Is your license **REAL ID compliant?**

■ Air travelers could find themselves grounded when post-9/11 requirement goes into effect Oct. 1, 2020

Compiled by Sharon Stone

From coast to coast, state to state and town to town, the alarm bells are ringing in anticipation of the fast-approaching deadline for REAL ID, the post-9/11 federal requirement that sets mandatory higher security standards for identification. And if you haven't been paying attention, it's time you did.

Former food service director charged with embezzlement

■ Faces Sept. 16 pretrial if resolution is not reached

By Sharon Stone

A 51-year -old Fenton T ownship woman has been char ged with embez zling from Lake Fenton Community Schools.

Karen Morris was arraigned June 12 in Genesee County Circuit Court on one count of embezzlement (\$50,000

to \$99,000), which is a felony that carries a possible sentence of up to 15 years in prison.

John Potbury, deputy chief assistant prosecutor for the Genesee County Prosecutor's Office, said, "The actual amounts will have to be determined later embezzlement occurred. should she be convicted.

"At the time of chaging back in June, the Lake Fenton schools indicated they would be calculating the amounts. She

\$200,000, and the rest is history. The agreement included provisions for a perpetual endowment of \$145,000 for upkeep and operation.

Over the years, Rackham Park has been the site for many large community events such as Fenton Freedom Festival Fourth of July activities, "Art at the Center" and "Taste in Fenton." Thousands of people come from all around to attend these activities.

New this year will be the "Bottles, Brews & News" beer and wine fest, sponsored by The View Newspapers. It will take place in Rackham Park, from 3 to 8 p.m. on Saturday, Sept. 28. Tickets are available at the T ri-County Times, 256 N. Fenway Dr., the Fenton Regional Chamber of Commerce office, 104 S. Adelaide St., or online at myfenton.com. Must be 21 to participate/purchase ticket.

Fenton's remaining parks include:

O'Donnell Park

O'Donnell Park is a 1-1/2-acre park on the corner of East and East Ellen streets across from Strom Park. It was named for Mark O'Donnell in honor of his service on the Fenton Parks & Recreation Board. The park is always open and has no entry fees. There is a picnic area and a wonderful deck with benches. Its a great place to fish or feed the ducks and enjoy the beauty of a sunrise on the millpond.

Conklin Park

Conklin Park is a 1-acre park located at 1040 Silver Lake Rd. The park was named for former Fenton Police Chief Charlie Conklin. The park is always open and there are no entry fees. There is a swing set, and a picnic area with grills. It is a popular place to stop for lunch in the midst of the busy traffic of Silver Lake Road and Poplar Street.

Strom Park

Strom Park is a small park of .7 acres on South East Street near the East Street bridge. The land for the park was pur chased by the city of Fenton from Louis Parr Rector and Mary Strom on Feb. 16, 1967. The park is always open and has no entry fees. There is a small boat launch, a small gazebo, a picnic area, and plenty of fishing.

'We need more people across Michigan to donate'

■ State in midst of blood shortage at approximately 70 hospitals

By Tim Jagielo

Holly — Michigan hospitals need more blood than is being donated, according to Versiti Blood Center of Michigan (formerly Michigan Blood.)

Brad Warju of Versiti said that they service approximately 70 hospitals throughout Michigan, which only get blood from V ersiti. Those hospitals need 500 units of blood daily Michigan donates 120,000 units annually, which isn't nearly enough to cover the need.

"We need more people across Michigan to donate," Warju said.

On Tuesday, Aug. 20, 64 people were signed up for a blood drive at Holly Calvary United Methodist Church that ran from 1 to 7 p.m.

Ellen Pease or ganized the blood drive, which is run by Versiti. They've held five blood drives at the church, collecting 66.25 gallons, or 530 "units" between 2010 and 2018.

Sharin' the spotlight The Auxiliary is ready to serve

By Editor Sharon Stone

onnie Pray is a busy woman and she would love to have some extra help with the everyday activities, duties, challenges and social events taking place at the Auxiliary of the Curtis Wolverton VFW Post 3243 on

North LeRoy Street in Fenton. Pray, 69, of Fenton has been an Auxiliary member for 44 years, joining shortly after her husband Jack Pray joined the VFW. She is the secretary and chair of the scholarships committee.

The VFW and Auxiliary have been busy fundraising for a new parking lot, which they estimate will cost \$80,000. Members have been hosting

raffles, picnics, pig roasts and more to raise the funds.

The Auxiliary used to be called the Ladies Auxiliary, however, Pray said rules changed a few years ago and men are welcome to join the Auxiliary. Currently, the Auxiliary has 372 members. Pray was not sure of the exact number of members at their VFW. People are allowed to join the Auxiliary when they turn 16 and a couple of 16-yeaolds did join. Some members are in their 80s.

Pray said the Auxiliary holds essay contests for students and she would love to see more participation in these. The V oice of Democracy essay contest is for grades 9-12. The Patriot's Pen essay contest is for grades six through eight and their Patriotic Art contest is for grades 9-12. "We used to

get tons from the schools, but that's gone down," Pray said. These contests are not promoted as much in schools anymore but students can submit their entries on their own. "I give credit to the ones who try. We have a pizza banquet and reward them for entering," Pray said.

The Auxiliary membership is made up

of volunteers who pay yearly dues of \$26, which helps the National Auxiliary. Pray said they offer a lifetime membership based on a person's age.

The Auxiliary is here to help all veterans and their families. Through their fundraising efforts, members are proud to be able to der grants to cancer patients who need help paying bills. The Auxiliary will host funeral dinners

and assist local clubs.

Sharon Stone

Pray said membership remains solid for the VFW and Auxiliary, however, participation is down. "We used to have eight to 10 working in the kitchen," Pray said. "It's down. We have to call and keep asking for help. It's hard to do a dinner with one person."

Activities and events at the Post are open to the public. They host bingo every Sunday afternoon, beginning at 2 p.m. The Auxiliary will host an indoor garage sale in October where anyone can rent a table and sell their items.

One of Pray's most fun activities is the Fourth of July parade where members get out there and thank all veterans and also hand out water and flags during the parade.

REAL ID

Continued from Front Page

If you travel by air , REAL ID will impact you.

Oct. 1, 2020 is the date to remember. That's when REALID goes into full &ct, and it's going to matter if you find yourself in a Homeland Security scenario, such as boarding flights within the United States or entering certain federal facilities such as military bases or nuclear power plants. In these situations, your standard, state-issued driver's license or ID card will no longer be good enough to prove you are who you say you are.

Without a REAL ID, you'll be turned away, which m eans that cross-country flight you've been planning to visit Aunt Louise in Arizona may turn into a long, scenic road trip.

Becoming REAL ID ready

The good news is that many people already have a REAL ID document, such as a valid U.S. passport or passport card, a DHS Trusted Traveler Card or an Enhanced Driver's License. There's a full list of acceptable REAL ID documents at TSA.gov. The bad news is your standard driver's license or ID card isn't on that list, unless you turn it into a REAL ID-compliant document.

Becoming REAL ID-ready isn't complicated. To turn your license or ID card into a REAL ID, simply visit a Secretary of State branch office or make an appointment at Michigan.gov/SOS. Y ou'll need to bring the required documents to prove your identity (see sidebar), and be aware that if you ever changed your name, you may need additional documentation. When your new license or ID comes in the mail, it will have the REAL ID star in the top right corner.

The big message is don't delay. As of June 2019, 37 percent of Michigan licens es and ID cards were REAIID-compliant, which could mean a last-minute rush at Secretary of State offices when the Oct. 1, 2020, deadline nears. Be ready.

The new REAL ID driver's license is unique in that it will include a REAL ID star in the upper right corner.

Photo: michigan.gov

Turn your driver's license or ID into a REAL ID

Bring these required documents to any Secretary of State office.

- 1. Driver's license or state ID card
- 2. One of the following original documents (faxes and photocopies won't be accepted):
 - Certified birth certificate with raised seal or stamp issued by a governmental agency
 - Valid, unexpired U.S. passport
 - Approved citizenship or legal presence document
- 3. If your name differs from what's on your birth certificate, bring certified documents for every time your name changed, such as marriage licenses or court orders.

There's no additional fee to turn a license or state ID card into a standard REAL ID if it's done during your normal renewal time; otherwise a duplicate card fee will be charged.

■50-year reunion includes live band, golf scramble, banquet, brunch and Vietnam memorial

By Tim Jagielo

Fenton — Fifty years later, the love is still there.

Last week, Fenton High School's Class of 1969 held its 50th reunion. There was a packed schedule, which included meeting to repaint the original including siblings were there for the e school rock Saturday, Aug. 17, now sitting outside the Fenton High School (FHS) football stadium.

There was laughter, goofing off and camaraderie.

"We have simply picked up where we left of f," sai d Ba rbara So yka, reunion committee member. "Even with people we haven't seen in 50 years." The last big reunion was for 40 years.

Approximately 40 people gathered on Saturday afternoon to paint the rock and take photos. They also stood for photos with a memorial created for two class mates who died during military service in

Vietnam after graduating. Donald Stotts died in 1971 and Raymond Goodchild died in 1972. Both men are featured 1 on a heavy granite placard that will bee featured in the office of FHS.

Approximately 13 family members s dedication.

Class member Terri Thomas (Putnam) organized the project, which took a year. She said she did it to keep the Netnam War in the minds of the youth who are studyig history. It also memorializes their fallen 1 classmates. "Everyone in our class knew them very well," Thomas said.

The memorial was made at Fenton Memorials. Classmate Lee Beauchamp made the heavy-duty display shelf to hold it. Thomas hopes that other classes will also create their own memorials to fallen veterans.

Becoming a U.S. citizen

"I have been a green card holder for over 30 years, married to an American, with adult children and now grandchildren. All the recent news on legal and illegal aliens concerns me greatly and I have the following questions.

"What are the benefits of becoming a U.S. citizen? What is the downside?

"Would I have to give up my citizenship and passport to my birth country that I'm fiercely proud of? For citizenship is there a different course and requirement when you turn 60? What are the costs?"

Thank you for your questions. You are quite right about the immigration news. I can't think of a time when there's been more.

Initially, what I will tell the readers who don't know is the fact that you have a "green card" means that the United States has granted you what is called "permanent resident status."

This means that you have the right to work, live and travel in and

out of the United States.

Becoming a United States citizen has so many benefits I can hardly begin to count them. They include the right to vote, run for public office, obtain a United States passport, obtain assistance from our foreign embassies and sponsor family members for green cards.

There is no downside.

If you were to become a citizen you would not necessarily have to give up your citizenship to your birth country or your passport. You would have what is known as "dual citizenship" if your birth country allows it.

There are a number of requirements for citizenship including being able to read, write, and speak ordinary English and passing a civics test. However if you are age 55 or older and have lived here for more than 15 years or age 50 or older with 20 years of residence, the citizenship interview can be conducted in your native language. Additionally, if you're age 65 or older and have 20 years of residency there's an easier civics test.

The filing fee for an application to be a citizen is \$725. If you're over 75 it's

Williams said, "Although we are still double checking numbers, be tween \$80,000 and \$99,000 is a more accurate number.

"There were a variety of things taking place that included altering reports and voiding transactions. W e have made changes to processes and protocols to prevent this type of activity from hap pening again.

"We have also reviewed student accounts and have not found any instances where a student account balance was compromised. Any money that was added to a student account remained on their account."

In addition, Williams said the fam ily has agreed to make full restitution. Service account.

The school district terminated Morris' contract June 24th. W illiams said to her understanding, the alleged embezzlement took place over the past four years.

The district is contracting with Fenton schools to share Food Service Director Services, said W illiams. The district is also still reviewing documentation and working with the sheriff's office.

According to court records, a pretrial had been scheduled for Aug. 5, however it was adjourned at the request of counsel for a possible resolution.

Williams said Morris is no longer working for the school district. The court has tentatively set a pretrial hearing for Sept. 16 if a resolution has not been reached.

Attorney Justin Henry is representing Morris. He did not provide a comment by press time.

Vicinia Gardens one step closer to expanding

■ Developers wish to build 133 new units

By Hannah Ball

Vicinia Gardens, a senior assisted living facility in Fenton T ownship, is one step closer to expanding.

On Thursday, Aug. 15, the Fenton Township Planning Commission ap proved a final site plan from Steve Steffey of Jennings Independent Holdings for phase four of Vicinia Gardens. It involves building 133 independent living units on the vacant land at 4031 Vicinia Way, next to the existing Vicinia Garden units.

The plan was approved 5-0, with plan ning commissioners James McGuirk and Donna Warren absent.

The project received the required ap provals from Genesee County, Fenton Township engineers and Fire Chief Ryan Volz, according to a draft of the Aug. 15 meeting minutes. Originally, 130 units were approved during the preliminary site plan approval process, but the three additional units were added and are slated to replace a cafe.

According to the plans, the final plan includes 71 bedroom units, 59 two-bedroom units and three studio units, for a total of 192 beds.

"Amenities for the apartments in clude, but are not limited to meals, laundry, housekeeping, transportation, exercise, and many other social activi ties. A medical team will be on site to help the residents as needed," according to the minutes.

Michael Deem, Fenton T ownship zoning administrator, said the proposed site plan was consistent with the ap proved planned unit development (PUD) ordinance.

Deem said they approved the plan with the following conditions:

- 1. Confirm Fenton T ownship Fire Chief's approval of fire suppression system and building height
- 2. Plant additional trees along the west side of the maintenance garage to screen the maintenance garage

of possessions, according to the Hoard ing Task Force of Washtenaw County. Some of these items appear to have little or no value to most people.

filled with junk.

"There are situations where hoard ers and their families can't live in their homes anymore because of unsanitary conditions," said Betty Huotari of Tyrone Township, a professional or ganizer. "A hoarding company has to themselves from diseases that may be present in the home. Aremediation like this might cost a homeowner \$15,000 to \$20,000. And it still won't solve the problem if the hoarder doesn't get help from a mental health professional who specializes in hoarding."

This mental health disorder has become more mainstream because of reality television shows like A&E' "Hoarders" and TLCs "Hoarding: Bur ied Alive." Huotari believes that more people are "coming out" as hoarders because of more awareness about this condition.

For one Holly area resident, Jamie, growing up as the daughter of a hoarder meant living in complete chaos with broken appliances, stacks of junk from floor to ceiling and social isolation.

She remembers all the lying that However, it doesn't just mean a home came about from their chaotic lifestyle.

"We pretended we weren' t home a lot," Jamie said. "We always had large dogs and said they were mean and might bite, so one no could come in the house. No friends, No sleepovers, No play dates."

"If someone knocked on the door and come in wearing HazMat suits to protect Mom said it was okay to peel the curtain back to see who it was, I did, because I was the oldest," Jamie added. "Then, if it was okay to answerthe door was only allowed to be opened a tiny crack big enough to squeeze out onto the porch."

> Jamie said that the kitchen got to the point where only the oven was usable, which they used to heat the house because the furnace was broken. There was no table to eat at, no beds to sleep in, no kitchen sink and no stove. "W e did have access to a pantry closet and one cupboard," she added.

> In more recent years when her mom began hoarding animals and couldn'af

ford to feed them or herself, resulting in many dead animals on her property Jamie called Animal Control to get control of the situation. She still doesn'know if that was the right thing to do, and hopes her mom will reconcile someday with her children and grandchildren.

Jamie still believes it's possible to have a relationship with a hoarding family member. "You have to accept that person where he or she is in their life," Jamie said.

"Strained relationships are very common in hoarding situations," Huotari said. "As hoarders age, they have to be aware of what kind of legacy they're going to leave their children."

Do you have difficulty getting rid of items?

Do you have a large amount of clutter in the office, at home, in the car, or in other spaces that makes it difficult to use furniture or appliances or move around easily?

Do you often lose important items like money or bills in the clutter? **Do you** feel overwhelmed by the volume of possessions that have "taken over" the house or workspace?

Do you find it difficult to stop taking free items, such as advertising flyers or sugar packets from restaurants?

Do you buy things because they are a "bargain" or to "stock up?" Do you avoid inviting family or friends into the home due to shame or embarrassment?

Do you refuse to let people into the home to make repairs?

If you answered yes to one or more of the above questions, you may have a hoarding disorder.

2018, state troopers with the Depart ment of Natural Resources (DNR) do not have the authority to cite people for marijuana crimes.

However, smoking marijuana in public is still illegal, and House Bill 4693, introduced by State Rep. Mike Mueller, would give violation enforcement power back to park officers. The bill would allow them to enforce violations of marijuana laws in state parks, similar to how they enforce laws related to alcoholand other controlled substances.

When voters approved the 2018 ini tiative, park officers lost the ability to cite people for marijuana use because the new law states all violations must be cited under the MRFMA. However, park officers' enforcement and arrest authority is stated in the National Resources and Environmental Protection Act (NREA), and it hasn't been amended to reflect the changes in the state's marijuana laws.

Nicole Toman, regulatory unit manag er with the Park and Recreation Division of the DNR, said the day after the law took Kempa said one park officer told him

Fenton's Sage, Campbell earn 2019 tri-county track top spots

By David Troppens

The tri-county area athletes always have their share of quality performances during the track and field season and 2019 wasn't any different.

The Fenton varsity boys and girls teams won league crowns while the boys finished 10th at the Division 1 state meet. Fenton's top performers included Bran -

don Miller and Noah Sage with each having busy days at the state meet. For the Fenton girls, Cassandra Campbell and Alexa Keiser were among the Tigers' top performers.

While the other area squads didn't win league crowns or place terribly high as a team at their respective state meet, other individuals had strong seasons. Linden's Garrett Durkac competed at the state meet in the shot put and the discus while teammate T yler Buchanan was a competitor in both distance running events at the state meet.

So when it came to selecting the area track

Lake Fenton's new turf field nearing completion

■ Project should be completed before first JV football game scheduled for Aug. 28 vs. Cadillac

By David Troppens

Lake F enton — Depending upon when you look at it, the Lake Fenton varsity football field may look ready for action.

At near noon on Monday, the field looked pretty complete. The "LF" logo at midfield was proudly displayed as are all of the five-yard markers and each of the major yard lines — the 10, 20, 30, 40 and 50 yard lines. The end zones have a blue background with "Lake Fenton" written in one of them and "Blue Devils" in the other.

However, upon further observation. it's obvious there is still some work to do. The hashmarks aren't included in the middle of the field and the goal posts have yet to be installed. And if

one looks, a lar ge chunk of the letter ing and numbering detail has yet to be sewn in place.

But for those who want to get a sneak peak of what the new Lake Fenton football stadium is going to look like, one can get that feel with a quick trip to the field.

"We are getting a little anxious wait ing for it to get finished, but the crew is doing a great job working seven days a week," Lake Fenton athletic director Brad LaRowe said. "We are excited knowing it's going to be done soon."

Of course, the teams people think about using the fields the most are Lake Fenton's football teams. That is true. Those squads will use it for ev -

athletes of the year , it wasn' t an easy decision. However, two jumped a tad ahead of the rest of the competition.

The 2019 Tri-County Male Athlete of the Year is Fenton's Noah Sage, while the Tri-County Female Athlete of the Year is Fenton's Cassandra Campbell.

Only a sophomore, Sage has quickly become one of the elite track athletes in the tri-county area. He finished second in the 400-meter dash at the Division 1 state meet with a time of 48.74 seconds, earning the area's best individual placing at a state meet. If that wasn't enough,

he also earned a state runner -up performance with Ethan Pyeatt, R yan Miller and Brandon Miller in the 800 relay with a school record time of 1:27.72.

"We wanted to go at least first or second. ... We wanted to try to win because East Kentwood (the team that won the race) was the host school, but we knew it was going to be hard. We broke the school record by almost two seconds."

Sage also competed in the 100 meter dash at the state meet, taking 10th with a time of 22.61 seconds.

Sage only ran the 400 a handful of times during the spring, but took either first or second in every race he did. He

was a runner up at the regional meet (49.32) and a Metro League champion (49.43)

Sage ran the 200 many times during the season, earning his best time at the D1 regional meet with a second-place mark of 22.24 seconds. Of course, team mate Brandon Miller took fourth at the state meet with a time of 22.04 seconds.

He also competed in the 100 and high jump individually . He was a key member of Fenton's 400 and 800 relay teams.

Campbell was best known for her hurdling, earning a state trip in both hurdle events. She placed seventh at the state meet in the 300 hurdles with a time of 44.77 seconds, and placed 14th in the 100 hurdles with a time of 15.39 sec - onds. She was the tri-county area's only performer who competed in two indi - vidual state events during the spring.

However, she was a bit busier than that, also teaming with Taylor Huntoon, Kailin Bayer and Cambria T iemann to take 15th in the 1,600 relay (4:04.57).

Campbell was the Metro champion in both hurdle events and also won the league title in the 200 (26.60).

use the facility for practices as well when it is done.

"Even softball and baseball teams can use it during the spring when our fields are under water," LaRowe said. "We can make infields and practice on the turf."

The football players have been practicing just to the side of the field as construction continues. Lake Fenton varsity football coach Marty Borski says the players are excited.

"We are all excited," Borski said.

"They just got the numbers in during the middle of last week and just being able to see all the blue, green and white is exciting. The other day the kids got a chance to walk on it and they were salivating. The kids were so proud they wanted to sleep on it over night. We just can't wait."

As of Monday, LaRowe said the plan is the field will be ready for the start of fall sports games. The JV football team has a game scheduled against Cadillac on Aug. 28. The varsity football team plays on the new field on Sept. 6.

GIRLS GOLF

► Holly at Larry Judson Scramble:

The Bronchos took third out of 17 teams with a team score of 271. Kate Brown and Kendall Stillwell teamed up to shoot an 84, while Kelsey Malone and Mikayla Bilbia did the same. Kendall Scribner and Ellavy Cooper teamed up to shoot a 103.

▶ Linden at Hartland Invitational:
The Eagles placed 10th with a team score of 404 at Hartland Glen Golf Course. The Eagles return the same players from a year ago, but have returned stronger. Each tournament competitor posted a low tournament round four their prep careers. Kaitlyn Straub shot a 98 while Hanna Baldwin carded a 101. Ella LaMothe shot a 102 and Emma Lurvey carded a 103. Caitlin

Draper shot a 111 and Brooke Goll shot a 113.

BOYS SOCCER

▶ Waterford Mott 6, Holly 0: The Bronchos started their campaign against a strong squad, falling behind 5-0 in the first half, and 4-0 in the first 20 minutes. Compounding matters, the team's senior captain, Nick Rees went down with an injury in the first five minutes.

Holly played better in the second half. "The boys did a great job overall against a very difficult opponent," said Holly varsity boys soccer coach Matthew Sherrow. "We know what they need to work on for their upcoming games. We are excited to get back on the pitch for our home opener on Wednesday."

BLOOD DRIVE

Continued from Page 3

just red blood cells, which W arjusaid is what is most readily usable by hospitals. Red blood cells are extracted from whole blood on the spot.

The collected whole blood is divided into three products — red blood cells, plasma and platelets. Red blood cells are used for blood transfusions. "Y ou're saving three lives at once," Warju said.

Plasma carries water, salts and enzymes and transports nutrients to the parts of the body that needs it, according to Stanford Children's Hospital.

Blood platelets are tiny blood cells that help the body form clots to stop the bleeding according to University of Rochester Medical Center.

Red blood cells are used for transfusions.

Warju hopes to collect 40 units of blood T uesday because sometimes donors are disqualified due to health, or they simply can't make it.

The process of donating takes about an hour . It includes signing in, completing a mini-physical, and recovering with snacks. The actual blood draw takes about 15 minutes.

Pease said the blood stays in Michigan for the most part. W arju said dif ferent Great Lakes region Versiti organizations share blood as needed.

Volunteers sought to restain Eagle's Wooden Park playscape

■Structure is located in popular park for children, parties

By Hannah Ball

Linden — The public is invited to join Linden officials and volunteers in restaining the Eagle's Wooden Park playscape off Walmer Street on Saturday, Aug. 24 from 10 a.m. to noon.

"After our third successful spring cleanup, it was decided to get volunteers to stain it again," said Mayor Danielle Cusson. "Linden is very lucky to have so many people volunteering their time. We have also found that by volunteering their time, people become more invested in how things are maintained."

Scott Sutter, Linden interim city manager and police chief, said the playscape was paid for and built by volunteers in 1995. The structure hasn't been stained in several years.

A section of the playscape has already been restained.

"On July 13, volunteers from Linden Pay it Forward, the Linden Base ball team, God's Love Foundation, City Council and other individuals worked from 10 a.m. to 2 p.m. and stained approximately one third of the playscape. We are hoping to complete the project on Aug. 24," Sutter said.

POLICE & FIRE REPORT

COMPILED BY SHARON STONE

TWO DIE TUESD AY IN PLANE CRASH IN HOWELL

On Tuesday, Aug.20, at approximately 11:20 a.m., deputies from the Livingston County Sheriff's Office, Howell Area Fire, and Livingston County EMS, responded to the Livingston County Spencer J Hardy Airport in Howell for a reported plane crash. A very preliminary investigation reveals that a single engine four-passenger Aero Commander was attempting to land when it crashed. The plane had two individuals onboard. Neither of whom survived. The sheriff's office will take an assisting role in the

investigation, as the F.A.A. will be the lead investigative agency. Additional updates and releases will come from the F.A.A.

MAN STEALS WOMAN'S WALLET, SHE CHASES HIM DOWN AND GETS IT BACK

The Fenton Police Department is investigating an incident that happened at 12:45 a.m. on Sunday, Aug. 11. Lt. Jeff Cross said a 29-year-old Linden woman came to the Fenton police station to file a complaint. The woman said she had gone into a gas station store in the 400 block of N. LeRoy Street to buy cigarettes. She placed her wallet on the counter while making her purchase. A man walked up and grabbed her wallet from the counter. He then attempted to run out of the store. The woman ran after

him and a struggle ensued as she tried to get her wallet back. The man eventually let the wallet go and he fled the area by getting into a pickup truck driven by a female who had been putting gas in the truck. Police observed bruising and swelling on the woman's neck area and back. Police viewed the surveillance video and identified the suspect. An arrest warrant was authorized and police are attempting to locate the man.

Horoscopes

ARIES

Mar 21/Apr 20

There are a few obstacles in your career path right now, Aries. Thankfully, you have a clever way to navigate right around them. All it takes is a little charm.

TAURUS

Apr 21/May 21

It can be difficult to make decisions when under pressure, Taurus. This week you may be put on the spot to answer some difficult questions.

GEMINI May 22/Jun 21

Now may be a good time to invest some money into a luxury purchase, Gemini. This can be anything from an extensive vacation to a new car. Just consider the budget

beforehand. CANCER Jun 22/Jul 22

Cancer, a minor health scare could have you rethinking your diet and exercise regimen. Speak with a doctor about the best course of action if you want to overhaul your health.

LEO

Jul 23/Aug 23

Leo, some tough choices will be falling on your shoulders in the days ahead. Not everyone may agree with your decisions, but you need to stand by them.

VIRGO

Aug 24/Sept 22

There is only so much that debate will accomplish, Virgo. You may have to sit back and go with the flow on this one, even if that may be difficult.

LIBRA

Sept 23/Oct 23

All it may take is a weekend getaway to completely recharge your mind and body, Libra. Trips do not have to be long to prove rejuvenating. A change of scenery is important

SCORPIO Oct 24/Nov 22

Scorpio, make a list of the pros and cons of a career change and then mull it over carefully. Explore if salary, environment or status are driving factors in wanting something

For the week of August 19, 2019

SAGITTARIUS

Nov 23/Dec 21

Memories of good times could have you temporarily living in the past, Sagittarius. That is okay as long as you can come back to the present when necessary.

CAPRICORN

Dec 22/Jan 20

Capricorn, put your pride to the side and focus on what would be best for the majority of people in your family circle. Then you can gear your decisions toward their well-being

AQUARIUS

Jan 21/Feb 18

Aquarius, if your diet and exercise regimen hasn't been as successful as you'd hoped, you may want to speak with a dietician. Then you can get back on track.

PISCES

Feb 19/Mar 20

Pisces, there are a few cosmic disturbances on the horizon but nothing you cannot handle with a little finesse. Expect things to blow over shortly.
