COMMENTS

WORKING WOMAN

"This is for the person who complained that their daughter is working 50 hours a

week and can't afford to feed her children. This may be an antiquated

idea or question, but where are the fathers of the three children and why aren't they supporting their children?"

MICHIGAN VOTES

"Everyone should read your new Michigan Votes feature. The politicians create a dozen new laws a week that are primarily new taxes and regulations. Unbelievable."

CORNERSTONE

"The Cornerstone building is over budget and it's still just a pile of dirt. Maybe they should get the contractor that built the Loose Senior Center. I've never seen a building go up so fast and it's beautiful."

AMERICANS

"Henry Ford is credited with saying, 'Any man who thinks he can be happy and prosperous, by letting the American Government take care of him, better take a long hard look at the American Indian.'"

HOT LINE

of the week

"I HATE MILLAGES but I am voting yes on Tuesday. It is the duty of the community to educate and protect our future citizens, the same as the preceding generations did for us. Right now our children spend eight hours a day in unprotected, nut-magnet environments. That's unacceptable to me, and it should be unacceptable to you also. Vote yes please."

Prescription drug abuse a leading killer of women

► Deaths increase 400 percent in just 10 years

By William Axford

axford@tctimes.com; 810-433-6792

Prescription drug overdoses continues to be a growing epidemic in America. While more men die annually from prescription drugs, the Centers for Disease Control and Prevention (CDC) reports that the number of women dying from prescription drugs has risen by 400 percent

in the past decade, compared to 265 percent in men. In 2010 alone, prescription drugs were responsible for sending 940,000 women to emergency rooms and 6,600 deaths amongst women.

"Prescription painkiller deaths have skyrocketed in women (6,600 in 2010), four times as many died from cocaine and heroin combined," said Tom

Firenden, director for the CDC, on the center's website. "Stopping this epidemic in women — and men — is everyone's business. Doctors need to be cautious about prescribing and patients about using these drugs."

According to a July 2 Morbidity and Mortality Weekly Report released by the CDC, women

Prescription drugs have been responsible for nearly one million deaths among women in the last decade.

DEER vs. CAR: Collisions cost Michigan drivers more than \$130 million last year

By William Axford

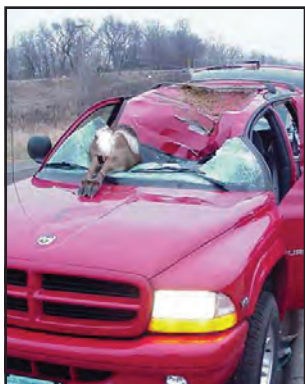

axford@tctimes.com; 810-433-6792

Despite deer crashes being on the decline since 2001, last year a deer-related car crash occurred every nine minutes in Michigan, for a total of 48,918 reported incidents.

According to statistics from the Michigan State Police, there was a record high of 67,760 accidents involving deer and cars in 2003. Deer related crashes are estimated to cost drivers \$130 million a year, with each crash averaging about \$2,100. Surprisingly, auto accidents involving deer have accounted for fewer than 14 deaths annually in Michigan since 2001.

See DEER on 9A

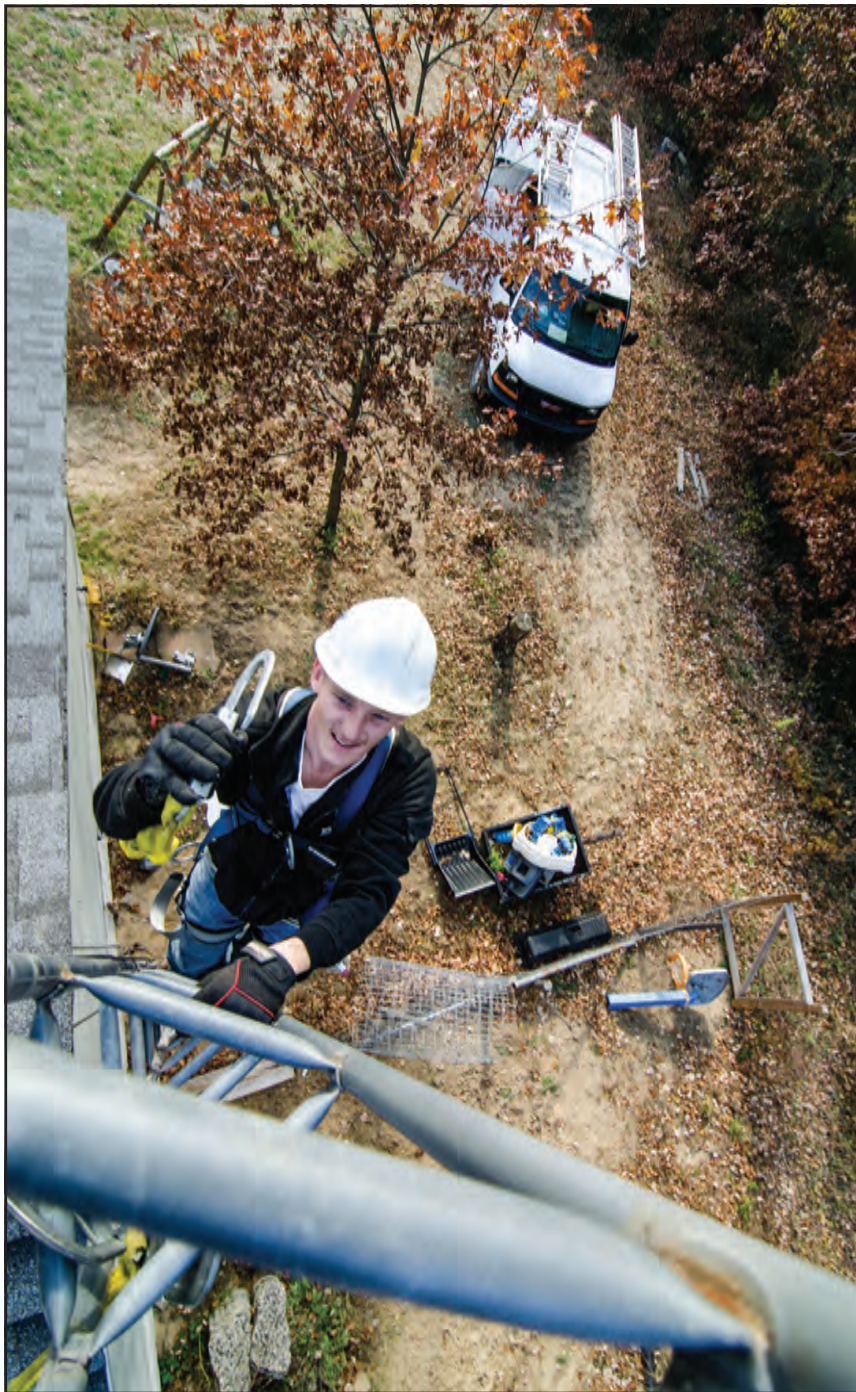

Over the past 10 years,
more than 150 deaths
were the result of
car-deer accidents
in Michigan.

Summary

► Car accidents involving deer are frequent in Michigan, with the average accident occurring every nine minutes.

Linden looks to switch election years, lengthen terms

► Councilors, mayor could
serve four-year terms, public
hearing to be held Nov. 25

By William Axford

axford@tctimes.com; 810-433-6792

Linden — The city is looking to save money by switching elections from odd years to even years. The switch could lengthen terms for councilors from three years to four years and possibly the mayor's term from two years to four years.

Police & Fire report

GRAFFITI IN MEN'S BATHROOM

At 1:45 a.m. on Monday, Oct. 28, Fenton police responded to a restaurant in the 3200 block of Owen Road to investigate a graffiti complaint. Employees discovered graffiti painted on the wall inside the men's bathroom and believe the \$300 worth of damage occurred between 9:50 and 10:10 on Oct. 27. During that time, employees said only a man and women were in the lobby area. Police hope the restaurant's closed circuit TV will help them identify who went into the bathroom.

FENTON TOWNSHIP MAN ARRESTED AFTER FIGHT

At 2:44 a.m. on Sunday, Oct. 27, Fenton police responded to the parking lot of a business in the 3300 block of Owen Road on a report of a fight. Upon arrival, police learned that a 22-year-old Fenton Township man involved with the fight had numerous arrest warrants. He was arrested and turned over to Livingston County sheriff's deputies on the warrants. As alcohol was suspected, arrangements were made for others to be taken home.

TRI-COUNTY TIMES | TIM JAGIELO

ABC-12 floor director Jerry Look orchestrates the 2.5 hour show with fluid ease Wednesday morning, as anchors Larry Elliot and Autumn Perry slide through their scripts, sometimes with no preparation.

The night owl news team

WJRT ABC-12 has earliest morning show at 4:30 a.m., and audience of 458,020

By Tim Jagielo

tjagielo@tctimes.com; 810-433-6795

Flint — It's a little after 1 a.m. and the WJRT ABC-12 newsroom is quiet, save for the clicking keyboard and sparse chatting of producers Peggy Agar and Corey Alexander.

Night time anchor Angie Hendershot and meteorologist J.R. Kirtk have just left, after staying late to work on sweeps content.

ABC-12 covers 13 counties, getting into 458,020 TV homes, according to News Director Jayne Hodak. She said Genesee County has the highest concentration of viewers.

This particular show airs live everyday at 4:30 a.m., and Agar and Alexander are essentially writing the script for the entire two-hour show, which includes directing anchors to

TRI-COUNTY TIMES | TIM JAGIELO

Autumn Perry delivers the news Wednesday morning. As a Fenton resident, she can be in tune to the southern Genesee area.

cameras and programming graphics and videos right into the digital script. Coding an incorrect instruction for the program can mean the wrong video or graphic playing on-air.

They're on the cusp of "sweeps." Four times a year, TV stations take their programming up a notch while Nielsen ratings are being gathered, in the case of ABC-12, by families who agree to record what and when they watch.

Hodak said this is important because advertisers have to decide where to direct their dollars, and these viewing "diaries" tell advertisers who is watching what, and when.

Wednesday morning is a day before sweeps begin. It takes an entire third shift to fill the 2.5 hours of the morning show.

'Redskins' is more PC lunacy

The latest lunacy from the politically correct left is the current manufactured controversy about changing the name of the Washington Redskins to something else because, in the words of people who know all things, it is 'offensive and racist.'

Last week NFL Commissioner Roger Goodell said, 'If even one person is offended on this issue, we need to listen.' Really Roger — 'one person?' Those are the new rules? Okay, you asked for it.

I am offended by the New Orleans Saints. I think it's disrespectful to the Catholic church. For the same reason I am offended by the Los Angeles Angels (which technically is The Angels Angels).

I am offended by the Washington

Wizards, as I think it is promoting black magic...oops, I mean magic.

We will also need to change the name of the great state of Oklahoma, as the word Oklahoma is Choctaw Indian for... you guessed it, Redskin. And that offends my white self.

And let's not forget about the Kansas City Chiefs, the Atlanta Braves and the Chicago Blackhawks. If we're going to spend a lot of time and money on these matters of critical importance, well dammit, let's clean the whole mess up.

On the amateur front, we will likely have to intervene at Wellpinit High School in Washington, where the student body is 91.2 percent Native American, because they are so clueless that they don't even

know that the 'Redskins' name they wear proudly across their chests is insulting to them. 'I've talked to our students, our parents and our community about this and nobody finds any offense at all in it,' says Tim Ames, the superintendent of Wellpinit schools. "Redskins" is not an insult to our kids, 'Redskins' is an honorable name we wear with pride.'

Someone is also going to have to straighten out the Kingston, Oklahoma High School Redskins, 57.7 percent Native American. They don't even know that the name they've worn on their uniforms for 104 years has been a joke on them this whole time. Sheesh, some people are so clueless.

The same goes for the Red Mesa, Arizona High School Redskins. They wear the name with fierce pride. But what do they know? The student body is only 99.3 percent Native American.

And why stop there? I know a family who lost everything when Hurricane Sandy hit the east coast last spring, so we'll need

to change the name of the University of Miami Hurricanes as well as the NHL hockey team, the Carolina Hurricanes, because it trivializes these disasters. I — one person — find that offensive.

Truth be told, the vast majority of the people who are actually 'offended' by these terms are overwhelmingly white media people like Bob Costas and the professional political opportunists, including President Obama, who seem to want to get offended on behalf of Native Americans because Native Americans... well, they clearly don't have enough sense to know when they should be offended themselves.

So, to all Native Americans, I say just trust us — we know what's best for you. So why don't you just get out of the way and let the white man decide what to take away from you — for 'your own good.'

Look how well that worked out the last time.

HEY, PLEDGE OF Allegiance killer, the country was not founded by Christians. Know your history! And, as for socialism, you mean education, roads, Medicare, Social Security, police, fire, etc.? Yeah, those 'socialistic' programs are awful.

PLEASE VOTE CAREFULLY for the Fenton council members. In order to strengthen the mix of youth and experience, don't vote for any incumbent. We are in a rut, Fenton desperately needs new blood and new ideas.

MY HEALTHCARE COSTS have only risen slightly this year (\$2/pay) and the same goes for next year. So, like I said, I have insurance now, so Obamacare doesn't affect me.

OF ALL OBAMACARE applications submitted, only 13 percent qualified for Obamacare, the rest were put on Medicaid.

THE KING column was 100 percent accurate. The states you said require ID actually let you vote with no ID if you sign an affidavit saying you are who you say you are. Do your homework before shooting your mouth off.

MORE PEOPLE HAVE had their private individual policies cancelled than have filed Obamacare applications. Why? Because the people selected policies that didn't meet Obamacare

regulations. For example, every policy for every woman regardless of age must include maternity care.

THANK YOU FENTON businesses for the free, fun Halloween celebrations for children. It was very much appreciated.

WHERE'S THE INCENTIVE to be a landowner in America when the federal government can make regulations that tell you what you can or cannot do on your private property, or even force you to sell at 'their' price if 'they' have a better use for it?

EVERYONE IS WORRIED about everyone else's feelings. We get so emotional over issues like same sex marriage. No one ever

stops to think about God's feelings and whether it's right or wrong. We don't seem to fear his wrath, how foolish.

I BELIEVE EVERY American should have health care. No one left out, no excuses, no denials, everything covered. There is no more worthy cause than worry-free affordable health care.

IF THE \$1.4 trillion deficit left by Bush was not a mess, what is it? Obama has cut it in half, the biggest and fastest reduction in U.S. history.

THIS IS ABOUT the puppy that was shot, killed and then thrown in Lake Ponemah channel. I thought they knew the guy that

killed it, or did he come up with some story because he knew he was in trouble? We need to find out who did this. We know it's a man because no woman would do this.

MOTT COLLEGE RENEWAL is up for county residents again. I think the Mott foundation has the assets to take on the burdens. Don't you?

I CAN HARDLY wait until they get a station for recycling plastic bottles, jugs, milk cartons, tin cans and all that. I hate throwing it in the garbage.

I WATCHED OBAMA'S speech about how people are sick of Washington. Actually, we are sick of him. He is Washington and he is dysfunctional.

I'VE COME TO the conclusion that California has to have the dumbest electors in the United States. They elected Nancy Pelosi. When I see her on TV, it blows my mind. How can they be that dumb?

SWEET VARIATIONS LOOKS great. You did a wonderful job and it looks like a giant piece of candy. Yum!

THE DEMS SAID they would not work on solving our problems unless they got all they wanted including billions of pork. They got it and then voted themselves the rest of October as vacation time.

THEY NEED TO paint the middle dividing line on the Owen Road bridge before winter hits so drivers will know where they driving at nighttime. Also, all of the traffic lights should flash red between 11 p.m. and 5 a.m. No reason they can't so you're not sitting at them for 10 minutes waiting.

Event is 'Opening Doors of Opportunity'

►Four uniquely designed doors to be raffled, proceeds benefit educational foundation

On Nov. 9 at 6:30 p.m. the St. John School Educational Foundation will host a dinner event at the Coyote Preserve called "Opening Doors of Opportunity." Tickets for the event are \$50 and may be purchased at the church offices at 600 North Adelaide St. or by phone (810) 629-2251, x 221.

The non-profit foundation was established to provide financial assistance to St. John Catholic School in Fenton. The evening will include dinner, music, a magic show by Michael Mode, silent auction and

a raffle of four uniquely designed doors.

The four doors were designed and painted by local artisans and students — Arla Slogor and Linda Dyball, Powers High School and St. John School. The doors represent the work of the Foundation in a uniquely beautiful and practical application. The Access, Education, Faith and Legacy doors are on display until Nov. 9 in the St. John the Evangelist Catholic Church gathering space.

Raffle tickets are \$2 each and may be purchased in the Church and Foundation offices, or after Mass. Proceeds from the event will benefit the St. John Educational Foundation and the St. John School.

Tri-county fundraisers

#PLAYLIKEJACKSON

Do you have an extra coat in your closet? #PlayLikeJackson is sponsoring a coat drive and is looking for donations of new or clean, gently used coats of any size. The coat drive will take place Tuesday, Nov. 5 from 4 to 7 p.m. and Wednesday, Nov. 6 from 5 to 8 p.m. The eventual destination of the donated items will be One Warm Coat, distributed through Carriage Town. The donation center will be at the Fenton City Fire Department, 205 East Caroline St., in Fenton. Organizers will also have #PlayLikeJackson bracelets and T-shirts for sale. These sales help fund their endeavors to help those in need, in memory of Jackson Gangwer of Fenton. Jackson died on April 10 at the age of 12. He loved sports and played basketball, football and baseball. #PlayLikeJackson will be offering community service credit to students who help at the donation site. #PlayLikeJackson is a registered 501 (c) 3 non-profit organization and is intended to help kids in this community who are struggling with obstacles and adversities.

Calendar of events

LIVINGSTON COUNTY GENEALOGICAL SOCIETY TO MEET

The Livingston County Genealogical Society will meet on Nov. 7 at 7 p.m. at the First United Methodist Church, 1230 Bower St. in Howell. The topic will be the new family search site and program. The meeting is open to the public and there is no admission. For details, call (810) 227-7745.

News briefs

LINDEN POLICE TO PURCHASE TASERS

Linden police officers will be trained and equipped to use Tasers. Police Chief Scott Sutter said the Tasers would be a less than lethal weapon and another tool for officers to use. "All the research I've seen, it definitely reduces injuries to the officer and the suspect and it reduces liability," Sutter said. Sutter told Linden City Council on Monday that all Linden police would be trained by the Michigan State Police. Under the amendments to the police department policy and procedures approved by the city council, Tasers cannot be used to threaten or attempt to gain information from a subject. Officers are authorized to use the Tasers when they are required to use physical force to take a person into custody that is actively resisting, to protect a subject from injuring themselves or others, and against animals that pose a serious threat toward others. The council agreed that the Tasers would be good for the department and noted other surrounding police departments have been using the devices for some time. "You hear the horror stories, but our guys are too professional for that," said Councilor Charlie Ross.

FENTON CITY REPLACES SERVER FOR \$12,372

Fenton City Council approved City Manager Lynn Markland's proposal to purchase new servers for the city of Fenton. A server in this case is a piece of computer hardware, with software, that processes requests and delivers data to other computers over a local network and/or the Internet. The old server had been having issues; emails weren't getting in and out, which can block communications from residents. Items like these generally have to be replaced, and can't be repaired, said Councilman Scott Grossmeyer. Markland said the cost is spread over several departments, with a price of \$12,372. Council approved the proposal unanimously with voice vote.

Holly schools might reopen Sherman Middle School

►Expanding early childhood programs could generate funds, make option possible

By Amy Mayhew

news@tctimes.com; 810-629-8282

Holly — Holly Middle School students could be headed back to Sherman Middle School next fall if Holly school board members accept Superintendent Dave Nuss' theory that beefing up the district's early childhood programs is the answer to enrolling more students, and hopefully retaining them for the long haul.

Since the closure of Sherman Middle School in April 2011, seventh and eighth grade students have been attending classes at Holly Middle School on the Karl Richter Campus in Holly Village, while sixth grade students filled empty classrooms located in Holly's four elementary schools.

Closing Sherman Middle School allowed the district to put approximately \$345,000 annually toward its then-\$4.6 million deficit.

On Oct. 28, Nuss presented an enrollment report to the board.

"What we looked at in particular is the expansion of the early childhood programs, and the fact that they are, in our opinion, capped due to limited space at the elementary schools where they're currently housed," Nuss said.

He added that enrollment decreased from 4,271 students in 2000, to 3,515 in 2011.

Over the last two years, however, things appear to be on the upswing, Nuss said, adding student count numbers for 2012 and 2013 appear to have "leveled out," and are "hopefully stabilized."

"I think part of the reason for that is the Young 5 program," he said. "I believe the recurring theme you will hear is we need to expand our feeder system — the supply chain at the entry level." Students

in the Young 5 program, Nuss said, are considered kindergarteners by the state, and fully funded.

"I believe that the real future lies in getting those kids into our programs earlier to meet our wonderful teachers and to see what we have to offer — then they'll stay."

Option A, Nuss said, would be for the district to "stay the course," but by doing so, would provide limited enrollment expansion to Great Start Readiness Program (GSRP), Head Start and other early childhood programs.

With the district's elementary schools at full capacity, and 15 of Holly Middle School's classrooms on the Karl Richter Campus having been repurposed to house the administration, the special education program, transportation department, and others, it leaves the district with very little

space to expand, Nuss said.

Nuss' second option would reopen Sherman Middle School to allow for expansion in the district's "feeder" system that attracts children ages 0-5 to the district's early childhood learning programs.

"In Option B, we believe that enrollment can increase and at least sustain itself," he said. With Option A estimating 3,362 students enrolled for 2014, Option B estimates an increase of 42 more students, or at approximately \$7,000 per

student, \$294,000 in additional student revenue.

Up until last year, Nuss said the GSRP program was funded through Oakland Livingston Human Services Agency (OLHSA).

"I just find that amazing that all of a sudden, preschool has been given its due recognition or its importance, so much so that Gov. (Rick) Snyder and the legislature devoted \$104 million to the program with plans to expand for next

year," Nuss said.

With the state doling out \$3,553 per student in early childhood support and by expanding HAS' early childhood programs for 2014-15, Nuss anticipates increasing early childhood enrollment from 112 to 176 students for an additional \$227,392 in student revenue.

"The foundation of our proposal is that we expand our feeder program that involves early childhood and develop a well-articulated program for the early-on program," he said.

The board is expected to vote on possibly reopening Sherman Middle School for the 2014-15 school year during their next meeting scheduled for 7 p.m., Monday, Nov. 11 in the Board of Education meeting room, 920 Baird St., Holly.

READ MORE...

Steve Lenar, assistant superintendent of Administrative Services for Holly Area Schools had all the facts and figures for the Holly Board of Education meeting on Monday. He detailed the financial aspect of possibly moving the district's middle school students back to Sherman Middle School next fall. Go to www.tctimes.com to read this additional story.

"I believe that the real future lies in getting those kids into our programs earlier to meet our wonderful teachers and to see what we have to offer — then they'll stay."

DEER**Continued from Front Page**

Urban growth into habitats and a quadruple population size since 1970 are some of the factors responsible for the high rate of accidents in Michigan. Currently, there are an estimated 1.7 million deer present in the state. Oakland, Kent, Jackson and Lapeer counties had the most accidents in 2012 according to state police, with each county recording more than 1,000 accidents.

Genesee County had 999 deer related auto accidents in 2012 and Livingston County had 669.

October and November are the two biggest months for vehicle accidents involving deer. To avoid one of these costly collisions, the IIM suggests being alert and sober when driving, as well as always wearing a seatbelt. Most accidents occur at dusk and dawn. Deer travel in packs as well, so drivers should be cautious when they approach only one or two deer, as more could be close by.

If a driver knows that a collision is inevitable, the brakes should be applied firmly and the vehicle should be kept in its lane. The IIM reports that most serious accidents and deaths occur not from the initial collision but from drivers swerving into trees and other objects while trying to avoid deer.

Pull off the road and avoid approaching a live, but injured deer. Calls to the closest police department and insurance companies should be made as soon as it is safe to do so. Depending on the situation, drivers who have a hit a deer may be able to keep it, provided they are issued the correct permit to do so.

MICHIGAN VOTES

WHAT YOUR LEGISLATORS
VOTED ON THIS WEEK

The Mackinac Center for Public Policy provides a weekly report of how local elected officials in Michigan have voted and on what topics. This report was released Friday, Oct. 25.

House Concurrent Resolution 11: Authorize adoption of "Common Core" school standards. To authorize the State Board of Education and the Michigan Department of Education to spend money to implement a "Common Core" curriculum promoted by an entity associated with the National Governors Association, subject to various restrictions and conditions specified in the resolution. The authorization does not apply to an associated student testing regime, and directs the state board and the department to make implementation contingent on local districts retaining the ability to adopt a different curriculum. Because this was a voice vote, there is no record of who voted 'yes' and who voted 'no.'

Passed by voice vote in the Senate

Senate Bill 479: Repeal interior designer registration. To repeal a law that establishes a government interior designer registry and makes it available to state and local agencies that enforce building permit mandates. To be included on the registry, a prospective designer must have passed a test created by a national designer organization, or be approved by a state board comprised of incumbent interior designers. Designers have lobbied to impose a full licensure and regulatory regime on this occupation, with several bills introduced in previous legislatures.

Passed 38 to 0 in the Senate

State Sen. Jim Ananich (D-Genesee County) voted:
☒ YES ☐ NO

Senate Bill 146: Extend enterprise zone tax breaks to a particular development.

To revise a law that authorizes tax breaks for property owners in a "neighborhood enterprise zone" in a way that will allow granting these tax breaks retroactively to a particular developer's project.

Passed 32 to 4 in the Senate

State Sen. Jim Ananich (D-Genesee County) voted:
☒ DID NOT VOTE

House Bill 4327: Allow reset of "tax increment finance" schemes. To allow "corridor improvement authorities" to "reset" their tax increment financing schemes (TIF) to reflect declining property assessments, which undermine their ability to divert property tax revenue from local governments and other taxing units to pay for the authority's debt-funded spending projects and subsidies. A TIF "captures" the extra local property tax revenue that supposedly will result from these projects; this revenue is then used to repay money borrowed to fund that spending. The bill allows these authorities to change the base year from which future tax revenue increases ("increments") are measured.

Passed 86 to 21 in the House

State Rep. Joseph Graves (R-Argentine Township) voted:

☐ YES ☒ NO

Senate Bill 89: Vehicle trade-in "sales tax on the difference" only. To exempt from sales tax the value of a trade-in when buying a new motor vehicle, titled watercraft or recreational vehicle, but phase this tax break in over 24 years. This is the companion bill to House Bill 4234.

Passed 99 to 9 in the House

State Rep. Joseph Graves (R-Argentine Township) voted:

☒ YES ☐ NO

ELECTION

Continued from Front Page

Councilor Ray Culbert said he was in favor of saving money, however acknowledged that switching election years could be perceived as city officials attempting to add term limits to their office.

"I would like to know what my constituency thinks," Culbert said. "Especially in these days, people in these times... think about what you're seeing and reading and how people feel about government. I'm not in the position where I want to extend my term without knowing what the voters think."

Under the current proposal by city officials, Councilors Culbert, Danielle Dixon and Charlie Ross would serve a term from 2014 to 2018. Councilors Ray Swan, Amanda Adams and Ed Ciesielski would serve from 2016 to 2020. Mayor David Lossing's term would be 2014 to 2016 or 2014 to 2018.

"I'm not in the position where I want to extend my term without knowing what the voters think."

Ray Culbert
Linden City councilor

The switch in election years is possible due to legislation passed from the State Legislature, which has set a deadline for Dec. 31.

"We have an election every year and most of them are not competitive whatsoever," Lossing said. "It's a cost savings to the taxpayer to not run an election in an off-year cycle."

Other councilors agreed that input from the public should be sought.

"There are some people that have some strong concerns about us," said Adams. "If they want to raise their opinions on it, that would be fine, as long as we make (the hearing)

known to the public."

A public hearing has been scheduled for the Monday, Nov. 25 Linden City Council meeting, where constituents can voice their opinion on switching election years. A council meeting will not be held Monday, Nov. 11 in observance of Veterans Day.

KILLER

Continued from Front Page

are more likely to be prescribed pain relievers than men are. Researchers theorize this may be because the most common forms of pain are more prevalent among women and that pain may be more intense and last longer in women. Another factor could be what the CDC calls "doctor shopping," where women are more likely to receive the same prescription from more than one provider.

Substance abuse councilor Mary Kay Riley said prescription drug abuse often follows surgery, when people continue to take painkillers to alleviate stress levels.

"People who abuse prescription drugs oftentimes become very defensive, defending their use by saying a doctor prescribed it to them," said Riley, who works with patients at McLaren Medical Center in Flint. "They tend to isolate themselves and don't take care of their responsibili-

ties anymore."

For those who may suspect they need help or know someone that does, Riley suggests contacting the doctor who prescribed the prescription right away. Inpatient and outpatient therapy is available for those who believe they need professional help. Acupuncture, a healthy diet and other lifestyle changes are alternatives Riley uses to help eliminate the use of prescription drugs in her patients.

The CDC recommends using prescription drugs only as directed and disposing of the medication once treatment is over. Having the drugs around for 'just in case' situations increases the opportunity for addiction.

Part of the overdoses may be due to prescription drugs being easier to access than ever before. In 2010, sales were so high that every adult in America could take a 5 mg pain relief pill every four hours for a month straight.

LICENSE

Continued from Front Page

us out on the open road before we'd signed up to take driver's training at school.

But today, a growing number of teens are opting to pass on the driver's license, at least for now.

A recent study by the Centers for Disease Control and Prevention (CDC) found that the percentage among high school seniors who had a driver's license fell from 85 percent in 1996 to 73 percent last year.

An online survey conducted by the Michigan Transportation Research Institute found that 56.6 percent of kids ages 18-19 said they were too busy to learn to drive. Another 30.3 percent of the group said that driving a car is too expensive, while 40.4 percent reported that they would rather grab a ride with friends.

Bike riders and walkers made up 24.4 percent of those who passed on the driver's licenses, and 9.6 percent said they routinely use public transportation.

Other reasons why a growing number of kids are waiting to get their licenses include the poor economy. Robert Foss, the director for the Center for Study of

Young Drivers at the University of North Carolina said the recent recession had a greater impact on younger drivers than others did. With less money to buy a car, much less gas, and many without a job, there is no desire or need to get a license.

Some researchers like Michael Sivak,

director of Sustainable Worldwide Transportation at the University of Michigan Transportation Research Institute said that part of the drop has to do with access to the Internet. With greater connectivity through social media, many teens can connect online and forget about driving to the local hangout to socialize.

For many license-less teens, it has everything to do with a parent who asks the teen to put it off for a year or two, opting to continue taxiing the teen to school and social events, or forcing them to use public transportation, bicycles, or catching rides with friends.

TRI-COUNTY TIMES | TIM JAGIELO

Anchor Larry Elliot applies make-up, or "bondo" as he jokingly calls it, before his shift Wednesday. He said make-up is even more necessary with HD TV.

NEWS

Continued from Page 3A

"In mornings, people are not sitting down and watching," she said. "Morning TV news is more like radio to them." The producers along with meteorologists understand who their viewer is — most who watch, catch snippets of information as they're getting ready for work, or they're getting kids ready for school.

Hodak said they want to know what to expect from the weather that day, and therefore how to dress the kids, whether to bring an umbrella and what the traffic situation is. They also want to know what happened overnight that they missed.

This leads to a show that has some

built-in repetitiveness to bring this information to their viewers who are watching for short spans.

Agar said it can be a challenge putting news together late at night, when there is no one to answer calls.

She leads with breaking news from over night, and Alexander will lead his sections with a different main story. Wednesday she led with Devil's night preparation, and also healthcare.gov updates.

Alexander said, "That's the trick — you keep people focused on your show... keeping good pace, and making interesting stories."

"You want people to go to work saying, 'oh my gosh, did you see that thing on ABC12 this morning?'" said Agar.

Difficult or not, a show comes to life in a short span of time, with remarkable calm and routine.

"You want people to go to work saying, 'oh my gosh, did you see that thing on ABC12 this morning?'"

Peggy Agar

WJRT ABC-12 producer

Around 3 a.m., video editors walk in and start putting together the short video pieces anchors cut to in their show, scripted by the producers.

Graphics engineers prepare more visuals in the impressive control room.

Meteorologist John McMurray looks at raw data

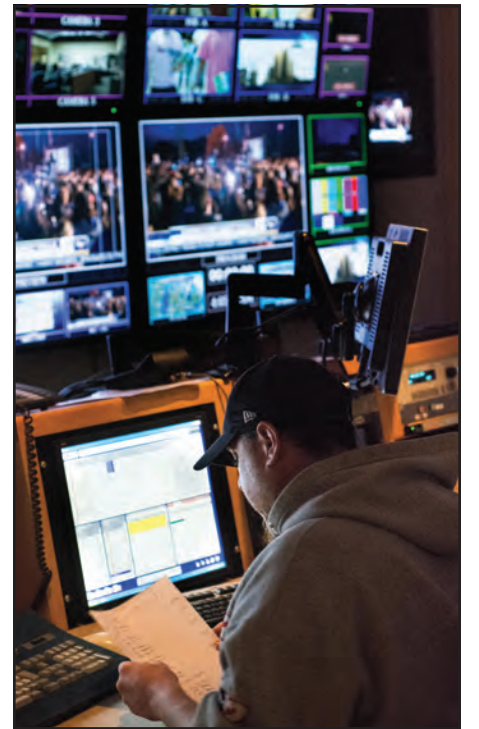

to put his six weather segments together, which he said will not include five day forecasts — morning audiences don't care about forecasts when they may listen for 15 minutes before heading out the door.

At 3:30 a.m., anchors and reporters start rolling in — on Wednesday it is Larry Elliot, and Autumn Perry of Fenton.

They have less than an hour to go over parts of the scripts the producers wrote, and record voice-overs for video packages and of course, apply makeup.

Living in Fenton has given Perry an ear to the southern Genesee County market, and more options for story ideas, like the road construction on Fenton Road, and its impact on businesses.

While she and the other anchor flow through the cues from the floor director on air, sometimes the scheduled program

TRI-COUNTY TIMES | TIM JAGIELO

Graphics operator James Booth programs graphics for the Wednesday morning show.

is scrapped in favor of breaking news.

She said during the Boston bombing suspect manhunt, and a flood in mid-Michigan, she was on her own to cover both in a fluid program that kept her on her toes. "But those are the fun things though," she said.

Perry said the bigger challenge is balancing her anchor, and field reporter responsibilities, which begin after 8 a.m. "My passion is story telling, so I still get to do that," she said. "Being out in the community and telling their stories is what I love about my job."

Lake Fenton, Linden advance; Tigers fall

Allor scores four TDs in Devils' 35-15 victory

By David Troppens

dtroppens@tctimes.com; 810-433-6789

Lake Fenton — Neil Allor admitted it took Lake Fenton's varsity football team a couple of days to forget about last week's 37-0 loss to Montrose.

It wasn't apparent during the Blue Devils' opening round playoff game against Williamston there was any sort of hangover from the previous week.

Allor scored four touchdowns and also had an interception on defense as the Blue Devils captured a 35-15 victory at home.

Lake Fenton plays at Lansing Sexton next weekend.

"During the beginning of the week we were a little down, we were still getting over it," Allor said. "But we had to get over it. It is called adversity for a reason. We came together as a group and we were one team tonight."

Allor, who had 110 rushing yards, scored his first TD on Lake Fenton's second offensive drive on a 51-yard pass from Pete Plasters, one of three TDs Plasters took part in as well. After Jared Smith's first of two extra-points, Lake Fenton led 7-0.

The Blue Devils never trailed. Allor intercepted a ball on Williamston's next possession, and 11 plays later Plasters scored on a one-

(Above) Lake Fenton's special teams stops Williamston's return on the first play of the game. The Blue Devils defeated Williamston 35-15. (Left) Linden's Cameron Cook kicked this field goal to lead the Eagles to a 10-7 win against Lapeer West.

yard sneak. Lake Fenton led 13-0.

Williamston scored on a 19-yard TD completion, cutting the gap to 13-8 by halftime, but the Blue Devils opened the second half with a 15-play drive, capped by Allor's four-yard TD run. Stryker DeGayner added a safety, and Allor scored on

a three-yard run, making it a 29-8 lead with 8:50 left in the fourth.

Williamston cut the gap to 29-15 with a sneak by Ryan Watters, but the Blue Devils iced the game with Plasters' 17-yard TD pass to Allor.

Tigers lose to Midland Dow Chargers, 30-21

By Jordan Climie

dtroppens@tctimes.com; 810-433-6789

Fenton — The Tigers' season came to an end on Friday, as Fenton fell to Midland Dow 30-21 in the Division 2 pre-district playoff game.

The Chargers forced the Tigers first possession to end on downs and dominated from there.

On the other side of the field, Midland Dow converted its own fourth down, then followed it up with a 9-yard touchdown run by Brennan Miller. The Chargers led 6-0.

In the second quarter, Fenton got on the board as James Claborn found Matt Cubr for a 5-yard TD pass.

Midland Dow quickly came back though, marching down the field for senior back Travis McNally to find the end zone from three yards out.

Later in the quarter, Scott Lukas had a sure TD catch, but dropped it as he came down. A missed field goal kept the Tigers from scoring.

Dow responded by scoring on a 30-yard TD run by Caleb Richard.

With a 20-7 halftime lead, the

Chargers controlled the ball for most of the third. They were finally stopped on fourth down, but there was no chance for Fenton to cut into the lead until the fourth quarter when Claborn found junior receiver Zach Kostka for a touchdown from 27 yards out.

Another touchdown pass from Claborn to Lukas narrowed the score with 1:58 left, but a Dow field goal and a 53-yard touchdown scamper from Miller put the game out of reach.

Eagles win defensive thriller vs. West, 10-7

By Greg Tunnickliff

dtroppens@tctimes.com

Lapeer — While the state football playoffs officially began Friday night, Linden has been in postseason mode for the last three weeks.

The Eagles were 4-3 after the first seven weeks of the season, needing to win their last two games to secure the mandatory six victories to punch their playoff ticket.

After registering back-to-back Metro League triumphs over Lapeer East and Swartz Creek to get into the playoffs, Linden made sure Friday at Lapeer West that its stay in the second season wouldn't be a brief one.

The Eagles withstood two late fourth-quarter West drives to post a 10-7 triumph over the Panthers in a Division 3 district opening-round game. The victory allowed Linden to atone for a 33-13 loss to West on Sept. 27.

Linden (7-3) advanced to the district championship game where it will face DeWitt (10-0) next Friday at 7 p.m. at DeWitt. Last year, DeWitt edged Linden 45-44 in six overtimes in a district championship game at Linden.

Pacing Linden was sophomore Noah Sargent, completing 14-of-22 passes for 108 yards, including a 4-yard touchdown pass to Austin Buerkel that gave Linden a 7-0 lead with 10:53 left in the second quarter.

While he only managed 56 yards rushing on 28 carries, he did make enough key plays to keep drives alive. At the start of the third quarter, he led Linden on an 11-play, 54-yard drive that culminated in a 27-yard field goal by Cameron Cook, giving the Eagles a 10-0 lead with 8:59 left.

West came back and got within 10-7 on a 21-yard touchdown pass from Hunter Sharrard to Matt Place with 6:02 left in the third quarter. The Panthers took the ball inside the Eagles' 10 twice in the final three minutes of the fourth quarter, but came away with no points.

Tigers capture sixth straight Metro League championship

By David Troppens

dtroppens@tctimes.com; 810-433-6789

Lapeer — In many ways it looked like the Fenton varsity volleyball team was facing its biggest challenge during its five straight years of Metro League championships.

The Fenton Tigers were facing another undefeated Metro squad in the last league match of the season, and doing so in their opponent's own home gym during what will be the school's last-ever home volleyball match.

Lapeer West seemed a serious threat.

Yet, when it comes to the Metro League, the Tigers are the team to be feared and not the opposite way. And that held true on Tuesday night.

The Tigers played what might have been their best match of the season, and captured their sixth straight Metro League title by defeating Lapeer West easily by a 25-10, 25-16, 25-10 score. The victory meant the Tigers were the outright champions for the sixth straight year.

"It's exciting to continue the streak," senior Ashley Bearden said. "West played great and we were really nervous coming into the match. There was definitely a lot of pressure on us, but we've been practicing all season."

"We just had to execute like we've done all year and not let our nerves get the best of us. We just had to come in confident and take it one game at a time."

The Tigers understand they are continuing the legacy that started with the first title during

the 2008-09 school year, and were honored to be entrusted with that responsibility.

"It means so much because we've had all these people before us working so hard, getting the streak to where it is today," senior Jaime Hansen said. "We want to keep it going. It's such a good feeling."

"It's kind of like our legend," senior Dori Carpenter said. "I want to go out strong and have that final thing (a title). Losing would've been devastating. We just wanted to keep the streak alive and go out with a win."

The Panthers seemed a worthy adversary. However, the Tigers (8-0, 31-14-3) proved that wasn't the case.

Fenton got a Bobbie Eastman kill on the match's first rally, giving Bearden the service. She responded with five straight service points, leading the Tigers to an early 6-0 lead in the first set. The bewildered Panthers never found a way to get themselves back into the set, never cutting the gap any closer than five points. It was just a 9-4 Tiger lead when Fenton put together one of its most impressive mini-spurts of the match. Carly Granger pounded down the second of her team-high 11 kills, making it 10-4 and giving Fenton's Kelsie Fischer the service. On the next two plays Granger and Cassidy Rourke provided either solo block kills or assisted block kills on the next three points, raising Fenton's lead to 13-4. While the Tigers were just halfway to the 25 points needed to win the set,

TRI-COUNTY TIMES
DAVID TROPPENS

(Above) Fenton's varsity volleyball team celebrates its Metro League championship. (Right) Bobbie Eastman provides a kill in the Tigers' win against Lapeer West on Tuesday.

it was apparent Fenton would be the first-set victors. Set point came on a tip kill by Rourke.

The same pattern followed in the final two sets. Fenton got a service point from Kailey Maks and an overpass kill from Eastman to take an early 2-0 lead in the second set and never trailed. West was still as close as 5-2 but Granger and Carpenter had back-to-back kills, sparking a three-point run. Fenton led 8-3 after the run.

See **TIGERS** on 18A

Three tri-county volleyball teams competing in Fenton district

By David Troppens

dtroppens@tctimes.com; 810-433-6789

Fenton captured its first-ever Class A regional title a year ago in volleyball.

What will the Tigers do for an encore this year? Tigers' fans can find out this week at Fenton High School.

Fenton, Linden and Holly will all be at the Class A district tourney hosted by Fenton, starting on Monday. The Eagles were given a tough first-round match, beginning tourney action against Grand Blanc Monday at 6 p.m.

The Eagles are focusing on the opportunity presented them, regardless of the foe.

"We set out wanting to be a top team in the league and also wanting to win a district championship," Linden coach Cori Mason said. "I think the girls are even hungrier now for districts after falling short in the league."

"We haven't been playing that well in the last few weeks, but with winning the silver division at Fenton last weekend and with our win against Creek, we are gaining some confidence back and are making strides in the right direction at the right time."

Fenton and Holly begin district action on Wednesday. Holly faces Brandon at 5 p.m., while the Tigers play the winner of the

Grand Blanc-Linden match at about 7 p.m. The winner of the two semifinals face in Thursday's district title game at 7 p.m. The Tigers are excited to start district action.

"We are ready to work even harder," senior Jaime Hansen said. "We have even more challenges ahead and we are ready to win."

"We are definitely taking it one match at a time," senior Ashley Bearden said. "We want to be confident."

Lake Fenton at Corunna district

The Blue Devils begin district action against Corunna, the Class B district tourney hosts Monday at 6 p.m.

If Lake Fenton wins that match, the Blue Devils will face Goodrich in the semifinals at about 7 p.m. on Wednesday. The winner of that match will face either Durand or Flint Southwestern Thursday in the district championship match at 6 p.m.

Rhino Recycling earns one more baseball title

By David Troppens
dtroppens@tctimes.com

Harold Krueger loves managing his 35 and Over City of Flint baseball team.

It's easy to see why.

As has been the case for most seasons, his squad, sponsored by Rhino Recycling, captured another league and tournament championship in league play this fall.

The squad, which includes many players from the tri-county area, capped its season recently with a 17-6 victory against Bishop Construction in the tourney title game at Flint's Broome Park.

The game was tied at 1-all after an inning, and Rhino trailed entering the bottom of the second 4-1, but Krueger's group scored six runs in the bottom of the second to capture a 7-4 lead.

They never trailed again, scoring four runs in the third inning and six more in the fourth.

Pretty much everyone got involved in the offensive explosion at sometime during the contest. Joe Schneider, Steve Sarkon, Chris

TRI-COUNTY TIMES | MARK BOLEN

Linden's Taylor Ovington had eight kills in the Eagles' 25-9, 21-25, 25-16, 25-26 victory against the Swartz Creek Dragons on Tuesday.

Linden slays Dragons to end Metro season

By David Troppens

dtroppens@tctimes.com; 810-433-6789

It's been an up-and-down season for the Linden varsity volleyball team.

The squad hopes it is entering the district tournament on an up.

After capturing the Silver bracket of the Fenton Invitational on Saturday, the Eagles ended their Metro League season with a 25-9 21-25, 25-16, 25-16 victory against the Swartz Creek Dragons.

"The whole season has been a roller coaster of a ride," Linden volleyball coach Cori Mason said. "We have played some really great matches, like our match with Northville, and we have had some really rough nights as well, like our match with Brandon," Mason said. "One thing I really like about this team is everyone contributes. We also have Megan Kenney back, finally, after her injury on day two of the season."

Everybody seemingly contributed in the victory against the Dragons. Offensively, three players had strong showings. Rebecca McDonald led the Eagles (4-4, 20-12-6) with 19 kills, while Niki Sargent provided 12 kills. Taylor Ovington also chipped in eight kills. Set-

ter Sydney Jacques set the offense, collecting 24 assists.

"Niki Sargent had a great game offensively for us," Mason said. "She hit above 60 percent which is her personal-best for the season. Rebecca McDonald also was smart at placing the ball and led us with kills."

Defensively, the Eagles had some strong performances as well. Megan Klavitter had 17 digs, while Bri Holscher had 11 digs.

The next match for Linden is Monday's Class A district at Fenton High School. Linden earned a pretty tough task in the opening round, drawing Grand Blanc for a 6 p.m. contest.

"We have to control the tempo of the game," Mason said. "Teams are going to get their points, but we have to be able to bounce back instead of going into a rut."

Lapeer East d. Holly
25-20, 30-28, 25-20

The Bronchos concluded their season by losing a tight three-set match to Lapeer East. The Bronchos ended the regular season with a 11-24-2 record. They face Brandon in the semi-finals of the Class A Fenton district on Wednesday at 5 p.m.

ASK THE
**APPLIANCE
EXPERT**

Q. Gas oven has digital electronic controls. The oven has to be set at 550 degrees to heat up to 325. Any ideas?

A. Electronic oven's control the heating cycle by sensing the oven temp by use of a variable resistance signal sent to the control from the oven sensor. If either the sensor or the control are not sending or receiving this information correctly, this issue could occur. There is also the possibility that the oven gas igniter is becoming weak and not providing the correct amount of resistance to the igniter over time. You will need to verify the resistance of the sensor, and the amp draw of the igniter to determine the issue.

If you still have issues call Mr. Appliance for help.

TIGERS

Continued from Page 17A

If that run didn't end the second set, then an eight-point run on Fischer's service did it. During the run West's passing and attacks struggled mightily as Fenton enjoyed a 17-4 lead after a Bearden kill. West didn't threaten to get back into the set after that.

In the third set the Tigers got to an early lead one more time. This time consecutive kills by Bearden, Hansen, Carpenter and

then Hansen again put Fenton up 4-0. It grew to 5-0 after block kill by Eastman.

West's best moments came in the next few minutes when the Panthers cut the margin to 5-3, but the Tigers wouldn't let their challengers seriously compete for the lead. Eastman collected a kill, giving Amanda Carty the service. She responded with four straight points, including one on an ace, putting Fenton up 11-4.

The final two points displayed the Tigers' fight. For the 24th point, Fenton made several nice digs and chase-downs of the ball, eventually resulting in a Carpenter kill. On match point, Rourke and Carpenter combined for the block kill, earning the Tigers their sixth straight Metro championship.

"Everything worked," Hansen said. "Everybody was working together. Everybody was talking and everybody was doing exactly what they were supposed to be doing. Everyone was focused."

"I think we were in a zone," Carpenter said. "All week and last week we focused on beating Lapeer West because we were both coming in undefeated. ... We knew West would come in with a lot of energy. From the get-go we were focusing on getting in the zone."

Fenton had 39 kills and just eight hitting errors. After Granger's 11 kills, Eastman provided nine and Bearden had seven. Carpenter chipped in five. Bearden also had 21 assists, five digs, 19 service points and three aces. Maki had a team-best nine digs, while Granger had seven. Rourke had five blocks.

"We haven't played that well all year," Fenton coach Linda Rusaw said. "Everything worked. We hit well. We served well. ... It was great. Everything was on and it was exciting to watch, actually."

The "No Problem People"

Four individuals, one team to be inducted to Linden's HOF

►Draper, Freeman-Carriger say athletic experiences at Linden still have a positive impact on them today

By David Troppens

dtroppens@tctimes.com; 810-433-6789

Before Scott Draper began his senior season at Linden High School, tragedy struck his family.

"My father died going into my senior year," said the 1987 Linden graduate. "And having my team and coaches in football, basketball and baseball show up for my dad's funeral and be supportive of my family is something I have not forgotten today. It's one of the defining moments of my life."

So when Draper is honored as one of the 2013 Linden Athletic Hall of Fame inductees at Spring Meadows Country Club on Nov. 16, it's certain he'll remember how the people in athletics influenced his life probably more than his individual accomplishments.

"What I remember most are the coaches I played for and the friends I made," said Draper, a three-year letter-winning football and basketball player. "I got into athletic administration while at Michigan primarily because of the relationships I created with coach (Denny) Hopkins and (Ron) Eltringham. They were strong men in my life and showed me what athletics could be about. They drew me into them. I wanted to be a teacher and a coach and then I got sidetracked, but the people I met and played were the most impactful in my life."

Draper, who also played a season of baseball and track at Linden, is just one of four individuals and one team being inducted, starting at 6 p.m. Krystn Freeman-Carriger and Derek Brody are also being inducted as athletes, while Judy Stoeri is being inducted for special service. The unbeaten 7-0-1 1958 football team also is being inducted.

Draper was a three-year starting outside linebacker on the football team, helping lead the squad to a Metro League title in 1986. He was a three-year starter on the varsity basketball team and also played one year of baseball as a member of the 1987 Metro title baseball squad. He also lettered in track.

After graduating he eventually spent from 1997 to 2010 as the Associate Director of Athletics. He's now the Director of Athletic Development and the Associate Athletic Director at Albion College, a position he's held since February 2011.

"I'm appreciative of the honor. It was unexpected," Draper said. "The time I spent at Linden and in athletics shaped my life."

Freeman-Carriger was one of the finest soccer players ever to compete at Linden, scoring 110 goals and recording 52 assists. The 2001 graduate was an All-District and All-Region selection for four consecutive years. She became the first female soccer player to earn the distinction of All-Metro and All-State for all four of her years at Linden. Freeman said sports helped her as well.

"What I remember most about my soccer career at Linden are all of the great people I got to know," Freeman-Carriger said. "I was very shy when I was young, but playing soccer with so many different and great people while at Linden was a great experience for me. I will always remember being a freshman on varsity and how kind the group of seniors were to me. They made me feel included and important, which was so helpful to me."

Freeman went on to play soccer at Schoolcraft College in 2002 and at Rochester College from 2003 to 2005, earning All-American honors her junior and senior seasons. She still lives in Linden.

"Linden is my home," Freeman-Carriger said. "I grew up in Linden, completed K through 12 there and I have coached the girls JV soccer team since I graduated, and have worked for the school district for almost six years now."

"I have so many people to think from coaches to teammates, but I could never say thank you enough to my family. My parents were always a huge part of my soccer career, sacrificing so much just to see my siblings and I do what we loved."

Brody qualifies as one of the greatest golfers the school has ever seen, earning four letters in the sport. He was a

He played football, basketball, baseball and track during his time at Linden High School. (Below) Krystn Freeman-Carriger scored 110 goals and recorded 52 assists during her Linden varsity soccer career. The 2001 graduate was a four-year All-State performer. Others entering the Hall are Derek Brody, Judy Stoeri and the 1958 Linden football team.

six-time tournament medalist and led his teams to three consecutive Metro League titles, finishing in third place at the state finals in 1997.

The 1958 football team won the Genesee County Class C League championship with a 7-0-1 record, and was the school's last unbeaten team until the 2004 team went 9-0 during the regular season. The squad recorded four shut-outs and scored at least 19 points in every game. One of the contests in which the Eagles did score 19 points, they tied Montrose by a 19-19 verdict.

Stoeri began her over 35 years of service at Linden High School as a match teacher before retiring in 2004. During her career she was the girls track coach a National Honors Society advisor and a class sponsor. While at Linden she volunteered time with the track, cross country, volleyball and basketball teams.

Pickleman, Dennis Younce and Matt Hoffman each scored two runs, while Steve Michlez, Larry Lamphere, Steve Buerkel, Ryan Snodsmith, Scott

Horgan and Steve Stimson scored a run each. Jeff Krejcik didn't score any runs, but did have two singles.

Greg Deeg got the win on the mound, tossing the first four innings. Steve Sarkon relieved and pitched the fifth inning.

HOT LINE CONTINUED

OBAMA RECEIVED ANOTHER credit card to add to the \$17 trillion my grandkids will have to pay back some day. Too bad for them.

THE LOOSE CENTER would get more financial support if the board members were elected, not appointed. We pay dues so please give us that chance.

I LOVE THE owl sign in Argentine Township. It's real creative and cute. Good luck with your business.

DOES IT MAKE anyone else sick, besides me, that Obama never knows what is going on? Nothing is ever his fault. He is such a narcissist.

IF OBAMACARE IS so great, then our President, Senators and Congressmen should have the same program as the

citizens they represent. Not going to happen. They rammed it down our throats and bought the needed number of votes to pass the legislation with State kickbacks doled out of our federal tax monies. Then, they exempted themselves. When are we, the people, going to wake up?

THERE THEY GO again turning out the lights in the White House. Every time there is a scandal, Benghazi, Fast and Furious, IRS, healthcare website and now spying

on Germany, Obama gets left in the dark. He never knows what is going on.

TIGERS AND WINGS players are paid their ridiculous salaries directly by Mike Illitch, the owner. Tigers and Wings players are paid their ridiculous salaries indirectly by the fans who fill the stadium and arena in support of these teams. Both answers are correct. Don't attend, don't watch, and don't listen and the teams will no longer be present to pay any salaries. It's our choice.

Meet Mark Russell

- Meat cutter
- Meat Department manager at VG's Grocery
- Father of four grown children

By Sally Rummel

news@tctimes.com; 810-629-8282

It doesn't matter what time of year it is or how warm it is outside, you'll find Mark Russell, meat department manager at VG's Grocery on Silver Parkway in Fenton, wearing long johns under his uniform. That's because Russell, 52, works in a very cold environment every day – 45 degrees in the meat cutting room, 32 to 35 degrees in the cooler and 0 degrees in the freezer. He has been in the meat cutting business for 33 years, the last 13 at VG's Grocery.

You look like you're pretty well bundled up. Do you ever get warm while you're at work? It's all about layers. I wear a T-shirt, another shirt and a coat under my uniform. And of course, long johns all year long. The first thing I do when I get home is take a hot shower, drink a cold beer and relax with my wife, Joanie.

I see your title is meat cutter. What's the difference between a meat cutter and a butcher? Butchers have more experience in an actual slaughterhouse. What we do in the meat department at VG's is break down boxed meat in primal cuts into individual cuts like shoulder, loin, round, etc. Then we process it into roasts, steaks, etc. I went into a slaughterhouse once and that was enough for me. I prefer my job that allows me to deal with people.

What is the hardest part of working as a meat cutter? It's a grind (said with a smile). It's a very difficult job, certainly one that not everyone is cut out for. It can attract a unique breed. It takes a lot of physical stamina, including the cold environment, and your day starts early, about 6 a.m. Then, of course, there's the retail service part of the job that isn't for everyone. We've got a great crew of 13 between meat and seafood and they are dedicated, hardworking people who are very good at what they do. As the manager, I'm only as good as my people.

What are your busiest days? Saturdays and Sundays are busy every week. Things can get pretty crazy around here. Christmas Eve and the day before are probably the busiest days of the year, with July 4th right up there, too. We're coming right up to all the busy holidays with Thanksgiving, Christmas and New Year's. Easter is really busy, too. Right now is a slow time of year because men are out hunting and since school started, women are saving their money for the holidays. It will really heat up in a couple of weeks for Thanksgiving. **Speaking of Thanksgiving, what turkey do you recommend when people ask?**

There are so many choices, between fresh, frozen, natural, organic, etc. No

one's paying me to say this, but the best turkey on the market is a Spartan frozen turkey. I've had Butterball, fresh, frozen, etc., and I've gotten the best results and most compliments when we serve a Spartan frozen turkey.

Any other turkey tricks? I've had good results with cooking bags, as they hold the moisture in. Also, always have a good meat thermometer on hand. If you're going to order a fresh turkey, I suggest you do it soon, as they are always in limited supply.

What's the best-selling size turkey? I'd say an 18-pounder. You get a lot more meat for the money because the carcass on all sizes of turkeys is about the same size.

What do you think is the best value in steaks? Flat iron steaks are the best. It's an economical cut of meat, a shoulder cut from the top-blade portion of cattle. Next to filet mignon, it's the most tender cut of beef. We like to marinate it and broil it. It comes out tender and very tasty every time. I'm also a Delmonico steak kind of guy.

Food safety is always in the news.

What are the most important things to be concerned about when it comes to meat and poultry? I always recommend that you wash poultry because of the risk of salmonella bacteria, and be very careful of cross-contamination when using knives, cutting boards, etc. Use very hot, soapy water to wash down your counter top. Be sure to properly store your meat and poultry products and thaw in the refrigerator, not on the kitchen counter. That's especially important to remember with Thanksgiving coming up.

With ground beef, it's very important to get the internal temperature to 160 degrees. That will kill any e-coli bacteria.

I'm very proud of our meat department at VG's. We grind all of our own ground beef every day — sometimes as much as 1,000 pounds a day. You know exactly how your beef is handled here,

"It's a very difficult job, certainly one that not everyone is cut out for. It can attract a unique breed. It takes a lot of physical stamina, including the cold environment, and your day starts early, about 6 a.m."

not so when you buy it pre-packaged off-site at other grocery stores. I would always recommend buying your meat here.

ASK THE MECHANIC

Chris Wilkinson,
Certified Mechanic

Q: I have an '04 chevy 2500hd 6.0 gas motor. There is no oil pressure when the engine is cold. It warms up the oil pressure at around 40psi. Every so often I here a nasty loud valve tap. The truck has 356,000 miles. Do you have any ideas?

A: Thanks Jeff. This could be caused by many different things. The first step we take in this situation, is to take the oil filter off and cut it open. Then take the folded fabric out and hold it up in good lighting to see if there are any signs of metal shavings or glitter in it. If so, then you will need to replace or rebuild the engine. If not, then I would do an oil change on it and a manual oil pressure test to see if it still shows low oil pressure. If it is still low then you will need to remove the oil pan to check the rod and main bearings for clearance with a plastigauge. If the bearings are within spec, take the timing cover off and the oil pump apart and look at the oil pressure relief valve to make sure the spring is not broken and that the valve at the end of the spring has smooth travel. Also, check the oil pick up screen for being clogged, if all of this is ok, I would try a new oil pump and screen to see if this cures your problem. There are a few other not so common problems that it could be, (spun cam bearing, clogged oil passage) but you would need to disassemble the engine to check this. With so many miles it would not make sense to not just replace it at that point.

Do you have a question that you would like to have answered? E-mail it to me at: askthamechanic@wilkinsonautorepair.com

The most dangerous jobs in the U.S.

► Farmers, construction workers, roofers top the list

By Tim Jagielo

tjagiolo@tctimes.com; 810-433-6795

Argentine Twp. — The climb is rather short for Thomas Hameline of Tri-County Wireless, a sister company to the Tri-County Times. It's only 70 feet up the structure, which is attached to the home and stabilized with wires.

Still, the antennae moves slightly, and is most noticeable from the bottom, looking up, especially at 70 feet.

He climbs with "monkey hooks," a harness and hard hat, with the wireless access point he needs to install clipped to his harness.

This is a short climb; Hameline once climbed a 450-foot-tall tower in Goudrich. It's also not necessarily just the height — climbing doesn't stop when the weather gets cold, windy, or icy, or if there is a hornet's nest in your way.

"It is a dangerous job, especially in the winter," he said.

In August, the Bureau of Labor Statistics (BLS) published a list of the deadliest jobs in the U.S.

Workplace fatal injuries in 2012 totaled 4,383, which is actually down from 2011.

For Hameline, "wireless service technician" wasn't on the list of deadly jobs, but roofers and steel workers were.

Forbes.com compiled the results from the BLS into a list (see sidebar). At the top of the list of 10 are logging workers, and at the bottom, construction workers.

In the tri-county area, there isn't fishing or logging, but most other industries are represented — like construction work, drivers, and even aircraft pilots/engineers.

Farmers and ranchers were also on the list. The BLS reports that 476 fatal injuries occurred. This sounds low — but

TRI-COUNTY TIMES | FILE PHOTO

Farmers were included as one of the most fatal-injury prone industries in the area.

farming and agriculture was the most deadly by the numbers. Agriculture held the highest fatal injury rate of any industry sector at 21.2 fatal injuries per 100,000 full-time employee workers in 2012.

"You just have to respect whatever you're doing," said Pat Starrs, of Starrs Lakeview Farms in Linden. He means respecting both equipment and animals. Though he feels safe in his work, he can see why it could be dangerous. "Farmers happen to put in long hours," and they can

Bureau of Labor Statistics 10 DEADLIEST PROFESSIONS

1. Logging workers
2. Fishers and related fishing workers
3. Aircraft pilot and flight engineers
4. Roofers
5. Structural iron and steel workers
6. Refuse and recyclable material collectors
7. Electrical power-line installers and repairers
8. Drivers/sales workers and truck drivers
9. Farmers, ranchers, and other agricultural managers
10. Construction laborers

Source: Forbes.com

become complacent, he said.

He said it's important to be careful, and park the heavy equipment. Starrs farms part time, mostly soy beans and corn.

Hameline is comfortable with his job, to the point where a climb like this may be done without a harness. He said there technically isn't an OSHA requirement, but he keeps his wife and two children in mind.

While climbing on roofs, and dealing with farming equipment can be dangerous or deadly, being on the road was worse in 2012. Transportation involved more than two of every five workplace accidents, 1,044 involving roadways.

Protective services reported 224 fatal injuries in 2012. This applies to sheriff's deputies and police personnel. Police and fire personnel did not make it to the Forbes list.

Private industry accounted for 90 percent of the injuries at work. There were violent injuries inflicted by people and animals, but that accounted for a small percentage of workplace injuries.

POLICE

Continued from Page 3A

VEHICLE KEYED IN FENTON TOWNSHIP

At 11 a.m. on Sunday, Oct. 27, a deputy with the Genesee County Sheriff's Department responded to a home in the 2300 block of Oakgrove in the Lake Fenton Mobile Home Park in Fenton Township to investigate a malicious destruction of property complaint. Dep. Geno Gatica said a resident reported that an unknown suspect "keyed" the side of their vehicle.

DISORDERLY MEN ARRESTED

At 11:54 p.m. on Sunday, Oct. 27, deputies with the Genesee County Sheriff's Department arrested a white male for disorderly conduct in the area of North and Rolston roads in Fenton Township. No further information was available. During the evening of Tuesday, Oct. 29, Genesee County sheriff's deputies arrested a white male for disorderly conduct in the area of Island View Drive and Eleanor Street in Fenton Township.

THOMPSON ROAD HOME BROKEN INTO

At 12:35 p.m. on Wednesday, Oct. 30, Genesee County sheriff's deputies responded to a home in the 4100 block of Thompson Road in Fenton Township to investigate a breaking and entering, with forced entry, complaint. Suspects gained entry and exit through a door at the back of the home. Dep. Geno Gatica said the case remains under investigation.

Make 'scents' of the world of perfume and fragrance with a little knowledge before choosing your own

By Sally Rummel
news@tctimes.com

The scent of a woman can follow her anywhere, offering a finishing touch to her own personal style. Yet the science of scent makes it a more complicated concept than just selecting a bottle of perfume at a cosmetics counter.

Not only are there different fragrances on the market, but also several categories of perfumes that determine their price and how they are used. Perfumes are a mix of alcohol, water and fragrance oil, but the ratios of each affect the intensity, longevity and cost, according to fragrance expert Michael Edwards, author of "Fragrances of the World."

CATEGORIES OF FRAGRANCE

Parfum — this is the strongest and most enduring, with a high concentration of essential oils (typically 15 to 25 percent)

mixed with alcohol. These carry the largest price tag.

Eau de Parfum — this is the "happy medium," with 8 to 15 percent oils, allowing for more liberal application.

Eau de Toilette — this is the lightest and most subtle of fragrances, with 4 to 8 percent oils. The scent of this fragrance also disappears more quickly than the others do.

Eau de Cologne — this fragrance contains about the same amount of perfume oil as *Eau de Toilette*, but is mixed with water instead of alcohol. It tends to be lighter and refreshing, typically with a citrus oil component.

The sheer number of scents that are in the marketplace makes picking a fragrance a challenging task, but understanding how fragrances are categorized helps make more "scents" of it all.

HAP Senior Plus (hmo), HAP Senior Plus (hmo-pos), and Alliance Medicare PPO are health plans with Medicare contracts. Enrollment in the plans depends on contract renewals. Alliance Medicare PPO is a product of Alliance Health and Life Insurance Company, a wholly owned subsidiary of HAP.

13 CELEBRITIES *who went* BANKRUPT

Source: Shebudgets.com

► Granted, many athletes and celebrities have little to no money problems, but you'd be surprised how many dumb moves some of these folks make. In fact, bankruptcy is much more common than you think when it comes to celebrities. Check out this list of 13 celebrities who have gone bankrupt at one point or another.

DONALD TRUMP

Multi-billionaire Donald Trump has filed for corporate bankruptcy four times in 1991, 1992, 2004 and 2009. However, he has never filed for personal bankruptcy — which is an important distinction when considering his ability to emerge relatively unscathed, at least financially.

MICHAEL JACKSON

Though he never filed bankruptcy, the King of Pop had a well-documented struggle with debt. Sources say Jackson purchased 10 robot dogs with artificial intelligence on a whim.

WALT DISNEY

Before he created the eponymous entertainment company, Disney had a few failed business ventures, forcing him to file bankruptcy in 1923.

MC HAMMER

The flamboyant musician earned \$33 million in the early 1990s, but quickly blew all his cash, aided in part by his purchase of two private helicopters.

KIM BASINGER

The actress allegedly paid \$20 million to buy a small town in Georgia in 1989. Basinger's grand ambitions were thwarted when she filed for bankruptcy four years later.

MARK TWAIN

The creator of Tom Sawyer and Huckleberry Finn saw his finances float up the river when he invested in a series of misguided get-rich-quick schemes.

WILLIE NELSON

The famous singer-songwriter filed bankruptcy after receiving a bill from the Internal Revenue Service topping \$16 million for unpaid taxes.

CYNDI LAUPER

Bankruptcy doesn't mean the end of the world. Lauper filed for bankruptcy in 1981 before becoming an '80s icon.

MIKE TYSON

At his peak Tyson could earn \$30 million per fight and amassed a \$300 million personal fortune. By 2003 Tyson was \$27 million in debt.

NICOLAS CAGE

The actor was charged with unpaid taxes totaling more than \$6 million by the IRS. And that was just the taxes for the 2007 fiscal year.

CHRIS TUCKER

According to court documents filed at Lake County, the IRS has a lien of \$11.5 million so that they can collect federal income taxes.

WESLEY SNIPES

He was indicted in 2006 for tax evasion. He apparently tried to cheat the government out of almost \$12 million and for not filing any tax returns for six years. In the court case that followed, the claims were affirmed and Snipes surrendered for a jail stint in 2010.

GARY BUSEY

At his lowest point, Busey was said to have less than \$50,000 in assets to his name even though he has appeared in over 70 films including "Lethal Weapon" and "Point Break."

PERFUME

Continued from Page 1B
SCENT CHARACTERISTICS

Fragrances for women are classified according to predominant scent characteristics. Four basic scent families include Floral, Fruity, Woody and Fresh. Within these families, there are sub-groups that are located next to each other on a Fragrance Wheel, each combining different aspects of the scent, so there are literally dozens of combinations. Dividing them into these four groups makes it easier to help you decide which scents you love and which you'd rather avoid.

When shopping for perfume, chances are you've probably seen different "notes" listed for a particular scent; those coordinate with the family to which the composed scent belongs. Perfume is described in this musical metaphor to show how the fragrance "unfolds" over time, yet still makes a harmonious scent. The immediate impression of the top note leads to the deeper middle notes and the base notes gradually appear as the final stage. These notes are created carefully with the knowledge of the evaporation process of the perfume.

For example, top notes — citrus, green and light floral notes — are typically what you smell at first whiff. They're light and tantalizing, a tease of what's to come. They're also the most fleeting, dissipating after a few minutes.

Middle notes are the heart of the fragrance and where perfumers show their creativity. Appearing as the top notes fade, they linger for up to two hours.

Base notes — musk, amber, vanilla and spice — linger several hours after application. Like bass in music, these fragrances are the "oomph" behind the scent.

HOW TO TRY ON A FRAGRANCE

When trying on different fragrances at the store, Edwards suggests you apply a light spray to your inner wrist, and then give it a few minutes to bloom. Try no more than three fragrances at any one time, otherwise, your nose will get confused. Try one on each wrist and the third on the inner elbow, and then let the notes "talk" to you.

HOW TO WEAR A FRAGRANCE

Everyone has a personal scent circle,

approximately an arm's length away from the body. No one should be aware of your fragrance unless he or she steps inside your circle. Your fragrance should be a subtle, personal message you send to those with whom you come in contact.

For a long-lasting effect, fragrance should be layered all over your body, starting with eau de toilette or eau de parfum, to build the foundation of your fragrance. Because fragrance rises, spray or smooth fragrance onto the skin from the feet to the shoulders.

As a final highlight, use perfume in its concentrated and most long-lasting form, at your pulse points (wrists, behind ears, crook of the elbow, base of throat,

cleavage, behind knees, inside ankles). You might want to consider amassing a collection of scents to fit different moods and occasions, called "wardrobing" — from light and casual to dressed-up and more risqué.

“Perfumes are a mix of alcohol, water and fragrance oil, but the ratios of each affect the intensity, longevity and cost.”

Michael Edwards
Author of "Fragrances of the World"

MARY KAY

Mary Kay Cosmetics National Sales Director Bonnie Leyder of Fenton said that Belara Midnight Perfume is going to be a huge seller for the holidays. Its top notes include wild and fruity berries. Middle notes include Egyptian jasmine and black vanilla bean and bottom notes include creamy sandalwood and velvet musk.

PERFUME TERMINOLOGY

Secret Number Two: Learn which scent family you enjoy the most. You're going to be spending a lot of time together!

Secret Number Three: Keep a few different perfumes from different fragrance families. It's kind of lovely to switch up.

Secret Number Five: Take your skin type into account. Is your skin dry or oily, or in-between? If you're drier, the scent will dissipate more quickly. And so a highly concentrated perfume will have more staying-power for you than an Eau de Toilette.

TRI-COUNTY TIMES | SALLY RUMMEL

RE/MAX Platinum Manager/Associate Broker Tom Jones stands in the lobby of their new office location.

RE/MAX Platinum

Real estate office moves, expands training facilities

By Sally Rummel

news@tctimes.com; 810-629-8282

RE/MAX Platinum in Fenton has earned a solid reputation in the area as leaders in waterfront property sales and in-house training for its 35 local real estate agents.

Now with brand new offices at 3295 West Silver Lake Rd. (near Leo's Coney Island), they've added enough space to increase their coaching and training programs.

"We have the largest in-house training facility in the greater Genesee County area," said Tom Jones, manager/associate broker of this local office. "We place a very strong emphasis on training our people to be 'consultants' in the real estate market, putting the needs of their clients at the forefront of each transaction."

This new office setting has provided plenty of space for training facilities, as well as private, individual offices for each agent. The office will be celebrating its Grand Opening on Thursday, Nov. 21 from 3 to 7 p.m. with appetizers, giveaways and more.

"Now each agent has a private space in which to meet with clients," said Jones, who leads the coaching/mentoring team at RE/MAX Platinum and serves as manager for the office. Another benefit to buyers and sellers is an in-house mortgage company and title company. "We can do every part of a transaction on-site," said Jones. "We're all working together as a team for your transaction."

A former school superintendent in the Kearsley school district for 25 years, he brought his team-building and administrative skills to a second career in real estate more than 20 years ago. "When our office really started to take off two years ago, it was time for me to transition back to using my leadership skills to coach and mentor our agents," he added. That's when owner Joe DeKroub recruited Jones for his current position.

RE/MAX Platinum has four offices in mid-Michigan, including Ann Arbor, Hartland and Brighton (corporate headquarters). For more information, call (810) 629-5800.

'Let Freedom Ring'

► Fenton United Methodist Church hosts Veterans Day event for the public on Nov. 10

By Sally Rummel

news@tctimes.com; 810-529-8282

Area residents, families, government officials and veterans are invited to attend a special Veterans Day observance, "Let Freedom Ring," on Sunday, Nov. 10 at 7 p.m. at Fenton United Methodist Church.

Veterans Day is officially observed in the U.S. on Monday, Nov. 11.

"This is the first time we have provided a community event like this for Veterans Day," said Senior Pastor Bill Donahue. "Our church is very committed to serving our community, and we can't think of a better way than honoring our veterans." Sharp Funeral Homes is sponsoring the event.

The evening will include special choir performances, Color Guard, 21-Gun Salute, selections by Church Organist Gary Morgan, also a veteran and Guest Speaker Doug Morgan. He is a Linden resident and Vietnam veteran who received a Purple Heart in August, 40 years after his service in the U.S. Army.

TRI-COUNTY TIMES | FILE PHOTO

Doug Morgan, Specialist E-5 in the U.S. Army, will relay his story about receiving the Purple Heart 40 years after his injuries in Vietnam War.

Morgan will speak about his service in Vietnam, including his helicopter crash on Mt. NuBiaDen in 1968, which resulted in a five-month hospitalization and honorable discharge.

"We want to issue a special invitation not only to the public, but also to local government officials, police and fire departments, first responders and others who are so dedicated in serving their communities," added Donahue.

Watch for details of other local Veterans

Day observances as the national holiday draws closer.

"Our church is very committed to serving our community, and we can't think of a better way than honoring our veterans."

Senior Pastor
Bill Donahue
Fenton United
Methodist Church

Fenton schools millage up for renewal

►Lake Fenton, Byron school funding also on Nov. 5 ballot

By Sharon Stone

sstone@tctimes.com; 810-433-6786

An election is coming up quickly, set for Tuesday, Nov. 5. Locally, registered voters in the Lake Fenton and Fenton school districts will vote on their own school district's operating millage (non-homestead) renewal proposal.

This funding model has been in place since 1995, when Proposal A went into effect. Schools are capped at 18 mills of voted tax for school operations but may approve additional mills to protect it against a Headlee rollback.

Lake Fenton currently has 19 mills approved for the millage renewal and Fenton's non-homestead seven-year millage renewal is for 21 mills.

The Foundation Grant for each child educated equals state aid plus Non-Homestead Tax. If the non-homestead tax is not renewed by voters, the Foundation Grant is decreased by the amount lost in non-homestead revenue. This tax

amounts to 11.4 percent of the annual revenue for the Lake Fenton schools or approximately \$1,900,000.

For Fenton schools, this non-homestead millage generates revenues of approximately \$4.2 million annually.

"The district depends on this revenue for the day-to-day operations," said Timothy Jalkanen, superintendent of Fenton Area Public Schools. "It supports each and every aspect of the entire school district. Without this renewal the district budget would dramatically be impacted."

According to Jalkanen, under Proposal A, the state of Michigan contributes the majority of local school funding dollars, but to receive full funding, school districts must levy 18 mills on non-homestead property within the school district.

Byron Area Schools is proposing to borrow up to \$5,350,000 for the purpose of partially remodeling, refurbishing, and equipping school facilities, updating technology, upgrading the running track, purchasing school buses and improving the sites. This 25-year bond proposal is for 1.87 mills (\$1.87 on each \$1,000 of taxable valuation).

Lake Fenton Community Schools is one district with an operating millage on the ballot Nov. 5.

WHAT IS THE NON-HOMESTEAD OPERATIONAL TAX?

- Is not a tax on an individual's primary residence.
- Is not a tax on farmland that is 50 percent or more tilled.
- Is a tax on non-primary homes (rental and vacation).
- Is a tax on business and industrial properties.
- Is a tax on land that is less than 50 percent tilled.

FREQUENTLY ASKED QUESTIONS

Q: How will the taxes on my home be affected if the renewal is successful?

A: Taxes on residential homes are not affected by non-homestead taxes.

Q: Why is the millage proposal for 19 or 21 mills if only 18 mills may be levied?

A: The 1 or 3 mills above the 18 mills would protect the districts from loss of future revenue due to the Headlee Amendment.

Q: What causes a Headlee rollback to take place?

A: If the taxable value of property increases more than the cost of living, the millage rate is reduced. Lake Fenton has not had a Headlee rollback in several years.

Q: Does the renewal mean a tax increase for anyone in the district?

A: This renewal represents no change from the current millage rates being collected on operational taxes.

Q: What happens if the millage is not renewed?

A: It will cost the Lake Fenton Community Schools approximately \$1.9 million or 11.4 percent of the operational budget beginning with the 2014-15 school year. Fenton schools would lose \$4.2 million annually.

Five faith builders to drive our fears away

Fear is an enemy that stalks us all. This opponent of faith limits horizons, causes depression and robs its victims of the joy of living. Here are five faith builders to enable us to overcome fear every day.

1. GOD LOVES US

Fears defeat us when despair leads us to conclude that some areas of life lie outside the circle of God's love. This kind of thinking limits expectations of His care.

God's love is unchanging in all circumstances.

A farmer once had 'GOD IS LOVE' placed on the weathervane on the roof of his barn. When asked why he had done so, he replied it was to remind him that God is love no matter which way the wind is blowing.

A woman who had endured a long period of excruciating pain told me she had been able to stay on top during her suffering by remembering the sufferings of Jesus on the cross. This made her confident of God's love in spite of her pain.

2. THE FUTURE IS ARRIVING ONE DAY AT A TIME
C.S. Lewis wrote the following to a woman overcome by fear: 'The great thing with unhappy times is to take them bit by bit, hour by hour, like an illness. It is seldom the present, the exact present that is unbearable. The great thing as you have obviously seen (both as regards pain and financial worries) is to live from day to day and hour to hour not adding the past or the future to the present.'

How many things have you worried about that did not happen?

Most things that make us fear and fret...are those that haven't happened yet. 'You must take one day at a time,' I advised a grieving widow.

'I'm down to forty-five seconds at a time,' she replied. And her moment by moment faith brought her peace.

3. TOMORROW IS UNCERTAIN

'You do not know what will happen tomorrow' (James 4:14). So make tomorrow's uncertainties work for you. Since you cannot be absolutely sure your fears will be realized, refuse to be intimidated by them.

God has promised strength to those who trust Him for whatever happens... but not for the many things we imagine may happen.

Things may turn out better than you think.

4. TAKE CARE OF YOUR BODY

Overwork, lack of sleep and improper diet can cause emotional problems. No amount of counseling will enable you to conquer your fears if you neglect your health.

Consider the importance of our bodies to God.

All of creation, except the human body, was simply spoken into existence by our Creator: 'And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul' (Genesis 2:7).

The promise of resurrection also proves our Lord's concern for our bodies. But we must care for them also... and proper diet and health habits are vital for overcoming fear.

5. ALL TRIALS ARE TEMPORARY

This too shall pass. Whatever the trial, faith insists: 'The best is yet to come!'

From Cambodia to Fenton...

►Unique jewelry created by Cambodian women featured in Saturday Open House

By Sally Rummel

news@tctimes.com; 810-629-8282

It's a long road from Cambodia to Fenton, but two local women are helping to pave the path through the intricate design of handcrafted jewelry.

Amreitha Jeeva of Hartland, one of the founders of Landmine Designs in Denver, Colo., has teamed up with friend Mary Ann Beltinck of Fenton to present a unique line of jewelry called Landmine Designs.

These jewelry designs are a series of necklaces and bracelets crafted from colorful recycled papers by Cambodian women who are learning to become economically independent through the rolled beads of this beautiful craft.

Landmine Designs is one of the sustainability projects of LightBridge International, a non-profit group working to create jobs in an area known as "Minefield Village." This village is nestled along a 450-mile border between Cambodia and Thailand, where the largest concentration of land mines in the world is located. It's also home to 500 families.

"They're the poorest of the poor," said Jeeva, one of the founders of Landmine Designs. She herself was an orphan from India, who was adopted by a U.S. family at age 3. She has lived her life in Kansas and most recently, Hartland. Her husband, Pradeepan Jeeva, is youth pastor at Cornerstone Church in Highland.

"These families have squatted on land that no one else wants because of the deadly explosives," she said. "There is no electricity, no clean water, very little to eat." Another very real threat to these women and families is human trafficking, because of their village's location on the border.

This first line of jewelry from Landmine Designs, named "Origins," is all being crafted by six Cambodian women from age 16 to 50. "They've been working on these jewelry pieces for one-and-a-half years," said Jeeva.

In addition to learning this very intricate art form, they also are educated in finance, literacy, hygiene, business skills, etc. "They'll roll beads for three to four years while learning these other skills," said Jeeva. "Then they will be economically sustainable on their own, whether they want to raise chickens, farm or run their own small business."

The friendship between Beltinck and Jeeva has opened the doors for this unique display of jewelry at an Open House this Saturday, Nov. 2 from 2 to 6 p.m. at Sawyer Jewelers in Fenton. Priced as low

"This story is not so much about the jewelry, as about the women who make it."

Landmine Designs

TRI-COUNTY TIMES | SALLY RUMMEL

Mary Ann Beltinck (left) and Amreitha Jeeva have become friends and allies in promoting the plight of Cambodian women in Minefield Village. Here, they show the intricate work of rolled paper beads that make colorful, affordable jewelry, now on display at Sawyer Jewelers in Fenton.

as \$7 to \$12 for some bracelets and more for larger pieces like bracelet cuffs or necklaces, the dollars earned will sustain these women for months, as they often live on less than a dollar a day.

As owners of the store, Chip and Mary Ann Beltinck won't profit by the sale in any way other than by being touched by the plight of these Cambodian women.

"This story is not so much about the jewelry, as about the women who make it," said Beltinck, whose son, Logan, is an active member of the youth group at Cornerstone. "The jewelry is just the 'vehicle' for these women to get out of poverty and improve their lives. This is some of the first money these women have ever earned. It will be everything to them."

A handful of bracelets and necklaces are on display at Sawyer Jewelers. They

plan to carry a limited amount of Landmine Design jewelry, but most sales will take place on their website, www.landminddesigns.org.

Also planned for the day are special sales of greeting cards and other information about the Katie Wyatt Memorial Foundation, a group in which the Beltincks are actively involved. "At Sawyer Jewelers, we believe so strongly in being involved in the community. This Foundation will continue the legacy of Katie's desire to grant wishes to local families. Every single penny from the sale of each card will go toward helping to grant those wishes."

Saturday's Open House is only the second open house in the U.S. since the "Origins" line debuted in Denver last weekend.

HURLEY MEDICAL CENTER FREE PUBLIC EVENT

New Treatment Options for Uterine Fibroids

Dr. P.C. Shetty,
Interventional Radiologist

Dr. Larry Young,
OB-GYN

**Monday, November 4
5:30 – 7:30 p.m.**

**Holiday Inn Gateway Centre
5353 Gateway Centre Drive, Flint**

Do you suffer from heavy, excessive or painful periods?

Do you carefully plan out activities or the clothes you wear according to your cycle?

If this sounds familiar, you may have uterine fibroids. Attend this free seminar to learn more about symptoms and non-surgical treatment options, ask questions, and even schedule a free evaluation with a Hurley physician.

For reservations, call 810.262.4855 today. Space is limited.

**Free
mini-massages,
makeover tips and
refreshments.**

**Free
Hurley tote bag
to the first
50 women!**

Let's talk turkey

By Amy Mayhew • news@tctimes.com; 810-629-8282

Hunting season
through Nov. 14

What could be better than personally harvesting the main course for this year's Thanksgiving dinner?

Fall turkey season began on Sept. 15 and will run until Nov. 14. Autumn and spring turkey hunting guidelines differ slightly in that springtime hunters are limited to taking only male birds. The mature male turkey or "Tom" as he is called, sports a "beard" that grows from the center of his chest. This modified group of feathers looks like hair, and must be at least 3 inches long before he can be legally harvested. Younger male turkeys, referred to as "Jakes," often have beards, too. Usually, the beard on a Jake is substantially shorter than that of a mature Tom.

Although it is not as common, female turkeys or hens can sometimes sprout a beard. Since springtime is the breeding season for turkeys, the male's fiery red head sets him apart from the hens. Hens have a grayish-brown head and do not have the vast and colorful tail feathers that the Toms are so eager to display during the mating ritual. While turkey hunting in the spring, you will find that turkeys are motivated by mating, whereas in the fall, both sexes are motivated by food.

The main difference in springtime versus fall hunting lies in the fact that hunters are able to harvest a turkey of either sex in the fall. Since fall is not the time for breeding, males typically travel together while the hens also form their own groups. Although it is illegal

to hunt over a bait pile while turkey hunting, you may hunt over naturally occurring vegetation, including crops, grains, vegetables or fruit.

Those who choose to hunt with a bow and arrow can do so from an elevated platform or tree stand. Shotguns or muzzleloaders are also acceptable, however the Michigan Department of Natural Resources (DNR) states that shotgun load must be number 4 size or smaller. Those choosing to use firearms must hunt from the ground or a ground blind.

My mother-in-law got her turkey this summer, but not in the conventional way. As the story goes, she had been invited to a potluck with several of her former high school classmates. Mom agreed to bring potato salad, and in so doing, made a couple extra hardboiled eggs on which she could snack. Thinking she would eat them later, she stashed them in the fridge. She managed to eat one, but soon lost track of the other egg as it disappeared into the deeper recesses of the fridge. When it turned up several days later — definitely expired, and a little rubbery, she decided to get rid of it.

Instead of tossing it into the trash, she decided to give the critters a chance to enjoy the old egg. From her deck and with the best throw she could muster, she launched the egg into the clear blue sky toward the awaiting brush on the opposite side of her driveway. But instead of hearing the subtle thud of the egg as it hit

the ground, she heard something quite different — the startled gobble of a turkey who had been bedding down there.

My mother-in-law could barely believe her eyes when the hen "scrambled" out of the weeds wearing nothing but her feathers, and a piece of egg plastered to her head. I guess you could say the "yolk" was on her, but one thing was certain — the hen was in a "fowl" mood from the un-eggspected egg bomb.

And yes, that's a true story.

If you scored a fall turkey permit and are aiming to provide the main course at Thanksgiving, good luck. But even if you don't bag the bird, it's still a great time to be in the woods enjoying Michigan's vivid autumn colors. Have fun and be careful.

Tips for preparing a wild turkey for cooking

- **Wild turkey should** be bled, cleaned and dressed immediately after shooting. Be sure to remove the oil sacs at the base of the back near the tail. Keep the bird cold during the trip home.
- **Before cooking**, thoroughly wash out the body cavity of the turkey, including the watery looking tissue.
- **An older bird** or one larger than 12-15 pounds may be tough. Sprinkle a commercial tenderizer in the body cavity and refrigerate it for 12-24 hours.
- **Cook the turkey** as you would a domestic turkey. However, the low fat content means there is greater danger of drying out, so baste the bird frequently during cooking.

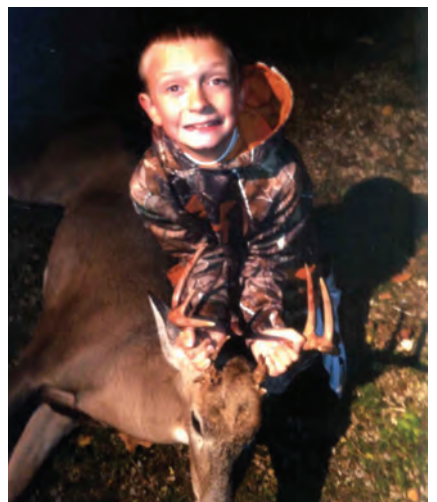

Since fall is not the time for breeding, males typically travel together while the hens also form their own groups.

Tri-County Buck Pole

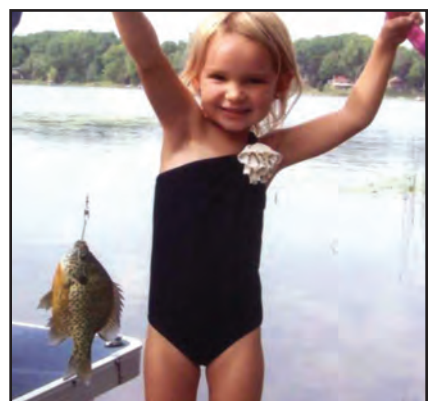

Mitchell Cairnduff, 11, of Fenton shot this seven-point buck with his compound bow on Sunday, Oct. 13 while hunting with his father, Scott Cairnduff. This was Mitchell's first buck.

Gavin Dimond, 9, of Fenton, shot this nine-point buck with a crossbow while hunting with his dad Scott Dimond in Davison on Sunday, Oct. 27. This was Gavin's first deer.

Catch OF THE WEEK

The Tri-County Times wants to give our readers the chance to show off the trophies they catch this season. If you have a fish worth showing off, snap a photo and bring it in or mail it to the Times office.

Sophia Williams, 4, caught her first fish while fishing at her grandparents Fenton Township home on Pine Lake in August.

John A. "Jack" McClure
1920-2013
John A. "Jack" McClure - age 93, of Grand Blanc, formerly of Pinckney, died October 30, 2013. Private burial will be at Fairview Cemetery, Linden. In lieu

of flowers those desiring to do so may make contributions to the charity of their choice. Jack was born August 11, 1920 in Decatur, Illinois, the son of Christopher and Helen (Siloski) McClure. He was a supervisor at Ford, retiring in 1985 after many years of service. He married the love of his life Wilma Forton on November 15, 1947. Together, Jack and Wilma enjoyed dancing to big band music, playing bridge, and spending time with their many friends. Jack loved cars. He loved to putter around the house fixing and building things, and he was good at it! He is survived by his children, Pat (Robert) McLuckie, Mike (Kelly) McClure, Lisa Walker; grandsons, Matt (Sarah) Beaudry, David (Janette) Beaudry, Chris Walker, Jeremy Walker; great-grandchildren, C.J. and Briella Beaudry; and many nieces and nephews. He was preceded in death by his parents; wife, Wilma; sister, June Kehl; brother, Jim McClure. Tributes may be shared on the obituaries page of www.sharpfuneralhomes.com.

Rose A. Callaghan
1954-2013
Rose A. Callaghan - age 59, of Fenton, died Tuesday, October 29, 2013 at her residence. Funeral Mass will be celebrated 10 AM Saturday, November

2, 2013 at St. Augustine Catholic Church, 6481 Faussett Rd., Fenton with Fr. Kurian Kollapallil celebrant. Interment will follow at St. Augustine Cemetery. Visitation was held 2-4 and 6-9 PM Friday at Sharp Funeral Homes, Fenton Chapel, 1000 W. Silver Lake Rd., Fenton where a scripture service was held at 7 PM. Those desiring may make memorial contributions to St. Augustine Catholic Church or St. John the Evangelist Catholic Church. Rose was born January 31, 1954 in Flint, the daughter of Roy A. and Rose (Amborski) Callaghan. She was a lifelong resident of the Fenton area. She attended St. John Elementary School and Hartland Schools and graduated from Linden High School. Rose was a very giving person. She loved to travel and loved children, especially babies. Surviving are: siblings, Sydney Stone of Denver, CO, Patrick Callaghan of Spring, TX, Cecelia Callaghan of Gaylord and C.J. (Charlie) Callaghan of Fenton; many nieces and nephews also survive. She was preceded in death by her parents; sister, Elizabeth Callaghan, brother, Michael Callaghan and nephew Gabriel Callaghan. Caleb Lewis
2000-2013
Caleb Lewis - of Sebewing and Linden, age 13, passed away suddenly on Tuesday, October 29, 2013 at Genesys Regional Medical Center in Grand Blanc.

He was born February 15, 2000 in Naperville, Illinois, the son of Heather (Davis) Heckman and Matthew Lewis. Caleb loved life and enjoyed being active. He liked going over bumps in the road while riding in the car, school, and being with his family and friends. Caleb had an infectious smile and was very responsive to others when they called his name. Listening to others laugh would make Caleb join in with laughter. Caleb is survived by his mother, Heather Heckman and her husband, Brian, of Linden, his father, Matthew Lewis (Carrie Protzman) of Sebewing; his siblings, Kyle and Kevin Lewis, Allison and Alanna Heckman; grandparents, Mark and Mary Lewis of Unionville, Don and Eileen Bailey of Kendallville, Indiana, Stephen and Diane Davis of Peru, Illinois, Rhonda and Bill Saurbek of Jackson, James and Sue Heckman of Unionville; great-grandparents, Anna Childs of Caro, Donna and Wayne Root of Kendallville, Indiana, Priscilla Bell Lewis of Unionville. Funeral services will be held at 11 AM on Saturday, November 2, 2013 at the Ellington Church of the Nazarene with Rev. Ron Comfort officiating. Burial will follow at Almer Township Cemetery in Caro. The family received friends at the Ransford Collon Funeral Home in Caro on Friday from 3-8 PM and also will receive friends at the church on Saturday from 10 AM until the time of the service at 11 AM. Those planning an expression of sympathy may wish to consider memorial contributions to the Family Discretionary Fund. The family is being assisted with these arrangements by the **Ransford Collon Funeral Home of Caro.**

Kris Ann Lefanowicz Kielian
1957-2013
Kris Ann Lefanowicz Kielian - age 56, of Grand Blanc. Kris Ann quietly passed away on Thursday, October 31, 2013, after suffering complications

from Alzheimer's disease. A celebration of Kris's life will be held at St. John the Evangelist Catholic Church, 600 N. Adelaide St., Fenton, Michigan on Monday, November 4, 2013 at 11 AM. Visitation will be held at Sharp Funeral Homes, Fenton Chapel 1000 W. Silver Lake Rd., Fenton, Michigan on Sunday, November 3, 2013 from 5-9 PM. Guests are encouraged to wear brightly colored clothing in celebration of Kris. Kris was born in Flint, Michigan, on May 28, 1957 and graduated from Lake Fenton High School in 1975. In 1983, she married Douglas Lutz, and was blessed with a son, Maxwell in 1986. Kris received a degree in nursing from Hurley Nursing School, Flint, in 1987 and worked at Hurley Medical Center in the pediatric/neonatal ICU for almost 20 years. She loved her family, her work, the Pistons, Red Wings, music, cards and travel. Those who have known Kris will always remember her beauty inside and out, especially her kindness, her smile and laugh, and her compassion for others. Kris was preceded in death by her mother Barbara Strong, and father Donald Lefanowicz. She is survived by her son Maxwell Lutz (fiancée Nicole); sister Lynn Tushup (Bob); brothers Mark Lefanowicz (Kathy) and Craig Lefanowicz (Jennifer); stepmother Carole Lefanowicz; stepsisters Lisa Hopson (Gary) and Stacey Smith; stepfather Robert Strong; stepbrothers Mathew Strong (Christina), Mike and Tim Strong; and her very close friends Mark Connell and Kim Mitchell; as well as many adoring nephews, nieces, aunts, uncles and cousins. The family would like to extend a sincere appreciation to the wonderful staff of Cottage of Davison, for their loving care and to Sharon Connell for her long and devoted care while Kris was at home. In lieu of flowers please send donations to the Alzheimer's Association, (in memory of Kris Kielian) Post Office Box 96011, Washington DC, 20090-6011. Friends may share an online tribute on the obituary page of www.sharpfuneralhomes.com.

Herbert John Jacques
1923-2013
Herbert John Jacques - age 90, of Linden, died Tuesday, October 29, 2013. Funeral services were held 11 AM Friday, November 1, 2013 at Sharp Funeral

Homes, Linden Chapel, 209 East Broad Street, Linden. Burial immediately followed in Fairview Cemetery, Linden. Visitation was held at the funeral home 1-4 PM and 6-9 PM Thursday. A Masonic Memorial Service was held 7 PM Thursday with a V.F.W. memorial service following. Those desiring may make contributions to Linden V.F.W. or Linden Masonic Lodge. Herb was born January 1, 1923 in Presque Isle, ME, the son of Howard and Florence (Wright) Jacques. He was a 1941 graduate of Flint Central High School and attended Michigan State University. He was a veteran of WWII serving in the U.S. Marine Corp. Herb married Joyce F. Adams July 19, 1947 in Linden. He had resided in Linden since July 19, 1947. He retired in 1981 as a Millwright from GM Cadillac Motor Division after 37 years of service and after retirement he worked for Sharp Funeral Homes for many years. He was a life member, past Master and musician of the Linden Masonic Lodge #132 F.&A.M. He was a life member, past Commander and past Quartermaster of the Emeritus Linden V.F.W. Post #4642. Herb was a life member of the Flint Detachment Marine Corps League, Linden American Legion 119, Bay City Scottish Rite Masonry. He was also a member of the Bay City Consistory, Marine Corps Association, Retired GM Corps UAW Local 1292 of Grand Blanc and Linden Presbyterian Church. Surviving are: wife of 66 years, Joyce; 3 children, Michael Herbert (Gail) Jacques of Linden, Timothy (Cindy) Jacques of Boca Raton, FL, Toni Bluhm of Linden; god-daughter, Kelly (Mike) McIntyre; grandchildren, Brent (Angela) Jacques, Jennifer Bluhm, Brooke Jacques, Rob Jacques; great-grandchildren, Christopher and Jeremy Jacques; sister, Nancy Hatch; sisters-in-law, Muriel Jacques and Celia Adams; many nieces and nephews. He was preceded in death by his parents; twin brother, Raymond Jacques in 1988; son-in-law, Dennis Bluhm; brother-in-law, Emery Hatch. Online tributes may be shared on the obituary page of www.sharpfuneralhomes.com

DVDs and movies released this week

Mike Wazowski and James P. Sullivan are an inseparable pair, but that wasn't always the case. From the moment these two mismatched monsters met they couldn't stand each other. "Monsters University" unlocks the door to how Mike and Sulley overcame their difference to become the best of friends. G, 1 hr. 35 min.

Jeff Bridges and Ryan Reynolds headline the 3D supernatural action-adventure R.I.P.D. as two cops dispatched by the otherworldly Rest In Peace Department to protect and serve the living from an increasingly destructive array of souls that refuse to move peacefully to the other side. Veteran sheriff Roy Pulsifer

(Bridges) has spent his career with the legendary police force known as R.I.P.D. tracking monstrous spirits who are cleverly disguised as ordinary people. His mission? To arrest and bring to justice a special brand of criminals trying to escape final judgment by hiding among the unsuspecting on Earth. PG-13, 1 hr. 36 min.

**To your
good health**

DEAR DR. DONOHUE: Two years ago, I was diagnosed with atrial fibrillation. For one year, things were fine, but the atrial fib returned. After five months of hell and reactions to meds, I agreed to have ablation. I was told it was 80 percent effective; I'm in the 20 percent. Now the doctors recommend a repeat ablation. I hesitate, because I have gotten worse since the first procedure. Would you recommend a second try? — K.S.

ANSWER: Atrial fibrillation is near the top of the list when it comes to heartbeat disturbances. It's a rapid and erratic beat. The speed of the beat compromises heart pumping, and its irregularity sets the scene for a stroke. The upper heart chambers — the atria — are not contracting; they're squirming. Blood stagnates in the atria and forms clots. Pieces of the clots can be swept into the circulation to the brain, where they cause a stroke. Sometimes, if a normal beat can't be restored, slowing the fib restores adequate blood pumping, but the stroke threat remains. That's the reason for putting people on the anticoagulant Coumadin. Catheter radiofrequency ablation is an attractive choice for restoration of a normal heartbeat. A thin, flexible tube — a catheter — is inserted into a groin blood vessel and carefully advanced to the heart's left atrium, where the irregular beat originates. The catheter is equipped to emit high-frequency current that ablates tissue responsible for fibrillation. "Ablation" means "destruction." One ablation treatment restores a normal beat 80 percent of the time. You fell into the 20 percent group. A second attempt achieves success 90 percent of the time. With those odds, I would jump at the chance of a second go with ablation. The odds are greatly in your favor. If a normal beat is restored, you can stop taking medicines, with their potential for side effects. You also can stop taking the anticoagulant, since the stroke threat will have gone.

DEAR AMY: I am a middle child, with an older and younger sister. Over the past two years my sisters have had my father live with them for a time. He was ill for a while but is now recovering. My husband and I are about to buy our first home, and my younger sister is hounding me to have my father live with us. He is quite young (59) and is capable of living on his own. We don't have children yet and have the space, but my younger sister would also be tagging along. She has been 'floating' for more than a year (i.e. sleeping here and there; she doesn't have a permanent home). My husband and I understand that someday we will have to take my father in, but we are not ready to do it just yet. My husband and I aren't buying this home to house my family. Are we being selfish? — Worried Wife

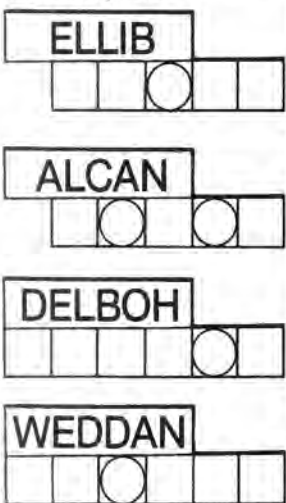

DEAR WIFE: You and your husband have formed a family together. Your primary job is to put your family at the center of your lives. Then you give what you can to others — your family and his. Nothing strains a marriage so much as cohabiting with other family members, and unless you and your husband both want very much to do this, then you should not. You say your younger sister has been floating from home to home for a year. You should assume that she has a strong motive to pressure you to provide for your father, because then you would also be providing for her. You don't mention what your father wants or needs. You and your husband need to communicate with him directly (not through or with your siblings) to outline what you are prepared to do for him, now and in the future.

DEAR AMY: I would like to date my sister's sister-in-law. When I expressed my romantic interest to her, she said that our families were too close and she would not want any resentment if our relationship didn't work out. I've tried the platonic approach but the friendship wasn't reciprocated. Any advice, ideas or suggestions? — Crushed Sibling

DEAR CRUSHED: If you express romantic interest in someone and she rebuffs you, then you need to back off.

SundayJumble

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

Print answer here: ☐ " ☐ ☐ ☐ ☐ "

Redesigned Notification Center

The Notification Center was first introduced in iOS 5. The Notification Center centralizes all types of notifications including new email, text message, tweet, Facebook message, etc. In iOS 7, the Notification Center is further improved. A new feature called Today gives you a convenient summary of today (as well as tomorrow). It shows you today's weather, calendar events and reminders. You'll also get a summary of the latest stock prices. To activate Notification Center, simply swipe down from the top of the screen. You can access Notification Center from any screen, including the Lock screen. In addition to Today's view, you can get a summary of the notifications in the All tab.

The tip is provided by Handbook for iPhone Lite.

SHRIMP WITH POBLANO PEPPERS

and olives in a garlic tomato base

INGREDIENTS

Recipe from
1227foster.com

- 18 -20 large Shrimp (peeled and deveined)
- 1 large Poblano Pepper (cut into bite-sized slices; retain some seeds for added heat)
- 2 large Tomatoes (chopped)
- Whole Olives (pitted and add enough to your liking)
- 1 clove Garlic (crushed)
- Olive Oil
- Salt
- Pepper

DIRECTIONS

1. Heat olive oil in a large pan over medium heat.
2. Once oil is hot, sauté garlic and peppers until garlic has turned a light, golden color.
3. Add in tomatoes and continue cooking until softened, then add in olives and season with salt and pepper.
4. Finally, add in shrimp and cook for a few minutes just until they turn pink and have begun to curl into a "C."
5. Serve over your choice of pasta or rice and enjoy! Serves 2.

Lansford PLAN 30-314

Every few decades, Colonial Revival homes have a resurgence of popularity and the Lansford rides clearly on the crest of the current wave. On their exteriors, these homes display a love of the traditional, while inside they have all the modern conveniences.

Updated colonial features here include a symmetrical central section, clapboard siding, hipped roof, decorative shutters and a covered entry porch supported by stately columns. The interior offers more than 3,000 square feet of living area, with six bedrooms, plus 600 more square feet in an unfinished bonus room.

Entering, you step into a wide foyer with stairs and a hallway ahead. Living and dining rooms are to the left and right. This arrangement is the final bow to tradition. The rest of the interior is totally contemporary.

Leaving for the Winter?

Caretel Inns of Linden - Skilled Nursing Facility
currently has an opening for

FULL TIME **RN** ON THE DAY SHIFT

SUCCESSFUL CANDIDATES MUST MEET THE FOLLOWING REQUIREMENTS

- Must have current valid license in Michigan
- Minimum 1 year experience in long term care facility
- Must have criminal background check

Apply in person at

202 S. Bridge Street, Linden, MI 48451
or apply online hrcaretellinden@gmail.com

We currently have a need for a
FULL TIME

RN SUPERVISOR
ON THE AFTERNOON SHIFT

The primary purpose of the Manager is to direct nursing care to the residents and to supervise the day-to-day nursing activities performed by staff nurses and nursing assistants. Such supervision must be in accordance with current federal, state and local standards, guidelines, and regulations that govern our facility and as may be required by the Director of Nursing to ensure that the highest degree of quality is maintained.

QUALIFICATIONS:

- Must possess current, active license to practice as an RN in Michigan
- Graduate of an accredited school of nursing
- Bachelors Degree in Nursing is desired, but not necessary
- 1-3 years of management experience with LTC / SNF and enjoy working with the elderly.

DUTIES: Drug administration • Day-to-Day nursing • Employee relations and staff development • Safety compliance • Equipment and Supply monitoring • Care plan and assessment for guests • On-Call availability
The afternoon supervisor position requires management experience.

REQUIREMENTS:

- Must be knowledgeable of nursing and medical practices and procedures, as well as laws, regulations, and guidelines that pertain to LTC.
- Must possess ability to make independent decision when circumstances warrant such action.
- Ability to deal tactfully with personnel, guests, family members, visitors, government agencies/personnel and the general public.
- Must possess leadership and supervisory ability and the willingness to work harmoniously with and supervise other personnel.

If you are interested, come visit our facility
and fill out an application at

PLANNING COMMISSION
CITY OF FENTON
GENESEE COUNTY, MICHIGAN

NOTICE OF PUBLIC HEARING ON
ZONING ORDINANCE AMENDMENTS

THURSDAY, NOVEMBER 21, 2013

Notice is hereby given that the City of Fenton Planning Commission will hold a public hearing at 7:00 p.m., or as soon thereafter as the matter may be heard, on Thursday, November 21, 2013 for the purpose of considering text amendments to Section 22.05, Specific Sign Standards, footnote (c), Changeable message signs. These amendments will eliminate changeable message wall signs in any commercial or industrial district and all changeable message signs in the CBD, Central Business District.

The public hearing will be held in the City Hall Council Chambers, 301 South Leroy Street. The purpose of the public hearing is to describe the proposed zoning amendments and receive public comment on the proposal. All interested parties are welcome to attend and present their comments.

A copy of the zoning ordinance amendments is available for public inspection at the City of Fenton offices, 301 South Leroy Street, during regular business hours. Written comments concerning the project may be submitted at the above address prior to the hearing and will be made part of the official record. The minutes of all meetings are available at the City Clerk's office.

Comments and questions may be directed to the City of Fenton Zoning and Building Administrator, Brad Hissong, at 810-629-2261.

PLEASE CONTACT THE FENTON CITY CLERK'S OFFICE IF ANY ACCOMMODATIONS ARE NEEDED DUE TO A DISABILITY.

II. INFLOW AND INFILTRATION

A. Fee:

Each community shall pay additional fees for excess inflow and infiltration delivered to the county interceptor for treatment at the District 3 plant. Excess inflow and infiltration shall be considered to be any flow in excess of two (2) times the annual average flow. If a 25-year storm event results in excess flows, no fee shall be collected by the County Agency.

The fees shall be as follows:

Volume from 2 to 2.5 times the community Average flow	\$0.60 per 100 cubic feet
Volume from greater than 2.5 to 3 times the Community average flow	\$0.90 per 100 cubic feet
Volume from greater than 3 times community Average flow	\$1.20 per 100 cubic feet

B. Penalty:

For each event in which a community's flow exceeds three (3) times the community's average flow, the community will pay a \$5,000 penalty to the County Agency. The funds will be returned to the community on a dollar basis for each dollar spent on removing/eliminating inflow and infiltration in their collection system.

The rates are established pursuant to Act 342 Michigan Public Acts of 1939, as amended.

SECTION 3

Rates for service are applied on the date bills are rendered.

SECTION 4

All other provisions of this Ordinance shall remain in full force and effect. This Ordinance shall become effective upon publication.

Adopted: 10-28-2013
Denise Graves, Clerk

PLANNING COMMISSION

CITY OF FENTON

GENESEE COUNTY, MICHIGAN

NOTICE OF PUBLIC HEARING ON

ZONING ORDINANCE AMENDMENTS

THURSDAY, NOVEMBER 21, 2013

Notice is hereby given that the City of Fenton Planning Commission will hold a public hearing at 7:00 p.m., or as soon thereafter as the matter may be heard, on Thursday, November 21, 2013 for the purpose of considering text amendments to Section 36-2.16, Keeping of Animals. These amendments provide standards that would allow service therapy animals in residential districts when specific conditions outlined in the proposed amendments are met.

The public hearing will be held in the City Hall Council Chambers, 301 South Leroy Street. The purpose of the public hearing is to describe the proposed zoning amendments and receive public comment on the proposal. All interested parties are welcome to attend and present their comments.

A copy of the zoning ordinance amendments is available for public inspection at the City of Fenton offices, 301 South Leroy Street, during regular business hours. Written comments concerning the project may be submitted at the above address prior to the hearing and will be made part of the official record. The minutes of all meetings are available at the City Clerk's office.

Comments and questions may be directed to the City of Fenton Zoning and Building Administrator, Brad Hissong, at 810-629-2261.

PLEASE CONTACT THE FENTON CITY CLERK'S OFFICE IF ANY ACCOMMODATIONS ARE NEEDED DUE TO A DISABILITY.

TOWNSHIP OF ARGENTINE
GENESEE COUNTY, MICHIGAN

ORDINANCE NO. 64

AN ORDINANCE FOR THE REGULATION OF THE IGNITION, DISCHARGE,
AND USE OF CONSUMER FIREWORKS, AS ALLOWED UNDER THE MICH-
IGAN FIREWORKS SAFETY ACT MCL 28.451 ET SEQ., AS AMENDED.

THE TOWNSHIP OF ARGENTINE ORDAINS:

Short Title. This Ordinance shall be known and may be cited as the “Fireworks Ordinance.”

Statement of Purpose. This is an Ordinance to provide for the regulation of the ignition, discharge, and use of consumer fireworks, as allowed under the Michigan Fireworks Safety Act, MCL 28.451 et seq., as amended.

Definitions. As used in this Ordinance, the following terms shall be defined as follows:

- (A) “APA standard 87-1” means 2001 APA standard 87-1, standard for construction and approval for transportation of fireworks, novelties, and theatrical pyrotechnics, published by the American Pyrotechnics Association of Bethesda, Maryland.
- (B) “Consumer Fireworks” means fireworks devices that are designed to produce visible effects by combustion, that are required to comply with the construction, chemical composition, and labeling regulations promulgated by the United States Consumer Product Safety Commission under 16 CFR parts 1500 and 1507, and that are listed in APA standard 87-1, 3.1.2, 3.1.3., or 3.5. Consumer Fireworks does not include low-impact fireworks.
- (C) “Fireworks” means any composition or device, except for a starting pistol, a flare gun, designed for the purpose of producing a visible or audible effect by combustion, deflagration, or detonation.
- (D) “Low-impact Fireworks” means ground and handheld sparkling devices as that phrase is defined under APA standard 87-1, 3.1, 3.1.1.1 to 3.1.1.8, and 3.5.
- (E) “Minor” means an individual who is less than 18 years of age.
- (F) “National Holiday” means the following legal public holidays:
 - 1. New Years’ Day – January 1.
 - 2. Birthday of Martin Luther King, Jr. – the third Monday in January.
 - 3. Washington’s Birthday – the third Monday in February.
 - 4. Memorial Day – the last Monday in May.
 - 5. Independence Day – July 4.
 - 6. Labor Day – the first Monday in September
 - 7. Columbus Day – the second Monday in October
 - 8. Veteran’s Day – November 11.
 - 9. Thanksgiving Day – the fourth Thursday in November.
 - 10. Christmas Day – December 25.

Ignition, Discharge and Use of Consumer Fireworks. A person shall not ignite, discharge, or use consumer fireworks, except on the day preceding, the day of, or the day after a national holiday.

Possession of Consumer Fireworks by a Minor. A minor shall not possess consumer fireworks.

Prohibited Locations. A person shall not ignite, discharge, or use consumer fireworks on public property, school property, church property, or property of another person, without that organization’s or person’s written permission to use those fireworks on those premises.

Prohibited Hours of Use. All fireworks are prohibited between the hours of 1:00 a.m. – 8:00 a.m.

Use While Under Influence Prohibited. An individual shall not use consumer fireworks or low-impact fireworks while under the influence of alcoholic liquor, a controlled substance, or a combination thereof.

Reckless Use of Fireworks. An individual shall not use consumer fireworks to damage or destroy property of others or use the same in a reckless disregard for the safety of persons or property.

Penalty.

- (A) A violation of this Ordinance is a misdemeanor and shall be punished by a fine not to exceed Five Hundred (\$500.00) Dollars, plus the costs of prosecution, and/or by imprisonment for a period of not more than ninety (90) days, or by both such fine and imprisonment.
- (B) If the police officer determined that a violation of the Ordinance occurred, the officer may seize the consumer fireworks as evidence of the violation. Following a final disposition, with a finding of responsibility for violating this Ordinance, the Township may dispose or destroy any consumer fireworks retained as evidence in that prosecution.

Effective Date. This Ordinance shall become effective thirty (30) days after publication.

The Ordinance was adopted October 28, 2013
Denise Graves, Clerk
