Your neighbor could be $418,739 richer after winning Fantasy 5 jackpot

By Sally Rummel

A regular customer at Lakeside Market in Fenton Township got more than his “bread and butter” when he did his shopping two weeks ago. He won the July 2 drawing of the Fantasy 5 jackpot of $418,739 by playing five easy pick numbers on a ticket he purchased at Lakeside Market. The winning numbers were 03-14-18-29-35.

“This is the first time we’ve ever sold a big prize like this,” said market owner Louie Setto. “We’re very excited. We’re seeing new people coming in every day to play the lottery.”

It’s where art is seen, heard, created and purchased

Fenton — On Saturday art wasn’t just being sold and displayed downtown — it was also being painted, airbrushed, splattered and performed before the eyes of the thousands that came through downtown Fenton for the afternoon event.

The Fenton ArtWalk ran from 11 a.m. to 4 p.m., and then an afterglow took place until 9 p.m. It was the fourth time downtown was taken over by art, and although spread over a large area, seemed successful, and enjoyed by downtown visitors. The perfect weather helped, too.

Program will target roads throughout the city

By Ryan Tackabury

Fenton — If all goes according to plan, Fenton’s roads will be somewhat smoother five years from now.

As discussed at the Fenton City Council meeting on Monday, the major street maintenance work looks to target Silver Lake Road from U.S. 23 to Main Street, Main Street from the city limits to Silver Lake Road, South Holly Road from Adelaide to... See ROADS on 2

the east city limits with cracksealing.

More maintenance work including cracksealing and minor joint repair will be performed on Fenway Circle, Copper Street, and Industrial Drive, while resurfacing will also be done on Outer Drive, Vassar Drive, Summit Street, and Plateau Street.

These improvements come at a cost however, and just how much of a cost was a topic of discussion at Monday’s meeting. There, the city council voted unanimously to accept the lowest bidder on the project, Cadillac Asphalt, LLC from Clarkson, at a price of $578,734.

The city’s engineering consultant firm, OHM, recommended the city select Cadillac Asphalt. “They have been in operation for nearly a century and their officers have over 30 years of experience. They have successfully completed similar projects throughout the area,” wrote OHM advisors in a letter of recommendation to the council.

Another $74,000 will be paid to OHM for additional services involving the street maintenance program, including observation and daily documentation of construction activities, and coordinating material testing.

OHM will also handle all the contract administration according to Department of Public Works (DPW) Director Daniel Czarnecki in a memorandum to the city council.

FUTURE ROAD FUNDING

The council session also briefly touched on the future of roadwork, and the troubles that the city is facing. City Manager Lynn Markland said that in the past, the city would put $400,000 away in its budget for road repair. As the budget has become tighter, the city now only sets aside $200,000.

“We’ve been putting dollars away for a number of years,” Markland said. “In order for us to continue having a road program that is successful, we’re going to have to find a way to enable us to do that. I don’t see any other way to do that other than to create some kind of millage request to the voters.”

Markland said unless more funding is secured, the city’s ability to continue doing similar road work is numbered, and that it was unlikely it would come from the state of Michigan.
INTOXICATED DRIVER HITS TREE

A 40-year-old Fenton man faces charges after crashing his vehicle into a tree while he was highly intoxicated. Lt. Jason Slater said Fenton police responded to Hickory and Beach streets at 6 p.m. on July 12 on a report that a 2010 Chevy Blazer had just struck a tree and kept going. Police observed the large tree branches on the ground, and the Blazer had dragged some down the street until it came to rest at Beach and Beach. Fenton police said the driver appeared highly intoxicated and was unable to do any field sobriety tests. He was transported to the hospital where a breath test revealed he had a blood alcohol content of .31 percent. After being cleared by the hospital, the man was lodged overnight at the county jail. No injuries were reported. Once a blood analysis comes back from the MSP crime lab, Fenton police will submit their report to the prosecutor for possible charges.

YELLING AT THE PARK

Just after 1 p.m. on July 14, Fenton police responded to Bush Street. According to the police report to the prosecutor for the report, a blood analysis revealed he had a blood alcohol content of .31 percent. After being cleared by the hospital, the man was lodged overnight at the county jail. No injuries were reported. Once a blood analysis comes back from the MSP crime lab, Fenton police will submit their report to the prosecutor for possible charges.

New border politics: Blame Obama first

As Congress considers unaccompanied Central American children streaming across its state’s southern border, Texas Gov. Rick Perry took a paranoid turn.

In an interview Sunday on ABC’s ‘This Week,’ Perry repeated sentiments that he expressed earlier on Fox News that, as the number of detained children has surged past 60,000 in recent months, President Barack Obama has failed to faithfully execute.

Obama has boosted border security and deported so many undocumented immigrants (a record-breaking 409,849 in 2012) that the National Council of La Raza, a leading Hispanic rights organization, has branded him ‘deporter-in-chief.’

The calves were taking me to the Washington Nationals baseball game on July 4 is from Bangladesh. I ask him how he got here. He said his father ‘won the immigration lottery’ some years back, was admitted under U.S. immigration law and eventually became a citizen, as did his son. He is proud to be an American and said after he dropped me off he was going to a tradition, part of July 4 to celebrate America’s independence.

Those are the kinds of immigrants America should welcome. My driver says he works hard, supports his family and is outraged by those who break the law to cross the border and immediately begin getting free stuff that he, now a taxpayer, must subsidize.

At a July 4 White House naturalization ceremony, President Obama said welcoming people to America is ‘central to our way of life.’ No, what is central to our way of life is the Constitution, which protects our freedoms.

The calves were taking me to the president.

Add s’mores to your campfire this summer
Make delicious treats even better with creative additions
There is no hallmark of summer fun quite like a campfire — whether you’ve gathered some neighbors and friends in your own backyard or you’re on a backpacking adventure.
In fact, 99 percent of campers have a campfire and 91 percent of campers “roast” over their campfires, according to research from The MindClick Group. And now there are some great ways to give this age-old tradition some innovative twists.

Go Green
Take care of the nature that you’re enjoying. Remember to keep the honorable principle of “leave no trace” top of mind. Regularly clear your campfire and your campsite of debris and garbage. This is also a good practice to keep bears at bay if you are in an area inhabited by bears. Many parks have separate bins for recyclables.
You can also green your campfire by your choice of what you burn. Instead of traditional firewood, consider a cleaner-burning roasting log to reduce your impact on the air around you. For example, dur aflame Campfire Roasting Logs are made from 100 percent renewable resources and burn 60 percent cleaner than firewood in a fire pit.
Just five pounds of the logs create a fire equivalent to about 24 pounds of firewood. And because they are made with wood charcoal, recycled sawdust and renewable bio wax, no trees are cut down to produce them. They are also easy to transport for your camping trip, and stack and burn like wood.

GasBuddy lets you check area prices before you stop

►Smartphone app keeps tabs of retail gas prices, locally, nationwide

By Sharon Stone
stone@tctimes.com; 810-433-6786

It’s so frustrating to stop for gas and find out minutes later that you could have spent 10, 20 or 30 cents less per gallon had you known a nearby gas station’s prices were lower.

If you have a smartphone, a free app called GasBuddy could have alerted you to the price difference and saved you a lot of money on that fill-up.

GasBuddy.com also sends out weekly reports of where gas prices are at, including the greater Flint area, and an adequate reason as to the price increases, or decreases.

As announced by GasBuddy on Monday, average retail gasoline prices in Flint fell 13.8 cents per gallon (g) in the past week, averaging $3.56/g Sunday, according to their daily survey of 212 gas outlets in the Flint area. This compares with the national average that has fallen 3.7 cents per gallon in the last week to $3.61/g.

A look at Fenton area gas stations, the GasBuddy app reveals that gas prices on Monday ranged from $3.55 to $3.84 per gallon.

Including the change in gas prices during the past week, prices Sunday were 25.9 cents per gallon lower than the same day one year ago and are 37.6 cents per gallon lower than a month ago. The national average has decreased 4.3 cents per gallon during the last month and stands unchanged compared to this day one year ago.

“Some stations will be buying the cheaper gasoline and passing on savings faster, leading to a wide array of gas prices,” DeHaan said.

Smartphone owners can download the free GasBuddy app by going to their app store. Users can check out all of the local gas stations, and if you travel, you can review prices in other towns, as well.

Michigan Votes is a free, non-partisan website created by the Mackinac Center for Public Policy, to provide concise, non-partisan, plain-English descriptions of every bill and vote in the Michigan House and Senate. While the Legislature is adjourned for a primary campaign break, the Roll Call Report, released on Friday, July 11, reviews key votes of the 2013-2014 session.

Senate Bill 257: Expand “Business Improvement Zone” tax-and-spend entities

To expand the items that a “Business Improvement Zone” can spend money on, revise voting rules in a way that (potentially) reduces the proportion of property owners needed to impose a zone’s tax-and-spending powers, increase the proportion of owners needed to dissolve one, reduce notice and public meeting requirements required to establish one, increase penalties for not paying the “special assessments” these entities impose, and more. These zones have the power to impose levies to pay for the debt they incur to pay for projects that are supposed to benefit the property owners.

Passed 35 to 2 in the Senate
State Sen. Dave Robertson (R-Genesee County) YES NO

Passed 77 to 31 in the House
Rep. Joe Graves (R-Argentine Township) YES NO

Senate Bill 38: Authorize wage garnishment for nonpayment of “administrative hearing bureau” fines

To allow a local government to garnish the wages of a property owner who has failed to pay fines imposed by “administrative hearing bureaus” that most cities are allowed to create for enforcing “blight violations” under a 2003 law.

Passed 35 to 1 in the Senate
State Sen. Dave Robertson (R-Genesee County) YES NO

Passed 95 to 15 in the House
Rep. Joe Graves (R-Argentine Township) YES NO

Senate Bill 39: Authorize foreclosure for nonpayment of “administrative hearing bureau” fines

To allow a local government to foreclose on property owned by a person who has failed to pay fines imposed by “administrative hearing bureaus” that most cities are allowed to create for enforcing “blight violations” under a 2003 law.

Passed 35 to 1 in the Senate
State Sen. Dave Robertson (R-Genesee County) YES NO

Passed 103 to 7 in the House
Rep. Joe Graves (R-Argentine Township) YES NO

Senate Bill 218: Expand “water resource improvement authorities” to eliminate the sun-drenched tax cities can impose on non-residential areas and “tax increment financing” schemes to divert other taxing units’ property tax revenue to cover debt service payments on debt they incur for various recreation and development projects.

Passed 32 to 5 in the Senate
State Sen. Dave Robertson (R-Genesee County) YES NO

Business Improvement Zones (BIZ)

Passed 92 to 16 in the House
Rep. Joe Graves (R-Argentine Township) YES NO
ARTWALK Continued from Front Page

There were several participating vendors and 31 businesses. As mentioned, there was art being created at the event. Wendy Dalton of Hartland and Armando Fernández of Flint air brushed an ultra-detailed and colorful portrait of a lion, at which many stopped to watch. A “Fenton ArtWalk” sign was splattered paint on the lawn of the Fenton Community and Cultural Center. Every block had at least one musical performance — steel drums, to psychedelic rock, to the Fenton Community Orchestra. Living statues and strolling performers graced downtown, and the lifting sounds of the Sweet Adelines choir stopped visitors before the police station.

Faces were painted, and lots of art pieces were sold, the epicenter being the larger tents on the lawn of the community center. While shopping or browsing, visitors could hear the full ensemble of the Fenton Community Orchestra perform. ArtWalk is funded by Downtown Development Authority (DDA) money, and also sponsored by Lake Area Arts Council.

For $18, the MDEQ tests for arsenic. Lab Director George Kriztian said the process is pretty simple — if you don’t use a municipal water system, call the lab and request a kit.

They’ll ship you a kit with proper bottle instructions, paperwork, and payment information. The sample, payment and information gets mailed back, and results will be provided in a letter, and email if an address is provided.

The lab does around 4,000 tests a year, and can get results back via email in around a week.

“If they have well water, Michigan has naturally occurring arsenic, and there are some hot spots in Michigan,” said Kriztian. “We recommend people, just to be safe, should test their water.” He recommends annually for arsenic hotspots, and every five years with low readings.

The MDEQ doesn’t recommend a specific system for filtering water. Kriztian said that instead, the filter, whether at the faucet, sink or at the water softener, should have been tested by a third party laboratory. He said if the information isn’t prominently displayed already, a call to the manufacturer can get answers, and even the test results.

But while Forrest was out meeting the President and fighting for our country all that really mattered to him was his love for Jenny. Some may say he was clueless, others may think he understood unconditional love more than anyone did.

It’s likely that it would be hard to picture anyone other than Tom Hanks in this bumbling role. In fact, according to IMDb, it only took an hour and a half of reading the script for Hanks to sign on. The only condition he gave them was that the film be historically accurate. It’s also been admitted that the movie undying popularity then I don’t know what would.

A few life lessons from Forrest Gump

1. If you don’t try, you’ll never know if you can succeed

Forrest Gump was born with trials. To begin with his back was “as crooked as a politician,” which caused him to have to wear braces on his legs. He was bullied because of his appearance, and was involved in a bullying incident Jenny said, “Run, Forrest, run.” As he ran his braces broke free, and later he became an athlete, illustrating that you can do what you set your mind to.

2. Always do what you love

Forrest loved mowing the lawn and he even continued doing it when he was rich. This can go both ways — don’t let money or a lack of money hold you back from doing what you enjoy or reaching for your dreams.

3. Share your fortunes with others

Forrest didn’t keep his money to himself once he got rich. He even gave Bobuckets a portion of the shrimp boat business to Bobucket’s family. “There’s only so much fortune a man really needs and the rest is just for showing off.”

What life lessons has Forrest Gump taught you?
**BRUSH**
Continued from Page 3

While your hair’s styling products, dryers and irons help you create your own unique style, the brush you use to finish it off has a lot to do with achieving that look also.

Going through the hair care aisle at the drugstore may seem intimidating at first, but if you do a bit of research here you can easily find a brush that will help boost your hair’s styling and finishing powers.

**BRUSH SHAPE**

- **Paddle**
  This is your go-to brush best for straightening and preliminary drying. They are meant to create a straight look that works both on long hair and straight-styled bobs. They’re usually made of nylon bristles and are used to dry larger areas to a flat, smooth finish.

- **Round**
  Use a round brush to create shape and movement wherever you need it, or to add volume and lift. The size of the barrel will determine how much curl volume can be achieved. For short hair or bangs, use a small brush. The bigger the brush, the straighter the look you’ll achieve.

- **Teasing**
  Use a teasing brush to add serious height and to support an up-do. Teasing brushes are usually thin with rigid nylon or plastic bristles. Experts suggest care in using this brush on fine or fragile hair.

**BARREL TYPE**

Picking the best barrel for your buck and the right one for your style can speed up the drying process.

- **Ceramic**
  This is the most popular barrel material, according to Prevention magazine. Like ceramic cookware, barrels made of this materials maintain a gentle, healthy level of heat to aid in the drying process. They can double as a curling iron, and dry hair quickly and evenly. Most have holes through the barrel to allow both sides of the hair to dry.

- **Tourmaline or ion**
  These are made from crushed gemstones that release negative ions, helping to smooth hair and reduce static electricity. Many brush models have gel grips, which keep your hand relaxed while you style and smooth your hair.

- **Titanium, thermal and vented**
  Titanium brushes coated with ceramic provide similar benefits to ceramic brushes, but are slightly more lightweight. A thermal brush aims to regulate heat to protect hair, much like ceramic.

- **Vented brushes**
  Vented brushes have holes to distribute the heat for consistency throughout your blowout.

**BRISTLES**

- **Boar bristles**
  These distribute natural oils throughout your hair, making it smooth and shinier. They also stimulate the scalp, promoting growth and overall hair health.

- **Synthetics**
  Nylon or plastic bristle brushes glide through hair gently, even when hair is tangled.

---

**Seven hair brushing mistakes:**

1. Don’t brush from the root to the tip. To avoid breaking your hair by pulling it out of the follicle, work your way up by starting to comb a few inches from the bottom, taking out tangles, then moving up toward the roots in small sections.

2. Don’t brush when wet. To avoid breaking stretched hair fibers, allow hair to air dry before detangling.

3. Don’t use a paddle brush to detangle. Use a wide-tooth comb, and first apply a detangling product designed for your hair type.

4. Over brushing causes breakage. Instead, focus on the quality of the brushing, not the number of strokes.

5. Don’t brush with the wrong type for your hair. Natural boar bristle brushes are gentler than brushes with synthetic bristles.

6. Don’t brush with a dirty brush. Wash your hairbrush once a week to avoid clogged barrels and excess product buildup. To wash, remove hair in the bristles, and then run brush under warm water. Add shampoo or hand wash and work into the bristles, creating a foam. Rinse the brush off completely and set on towel to dry.

7. Don’t cause static with your brush. Before brushing, spritz hairspray on the brush to control flyaways.

Bragg, Anderson keep the 15K run titles in Fenton

By David Troppens
dtroppens@tctimes.com; 810-433-6789

Fenton — Kelsey Bragg isn’t completely used to people knowing who she is.

Well, the 24-year-old Fenton resident better get used to it. If Bragg continues winning Michigan road races, she’s going to become a household name on the Flint-area circuit.

And it’s already happening. This year’s overall female winner at the Bastille Day 15K Race was already getting noticed prior to starting her race on Saturday.

“It’s amazing,” Bragg said. “It’s kind of something I’ve dreamt of. Today, getting out of the car, a guy approached me saying, ‘Hey, you are the girl that won the half-marathon (during Fourth of July in Brighton) a couple of days ago. I don’t expect people to recognize me, so it’s half-humbling, too.’”

Bragg was one of three area winners in the 15K event. While she won the female event by taking seventh overall with a time of 59:41, another 24-year-old Fenton resident, Jesse Anderson, captured the male overall winner title by posting a time of 50:43.

The Masters winners included Pontiac’s Eric Green, who was the Male Masters winner (56:55). He finished third overall. Taking 10th overall and capturing the Female Masters winner title was Lisa Veneziano (1:00.50).

Veneziano was the defending female champion and she posted nearly the same time as last year, .01 second faster.

Flint’s Billy Durant placed second overall, finishing 2:32 behind Anderson with a time of 53:15. After Green placing third, Fenton’s Todd Connor was fourth (56:56) and Arizona’s Karl Lenser was fifth (58:51). Bragg and Veneziano were followed by Grand Blanc’s Sarah Martinez, who was third in the female division (1:04.23). Birmingham’s Marie Halpin was fourth (1:06.03), while Fenton’s Pamela Rynearson was fifth (1:08.28). Rynearson won the Applefest 5K race last fall.

Bragg had a spirited 10K race with Veneziano last fall, and didn’t want to finish second to the Fenton running legend at the Bastille event.

“When I started running, I was neck and neck with her,” Bragg said.

But this time, she took a more conservative approach.

“I took it easy,” Bragg said. “I was going to make sure to come in.”

The 2008 NCAA Division 1 Track and Field Championships, Janson had no clue how well he would do.

“I ran my last race when I graduated in college (from the University of Colorado),” Janson said. “I actually am (surprised how well I ran). The two guys I ran with were pretty cool. I sat on her tail on 5K.”

A Q&A about the World Cup:

Did the right team win the World Cup?

Germany defeated Argentina 1-0 in Sunday’s final. I’d argue the best team from start to finish the World Cup would be Argentina. It was in a class of its own.

Was this a successful World Cup venture for the U.S.?

Time to get wishy-washy with an answer. Few expected the U.S. to get out of the group of death, so doing so could be termed success. However, the U.S. has made it to the round of 16 many times, so there’s nothing overwhelming about that result. Surpassing it would classify as a success, and that didn’t happen. Also, we were promised a different type of play by the Americans, and the team looked very much what we’ve seen in the past.

The U.S. couldn’t possess the ball, but it showed guts and usually did well because of its keeper. That happened again this year.

Is the U.S. now a soccer nation?

Soccer won’t be the NFL anytime soon. However, with each World Cup cycle it’s obvious there is a larger sub-culture of soccer fans. Most of its fans are younger, so it’s only going to continue to grow.

the person who took it out to see if I could outkick him at the end."

The rest of the male top five finishers were Grand Blanc’s Foad Abdole in third (17:13), Belleville’s Jacob Hoppe in fourth (17:13) and Holly’s Vincent Cantu in fifth (18:57). Velasquez won the Male Masters honor by beating Fenton’s Eric Larson, who finished 18 seconds behind Velasquez (19:20).

Jackson dominated the female 5K, defeating the field by 1:55. It made her victory by 61 seconds a year ago seem relatively close.

Jackson is entering her senior year in high school and enjoys seeking out strong races in the state. Jackson won the Caledonia Kilt Classic in late June, but says she doesn’t win too many road races because she usually looks for the toughest events.

“I like to run against the fastest people,” Jackson said. “I don’t always win the races, but the faster the people I run against, that’s how you get better. I’d rather take third in a big race with faster people. I have a lot of fun here. It’s a challenging course. All of the runners did great.”

The rest of the female top five finishers in the 5K were (in order from second to fifth) Ithaca’s Misty Godley (20:27), Holly’s Jennifer Janson (20:56), Redmond and Oxford’s Hannah Long (21:13).

Jackson placed 21st at the Division I state cross country meet last year, and is excited about her senior year. Jackson improved upon her time of 18:58 by 26 seconds this year. She was the only woman to finish in under 20 minutes. "I just want to see what happens," Jackson said. "I don’t like to put a lot of stress on it. I just want to have fun and I want to be the best I can be, obviously. I enjoy racing and just trying to get better every year."

Runners begin the 5K event at Saturday’s Bastille Day Walk and Run. The female 5K winner was Kelli Jackson (far right). Michael McGarry Jr. (far left) was the second-place runner overall.

AN ORDINANCE TO AUTHORIZE THE ISSUANCE BY THE CITY OF LINDEN OF ITS SPECIAL ASSESSMENT BONDS, SERIES 2014, THE SALE THEREOF AND OTHER MATTERS PERTAINING THERETO

THE CITY OF LINDEN ORDINANCE:

1. AUTHORIZATION OF BONDS PURPOSE. Bonds of the City of Linden, Michigan (the “City”) in the aggregate principal sum of Seven Hundred Fifty Thousand Dollars ($750,000) (the “Bonds”) shall be issued to defray part of the cost of certain improvements as authorized pursuant to Act No. 279, Public Acts of Michigan, 1909, as amended. The improvements consist of the removal, milling and replacement of asphalt pavement; removal and replacement of select concrete curb and gutter; removal and replacement of sidewalk ramps; and construction of storm sewer improvements (and other appurtenances) from right-of-way to right-of-way along the lengths of Haystack Drive, Rockway Drive, Saddlebrook Drive, Saddlevley Court, Sunflower Drive and Ridgewood Drive. The aforementioned improvements are referred to herein collectively as the “Improvements.” The period of usefulness of the Improvements is estimated to be not less than sixteen (16) years. The plans for and estimate of cost for the Improvements in the amount of $751,108 are hereby approved and adopted.

BOND DETAILS. The Bonds shall be designated “Special Assessment Bonds, Series 2014”, shall be dated as of the date of delivery to the bearer thereof; shall be numbered consecutively from 1 upwards; shall be fully registered; shall be in the denomination of $5,000 each or any integral multiple thereof not exceeding $25,000; and shall be registered in the name of the City.

2. PAYMENT OF PRINCIPAL AND INTEREST. The principal of and interest on the Bonds shall be payable in lawful money of the United States. Principal shall be payable in the manner and at the times described in the form of Bond contained in Section 13 hereof. Interest shall be paid when due by check or draft drawn upon and mailed to the bond registrar and paying agent, whereupon DTC will notify the Participants of the availability through DTC of bond certificates. In such event, the bond registrar and paying agent shall deliver, transfer and exchange bond certificates as requested by DTC and any Participant or other party (the “Participants”) in the book-entry-only transfer system of the City and the bond registrar and paying agent as they severally mature. Intrest shall be paid to the registered owner of each Bond as shown on the registration books at the close of business on the 15th day of the calendar month preceding the month in which the interest payment is due. Interest shall be paid when due by check or draft drawn upon and mailed to the bond registrar and paying agent to the registered owner at the registered address.

BOOKENTRY SYSTEM. Initially, one fully-registered bond for each maturity, in the aggregate amount of such maturity, shall be issued in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC") for the benefit of other parties (the “Participants”) in the book-entry-only transfer system of DTC. In the event the City determines that it is in the best interest of the City not to continue the book-entry system of transfer or that the interests of the holders of the Bonds might be adversely affected if the book-entry system of transfer is continued, the City will notify DTC and the bond registrar and paying agent, whereupon DTC will notify the Participants of the availability through DTC of bond certificates. In such event, the bond registrar and paying agent shall deliver, transfer and exchange bond certificates as requested by DTC and any Participant or other party (the “Participants”) in the book-entry-only transfer system of the City and the bond registrar and paying agent as they severally mature. Intrest shall be paid to the registered owner of each Bond as shown on the registration books at the close of business on the 15th day of the calendar month preceding the month in which the interest payment is due. Interest shall be paid when due by check or draft drawn upon and mailed to the bond registrar and paying agent to the registered owner at the registered address.

EXECUTION, AUTHENTICATION AND DELIVERY OF BONDS. The Bonds shall be executing and authenticated to the signature of the Mayor and the Clerk and authenticated by the manual signature of an authorized representative of the bond registrar and paying agent and the seal of the City (or a facsimile thereof) shall be affixed or impressed on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Treasurer to the purchaser upon receipt of the purchase price for the Bonds. Additional Bonds bearing the manual signature of the Mayor and the Clerk and upon which the seal of the City (or a facsimile thereof) is impressed or impressed may be delivered to the bond registrar and paying agent for authentication and delivery in connection with the exchange or transfer of Bonds. The bond registrar and paying agent shall indicate on each Bond the date of its authentication.

8. EXCHANGE AND TRANSFER OF BONDS. Any Bond, upon surrender thereof to the bond registrar and paying agent with a written instrument of transfer satisfactory to the bond registrar and paying agent duly executed by the registered owner or his duly authorized attorney, may be transferred. The bond registrar and paying agent may make a charge upon the new Bond the following: “Payment of interest on this bond is in deficiency of the sum or sums so paid, and neither the City nor the bond registrar and paying agent shall be affected by any notice to the contrary. The City agrees to indemnify the bond registrar and paying agent duly executed by the registered owner or his duly authorized attorney, at the option of the registered owner thereof, may be exchanged for Bonds of any other authorized denominations of the same aggregate principal amount and maturity date and bearing the same rate of interest as the surrendered Bond. Each Bond shall be transferable only upon the books of the City, which shall be kept for that purpose by the bond registrar and paying agent, upon surrender of such Bond together with a written instrument of transfer satisfactory to the bond registrar and paying agent duly executed by the registered owner or his duly authorized attorney. Upon the exchange or transfer of any Bond, the bond registrar and paying agent shall deliver to the transferee a new Bond or Bonds of any authorized denomination of the same aggregate principal amount and maturity date and bearing the same rate of interest as the surrendered Bond. If, at the time the bond registrar and paying agent authorizes and delivers a new Bond pursuant to this Section, payment of interest on the Bonds is in default, the bond registrar and paying agent shall endorse upon the new Bond the following: “Payment of interest on this bond is in default. The last date to which interest has been paid is ________.”

The City and the bond registrar and paying agent may deem and treat the person in whose name any Bond shall be registered upon the books of the City as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of the principal of and interest on such Bond and for all other purposes, and all payments made to any such registered owner, or upon his order, in accordance with the provisions of Section 3 of this ordinance shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the City nor the bond registrar and paying agent shall be affected by any notice to the contrary. The City agrees to indemnify and save the bond registrar and paying agent harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

For every exchange or transfer of Bonds, the City or the bond registrar and paying agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.
CITY OF LINDEN ORDINANCE NO. 350

CONTINUED

The bond registrar and paying agent shall not be required to transfer or exchange bonds or portions of bonds which have been selected for redemption.

9. SECURITY. The principal of and interest on the Bonds shall be payable primarily out of the collections of the special assessments in anticipation of which they are issued but the full faith and credit of the City is pledged hereby to the payment of such principal and interest. If the receipts from the special assessments in anticipation of which the Bonds are issued shall not be sufficient to pay such principal and interest as the same shall become due, then an amount sufficient to pay the deficiency shall be advanced from the general fund of the City. The ability of the City to raise such funds is subject to applicable constitutional, statutory and charter limitations on the taxing power of the City.

10. DEFEASANCE. In the event cash or direct obligations of the United States or obligations of the principal of and interest on which are guaranteed by the United States, or a combination thereof, the principal of and interest on which, without reinvestment, shall become due at any time and in sums sufficient to pay, at maturity or irrevocable call for earlier optional redemption, the principal of and interest on the Bonds, shall have been deposited in trust, this ordinance shall be defeased and the owners of the Bonds shall have no further rights under this ordinance except to receive payment of the principal of and interest on the Bonds from the cash or securities deposited in trust and the interest and gains thereon and to transfer and exchange Bonds as provided herein.

11. PRINCIPAL AND INTEREST FUND. There shall be established for the Bonds a Principal and Interest Fund which shall be kept in a separate bank account along with other debt retirement funds of the City created for the same category of debt as the Bonds, as provided in Act No. 34, Public Acts of Michigan, 2001, as amended. From the proceeds of the sale of the Bonds there shall be set aside in the Principal and Interest Fund any premium and accrued interest received from the purchaser of the Bonds at the time of delivery of the same. All collections (including principal, interest and penalties) on the special assessments in anticipation of the collection of which the Bonds are issued shall be placed in the Principal and Interest Fund and as so long as the principal of and interest on any of the Bonds remain unpaid, no moneys shall be withdrawn from such fund except to pay such principal and interest.

12. CONSTRUCTION FUND. The remainder of the proceeds of the sale of the Bonds and a portion of the collections of the first installment of the assessments against the Saddlebrook Farms Streets Improvement Project Special Assessment District in the amount to be determined by the City Manager shall be set aside in a construction fund and used to defray part of the construction costs of the Saddlebrook Farms Streets Improvement Project Special Assessment District and so long as the principal of and interest on any of the Bonds remain unpaid, no moneys shall be withdrawn from such fund except to pay such principal and interest.

13. FORM OF BONDS. The Bonds shall be in substantially the following form:

(CONTINUED ON NEXT PAGE)
14. SALE, ISSUANCE, DELIVERY, TRANSFER AND EXCHANGE OF BONDS. The City Manager is authorized to set the time and date for the sale of the Bonds in accordance with the notice of sale set forth in Section 18 hereof. The Mayor, the Clerk, the City Manager and the Treasurer are each authorized to execute and deliver such certificates or documents as bond counsel shall require and to do all other things necessary to effectuate the sale, issuance, delivery, transfer and exchange of the Bonds in accordance with the provisions of this ordinance and to take any actions on behalf of the City, including the making of covenants of the City, deemed necessary and appropriate to assure that the interest on the Bonds will be and will remain excludable from gross income for federal income tax purposes.

15. QUALIFIED TAX-EXEMPT OBLIGATIONS. The Bonds are designated as “Qualified Tax-Exempt Obligations” as described in Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

16. TAX COVENANT. The City covenants to comply with all requirements of the Internal Revenue Code of 1986, as amended, necessary to assure that the interest paid on the Bonds will be and will remain excludable from gross income for federal income tax purposes.

17. REPLACEMENT OF BONDS. Upon receipt by the City Treasurer of proof of ownership of an unmatured Bond, of satisfactory evidence that the Bond has been lost, apparently destroyed or wrongfully taken and of security or indemnity which complies with applicable law and is satisfactory to the City Treasurer, the City Treasurer may authorize the bond registrar and paying agent to deliver a new executed Bond to replace the lost Bond, apparently destroyed or wrongfully taken in compliance with applicable law. In the event that an outstanding matured Bond is lost, apparently destroyed or wrongfully taken, the City Treasurer may authorize the bond registrar and paying agent to pay the Bond without presentation upon the receipt of the same documentation required for the delivery of a replacement Bond. The bond registrar and paying agent, for each new Bond delivered or paid without presentation as provided above, shall require the payment of expenses, including counsel fees, which may be incurred by the bond registrar and paying agent and the City in the premises. Any Bond delivered pursuant the provisions of this Section in lieu of any Bond lost, apparently destroyed or wrongfully taken shall be of the same form and tenor and be secured in the same manner as the Bond in substitution for which such Bond was delivered.

18. PRIOR APPROVAL. The City Manager, or his designee if permitted by law, is hereby authorized to submit to the Michigan Department of Treasury an application for prior approval, and an application for any waiver that may be required, to issue the Bonds, and to pay any applicable fee in connection therewith.

19. NOTICE OF SALE. The Notice of Sale for the Bonds shall be published in accordance with law in the Bond Buyer and shall be in substantially the following form, with such changes as shall be approved by the City Manager.

OFFICIAL NOTICE OF SALE

$750,000

CITY OF LINDEN
COUNTY OF GENESSEE, STATE OF MICHIGAN

$750,000 SPECIAL ASSESSMENT BONDS, SERIES 2014

SEALEDBIDS for the purchase of the above bonds will be received by the undersigned on or before the ___ day of ___ 2014, until ___ m., Eastern Daylight Time, at the City Hall located at 132 East Broad Street, Linden, Michigan 48451, where they will be publicly opened and read. Sealed bids also will be received on the same date and until the same time by an agent of the undersigned at the offices of the Municipal Advisory Council of Michigan, Buhr Building, 335 Griswold, Suite 1820, Detroit, Michigan 48226, where they will be opened and read publicly. Bidders may choose either location to present bids and good faith checks, but not both locations.

IN THE ALTERNATIVE: Bids may be submitted electronically via PARITY pursuant to this Notice on the same date and until the same time, but no bid will be received after the time for receiving bids specified above. To the extent any instructions or directions set forth in PARITY conflict with this Notice, the terms of this Notice shall control. For further information about PARITY, potential bidders may contact H.J. Umbaugh & Associates, Certified Public Accountants, LLP at (517) 361-0110 or PARITY at (212) 849-5021.

BOND DETAILS: The bonds will be fully registered bonds of the denomination of $5,000 each or any integral multiple thereof not exceeding the aggregate principal amount for each maturity at the option of the purchaser thereof, dated ___ 2014, and will bear interest from their date payable on May 1, 2015, and semiannually thereafter.

The bonds will mature on the first day of November as follows:

TERM BOND OPTION: Bidders shall have the option of designating bonds maturing in any year as serial bonds or term bonds, or both. The bid must designate whether each of the principal amounts shown above represent a serial maturity or a mandatory redemption requirement for a term bond maturity. There may be more than one term bond maturity. In any event, the above principal amount schedule shall be represented by either serial bond maturities or mandatory redemption requirements, or a combination of both. Any such designation must be made within twenty-four (24) hours of the Bond sale.

PRIOR REDEMPTION:

A. Mandatory Redemption - Term Bonds. Bonds maturing in any year are eligible for designation by the original purchaser at the time of sale as serial bonds or term bonds, or both. However, principal maturities designated as term bonds shall be subject to mandatory redemption, in part, by lot, at par and accrued interest on May 1st of the year in which the Bonds are presently scheduled to mature. Each maturity of term Bonds and serial Bonds must carry the same interest rate. Any such designation must be made within twenty-four (24) hours of the Bond sale.

When term Bonds are purchased by the Issuer and delivered to the Paying Agent for cancellation or are redeemed in a manner other than by mandatory redemption, the principal amount of the term Bonds affected shall be reduced by the principal amount of the Bonds so redeemed or purchased in the order determined by the Issuer.

B. Optional Redemption. Bonds maturing prior to November 1, 2023, are not subject to redemption prior to maturity. Bonds maturing on and after November 1, 2023, are subject to redemption prior to maturity, if as of the date of the Option, the City, in such order as determined by the City, in any one or more interest payment dates on and after November 1, 2022, in integral multiples of $5,000 and by lot within a maturity, at the par value of the bond or portion of the bond called to be redeemed, plus accrued interest to the redemption date.

Not less than thirty nor more than sixty days’ notice of redemption shall be given by first class mail to the registered owner at the registered address. Failure to receive notice of redemption shall not affect the validity of the proceedings for redemption. Bonds or portions of bonds called for redemption shall not bear interest after the redemption date; provided, funds are on hand with the bond registrar and paying agent to redeem the bonds called for redemption.

INTEREST RATE AND BIDDING DETAILS: The bonds shall bear interest at a rate or rates not exceeding 7% per annum, to be fixed by the bids therefor, expressed in multiples of 1/8 or 1/100 of 1%, or both. The interest on any one bond shall be at one rate only and all bonds maturing in any one year must carry the same interest rate. The interest rate on bonds maturing in any year shall not be less than the interest rate on bonds maturing in any preceding year. No proposal for the purchase of less than all of the Bonds or at a price less than 99% of their par value will be considered.

BOND REGISTRAR AND PAYING AGENT: The bonds shall be payable as to principal in lawful money of the United States upon surrender thereof at the principal corporate trust office of Michigan, the bond registrar and paying agent. Interest shall be paid to the registered owner of each bond as shown on the registration books at the close of business on the 15th day of the calendar month preceding the month in which the interest payment is due. Interest shall be paid when due by check or draft drawn upon and mailed by the bond registrar and paying agent to each registered owner at the address shown on the registration books. As long as DTC, or
its nominee Cede & Co., is the registered owner of the bonds, payments will be made directly to such registered owner. Disbursement of such payments to DTC participants is the responsibility of DTC and disbursement of such payments to the beneficial owners of the bonds is the responsibility of DTC participants and indirect participants. The City from time to time as required may designate a successor bond registrar and paying agent.

BOOK-ENTRY-ONLY: The bonds will be issued in book-entry-only form as one fully registered bond per maturity and will be registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"). New York, New York. DTC will act as securities depository for the bonds. Purchase of the bonds will be evidenced in book-entry-only form, in the denomination of $5,000 or any integral multiple thereof. Purchasers will not receive certificates representing their interest in bonds purchased. The bonds will not be issued in book-entry form if the purchaser is willing to accept physical delivery of the bonds in denominations equal to the aggregate principal amount for each maturity and, if necessary, transfer the bonds only in such denominations.

PURPOSE AND SECURITY: The issuance of the bonds is authorized by the provisions of Act 279, Public Acts of Michigan, 1909, as amended, and a bond authorizing ordinance adopted by the City Council of the City on July 7, 2014. The Bonds are issued in anticipation of the collection of special assessments for public improvements in the Saddlebrook Farms Streets Improvement Project Special Assessment District in the City as set forth in the bond authorizing ordinance. The special assessments and interest thereon are sufficient to pay the principal and interest on the Bonds when due. The full faith and credit of the City have been pledged for the payment of the principal of and interest on the Bonds and, in case of the unsufficiency of said special assessments, moneys shall be advanced from the general fund of the City to pay the principal of and interest on the Bonds. The ability of the City to raise such funds is subject to applicable charter, statutory and constitutional limitations on the taxing power of the City.

GOOD FAITH: A certified or cashier's check in the amount of $7,500 may be submitted contemporaneously with the bid or, in the alternative, a deposit in the amount of $7,500 shall be made by the winning bidder by federal wire transfer as directed by H.J. Umbaugh & Associates, Certified Public Accountants, LLP, for deposit into an account established by the Issuer not later than noon, prevailing Eastern Time, on the next business day following the award as a guarantee of good faith on the part of the winning bidder (the "Purchaser") to be forfeited as liquidated damages if such bid be accepted and the Purchaser fails to take up and pay for the Bonds. Any award made to the Purchaser is conditional upon receipt of the good faith deposit. The good faith deposit will be applied to the purchase price of the Bonds. In the event the Purchaser fails to honor its accepted bid, the good faith deposit will be retained by the Issuer. No interest shall be allowed on the good faith deposit. Payment for the balance of the purchase price of the Bonds shall be made at the closing. Good faith checks of unsuccessful bidders will be returned via U.S. Mail.

AWARD OF BONDS: The Bonds will be awarded to the bidder whose bid produces the lowest true interest cost which is the rate that will discount all future cash payments so that the sum of the present value of all cash flows will equal the Bonds proceeds computed from __________, 2014.

LEGAL OPINION: The opinion of Thrun Law Firm, P.C., Novi, Michigan, bond counsel, the original of which shall be furnished without expense to the Purchaser at the delivery thereof. The fees of Thrun Law Firm, P.C. for services rendered in connection with such approving opinion are expected to be paid from Bond proceeds. Except to the extent necessary to issue its approving opinion as to the validity of the above Bonds, Thrun Law Firm, P.C. has not been requested to examine or review, and has not examined or reviewed, any financial documents, statements or other materials that have been or may be furnished in connection with the authorization, marketing or issuance of the Bonds and, therefore, has not expressed and will not express an opinion with respect to the accuracy or completeness of any such financial documents, statements or materials.

TAX MATTERS: In the opinion of bond counsel, assuming continued compliance by the City with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Bonds is excluded from gross income for federal income tax purposes, as described in the opinion, and the Bonds and any interest thereon are exempt from all taxation in the State of Michigan, except inheritance and estate taxes and taxes on gains realized from the sale, payment or other disposition thereof. The City has designated the Bonds as "QUALIFIED TAX-EXEMPT OBLIGATIONS" within the meaning of the Code, and has covenanted to comply with those requirements of the Code necessary to continue the exclusion of interest on the Bonds from gross income for federal income tax purposes.

NO OFFICIAL STATEMENT: The City will not provide a Preliminary or final Official Statement. A marketing bulletin is available by contacting the Issuer's financial advisor, H.J. Umbaugh & Associates, Certified Public Accountants, LLP, 2150 Association Drive, Suite 100, Okemos, Michigan, 48864. Telephone: (517) 321-0110.

CERTIFICATE REGARDING "ISSUE PRICE": The successful bidder will be required to furnish, prior to the delivery of the Bonds, a certificate in a form acceptable to bond counsel as to the "issue price" of the Bonds within the meaning of Section 1273 of the Internal Revenue Code of 1986, as amended. In addition, if the successful bidder will obtain a municipal bond insurance policy or other credit enhancement for the Bonds in connection with their original issuance, the successful bidder will be required, as a condition of delivery of the Bonds, to certify whether the premium therefor will be less than the present value of the interest expected to be saved as a result of such insurance or other credit enhancement. The form of an acceptable certificate will be provided by bond counsel.

CUSIP: If requested by the Purchaser, CUSIP numbers will be printed on all bonds of this issue at the City's expense. Neither the failure to print numbers nor an improperly printed number will constitute cause for the Purchaser to refuse to accept delivery. The Purchaser shall be responsible for requesting assignment of numbers and for the payment of any charges for the assignment of numbers.

DELIVERY OF BONDS: The City will furnish bonds ready for execution at its expense. If requested by the Purchaser, the Bonds will be delivered through DTC in New York, New York. The usual closing documents, including a continuing disclosure certificate and a certificate that no litigation is pending affecting the issuance of the Bonds, will be delivered at the time of the delivery of the Bonds. If the bonds are not tendered for delivery by twelve o'clock noon, Eastern Daylight Time, on the 45th day following the date of sale, or the first business day thereafter if said 45th day is not a business day, the successful bidder on that day, or any time thereafter before delivery of the bonds, may withdraw its proposal by serving notice of cancellation, in writing, on the undersigned, in which event the City shall return the good faith deposit. Payment for the Bonds shall be made in Federal Reserve Funds. Accrued interest to the date of delivery of the Bonds shall be paid by the Purchaser at the time of delivery.

THE RIGHT IS RESERVED TO REJECT ANY OR ALL BIDS.

ENVELOPES containing the bids should be plainly marked "Proposal for Bonds."

FINANCIAL CONSULTANT: Further information regarding the bonds may be obtained from H.J. Umbaugh & Associates, Certified Public Accountants, LLP 2150 Association Drive, Suite 100, Okemos, Michigan, 48864. Telephone: (517) 321-0110. Facsimile: (517) 321-8866.
