FROM BLACK THURSDAY TO CYBER MONDAY...

## Thanksgiving weekend is big kick-off for holiday shoppers

By Sally Rummel

news@tctimes.com; 810-629-8282

Lisa Helcher, 36, works early in the morning in Fenton on Black Friday, so she's happy to spend her Thanksgiving evening shopping, scoring some of her best deals for family Christmas gifts.

"I usually go to Walmart and Toys R Us," said this busy wife and mother of two. "Mike (my husband) can watch the kids while I go out."

### BLACK THURSDAY

Thanksgiving Day shopping, also known as "Black Thursday," has been a recent consumer trend in the last few years. While some national retailers are bucking this trend (see story at left), most shoppers will find many of their favorite chain stores open.

National chains with locations in Fenton like Target, Walmart, Kmart, Bath & Body Works and Sears Hometown Store will be open on Thanksgiving Day, while Home Depot, Pier 1 and Dollar Tree will be closed.

Sears Hometown Store in Fenton will be open on Thanksgiving Day from 6 to 11 p.m. "We'll be busy for the first three hours, then it will be quiet," said owner Jeff Stone, who will be working these holiday hours with family members and two employees. They'll celebrate Thanksgiving as a family with dinner out, before heading off to work.

Most local independent stores, with the exception of grocery stores and many restaurants, will be closed on Thanksgiving Day.

In fact, one Fenton retailer, Sawyer Jewelers, will actually close early at 5 p.m. on Wednesday, Nov. 25, the night before Thanksgiving, so employees can get home in time to get ready for family dinners.

"Most of our employees are women," said Mary Ann Belinck, owner of Sawyer Jewelers with her husband, Chip. "Hopefully, this will help make their Thanksgiving Day even more enjoyable." They'll open at 9 a.m. on Black Friday with in-store specials on everything in the store.

## OPEN *or* CLOSED?

Many national retailers will 'take the day off' on Thanksgiving

By Sally Rummel

news@tctimes.com; 810-629-8282

Many retailers are beginning to realize that turkey and shopping just don't mix.

There's a welcome trend this year for

re-claiming Thanksgiving as a family holiday, with some retailers choosing to close their doors for pure business reasons as well as charitable ones.

Some have found that Black Friday sales are slower when they've been open on Thanksgiving Day, so it's more of a shift in sales instead of an increase. There's also the issue of staffing and employee morale, as well as a backlash from customers who want Thanksgiving to remain a family holiday.

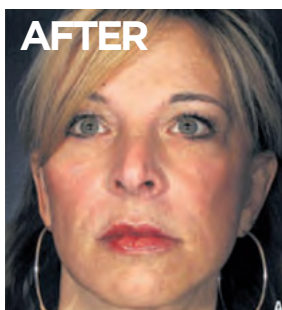

Outdoor outfitter REI took it one step further by closing their doors on Black Friday, in addition to Thanksgiving Day.

See **CLOSED** on 4B

A trend toward keeping Thanksgiving Day a holiday has led some retailers to close their doors on Thanksgiving 2015. For a list of businesses closed, see page 4B.

# Given current events, would you fly overseas?

streettalk

"I wouldn't fly overseas regardless of current events. My son is adopted from Korea and if he wanted to go to Korea, I would go with him."

Ralph Collins, Argentine Township

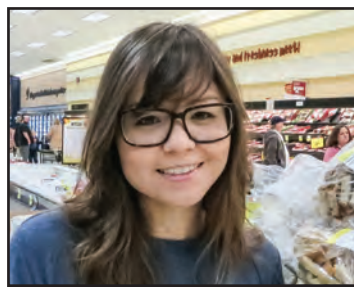

"No. Simply because it's just too scary right now with everything that's going on in France."

Randi Riester  
Fenton Township

"I wouldn't fly overseas given current events. Seems like too big of a risk right now to get on an airplane."

Christopher Conley  
Fenton

"Yeah, why not? Not that it's not a risk, but it's always a risk. I really want to go to Europe, but maybe not right now."

Brittany Jeffe, Fenton Township

"We're planning on flying overseas in July. So, yes."

### BLACK FRIDAY

Black Friday may be a bigger draw for larger big box stores that sell electronics, but independent retailers say it's still a

strong sales day for them as shoppers look for more unique gifts.

Two local retailers that will be getting a lot of attention will be Red Fox Outfitters in downtown Fenton, planning to open for their first day of business on Black Friday at 10 a.m.

"This will be a little more of a 'soft'

opening," said co-owner Jesse Anderson, along with Nick Brown. "Most of our inventory is arriving on schedule, but we may not have everything in yet for spring paddle sports."

As busy as he is in getting the new store ready to open, Anderson said he still plans to celebrate Thanksgiving with his family. "We'll have tons to do to open. We'll make it more holiday-ready the weekend after Thanksgiving weekend," he said.

Down the street at Red Fox Footwear, Black Friday will be a day of clearance sales on some of the store's most popular brands, including Sperry, Timberland, Naot, to name a few. "Some of our best deals will be over there," said Anderson.

Red Fox Footwear will continue to operate, more as a family shoe store, under the management of Kyle Smith. They'll

also sell the popular Red Wings brand as well as Brooks and New Balance leather walkers, as part of their comfort shoe lines.

**"We are very busy on Black Friday, actually the whole weekend. More people are avoiding the malls and shopping at small, independent boutiques. It's so much more fun."**

Kirsty Rising  
The Iron Grate in downtown Fenton

Jessica Skop, owner of Serendipity Wellness Spa in Linden, already has a waiting list for Black Friday specials her spa and boutique are offering.

"We set up an extra station strictly for gift card sales," said Skop, who is offering \$180 in discounts and a donation for a \$100

gift card purchase. "We've also got 30 percent off all boutique sales. Our service side will be busy, too, for shoppers who come back from Black Friday in need of a little pampering, plus mother-daughter manis and pedis."

### SMALL BUSINESS SATURDAY

This shopping day was created in 2010 by American Express to support small independent retailers. While Small Business Saturday may sound like a contradiction in terms coming from a huge corporation, it has had a positive effect on local retailers.

"Small Business Saturday has always offered a ton of support for us," said Nicole McCurdy of Eclections in Fenton. "It's a strong day. We always offer something special and this year we'll have a free gift for customers."

At Bridge Street Exchange in Linden, owner Kevin Begola says that Small Business Saturday has been good for business. "That whole weekend is a kick-off for holiday shopping. We're going to expand with Sunday hours starting Nov. 22, from 12 to 4."

### CYBER MONDAY

Shopping online, especially using smartphones, has become a national trend. Some local retailers say it doesn't really affect their business, while others tie into the promotion.

"This will be our first Cyber Monday," said McCurdy of Eclections. "We'll continue with some of our specials on that day."

She has been encouraged to hear that 92 percent of shoppers do some "window shopping" online, then come into a store to "touch and feel the item," and get personal attention. "I'll be working seven days a week from open to close," she said. "We do whatever we can to stay competitive."

# A KERNEL FOR YOUR THOUGHTS?

BY HANNAH BALL  
HBALL@TCTIMES.COM: 810-433-6792

## POPCORN SCIENCE

**Popcorn** should contain around 13.5 percent moisture

**Kernels** pop with heat because they each contain moisture. With heat, the moisture turns to steam and since a kernel shell isn't water-permeable, the pressure makes it pop.

**ZEAMAYS EVERTA**  
(Scientific Name)

**Kernels** pop when they reach a temperature of 347 degrees Fahrenheit or 175 degrees Celsius.

**Popcorn** kernels can pop up to 3 feet in the air.

## POPCORN HISTORY

People discovered popped kernels in a cave in New Mexico in 1958. The kernels were believed to be **5,000 years old**.

**Charles Cretors** created the first commercial popcorn machine in Chicago in 1893. That business still manufactures popcorn machines and other equipment.

The Wampanoag Native American Tribe is believed to have brought popcorn to the Pilgrims at the first Thanksgiving in Plymouth, Massachusetts.

A few **Native American** tribes believed a spirit lived inside each kernel. The spirits were said to be harmless to humans, unless the heat and the kernels would become angry and pop.

## POPCORN FACTS

**Popcorn pops** into one of two different shapes: snowflake and mushroom. Theaters prefer snowflake because it's bigger, but companies that make caramel corn use mushroom because it won't crumble.

POPCORN IS THE OFFICIAL SNACK OF ILLINOIS. THE STATE HAS CELEBRATED A POPCORN DAY SINCE 1958.

**Popcorn** has more protein than any other cereal grain, more iron than eggs or roast beef, and more fiber than pretzels and potato chips

**Americans** consume 17 billion gallons of popcorn a year, which is enough popcorn to fill the Empire State Building 18 times.

**18X**

**Nebraska** produces 250 million pounds of popcorn a year—more than any other state in the country.

The world's **largest popcorn ball**

measured 12 feet in diameter, according to the Guinness Book of World Records. It required 2,000 pounds of corn, 40,000 pounds of sugar, 280 gallons of corn syrup, and 400 gallons of water.

A GOOD BATCH OF POPCORN SHOULD ONLY HAVE ABOUT 2 PERCENT OF "OLD MAIDS," OR UNPOPPED KERNELS.

If a kernel doesn't pop, it's considered an "old maid" or "spinster." Some unpopped kernels don't contain enough moisture. Others have a damaged exterior so the steam releases gradually, instead of building up to an explosion.

■ Eagle Scout project provides proper way to dispose of old U.S. flags

By Vera Hogan

vhogan@tctimes.com; 810-433-6823

Christopher Harper, 14, is a Life Scout with Boy Scout Troop 212 in Fenton. Earlier this year he began an Eagle Scout project to properly dispose of U.S. flags.

Two boxes, built in 310 hours with the help of 20 scouts, 14 adult leaders

and five other adult volunteers, are now located at the Fenton Police Department and Fenton Fire Department.

People may drop off their worn flags and the scouts will dispose of them properly. According to Chris, it's about respect, care, and thanks for the country and for those who fought and continue to fight for us.

Without the support and help of friends, family, and helpers, Chris said the project would not have been possible.

## Literacy program means millions of books for kids

■ The UPS Store in Fenton to launch social media campaign to promote the power of reading

In an effort to help deliver the gift of reading to less fortunate children in the United States, The UPS Store has launched its annual holiday donation drive for the Toys for Tots Literacy Program.

The UPS Store, at 17195 Silver Parkway, will sell donation cards to benefit Toys for Tots Literacy Program, a year-round initiative of the Marine Toys for Tots Foundation. One hundred percent of each dollar donated helps purchase books for children who need it most in the Fenton and surrounding Communities.

This holiday season, The UPS Store is launching a social media campaign to encourage people to help spread the word about the power of reading. In December, The UPS Store will make a \$1 donation on behalf of anyone who shares their favorite

children's book on social media using #ReadItForward, up to \$50,000.

Since partnering with Toys for Tots to launch the Literacy Program in 2008, UPS and The UPS Store network have raised more than \$3 million to purchase books for underprivileged children nationwide. Through the partnership, The UPS Store has distributed more than 30 million books to children during the holiday season.

"Reading is a critical skill that helps children succeed in school and beyond," said The UPS Store franchise owner Les Beare. "And the community's participation in the Toys for Tots Literacy Program is a key component to the success of this promotion."

Every donation to the Toys for Tots Literacy Program benefits local children in need or the libraries, schools, and existing programs that serve them. To report a local organization that can use books contact The UPS Store at (810) 750-2920 and ask for Les.

Don't miss this story of Izzy's great adventure to the North Pole where she meets Santa's elves, Rosie the reindeer, and comes face to face with the Abominable Snowman. Izzy and Rosie save the day, helping Santa and his reindeer deliver the goodies just in time for Christmas morning. This production is performed by more than 65 students from Torrey Hill Intermediate School. Performances will be held at the Lake Fenton High School auditorium on **Friday, Dec. 4 at 7 p.m. and a matinee on Saturday, Dec. 5 at 3 p.m.** Tickets are \$5 each for general seating and may be purchased at the door. Black Friday is back at Genesee Valley Center in Flint Township, as well. The mall will be closed on Thursday, Nov. 26 in observance of Thanksgiving, however anchor store hours may vary. The mall will open at 6 a.m. Friday.

While that bold move won't likely be a trend for other retailers, there are a number of others that have announced that they will be closed on Thanksgiving Day.

## HOT LINE CONTINUED

**JUST BECAUSE CLINTON** loves her country and is a patriot doesn't qualify her to be president. It doesn't matter when she made her money. These attributes don't necessarily qualify someone to be a leader. Please stop using them as if they are.

**THANKS, CITY OF** Fenton, for letting me know the window sign in front of my house is a \$500 misdemeanor. Thanks for removing it and ignoring the buckling sidewalk and dead tree on the easement.

**THERE IS NO** law in the United States that would justify the American government, including the president, to put the safety and welfare of foreign refugees above the safety and welfare of American citizens and the American homeland.

**IT'S NOT OBAMA** pitting everyone against each other, it's congress. The right is so far right that the moderate Republicans cannot even be heard. The right is refusing to work with Obama on anything just to spite him.

**TYRONE TOWNSHIP IS** gambling with our tax dollars. They are attempting to buy and sell foreclosed properties in the township for monetary gain and to recover lost tax money. Is this gambling legal?

**THANK YOU ST.** John's for the sign 'Pray for the Syrian refugees.' Unfortunately, fear removes both common sense and compassion. The Bible tells of the story of the Good Samaritan. A refresher course is needed more than ever.

**PLEASE TAKE TIME** to hear for yourself what the Washington governor said about the Syrian refugee issue. A most American message, not bowing to fear. Fear is the most dangerous weapon of terrorists. Do not let them win.

**IF THE GAS** taxes had gone to the roads and bridges over the years, instead of to the expansion of departments and programs, they would be in much better shape today. The state government has become as bloated as the federal government, and likewise needs to be downsized.

## INVITATION TO BID CITY OF LINDEN MOSQUITO CONTROL SERVICES

The City of Linden will receive sealed bids at the City Clerk's office, 132 East Board Street, P.O. Box 507, Linden, Michigan 48451, for mosquito control services until Tuesday, December 8, 2015 at 10:00 a.m.

Bids will be publicly opened and read at that time in the main office of the Linden City Hall, 132 East Board Street, Linden, Michigan. Bids shall be submitted in sealed envelopes and plainly marked "MOSQUITO CONTROL SERVICES BID - CITY OF LINDEN."

Bids are being solicited only from responsible and established bidders known to be experienced and regularly engaged in the work of mosquito control services. Satisfactory evidence that the bidder has the necessary capital, equipment, and personnel to do the work may be required. A Pre-Bid Conference can be scheduled by appointment with the City Manager.

Proposal forms and specifications are on file for the inspection of bidders at the Linden City Offices, 132 East Broad Street, Linden, Michigan and copies may be obtained by qualified bidders. Sealed proposals must be submitted on the bid forms furnished by the City.

The City Council reserves the right to reject any and all bids and to accept any bid which in their opinion, is the most advantageous to the City.

NATIONAL

NOVEMBER 22

1963: John Fitzgerald Kennedy, the 35th president of the United States, is assassinated while traveling through Dallas, Texas, in an open-top convertible.

NOVEMBER 23

1859: The infamous Western outlaw known as "Billy the Kid" is born in a poor Irish neighborhood on New York City's East Side. Before he was shot dead at age 21, Billy reputedly killed 27 people in the American West.

NOVEMBER 24

1971: A hijacker calling himself D.B. Cooper parachutes from a Northwest Orient Airlines 727 into a raging thunderstorm over Washington State. He had \$200,000 in ransom money in his possession. Cooper commandeered the aircraft shortly after takeoff, showing a flight attendant something that looked like a bomb and informing the crew that he wanted \$200,000, four parachutes, and "no funny stuff."

NOVEMBER 25

1941: On this day in 1941, Adm. Harold R. Stark, U.S. chief of naval operations, tells Adm. Husband E. Kimmel, commander of the U.S. Pacific Fleet at Pearl Harbor, that both President Roosevelt and Secretary of State Cordell Hull think a Japanese surprise attack is a distinct possibility.

NOVEMBER 26

1922: In Egypt's Valley of the Kings, British archaeologists Howard Carter and Lord Carnarvon become the first souls to enter King Tutankhamen's tomb in more than 3,000 years. Tutankhamen's sealed burial chambers were miraculously intact, and inside was a collection of several thousand priceless objects, including a gold coffin containing the mummy of the teenage king.

NOVEMBER 27

1994: Serial killer Jeffrey Dahmer, serving 15 consecutive life sentences for the brutal murders of 15 men, is beaten to death by a fellow inmate while performing cleaning duty in a bathroom at the Columbia Correctional Institute gymnasium in Portage, Wisconsin. During a 13-year period, Dahmer, who lived primarily in the Midwest, lured mostly young, gay African Americans back to his home, promising to pay them money to pose nude for photographs. Dahmer would then drug and strangle them to death, generally mutilating, and occasionally cannibalizing, their bodies.

HOT LINE CONTINUED

I AGREE WITH the Hot line regarding being able to park in front of the store you're frequenting. The large clownish size sidewalks, with minimal parallel parking on the street, are an incredibly poor design.

IN THESE TRYING times, I would just like to reiterate what former Vice President Hubert Humphrey stated, 'Compassion is not weakness and concern for the unfortunate is not socialism.' Have a blessed holiday season.

WE SHOULD BE very thankful for two men who aren't politicians for telling the truth, Carson and Trump. What does it take for this nation to get rid of an inadequate president.

A BIG THANK you to whoever paid for our lunches on Tuesday, Nov. 17 at the Villagers Restaurant in Holly. I had met with two friends who came up from Missouri so all three of us were pleasantly surprised. Thank you very much.

I DON'T KNOW why we even vote. We already said we don't like Proposal 1, but they just turned around and did it anyways.

on Tuesday, November  
17, 2015. He lived most of

**Heartshaven  
PLAN 10-525**

The Heartshaven is a pleasing blend of traditional and contemporary elements, inside and out. Traditional-looking brick veneer covers all of the exterior walls. A soldier course of raised brick runs parallel to the eaves, while additional raised brick trim accents the gridded windows and custom chimney.

# Garbage can cause bad blood between neighbors

**DEAR AMY:**  
We live in a suburb where any overflow trash that will not fit in your trash can must be put in a separate container and labeled with a sticker from the village, which is purchased for a nominal fee. Every few months, my neighbors have been sneaking their overflow trash into our trash can. I know this, because I place my trash can out at night, and in the morning, I add any remaining trash and see their trash inside. I wouldn't mind this, as long as they would ask first. It has gotten more frequent. I really like these

neighbors — they are great people. Your thoughts on how to handle this?  
— Good Neighbor

ASK

Amy

BY AMY DICKINSON

AMY DICKINSON

**DEAR NEIGHBOR:**  
One solution would be for you to put your trash out on Wednesday mornings — since you're already dashing out in the morning to add to your pile. Otherwise your choices are to place a note on top of the can: "Whoever is placing their trash in our bin, please stop" or —if you are certain that it is your neighbors — say to them, "Do you guys need some extra garbage tags? When you add your trash to mine, it drives me a little bananas."

# Strange spells may be due to anxiety

**DEAR DR. ROACH:**  
I have been having weird spells for about six months. They occur only occasionally and last a couple of days and nights. They awaken me out of sleep and are a little frightening. It starts with a burning sensation on the right side of my nose. I feel as if I have to remember something, and a wave of warmth floods over my upper torso, down to my arms. I feel my heart fluttering, and am a little sick to my stomach. I also have funny sensations in my right ear. It lasts a few seconds, and I just have to ride it out. When it's over, I feel weak for a while. I saw a neurologist, who mentioned that it might be anxiety, which made me mad — being awakened out of a sound sleep doesn't seem to me that I am anxious, as I have no trouble sleeping! He wanted to put me on a medication with a lot of side effects, such as dizziness and hallucinations. I do not want to be on medication, but I also don't want to have a grand mal seizure. He could not

tell me if I could have one or not. I only want affirmation that I am not crazy!

**ANSWER:**  
You aren't crazy. Your neurologist may be right — this can be related to anxiety — but I wouldn't jump to that diagnosis without considering a few things first. A warm sensation over different parts of your body should make your doctor think of conditions like carcinoid syndrome and pheochromocytoma. These are tumors that secrete hormone-like substances that can cause odd feelings, such as flushing or warmth, in different parts of the body. They can be screened for with simple urine and blood tests. I agree with you that being awakened with this sensation makes anxiety or panic attack less likely. It does not sound like a seizure disorder to me. Sometimes, people notice sensations that defy medical explanation. In that case, we generally just try to make sure it isn't something that doesn't threaten life or health and help people minimize and live with the symptoms.
