've already got a team from New York, from Canada and from Chicago," Lapham said. "We are filling up fast, with teams all over the country."

Games will be played under the lights on Friday and Saturday. The championship game will be played Sunday afternoon. The winner of each division will be able to lift the Des Crowley Memorial Cup and have their name engraved on it. The winning teams will also earn free entry into the 2013 tourney with a chance to defend their title.

"It's a lot of fun," Lapham said. "Even if you are not a hockey player, just to watch hockey in its purest form is a great thing."

Linden golfers still holding on to top spot

By David Troppens

dtroppens@tctimes.com; 810-433-6789

This week saw the fall sports teams go through volleyball districts, the opening round of the football playoffs and the regional cross country meets.

All were key moments for our top five.

While no football teams are on our list right now, if either Fenton or Linden keep on winning, they could sneak into the poll.

But probably the team that made the most noise in the last week was the Linden varsity boys cross country team. The squad won its fifth straight regional title and are headed to the state meet this weekend, where a top 10 finish is a very distinct possibility. The Eagles have a very good chance of improving their resume enough to sneak into the top spot.

The biggest drop involves the Holly girls cross country team. Without question, the Bronchos were in a tough regional, but placing 13th at the event really hurts their chances of finishing in the top five.

These rankings are based through the sporting events of Thursday, Nov. 3.

No. 5 - Fenton volleyball: The Tigers knew winning a district title would be a huge challenge. The Tigers were favorites to make it to the finals, but facing state-ranked Clarkston in its own gym was a pretty daunting task. As of now, the Tigers' perfect Metro League season keeps them at No. 5.

No. 4 - Holly boys tennis: The Holly boys tennis team is always a strong contender to finish in the top five of the fall. Their strong Metro record makes them a contender each and every year. Again, it's the strength of the area in the sport that hurts them. And that's why the Bronchos fell off the list for a couple of weeks.

But now that some of the other league champions are starting to experience postseason troubles, the tennis team's resume is starting to look stronger, resulting in the team coming back into the top five, at least for this week.

No. 3 - Fenton swimming and diving: The Tigers have had a week off, preparing for the Metro League Swimming and Diving championships. Chances are they'll dominate the meet so much that by the end of the preliminaries no one will have a chance to catch them.

TRI-COUNTY TIMES
DAVID TROPPENS

Holly's Parker Rowse hits a shot during the season. The Holly varsity boys tennis team has snuck back into the Fall Top Five in the fourth spot this week.

That said, those expectations aren't why they are at No. 3. They are here because they've finished another dual Metro season undefeated, placed second at the county meet and have posted so many state qualifying times, that they've already positioned themselves to have a large chunk of their team at the state meet. Depending on how those qualifiers do at state will probably determine their final spot in this poll.

No. 2 - Linden boys cross country: The Eagles have a very good chance of taking over the top spot in this poll, depending on how they do at the state meet. If the Eagles finish around seventh or better, it's very likely they'll be at No. 1 next week. If they finish anywhere in the top 10, they'd have a legitimate beef.

No fall sports team has shown the consistency that the Eagles have this year. They've won non-league meets. They

swept all three league meets, earning the Metro League title easily. And last week, they won a regional meet.

The Eagles have finished at No. 1 on this poll before. Right now, there's a realistic possibility they'll finish there again.

No. 1 - Linden girls golf: The team's season is already over, finishing fifth at the state meet. But, good news is still sneaking in from the season. Golfers Julie Guckian and Miranda Day were named All-State selections, while coach Todd Skinner has won coach of the year honors in the region and the county.

That No. 5 finish at state and the strong showing at regionals has them at No. 1. But it's going to be tough for the squad to hold off any teams that end up having strong postseasons and also strong regular seasons as well. Their hold at No. 1 is fairly precarious right now. But they still hold it.

LF moves into district final with win vs. Stockbridge

By David Troppens

dtroppens@tctimes.com; 810-433-6789

Fowlerville — There was a lot of excitement surrounding the Lake Fenton varsity volleyball team Thursday night.

And that excitement is for good reason.

The Blue Devils earned a spot in the Class B district finals at Fowlerville High School, defeating Stockbridge 25-17, 26-24, 25-21.

The win earned the Blue Devils a spot in the district title game against tourney hosts Fowlerville on Friday night. The results of that match can be found elsewhere in this publication.

The Blue Devils opened district action with a five-set victory against Linden on Tuesday, and appeared to play even better against Stockbridge, collecting 39 kills in the match. The seniors are excited about their postseason run.

"It's a pretty big deal," said Ashley Rinks, who had 11 digs. "I've dreamt about this since I was a freshman, and it's really cool to be here and see our dream come to life. I think we have a good chance."

"We're enjoying the moment right now," Lake Fenton coach Angie Del Morone said. "We'll think about (Friday) in the bus in about 20 minutes."

The victory against Stockbridge didn't come without its challenges.

In the opening set, the Blue Devils trailed as much as 6-2 early in the contest. However, Katey Brophy got the service and earned five straight points, giving the Blue Devils an 8-6 lead. Brophy had back-to-back aces, tying the game at 6-all, and then a Stockbridge mistake gave Lake Fenton the lead for the first time in

the contest.

However, the Blue Devils didn't cruise from there. The set experienced two more ties and lead chances before a Megan Somers kill gave the Blue Devils the lead for good at 13-12. The set was still as close as 16-14 after a Lake Fenton service error, but a kill by Sydney Scott and consecutive hitting errors by Stockbridge created a comfort zone for Lake Fenton, eventually resulting in the win. Trudie Bruce got a kill on a Stockbridge overpass to for the final point of the set.

The second set was the thriller of the match. At first it didn't appear as though it would be, as an Ellesa Smith kill put the Blue Devils up 8-3, but Stockbridge scored the set's next five points, tying it up at 8-all.

From there Stockbridge threatened to pull away a few times, and had a 24-21 lead after a kill by Tara Hall. However, the Blue Devils responded with three straight kills — one each from Smith, Bruce and Somers — helping Lake Fenton tie it up at 24-all. Stockbridge followed with a service reception error, and then Somers gave the Blue Devils a 26-24 victory with a kill on set point.

"It's a position we've been in a lot," Del Morone said. "It's not one that the coaching staff loves, but they worked through it and know how to do it. It gives me some gray hairs, but that's OK."

Lake Fenton never trailed in the third set, scoring the first three points on a kill by Mundy and then two kills by Scott. However, Stockbridge did tie it at 14-all, and were still within a 22-21 score late. But Stockbridge was unable to come back, getting a hitting error on the next volley. Bruce then iced the

match with a block kill for the 24th point and a kill for match point.

Scott led Lake Fenton with 14 kills, while Bruce had seven kills. Somers and Smith had six kills each. Smith also had seven digs. Chelsea Jordan had four kills, two block kills and two aces. Brophy had three aces, while Mundy had 34 assists. Emily Hawes also had seven digs.

"Our chemistry is definitely the key," Smith said. "We have good chemistry. Our coaches put us in some really hard tournaments and got us prepared for this."

"We aren't superstars," Rinks said.

"We just play as a whole team and that's why we are where we are. We love Angie. She brings so much spirit to the team. She's a fireball."

Lake Fenton edges Linden in five-set thriller

By David Troppens

dtroppens@tctimes.com; 810-433-6789

Fowlerville — Maybe Lake Fenton setter Rachael Mundy described the Blue Devils' Class B district matchup with their neighborhood rival the best.

"The crowd had to pay their five bucks, but it was worth it," Mundy said.

Oh boy, was it worth it.

In what was one of the best volleyball battles in the tri-county area all fall, the Blue Devils edged the Linden Eagles 25-12, 16-25, 22-25, 28-26, 15-11 Tuesday at Fowlerville High School.

"Let's just say I'm exhausted," Mundy said after the match. "It was really fun."

It was just that — a lot of fun. And topping it off, over 100 fans from both schools attended the thriller.

But when it was said and done, it was Lake Fenton that was the more assertive team in the fifth set, helping lead the Blue Devils to the victory and a spot in Thursday's district semifinal against Stockbridge. Details on that match can be found elsewhere in this publication.

Lake Fenton had seven kills in the final set, while Linden had just five kills and four hitting errors.

"It's very nerve wracking when it's that close, but when it is that close, you just really want to win even more," Sydney Scott said. "We had to keep up the team's confidence and just keep going. We knew we wanted this really bad and we just had to keep going as much as possible to win."

"We definitely had the intensity," Mundy said. "The crowd helped us, and that just helped build up our intensity and pulled us through."

"We got a little timid in the fifth game. We tipped, and we tipped and we tipped," Linden coach Cori Mason said. "And

that was not our game plan either. Brodie (Thomas) can shoot corners and do that stuff, but the other girls we need swinging. That didn't happen for us."

The Blue Devils dominated the first set, scoring the first five points on Ashley Rinks' services. Linden cut the gap to 9-8 on a mill by Alexis Downes, but a service error gave Lake Fenton a 10-8 lead and the service. Lake Fenton's Chelsea Jordan then followed with four straight service points, giving Lake Fenton the distance it needed to earn the win.

In the second set, the Eagles turned up their intensity, and from that point it seemed the match's intensity only grew. Linden led just 13-11 after a hitting error, but Kaitlyn Dunleavy had back-to-back kills and Jordan Sargent followed with an ace. Sargent ended up serving five straight

points, establishing an 18-11 Eagles' lead. Linden capped the set on a kill by Downes on a Lake Fenton overpass.

In the third set, Lake Fenton jumped out to a 7-3 lead, but Linden's Callie Murphy served two straight aces during her run of four straight service points, tying the game at 7-all. From there, the set saw six ties and three lead changes. Still, Lake Fenton forged to 20-14 on a kill by Jordan, but a kill by Downes gave the Eagles the service, trailing by a 20-15 score. Ashley Klavitter earned the service and scored eight straight points, capped with a placed kill by Sargent. Lake Fenton cut the gap to 24-22 on a kill by Trudie Bruce, but Linden iced it with a Dunleavy kill.

Lake Fenton took an early lead in the fourth set, but the lead didn't last, setting See **THRILLER** on 15B

ASK THE MECHANIC

Chris Wilkinson,

Q: I have a 2009 impala and the heater will not stay hot when the car is idling. When I touch the accelerator pedal it gets hot almost instant. It makes it very hard to melt ice on the windshield.

- Marty

A: Marty, this problem is most commonly caused by a restricted heater core. A good flushing should fix it. To check this when the car is warm and idling: feel both heater hoses. If one is considerably cooler than the other than you have most likely found your problem. Other things to look for are proper coolant level and circulation. If you need to flush the cooling system and heater core, do so by first draining as much of your old coolant as possible, then take off both heater hoses and flush the heater core back and forth from one hose to the other. You should see when the debris comes out and the water should flow free and clear. Next flush the radiator and block from the other end of the heater hose where they hook to the engine and also from your upper and lower radiator hoses in both directions on all hoses. When finished drain as much water out as you can and start by filling the system with straight antifreeze for the first gallon. Then use a 50/50 mix and make sure to bleed the system. On this car, I leave the top heater hose off while filling. Use a small funnel into the heater hose and fill until it comes out the heater pipe at the engine, then reconnect the hose, top off the system and run until hot. Now after it cools down again you will need to check for the proper coolant water mix with an antifreeze tester. It should be good to .34. If not, you may need to adjust this by draining some out then adding more coolant or water to adjust the mix. Don't forget to take your old coolant to a parts store or repair shop that accepts it for recycling purposes as this should not be put down the drain or left outside. Pets seem to like drinking it and it is poison!

Holly loses to Clarkston in district opener

By David Troppens
dtroppens@tctimes.com; 810-433-6789

Clarkston — The Holly varsity volleyball team knew it was going to be a tough task to beat Clarkston in the opening round of the Class A district tournament at Clarkston High School on Monday.

The Bronchos knew to have a solid chance, they'd need to play pretty close to perfect volleyball. Unfortunately, the Bronchos picked the wrong time to have an offnight, resulting in a 25-10, 25-9, 25-5 loss to the Wolves.

"We had our good moments. If we could've put them all together, it would've helped," Holly coach Jamie Jones said. "We had a couple of big blocks, a couple of digs, but we couldn't put it all together."

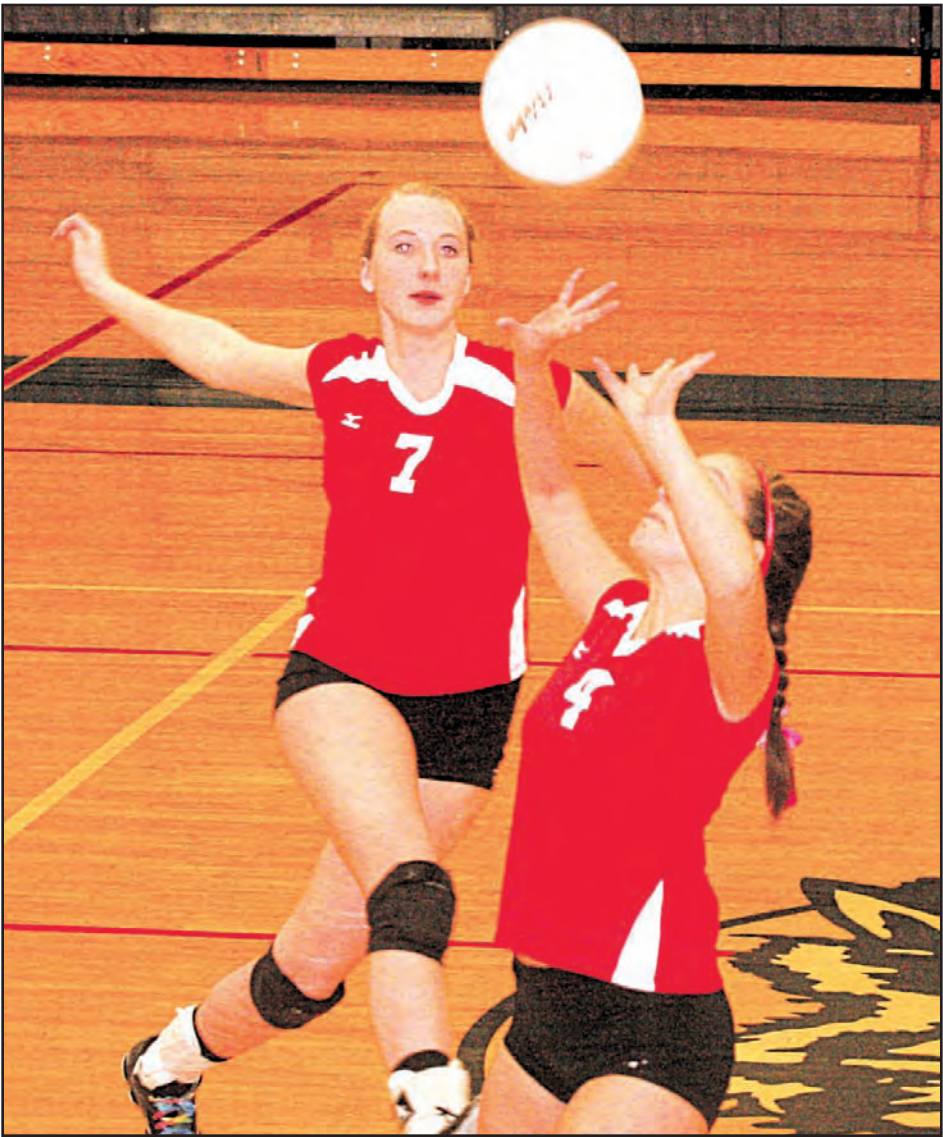

It was a tough night for Holly. The Bronchos struggled with their serve receiving and their setting, which meant it was tough to get their offense going. And it showed for most of the night as the Bronchos finished the match with just eight kills. Hannah Timm was the team's top offensive player, collecting five kills, and a block kill.

Holly struggled from the get-go in the first set, trailing 8-1 after a kill by Clarkston's Stephanie Marani. The Bronchos never got any closer than five points in the set after that.

Holly was tied in the second set at 4-all after a Timm kill, but a service error was followed by a setting error and a service reception error on the next three rallies, sparking a run of nine straight Clarkston points. Holly was unable to fight back into that set again.

In the third set, the Bronchos were within a 5-4 margin after an ace by Melissa Bott, but a service error followed and Clarkston ran off nine straight points.

The Bronchos brought up a few JV players during the match, helping focus on the future.

Holly's Adrienne Cheff (right) sets a ball for Megan Piowowski in the team's loss to Clarkston during district action.

"I think we are getting there," Jones said. "We have the underclassmen that were on varsity this year and all of them are going to play club ball. We are trying

to get some of those younger girls to play as well. A couple of the girls I brought up have the height and the positive attitude I'm looking for."

den had service errors at 25-25 and at 26-26, keeping them from the match victory.

In the fifth set, Lake Fenton's aggression slowly gave the Blue Devils a slight lead. Linden came as close as 13-11 on a kill by Thomas, but a Somers kill gave the Blue Devils three match points at 14-11. The Blue Devils only needed one of them, winning the match on a Linden hitting error.

"We played the fifth game like we did the first game," Lake Fenton coach Angie Del Morone said. "The kids played really hard. They showed a lot of heart, and they revealed

a lot of character on the court. I'm really proud of what they did. Linden was a great team. Defensively, they were hurting us. We had a hard time finding the floor a couple of times. Once we did, we were all right."

Lake Fenton was led by Somers' 12 kills, while Scott had 11 kills. Jordan had eight kills and Bruce had six. Mundy had 45 assists, to go with her five aces and 12 digs. Defensively, Ellesa Smith had 18 digs, while Emily Hawes had 10 digs. Scott also had four block kills.

Linden (27-17-6) was paced by Dunleavy's 15 kills and 16 digs, while Thomas and Downes had nine kills each. Mary Starrs had 18 digs, while Murphy and Sargent had 13 digs each. Sargent also had 40 assists.

TIGERS

vice and also had 30 digs. Gilbert had 36 assists.

"I was encouraged the way we came out and we had some great runs," said Rusaw.

In the opening set, Martin had a kill to put the Tigers ahead 24-23. With the set tied at 24 all, Maxheimer had a kill to make it game point. Fenton won it on a Clarkston hitting error.

Clarkston then came back to win the next three sets. In the second game, Kennedy Piwowarczyk's service helped lead Fenton to a 3-0 edge. The score was tied at 16, 17, 18 and 19. Then the Wolves clicked off the last six points for to even the match at one set each.

Amy Rooker's kill gave Fenton a 9-8 lead in the third set, but the Wolves scored 11 of the last 14 points for the 25-16 win.

The fourth game was tied at 10, but then Clarkston went on a run to build a 24-18 lead. Collier scored on a kill, but then the Wolves' Madison Lightfoot had a match-winning kill.

Gilbert, Collier and Cowger all completed their Fenton careers without ever losing a Metro League game.

"We have three key impact players who are seniors," Rusaw said. "Julie was just outstanding and had an amazing three years. Sarah was very important in what we do, and Sammi is just a great athlete and played a big role."

Fenton returns Martin, Piwowarczyk, Rooker, Maxheimer, Cockin, Madison Idoni and sophomore Ashley Bearden.

Fenton defeated Brandon in district semifinals

The Tigers advanced to the district championship game of the Clarkston regional by defeating Brandon 25-15, 25-13, 25-16 on Wednesday.

Brandon was the second straight Metro League foe the Tigers defeated in the Class A tourney. Fenton defeated Swartz Creek in three sets on Monday.

Sarah Collier led the offense with 10 kills, while, Payton Maxheimer and Maizie Martin had eight kills each. Ashley Bearden had six kills. Setter Julie Gilbert provided 27 assists and had three kills herself.

Defensively, Maxheimer led Fenton with 15 digs, while Megan Cockin had seven. Martin led the defense at the net, collecting three blocks.

up what was the most exciting game of the match. Linden eventually tied it at 19-all after a Lake Fenton hitting error, but the Eagles followed with one of three service errors late in the set. The Eagles tied it up again at 23-all with a kill by Downes, and then took a lead on a Murphy ace, but a Linden hitting error tied the set at 24-all.
