CONNECTS FOUR GENERATIONS

Nickels family lineage runs deep
in Lake Fenton Sailing Club

By Tim Jagielo
Fenton Twp. —

There was barely enough wind pushing across Lake Fenton on Monday, May 27 (Memorial Day) to keep the Lake Fenton Sailing Club race going.

Several sailors were piled up at the first turn, including David Nickels, 78, of

Holly in his 16-foot MC Scow sailboat.

With a laugh, he said the race didn't go very well. “Not by my standards anyway,” he said, adding that he lost ground in the last 300 yards of the race.

David was out on the lake with his son, Kevin

Just sayin'...

vhogan@tctimes.com

Great vacation would be at my dream home

It's almost summer (I think) and vacation season is upon us. My friend and coworker Sally Rummel always says, "Everyone wants to go here and everyone wants to go there and everyone wants to do this." She is a major league go-getter who loves to travel, and is probably right, but other than a European Viking River Cruise, most typical vacation activities are not for me.

I always say — and I'm not joking — that my idea of a relaxing vacation is to sit on my back deck and watch the grass grow — meaning do nothing but actually close my eyes and relax, and maybe do some reading and writing.

If we can ever afford it (we're talking must win Lottery here), my dream 'vacation' would involve a dream 'home.' We would buy a few acres of land somewhere in a woodsy area along a nice river.

There we would build a small log home with a couple of bedrooms. The bedrooms and living area do not have to be that big, but I would like a loft for my office and books. I have lots of books. And I would need a very large kitchen with an island and plenty of counter space. I would love to do more cooking and baking, and that requires a spacious sunny kitchen. It has to be sunny so I can grow fresh herbs on the windowsill. We will take meals at a very big table

in the kitchen, or outside.

I also would require a massive deck with an overhang for when it rains, facing the river, where we could have a generous outdoor living space with a dining area, and my barbecue grill, my charcoal BBQ grill. We don't cook on a gas grill, not ever.

Just off the deck, we would have to have a built-in fire pit where new campfire memories will be made.

I cannot live in a state without four seasons so Florida and Arizona are out. It would though have to be in a place where I can get cell phone and internet service, and Federal Express.

Our log home would have to be along a river with good fishing. And,

maybe a safe little swimming hole along a sandbar where my grandson and future grandchildren can play when they come to visit. I envision our sons joining us on vacations and holiday weekends with their wives and children. They will bring their RVs and camping gear, and stay on our property for the weekend or as long as they wish. Now that would be a dream vacation, being with family at my dream home.

Gotta go for now — time to buy some Lottery tickets. Just sayin'!

Grilling

Hacks

Compiled By Vera Hogan

Grilling season has officially arrived! The following are a few tips backyard grill masters can use to save time that is better spent having fun with family and friends.

Source: wideopeneats.com

Rosemary as skewers

Rosemary is sturdy enough to hold meat and will give off extra flavor. If you don't have rosemary, use two skewers for an easier time flipping kebabs on the grill. And if you're using wooden skewers, don't forget to soak them in water for a few minutes to prevent them from burning.

No need for a grill brush

There are other great alternatives to a grill brush — aluminum foil or an onion. Scrunch aluminum foil into a ball and hold on to it with a pair of tongs. Before the grill cools down, run the aluminum foil over the grill grates to remove all the gunk. You can also go with the onion method. Just slice one in half and rub it on the grill grates. If you clean off the grates before you start your BBQ, the acidity from the onion will also help create a nonstick surface for your meat.

Muffin tin for condiments

Don't drag out all the bottles and containers. Instead, serve condiments like ketchup, mustard, onions and pickles in a muffin tin. It keeps them organized and separated, and all of the bottles and jars out of the way.

Cardboard egg carton to start fire

This grilling trick will help get the fire started on the grill and you can even use it when you go camping or sitting by the fire pit. Simply take an empty cardboard egg carton and fill it with charcoal bricks. Light the egg carton and by the time it burns down, the charcoal bricks start.

Apple juice, cider add sweet flavor

For meat like ribs, chicken, or pork a great way to add in some sweet flavor is to spray it with some apple juice. You can add in some apple cider vinegar to the spray bottle as well. While this trick adds some sweet flavor, it also helps with keeping the meat moist.

Ice or butter to keep burgers moist

There's nothing worse than a dried out hamburger that looks like a hockey puck. This simple grilling hack will keep them from drying out. While you're forming the patties, add in an ice cube or a little butter to the center of the ground meat. Cover it up with some more meat and as the ice or butter melts, it'll keep the interior moist.

Cook fish on bed of lemons

To prevent fish from sticking on the grill, try grilling it on top of a bed of sliced lemons. So easy and the lemons will also give some extra flavor to the fish.

SAILING

Continued from Page 1B

Nickels, who won the race overall. Also sailing was his nephew, Tim Nickels of Rochester. His nephew, Brian Nickels, was elsewhere. "We race against each other all the time, we always have," David said.

The Nickels family of the Lake Fenton Sailing Club is on their fourth generation of sailors, starting with Herman Nickels who passed away in 2007 at age 91. He was there before the Lake Fenton Sailing Club even existed, when it was called Lake Fenton Yacht Club, and they didn't have a building. No other family has such a lineage with the club.

David's father Herman Nickels was the first. Other family members include now-deceased George, David's brother, and David himself. David's

Boat Works continues today, as part of Windrider Outdoor Apparel and Sailboats.

David said he's been an 11-time Rebel National Champion, and crewed with his dad Herman in 1959 when he was Lighting National Champion. He also built boats most of his life. "It's competitive building the boats as well as sailing them," he said. "I think sailing is one of the most interesting sports there is. It is a game you play on water which is always moving. If the wind and water changes, the boat needs to be adjusted. Nothing is constant."

Kevin Nickels, 53, of Holly Township, agrees that the sport presents challenges through the changing landscape. "Unfortunately I think it's kind of a dying art, and people don't understand how fulfilling of a sport it can be," he said. Kevin likes that as you sail, you are both working with, and against nature — the wind and the water.

He said he sees his father, David, the most during the summer sailing season. "It's something that ties us together through generations," he said, adding that extended family also partakes in sailing. "It's a thread that runs through the family."

Kevin also crewed with his father, like David did with Herman.

son Kevin also took up sailing along with Brian, George's son. Brian's son Tim is the youngest, who was also sailing on Monday.

On Monday, David sailed an MC Scow with number "73" on the sail. On Wednesday, he sailed again with his Rebel, which he built himself.

Over the years, he built Lightning-class boats, starting at age 13, and retired from that in 2007. The "scow" name refers to a boat with a flat bottom.

The family not only sails, but literally helped build the sport. He's since sold the business, but Nickels

Leo Joseph Macksood
1935-2019

Leo Joseph Macksood - age 83, of Flint and Fenton, passed away on, May 27, 2019 Memorial Day. He had been ill for the last 2½ years. Funeral Mass will be celebrated 1 PM Saturday, June 1, 2019 at St. John the Evangelist Catholic Church, 600 N. Adelaide St., Fenton with Fr. Bill Lugger celebrant. Interment will be held 4 PM Saturday at New Calvary Catholic Cemetery in Flint. Visitation was held 2-5 and 6-8 PM Friday, May 31, 2019 at Sharp Funeral Homes, Fenton Chapel, 1000 W. Silver Lake Rd., Fenton where a rosary will be prayed at 7 PM Friday. In lieu of flowers contributions may be made to Catholic Charities of Genesee County, Food Bank of Eastern Michigan, American Red Cross of Flint or the local charity of one's choice. Leo was born on November 27, 1935 in Flint, MI, the oldest son of Louis and Nimrie (Mattar) Macksood, who had both immigrated from Lebanon. At the age of ten, he worked daily selling the Detroit Free Press at 6 AM in front of the Buick factory. During his time in elementary and high school, he joined the Boy Scouts of America where he earned his coveted Eagle Scout Badge and enjoyed summers at Pine Lake Scout Camp. Leo graduated from Flint Northern High School, where he was involved in student government and was President of his Senior Class. He paid his way through college by spending his summers employed at Pine Lake Scout Camp teaching children swimming and boating. He graduated with a teaching degree from Eastern Michigan University. Leo joined the Michigan National Guard, spent six months in Missouri and attended annual summer camps in Grayling. In 1959, Leo met (on a blind date) and married, a young nursing student from St. Joseph School of Nursing, Diane St. Germain. Their 62nd year anniversary will be celebrated on October 31. Leo had several varied jobs after college, the most promising was for our local Blue Cross Blue Shield of Michigan, selling to business groups. He discovered he enjoyed selling and meeting new people every day. Leo always said, "My greatest responsibility is to provide for my family." Within a few

years, Leo opened his own office (Macksood Financial Services) which included a management company, insurance and investments. His determination led him to be a member of the Top Producer's Club, where he and Diane traveled all over the world with special friends from the company. He was a member the Flint Board of Education for 16 years and enjoyed visiting the schools and talking

with the children. In addition, he was a member of The Flint Rotary Club, Toast Masters, YMCA and volunteered for many local organizations. Leo had many interests, his favorite was hunting with his father, fishing and early morning tee time with friends at the Flint Golf Club, where he was a member for 35 years and was proud to say he had three holes-in-one. Leo was most proud of his children and grandchildren. He enjoyed his large family gatherings and will be remembered for his sense of humor, jokes and games he played on them. He was known by many to be a frequent "Good Samaritan," quite often (usually in winter) a car would be stopped with a flat tire and Leo wouldn't hesitate to pull over and change the tire. Leo was the most generous, compassionate, good natured person you could ever meet. He always had a big smile for all and seldom complained. He will be greatly missed in our lives. Leo leaves to remember him: his wife, Diane; son, Joseph Leo; daughter, Janet; granddaughters, Elizabeth and Natalie; three sisters, Mary (Joe) Conroy, Betty (Richard) Ramsdell, and Janice Macksood; brother, Tom (Holly) Macksood; 24 nieces, nephews and their spouses; many great-nieces and great-nephews. He was preceded in death by: his daughter, Julie age 45, infant children, Jane Mary, twins, John and Regina, and Abraham; daughter-in-law, Jacqueline (Bedard) Macksood; parents, Louis and Nimrie Macksood; parents-in-law, Reginald and Doris St. Germain; brother-in-law Michael St. Germain; sisters, Catherine and Donald Roda, Louise and Bob Jubenville; sister-in-law, Linda Macksood. Tributes may be shared at www.sharpfuneralhomes.com.

Neuropathy Treatment Breakthrough

■ By Erica Rainer

If YOU suffer from Neuropathy, Pain and Numbness in your Hands and or Feet, we have some news, though Drugs, Surgeries and Injections are Failing, there is now new hope for you, and anyone suffering with this life altering condition.

Neuropathy is a term used to describe the breakdown and damage to the nerves in the hands arms, legs and feet due to a lack of blood supply and nutrients getting to the nerve. It can be caused from Diabetes, Peripheral Vascular Disease, Poor Metabolic Health, Chemo Therapy, Agent Orange Exposure, Misaligned Spinal Bones and so on. "Patients experience extreme sensations, loss of feeling or even **no feeling in their hands and/or feet** along with muscles spasms, pain, weakness, numbness, tingling and burning sensations and have a very hard time with balance" says Dr. James Ide, clinic director at Painless Chiropractic of Fenton. Other symptoms associated with the condition are problems with urination, bladder and bowel control, sexual dysfunction, vomiting, nausea and dizziness among others. **This condition can eventually lead to further nerve damage causing complete loss of leg and/or arm leading to amputation, along with organ failure in some cases.**

Are you or someone you love suffering with weakness, numbness and pain from Nerve Damage in your hands and/ or feet? You are not alone. More than 20 Million people across the United States are dealing with some form of Neuropathy. Most commonly noticed first in the hands and feet, causing weakness, numbness and tingling pain and most debilitat-

ing... balance problems. "Most people find themselves feeling frustrated with no place to turn and no hope of recovery. By the time they come see us, they feel like they have tried everything. Their primary care doctor put them on Anti-Seizure or Epilepsy medications like Gabapentin, Neurotin, Cymbalta or Lyrica and told them they will just have to live with the pain." said Dr. Ide.

That is until now. With recent advancements in nerve regeneration technology and treatment options, clinics all over the world are seeing larger success rates and faster results for their neuropathy patients. "This new technology paired with a multifaceted approach has been life altering for our clinic and our patients. The development and success of the Painless Neuropathy Protocol by Dr. James Ide and his care team at Painless Chiropractic in Fenton has been the talk of the town in recent months. "We have seen an increase in Neuropathy patients and the results that they are getting in such a short amount of time is truly amazing" said Kaitlin Johnson, the Patient Advocate & Coordinator at the Fenton clinic.

"I suffered with neuropathy in my feet along with back and shoulder pain. Walking was very difficult and I had to use a cane. After starting on the Painless Neuropathy Program, I feel 100% better. Each day I can tell a difference in my foot and am just so thankful that I will be able to fully walk again."
