

Holly man facing 15 felonies after son finds child porn on his tablet

By Sharon Stone

Jeremy David McCallum, 43, of Holly, was arraigned Tuesday, Feb. 4 on 15 felonies in Genesee County 67th District Court.

He was initially lodged in Oakland County Jail, however, he was transferred to the Genesee County Jail because Michigan State Police

(MSP) allege the crimes occurred in a Grand Blanc Township mobile home park, according to John Potbury, deputy chief assistant prosecutor for the Genesee County Prosecutor's Office.

F/Lt. Michael Shaw of the MSP said this remains an ongoing investigation and if detectives locate

Jeremy David McCallum

victims from Oakland County, McCallum also could be charged in Oakland County.

Charges include 10 counts of first-degree criminal sexual conduct involving a victim younger than 13 years of age, two counts of felony firearm, one count of possession of sexually abusive

activity, extortion, and assault with a dangerous weapon.

Bond was denied and he remains in the Genesee County Jail.

McCallum's case started Friday, Jan. 31 at 7:10 p.m., when MSP troopers were dispatched to the 11000 block of N. Holly Road

Fenton to apply for \$997,000 MDOT grant for pathway trail

■ Organizers continue to seek funding after failed May 2019 vote

By Vera Hogan

The Fenton City Council has paved the way for the city manager to apply for a grant

aimed at contributing to the cost of the proposed trail system. It voted unanimously Monday, Feb. 10 to authorize the grant application.

The city has been working with a group of other municipalities. **See MDOT GRANT on 8**

Computer versus paper ballots

■ Local clerks supportive of paper ballots

By Hannah Ball

On election day, voters in local municipalities fill out a paper

ballot and then feed the ballot into an electronic voting machine. These machines tabulate votes and count the number of ballots entered. While local com-

munities don't use computer ballots or fully electronic systems for voting, other counties across the country do.

See BALLOTS on 5

A sweet time at the library

Colin Landaal, 5, of Linden, decorates cookies Saturday, Feb. 8 with his mother, Kelly, at the Fenton-Winegarden Library during the cookie decoration activity. Participants learned a little about confections and took home cookies, too. **See story on page 6. Photo by Tim Jagielo**

“Fenton crews do a great job with the snow. Flushing should take

a lesson. If it snows on the weekend or a holiday, they don't clear it. So glad we have a competent city manager.”

“Those using the term ‘boomer’ need to be mindful that this is viewed as derogatory and disrespectful. While

we are of different generations I believe more now than ever mutual respect is what we are all striving for, in politics and in general. Just be nice.”

“Let's flood the Hot lines with local news and opinions so that we can get rid of all the national politics. I'm tired of reading about Democrats and Republicans.”

Sharp Shooting PAIN Down the Leg?

■ By Erica Rainer

Sciatica is leg pain caused by a pinched nerve in lower back. Pain begins in the nerve roots, located on either side of the lower spine, moving through the sciatic nerve which runs the length of each leg from the buttocks, down to the foot. The leg agony, called radiculopathy, "its often worse than the back pain," Dr. James Ide, clinic director at Painless Chiropractic & Neuropathy Treatment Center of Fenton "It's very common for patients to come in describing an agonizing, sharp, shooting, burning pain that starts in the buttocks and flows down to the leg and at times into the foot with numbness, tingling and cramps in the leg." The sensation "can be intolerable," says Dr. Ida. "Some people describe it to be similar to the nerve pain you experience when you have a toothache.

For home care options and health tips visit PainlessDC.com/sciatica After reviewing many different treatment options we have found that typically the average person who suffers from Sciatic pain usually experiences the same frustration when seeking help. They tend to start off going to their doctor who prescribes them one or more of the following; Muscle Relaxers, Pain Pills or Steroid Based Anti-Inflammatory Drugs. The Muscle Relaxers tend to make patients tired but do relax the muscles. The Pain Pills mask the pain while on them but tend to make many people tense, nauseous, constipated and unable to focus. The Steroid Based Anti-Inflammatory Drugs give some people weakness, moon face, weight gain, insomnia and mood swings. All in all the pain usually comes back once the drugs are gone because nothing was ever corrected just masked. These drugs all focus on the symptoms and not the problem.

This is often the case with most pain related to the spine and nerves, regardless if your issue is in your neck, resulting in headaches or pain, numbness, tingling and/or muscle weakness in the arms and hands or down in the low back and

buttocks, resulting in Sciatic Pain. Once the patient goes to their MD, takes their prescriptions and then goes back, still in pain, they are usually referred to physical therapy, pain management or a surgeon. Most patients respond to physical therapy however, once the program has finished many report the pain returns. When they visit pain management, they may be pre-scribed the same types of drugs their MD gave them or they may jump stright to the steroid based epidural shots, injected directly into your spinal column (which may not be FDA approved so please be advised to do plenty of research if you ever find yourself in this situation). As for having surgery... well we all know that surgery is risky and should always be the last resort. Once you make the

decision to have surgery, there is no going back and undoing it and many other options are off the table after surgery. Regardless of how the symptoms are treated, the number one problem with finding relief through these treatments is that they only focus on treating the symptoms and not the underlying issue.

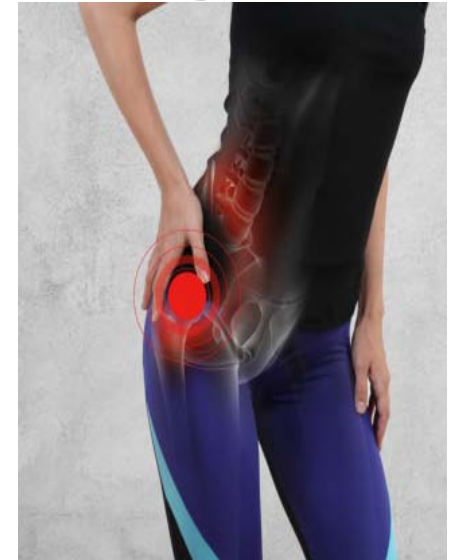

This condition will eventually lead to muscle wasting, nerve damage, numbness, constant tingling down to the toes and eventually sexual dysfunction, even loss of bladder/ bowel control. Left untreated, the intense pain can rapidly wear you down and drain the joy out of life. People lose hope and have no idea where to turn.

That is until now...

Recent advances in the treatment of sciatica and lower back pain have led to the development and huge success of Non-Surgical Re-Constructive Spinal Care. The excellent results of this treatment have been published in major medical journals. With success rates as high as 90% many back surgeons are now recommending their patients try this treatment first before having surgery. Now, right here in Fenton MI, at Painless Chiropractic you can try Non-Surgical Reconstructive

Spinal Care under the direct supervision of low back and sciatica specialist Dr. James Ide D.C. The fully trained spinal care team have helped countless patients find relief from their agonizing back and sciatica problems. "We use a combination of ultra-advanced technology not utilized elsewhere in the area for precisely diagnosing the cause of your pain; and a unique program for reconstructing the damaged area causing the pain; this means superior long-term results for most people" said Dr. Ide.

Because the treatment is non-surgical, safe and easy, most patients report an almost immediate relief from their pain. However, as Dr. Ide says "we are happy patients experience less pain but the pain is just a symptom, our goal is to correct the underlying

Breakthrough Sciatic Nerve Treatment

"I can't believe the difference it's made. I feel like my old self again. I can get work done and finally sleep" ~Donald B.

problem which is structural. The pain is usually the last thing to show itself and the first thing to disappear and if not properly treated and maintained, will show up again in the future."

If you are ready to get to the bottom of your debilitating shooting, stabbing and burning pain stemming from your low back, buttocks and sciatic nerve, Painless Chiropractic is ready to deliver the same positive results to you as they have to so many others. That is why the Times has teamed up with the clinic to spread the news and showcase the offer they put together for our readers. Call them now and get a full and thorough consultation and examination to pinpoint the cause of your problem for just \$47!

The normal cost of such an exam is \$195 so you will save \$148! Don't suffer from the pain and immobility any longer. Discover the natural treatment that can eliminate the cause of your problem and give you the safe, lasting relief you deserve. Call and set up your appointment now.

Call 810-202-2608.

Mention the code SCIATICA0220 to claim your special offer.

Love is in the Air (Force)

■ Fenton Township couple meets in the Air Force 35 years ago, continues their love story today

By Sally Rummel

Toby Morris said he'd never marry a girl from the south who was blond, tall, or in the military like he was.

Patricia "Pat" (Clabough) Morris has all four of these attributes, and it has been a match made in heaven

for 35 years.

"We passed like ships in the night before getting together," said Toby, a pneudraulic specialist, staff sergeant in the U.S. Air Force, stationed in Fort Walton Beach, Florida.

See **LOVE STORY** on 7

“I put my hand on the small of her back to guide her to the dance floor, and she tells me that’s when she knew I was her guy.”

Toby Morris

Toby and Patricia Morris of Fenton Township met while they were both serving in the Air Force more than 35 years ago. They have two grown children, Kaitlyne and Lee, who both graduated from Lake Fenton schools. Submitted photo

Building Brands

Age is just a number...unless you work in branding

"How old are you?" asked the friendly nurse about to shoot a needle of poison into my face. I felt safe despite the poison and the needle, so I answered honestly. "38," I said. "You're kidding me?" she kindly exclaimed. That was a good day.

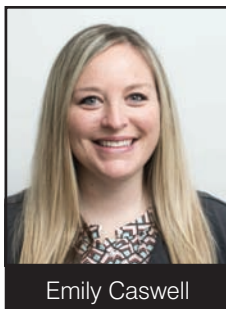

It's true, I'm a millennial investing in anti-aging treatments. It's not that I don't want to get older, I just don't want to look it.

Speaking of aging and millennials, I'm an older millennial. That means I'm married, I own a home, and most importantly, I'm really tired of talking about millennials. I'm going to anyway, however, because everyone else is.

All of my siblings are millennials, and I think we offer a good example of how varying this group is. My brother is vegan and rents, but he's married. One of my sisters owns a home (not millennial) but lives with her boyfriend (how millennial!) My other sister must be the real millennial. She lives with my parents, shops at thrift stores and just started a vinyl collection.

In my industry, the most frustrating thing people claim about millennials is that they don't read the newspaper. Untrue.

Kevin Slimp, a well-known speaker and trainer in the publishing world, set out on a quest to find out all he could about millennials. He shared his findings in a recent edition of "The Bul-

Emily Caswell

letin," the official paper of the Michigan Press Association.

Slimp conducted a survey of people — both newspaper readers and nonreaders — throughout America and Canada to determine what differences there were, if any, between the general population and millennials related to interest in newspapers. He also conducted an in-person focus

group of millennials. Here are a few of his findings:

"Millennials prefer print, as do most other newspaper readers."

"Millennials are most interested in local news, especially news related to — and stories about — individuals."

"Millennials have a lot of interest in reading about local entertainment, even in a small town."

"Millennials ... indicate they would

read a free paper if it arrived in their mailbox once a week."

If you're trying to reach millennials, Slimp says "I'd remember that millennials of this generation aren't so different from most of us when we were in our 20s. They're busy and don't read the newspaper as often as older groups, but most of them will likely be newspaper readers when they marry and have families."

All of this is great for our clients trying to reach millennials. Most of our products are delivered directly to the home for free and we focus a lot of our resources on writing about individuals and local entertainment. If you're looking to reach millennials, View Newspaper Group can help you do that. If you're looking to look younger, I'm happy to share my methods. In either case, you can reach me at ecaswell@mihomepaper.com.

Emily Caswell is the brand manager for VIEW Group, the branding division of View Newspaper Group.

Many Happy Returns...

Enjoy this Valentine's Day by attending the Fenton Community Orchestra concert this Friday, Feb. 14. **Submitted photo**

'Fall in Love with the FCO'

■ Fenton Community Orchestra presents special 10th season Valentine's Day concert Friday

This season Fenton Community Orchestra is celebrating its 10th anniversary of being part of this community. Join their talented musicians and "Fall in Love with the FCO" this Valentine's Day. The concert begins at 8 p.m., Friday, Feb. 14, in the Fenton High School Ruby Zima Auditorium. Admission is \$10.

FCO's Symphony Orchestra will perform a variety of classical and movie music under the baton of their Grammy-nominated music educator, composer, and conductor Andrew David Perkins. FCO Manager Tetyana Clark said, "Attendees will also have a chance to enter to win various prizes, including gift cards to local restaurants and gift shops."

"Over the past 10 years we've grown from 30 musicians in 2010 to over 120 musicians today across our three community ensembles: FCO's Symphony Orchestra, Simply Strings, and Prelude String Orchestra and performed for over 30,000 patrons and community members," said Eric Szczepanski, FCO Chairman of the Board. "We'd like to thank our community and local businesses for supporting our commitment to enriching the performing arts with performances in local schools, senior centers, and community events."

Tickets are on sale at Fenton's Open Book and online at FentonOrchestra.org. Tickets include a special coupon offer at The Laundry between Feb. 15 and 29. Proceeds from the concert will be used to help the FCO leverage matching grants that support their performing arts programs.

HOT LINE CONTINUED

AFTER WATCHING THE latest Democratic debate, and listening to these ridiculous and embarrassing candidates fraught with socialistic dreams, it is even more obvious that we must reelect President Trump. He has done everything he said he would and the rest of these left-wing clowns will take our country down quickly.

TO THE PERSON who thinks our economy etc., was so good with Obama. Please explain to me how unemployment was high, the stock market was in the toilet, no one could find jobs, and companies were leaving the USA. My guess is that you would have no idea of the answers to these questions.

THERE WERE A lot of things broken and Obama was doing everything in his power to divide our country. Rich will always benefit. They were able to make themselves rich. If you weren't rich that is your fault. If you don't put out the effort you will always come up short.

DO YOU WANT our country to move forward? Search YouTube for Andrew Yang.

AT THE CLOVER Beach parking lot, it would be a big help if people did not park their trucks and cars so that they hang over the sidewalk. It is a safety hazard, especially trucks and cars with trailer hitches. Thank you in advance for your consideration.

BALLOTS

Continued from Front Page

Here's what local clerks say about computer ballots versus paper ballots.

Thomas Broecker, Fenton Township operations manager/deputy clerk, said he's not opposed to electronic voting, but until he's convinced that an electronic system can't be hacked, the township will stay with paper ballots.

"I completely support paper ballots because they provide a fool-proof trail to reconstruct the election results if necessary," he said, adding that Michigan uses a paper-based system, which decreases a lot of questions and worries on if election results were hacked.

Sue Walsh, Fenton clerk, said, it's hard to comment because "I don't have the knowledge regarding electronic ballots. My first and foremost concern would be the integrity of the election. There is so much distrust throughout the United States in regards to elections, security would be my biggest concern."

"In my experience, I have found that in the quest to overly simplify a process, we tend to overly complicate it and for the ones in the trenches, it can be a

"In my experience, I have found that in the quest to overly simplify a process, we tend to overly complicate it and for the ones in the trenches, it can be a procedural nightmare."

Sue Walsh
Fenton city clerk

procedural nightmare. I suppose I am old fashioned, I prefer my paper ballots as I can verify and prove my election results quickly and most importantly, with confidence."

Debbie Miller, Rose Township clerk, said she would not want to use a fully electronic voting system.

"My goal is to always protect the integrity of the election and election process therefore I would always want paper ballots if or when you have to do a recount," she said.

Argentine Township Clerk Denise Graves said she prefers paper ballots because then there's a permanent record of the election results.

CHILD PORN

Continued from Front Page

for a runaway complaint. When contacted, the juvenile runaway reported that he found pornographic materials involving children on his dad's tablet.

Child Protective Services was notified and the juvenile was placed with other family members.

Troopers went to the Holly Village Park home in Holly Village where juvenile lived and made contact with his father. A search warrant was drafted and signed by an on-duty magistrate. The search warrant was executed and large amounts of evidence was located, including sexual materials involving children.

The home was extremely cluttered and the search is going to take a long time, according to the MSP. The MSP cyber dog trained to find different kinds of cyber hardware was used to search the residence.

There were materials in the home spanning over many years, according to the MSP.

The Holly Police Department responded to the runaway call and assisted MSP with this case.

Small treats offer life lessons; intro to 4-H

Local libraries offer fun cold-weather escapes

By Tim Jagielo

Fenton — The cookies didn't all turn out perfect, but that's hardly the goal — mistakes were welcome.

On Saturday, Feb. 8, the Fenton-Winegarden Library hosted a cookie decorating activity. It was run by Mary Riley-Walraven with the Michigan State University Extension 4-H STEAM Corps.

Cookie decorating is actually an activity in 4-H in which participants can earn ribbons and cash prizes. This is a point Riley-Walraven tries to make at such demonstrations.

Children could enter decorated sugar cookies in the "cookies, any not listed" category.

Riley-Walraven had experience in such an activity because her daughter decorated at a county fair last year. She said the activity isn't just fun, it's actually a useful life lesson on moderation, measurements and how these themes impact a final product.

The children had to dilute the coloring with an appropriate amount of water to make colored frosting. "They really get to learn by seeing how the different amounts affect it," she said.

They have to mix the frosting with water to the proper thickness, and then use the "flooding" technique to fill in color. "Flooding" is making an initial outline on frosting atop the cookie, and then filling it in, line-by-line of frosting until it's smoothly filled in.

Hand-eye coordination also is bol-

Joni Boughan of Fenton and her son, Lukas, 9, work on cookies Saturday, Feb. 8. Photo by Tim Jagielo

stered along with all the tools needed for the activity. While this frosting was provided by 4-H, she did describe how to make frosting at home.

Parents may have cringed a little, but the point is to hand children food coloring and let them dilute it to see how it works. "That's what 4-H is all about — learning things hands on," Riley-Walraven said.

Go to thegdl.org/events for more free upcoming activities. There's yoga, folklore, 3-D printing and more coming this week.

LOVE STORY

Continued from Page 3

He saw Pat for the first time in April 1985, sporting Dallas Cowboy short shorts and a Tasmanian Spring Break T-shirt, during her off-hours as U.S. Air Force administrative assistant, staff sergeant.

He didn't talk to her at the time, and little did he know that she also had her eyes on him. "He'd be washing and waxing his burgundy Trans Am, and I'd be watching in awe out of my window," Pat said. "He was just so good looking."

The couple officially met at Branigan's Disco in Fort Walton Beach. "I tried to get this mutual friend to introduce us, and when he finally did, I asked her to dance," Toby recalled. "I put my hand on the small of her back to guide her to the dance floor, and she tells me that's when she knew I was her guy."

"I'm getting chills right now, and tears in my eyes, just thinking about it," Pat said. "I knew right away, oh my God, I love this man, The very next day I told my staff sergeant that I had met the man I was going to marry."

It didn't take much longer for Toby to realize, too, that he had met the love of his life. After enduring multiple ear infections while body surfing, Pat took care of him in his apartment and that's when Toby knew she was "the one."

The duo became inseparable best friends, spending all their time on the beach and going to movies, sometimes three or four a week. "We started dating in April 1985 and got married on New Year's Eve that year," Toby said.

They were married by a Justice of the Peace, because they knew they wanted to be together for a lifetime and would be able to live off-base by being married in the military.

That was 35 years ago and today, life is more complicated with careers and kids added to their love story.

Toby, 56, is vice president of sales at Etna Supply and Pat is a parapro at the Elmer Knopf Learning Center through the Genesee Intermediate School District. Family life includes their son, Lee, 29 and daughter Kaitlyne, 28.

They plan to see the award-winning movie "2017" on Valentine's Day, rekindling their old movie-going days from decades ago. "That's the romantic side of me, doing what we used to do back in the day," Toby said.

Mark McCabe

67th District Court

Ask the

judge

The burden of proof

Whenever a case is filed in a Michigan court, the entity or person initiating it has certain duties and responsibilities.

Among these is the very basic proposition that in order to prevail they must "prove their case."

This means that they have what is called the "burden of proof" and if the burden is not met at a trial or a hearing the case will be dismissed.

In all cases, evidence must be presented and the required burden of proof level depends on whether it is a criminal or civil matter.

The following are some common examples of the required standards.

At a criminal trial a defendant starts with the presumption that they are innocent.

To overcome this the prosecutor must prove that the defendant is guilty beyond a "reasonable doubt."

A reasonable doubt is a fair honest doubt growing out of the evidence or lack of evidence, it is not merely an imaginary doubt, but a doubt based on reason and common sense after a careful and considered examination of the evidence.

In criminal felony cases there is a pretrial hearing in district court called a preliminary examination.

This hearing determines whether there is "probable cause" for the defendant to stand trial at circuit court and it is the prosecutor's burden to prove it.

Probable cause requires evidence, which is sufficient to cause a reasonable person of ordinary prudence and caution to conscientiously entertain a reasonable belief of the defendant's guilt.

For most civil cases, the burden of proof is for the plaintiff to establish their claim by a "preponderance of the evidence." This means proving that it is more likely than not that it is true.

For certain other civil matters the burden is higher (such as changing child custody or fraud) and proof by "clear and convincing evidence" is required. This means that the evidence must be strong enough to cause the trier of fact to have a clear and firm belief that it is true.

One of the main reasons for these burden of proof standards is to ensure that when a case is filed all parties know what is expected both to proceed and defend.

Our system of justice would have it no other way.

Goodrich native again on American Idol

■ Live auditions begin Feb. 16 on ABC-TV

By Sharon Stone

Genavieve Linkowski, 22, of Goodrich is hoping that this year is her year to make a name for herself on American Idol.

Linkowski won a golden ticket to Hollywood when she auditioned for the popular singing competition with celebrity judges on ABC-TV two seasons ago in 2018. In the March 2018 episode, she sang and played the piano to Jason Mraz's "I won't Give Up."

Celebrity judge Lionel Richie told her in 2018 that her voice reminded him of Celine Dion.

The 2018 show told Linkowski's story of how she was homeschooled and was the oldest of 10 children.

In April 2018, Linkowski, then 19, hoped she would make it to the next level and be included with the top 50 contestants. This did not happen. Following the news, she posted on her social media that she thanked everyone for the opportunity and that "I won't

Genavieve Linkowski of Goodrich is hoping to be the next American Idol. The popular TV show premieres its 17th season Feb. 16 on ABC. **Submitted photo**

give up on my dream because I know this is God's call that He has for me, and God's will is better than anything I could ever imagine."

On Jan. 16, Linkowski wrote on her social media, "Watch the American Idol premiere on February 16th."

Linkowski will audition in front of this year's judges Katy Perry, Luke Bryan, Lionel Richie and mentor Bobby Bones. The show in its 17th season is hosted by Ryan Seacrest.

Genesee County students invited to take part in contests

■GHP's Health Heritage Essay Contest scholarships teach importance of family health history

Genesee Health Plan (GHP) is accepting entries for its fifth annual Health Heritage Essay Contest. This year Sovita Credit Union is sponsoring the contests, which are open to all students in Genesee County.

The essay contest is for elementary (grades five and six only), middle/junior high and high school students. Two scholarships will also be awarded to high school seniors pursuing a career in the healthcare field.

"Knowing your family health history is a key part of prevention and living a healthy life. Our annual Health Heritage Essay Contest is one way we encourage students to think about their health today and in the future," said Jim Milanowski, GHP President and CEO. "This year we are excited to announce that Sovita Credit

Union is sponsoring the essay and scholarship contests."

Students are encouraged to interview one or more of their family members and write an essay about their findings, as well as their plans for their personal health and their future health. The specific essay guidelines are outlined below and can be found at geneseehealthplan.org.

All essay submissions are due on or before Friday, March 27. Scholarship recipients will be honored at Genesee Health Plan's Health Care Hall of Fame Awards Dinner on April 17.

The contest also provides an opportunity for teachers to participate for the chance to win prizes.

Essays can be submitted electronically to: healthheritage@countyhealthplans.org.

Contact Sherika Finklea at (810) 232-7740 ext. 217 with any questions.

For more information including specific contest rules and guidelines, visit geneseehealthplan.org/2020essaycontests.

Iron workers union picketing 111 Building site

By Tim Jagielo

Fenton — Several days per week, demonstrators have been out at the 111 Building construction site in downtown holding signs reading "Wages and Fringe of SPS are substandard." Demonstrators are union members of Iron Workers Local 25, picketing against the steel subcontractor Structural Precast Services (SPS.) SPS is currently erecting the frame of the building.

"These (SPS) guys don't get good benefits; they don't get standard wages of the local area," said union business agent Wayne Coffell. "We're just out here offering them better wages really." Union members attempt to tell entering and exiting SPS workers about their union. He said they'll be out there until the job is done. He said a handful have joined their union over the years from such practices.

SPS could not be reached for comment.

MDOT GRANT

Continued from Front Page

palities, Southern Lakes Parks & Recreation and the LAFF Pathway group to make the trail system a reality.

"The system will likely be constructed in phases and paying for the construction will include grant funding," said City Manager Lynn Markland in a memo to the council. "Some of the grant funding that is available requires an

Act 51 road agency to be the applicant. This particular grant is from the MDOT (Michigan Department of Transportation) Transportation Alternative Program (TAP). Since we are an Act 51 road

agency, the city of Fenton has been requested to be the grant applicant."

The grant would be for \$997,000 and that matching funds would be provided by private funding and additional grants as stated in the resolution, Markland said.

Citizens in the three municipalities that make up SLPR were asked to amend the SLPR charter to include a levy and collection of 1.2 mills for 10 years, from 2019 to 2028, to provide

funds for non-motorized recreational paths and facilities in Fenton, Fenton Township and Linden. The millage was expected to raise just over \$1.4 million in the first year. The estimated cost of the pathways is almost \$14 million.

The May 2019 vote failed with 2,875 citizens voting no and 1,585 voting yes. After the vote, organizers vowed to continue seeking ways to fund the non-motorized trail project.

“The residents in the community that use the pathway/trail will have an improved quality of life.”

Lynn Markland
Fenton city manager

"This project is an economic development project as well as a quality of life project," Markland said in his memo. "Many individuals and families travel to areas to use bike pathways/trails and the usage of the pathway/trail

generates commerce. The residents in the community that use the pathway/trail will have an improved quality of life."

If the grant is awarded, the applicant (city of Fenton) commits its local match and donated amounts from the cities of Fenton and Linden, Fenton Township and SLPR in the amount of \$15,000 each. LAFF Pathways will be committed to contributing \$48,000. Just over a million dollars is expected to come from private funding and additional grants.

Meet

Lauren Elizabeth Megdanoff

- Fenton High School senior
- Loves music, dance and art
- Seeking PhD in astronomy

By Vera Hogan

Lauren Elizabeth Megdanoff, 17, is a senior at Fenton High School. She is one of the students who last summer created/painted the mural in the FHS hallway to commemorate the 50th anniversary of the building. Lauren is the daughter of Shelly and Christopher Megdanoff. Her siblings are Alexis, Nicholas and Samantha. After graduating from Fenton, she plans to attend Michigan Technological University where she hopes to earn a degree in physics, and graduate school to get a doctorate in astronomy.

In what ways do you feel that you've matured over the last year?

I've realized that I need to focus on making myself happier. I need to surround myself with the people and things that make me happy. I've thought a lot about who I am and I have realized how sometimes I can blow things out of proportion and I want to change that and become a better person.

What accomplishment are you most proud of?

I'm really proud of how far I've come in being confident in the person I am and where I'm supposed to be. Freshman year I was really quiet and timid, and I still am, however, through my years of high school I have found the group and the activities that make me the most confident and sure of myself and push me to be the best person that I can be.

If you had to give up your cell phone/internet for a weekend but able to do anything what would you choose?

I would go on a camping trip with friends and family where we would do a lot of outdoor stuff and just take time to be there in the moment, to let everything slow down for just a

little bit. I'm actually planning to take a camping trip out west with my two best friends, Hallie Ludwig and Mallorie Johnson, and my mom for a senior trip. I'm really excited to do this because I really want to just spend time with my friends before we all go off to college. I'm gonna be 10 hours away up at Michigan Tech.

What superhero power would you like to have?

Since this question asks what superhero power and not what super power, I'm gonna nerd out a little. Now my first instinct would be to choose my favorite superhero, Spider-Man.

However, if I think about it more, it would be cool to have Aquaman's powers because then I could breathe and see in the dark underwater. But there are some cool superheroes out there that have awesome powers, like Night Crawler who can teleport anywhere including other dimensions, Phoenix who is so powerful she can destroy the universe, and a home favorite, Deadpool, who is quick witted and has regenerative abilities. But I think I have to go with Aquaman because swimming to the deepest parts of the ocean would be amazing and if you can breathe underwater, you can't drown.

What do you like to do for fun?

Like any normal teen, I like to spend time on my phone and hang out with friends, but I also like a lot of other things. I love playing my flute and piccolo, dancing, skiing, drawing, painting, solving puzzles, and learning. I know there are a lot of kids that don't like to learn outside of school, but I think learning new things and expanding my knowledge is a lot of fun. I'm kind of weird because I like a lot of creative things and I like a lot of logical things all at the same time, so I guess you could call me really well balanced.

LF wrestlers earn three Metro titles; Holly grapplers collect two

By David Troppens

The tri-county area collected seven of the 14 Metro League individual championships up for grabs at the Metro League Meet on Saturday.

The four area schools also had four runner-ups and eight earned third or fourth place.

No one earned more champions than

Lake Fenton, who had three of them. Linden and Holly had two. In runner-up positions, Linden had two while Fenton and Holly had one each. More about Linden's wrestlers can be found elsewhere in this publication.

The Holly Bron-

chos placed in a tie for third at the meet, while Lake Fenton was seventh. Fenton placed 10th.

The Blue Devils had a strong showing with three firsts, earned by Ty Johnson (112), Jack Conley (125) and Zolen Marron (215).

Tigers sweep firsts vs. Kearsley/Lake Fenton, Brandon/Goodrich

By David Troppens

The Fenton varsity boys swimming and diving team not only continues to win. The team dominates.

The Tigers collected all 12 first-place finishes and seven of the nine individual second-place finishes, crushing Kearsley/Lake Fenton and Brandon/Goodrich Friday night.

What makes the performance even more impressive is the number of different performers who earned individual firsts — eight. Max Haney had two individual firsts, winning the 200 individual medley (2:10.44) and the 100 freestyle (52.62). The rest of the individual first-place finishers were Alec Maddock in the 200 freestyle (1:59.57), Anthony Barnett in the 50 freestyle (23.92), Joel Diccione in the 100 backstroke (1:03.16), Justin Miller in diving (160.15), Kaz Sieja in the 500 freestyle (5:15.65), Braden Flavo in the 100 butterfly (59.95) and Jack Kennedy in the 100 breaststroke (1:07.04).

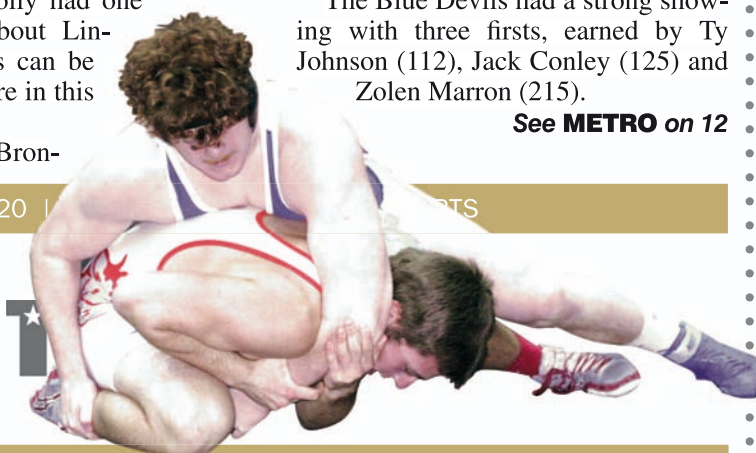

The Tigers won all three relay events. Jack Fries, Kaz Sieja, Barnett and Zach Michelson won the 200 medley relay (1:52.27) while Melchor, Luke DeFina, Haney and Crews won the 200 freestyle relay (1:39.79). Nick Demeray, Crews, Melchor and Tristan Bakker earned a first in the 400 freestyle relay (3:45.09).

Seven different individuals earned seconds. They were recorded by Evan Koch in the 200 freestyle (2:00.72), Joel Diccione in the 200 individual medley (2:14.70), Lucas Shampo in diving (149.30), Zach Michelson in the 500 freestyle (5:28.97), Jack Fries in the 100 butterfly (1:00.80), Justin Melchor in the 100 freestyle (53.24) and Bakker in the 100 backstroke (1:07.54).

Linden wrestlers capture Metro title

By David Troppens

The Linden varsity wrestling team did something it hasn't done since 2006 on Saturday.

Despite sickness bothering the squad, the Eagles captured a Metro League title.

The Eagles won the Stripes Division championship officially, but probably could consider themselves the outright league champs after taking first at the Metro League Meet because they defeated all of the Metro squads in dual action.

"We finished the Metro the right way," Linden varsity wrestling coach Kyle Summerfield said. "This team has worked their tails off for this. We set a goal to be undefeated in the Metro, we accomplished that Wednesday, finishing 10-0.

We also set a goal to win the conference tournament. Today, we stepped up and finished the job.

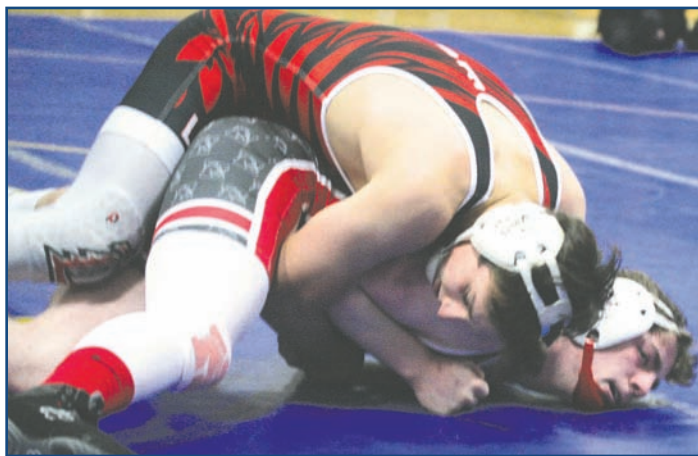

"There are always obstacles in life. Today, the team didn't let those obstacles get in their way. They overcame. All the praise to these hard working men and women."

The Eagles had four wrestlers in the championship round and six top-four placers, in what was a very balanced league competition.

Linden won with 128 points, 17 points better than second-place Corunna. Clio and Holly tied for third (106) followed by fifth-place Swartz Creek (105) and Kearsley (104).

Linden's league champions were freshman Bryce Shingleton (119) and senior Jayden Rittenbury (145).

Griffins split weekend hockey contests vs. Lakeland, Stoney Creek

By David Troppens

There was a little good and bad during last weekend for the Fenton/Linden varsity hockey team.

The squad opened the weekend with an 8-2 loss against White Lake Lakeland, but bounced back to beat Stoney Creek 6-1 on Saturday.

The Griffins trailed Stoney Creek 1-0

after one period, but ended up taking the lead with three goals in the second period. The Griffins also scored three goals in the third period.

Nick Temple led the offense with two goals while Brendan Miles had a goal and two assists. Ethan Hutchings had a goal and an assist while Trevor Isaacson and

Dominic Loria had a goal each. Keegan McNamara, Dominic Krusniak, Heyden Justus and Ken Sorum had an assist each.

Both teams had scoring chances. Fenton/Linden had a slight 32-31 shots on goal edge. Loren Jones played in net for the Griffins and made 30 saves.

McIntosh's shot leads Tigers by Holly

By David Troppens

Holly — Addison McIntosh had never made a game-winning shot near the final buzzer to earn his Fenton varsity boys basketball team a victory during his long varsity career.

The senior has one now.

McIntosh hit a three-point jumper from the baseline near the Tigers' bench with just two seconds left, earning the Tigers a thrilling 50-49 victory at Holly High School Friday night.

In a game that was close throughout, McIntosh was the star. He netted a game-high 28 points, scoring the majority of his points from behind the three-point arc. He scored 21 of those points behind

it, including the game-winning points.

"In high school I have not," McIntosh said when asked if he ever had a game-winning shot like he had against the Bronchos. "In AAU and that kind of stuff I've had them, but nothing like that."

For a moment it looked like the Tigers wouldn't get their shot off. Trailing 49-47 after Holly's Benjamin Wilson made a free throw with 23.3 seconds left, the Tigers ran a weave play that didn't look like it was working. But, eventually McIntosh got open on the wing and hit the game-winning shot.

Holly/Oxford boys capture Mt. Holly Divisional meet, earn Divisional title

By David Troppens

The Holly/Oxford varsity boys ski team are divisional champions.

Holly team member Jack Ford led the squad, earning the honor as the meet's fastest racer with the best

combined time in the slalom and the giant slalom. Fellow Holly student and brother Connor Ford was second in that competition while teammate Garrett Moran was third.

Eagles keep winning, defeat Flushing

By Dale M. Smith

Flushing — Early in December, the Linden varsity boys basketball team hosted the Flushing Raiders. They scored early and often in that one, as they cruised to a 75-35 win.

When the teams faced off again Friday night the points didn't come as easily, but the Eagles used a suffocating defense to top the home team, 49-33.

The Eagles held Flushing to only seven points in each of the first two quarters. They followed that by allowing the Raiders a paltry five points in the third.

The Eagles were in the double bonus in the first half and after a technical foul on the Raiders and two Blake Lund free throws, Linden was up 30-12 late in the first half. A late bucket by Flushing made it Linden 30-14 at the break.

Junior standout Blake Lund had 19 of those 30 first half points. Seniors Seeger DeGayner and Brenden Miller had seven and six rebounds respectively heading into the second half.

"Stay Connected To Your Community"

Lady Eagles fall to Flushing Raiders

By David Troppens

A slow start kept the Linden varsity girls basketball team from being able to compete against the Flushing Raiders at Flushing High School Friday night.

Linden (3-1) only netted three first-quarter points and ended up losing 52-32.

Linden's only three points in the opening quarter were provided by a Paige Leedle free throw and a Delanie Prince bucket. Meanwhile, Flushing had three players score at least two buckets in the opening quarter, resulting in a 19-3 lead.

The Eagles played pretty competitively with the Raiders (12-3) the rest of the way. Three-pointers by Leedle and Grace Pryde were Linden's only field goals of the second quarter, resulting in a 32-12 halftime deficit. The Eagles outscored Flushing in the third quarter with treys by Pryde and Megan Widner leading the way.

Tigers edge Bronchos in Metro battle

By David Troppens

Holly — Early on, the Fenton varsity girls basketball team struggled to find its offense on the road against the Holly Bronchos.

The Bronchos held the Tigers to just five first-quarter points. It wasn't like the Bronchos were heating the gym on fire, but Holly still enjoyed an 8-5 lead after the first quarter. But the Tigers heated up and scored 36 points the rest of the way, resulting in a 41-38 victory.

The Bronchos were looking in good shape for most of the first half. A 17-foot jumper by Megan Strunk raised Holly's lead to 12-7 with just 2:27 left in the half. Holly's defense had held the Tigers to just three field goals to this point in the game. However, the Tigers of fensive fortunes turned for the final 2:27.

First, Brie Sanford hit a 12-foot jumper just seconds later. With 1:16 left, a pass from Korryn Smith to Kaleigh Shaker resulted in a three-pointer, tying the contest at 12-all.

Fenton took the lead before the end of the half when Smith hit a putback hoop with 22.4 seconds left in the half. Fenton enjoyed a 14-12 half-time lead.

In the second half, the Bronchos always trailed. Fenton increased the lead to 19-12 on a Shaker assist on Samantha Whaling runner. Holly was able to cut the gap to 21-20 on a three-point hoop by Hannah Covert, but the Tigers took a 24-20 lead entering the fourth quarter on a Smith hoop.

In the fourth stanza the Tigers threatened to blow the game out. The lead grew to as many 10, twice. The final time came on a Samantha Whaling runner with about three minutes left in the game. However, the Bronchos (5-10) made one more furious run at the lead. Holly scored the next five points in the game, cutting the lead to 39-35 when Emma Tooley converted two free throws, cutting Fenton's lead to 39-34.

METRO

Continued from Page 10

Marron, a senior, capped the league season by earning a pin in the semi-finals before beating Holly's Kolten Steele 3-0 in the title match. Lake Fenton's other champions are freshmen. Johnson earned pins in his first two matches and then beat Clio's Trento Idalski by a 16-8 major decision in the finals. Conley earned two pinfall wins, including one in just four seconds in the semifinal round, to earn his spot in the finals. He beat Swartz Creek's Wyatt Mathews in the finals by a 7-3 score.

Lake Fenton's other placers were Gavin Lawrence (145) in third and Jaden Ketchum (119) in fourth.

"Our hammers wrestled well," Lake Fenton varsity wrestling coach Vance Corcoran said. "And we had Jaden Ketchum place fourth, which was huge, especially being only his second tournament back. I think for the overall young people we have, we did an outstanding job on Saturday.

"We were only 30 points out of

first place and we lost to the league champs in our division by four this year. So with the improvements of our kids over this season and the kids coming up next season and the off-season workout that we have planned, I think we're looking very good for the near future. Now it's time to buckle down and get these kids to Ford Field and see how they finish."

Holly had two champions — Nate Young (140) and Jacob Gonzales (152). Young earned pinfall wins in each of his three matches, including a pinfall win in 4:25 against Corunna's Xavier Anderson in the title match. Gonzales earned his title with three pinfall wins and a 9-4 decision title win against Linden's Jimmy Roti.

Also placing were a second-place finish by Kolten Steele (215), a third-place finish by Tyler Hild (189) and a fourth-place finish by Scott Hermann (171).

The Fenton Tigers didn't have any champions, but did have three placers.

Val Butts

1951-2020

Val Butts - age 69, of Fenton, died Monday, February 10, 2020. Services will be held 3 PM Saturday, February 15, 2020 at Sharp Funeral Homes, Fenton Chapel, 1000 Silver Lake Rd., Fenton. In lieu of flowers, those desiring may make contributions to McLaren Hospice. Val was born January 27, 1951 in Pontiac, the daughter of Joseph and June Schutz. She was a volunteer with the Fenton V.F.W. Auxiliary. Val loved playing bingo and bowling. She enjoyed gardening, cooking, baking and was an avid Detroit Tigers fan. Most of all, she enjoyed spending time with her family. She is survived by her children, Angela (Kevin) Pontiff, Joanne (Otis III) Allen, Theresa (Deryk) Roberson, Tiffany (Vance) Huff and Jason (Melissa) Butts; nine grandchildren; brothers, Joe and Jim; sisters, Vanessa, Vianne, Vivian and Veronica. She was preceded in death by her husband, Dennis Butts. Tributes may be shared at www.sharpfuneralhomes.com.

Gail Kathern (Shoup) Knuth

1947-2020

Gail Kathern (Shoup) Knuth - age 72, of Linden, passed away Sunday, February 9, 2020. Funeral service will take place 1 PM, Saturday, February 15, 2020, at Sharp Funeral Homes, Fenton Chapel, 1000 Silver Lake Rd., Fenton. Pastor Jeff Jagers will officiate with burial to follow in Crestwood Cemetery. Visitation will take place from 6 to 8 PM Friday, February 14, 2020 and again on Saturday from 11 AM until the time of the service. Those desiring may make contributions to Genesys Hurley Cancer Institute. Gail was born on April 1, 1947, in Flint, daughter of Elmo and Margaret (Cook) Shoup. She graduated from Lake Fenton, class of 1965. Gail and Orlin were united in marriage on December 21, 1967 in Mt. Pleasant. She worked for 28 years as the secretary at West Shore Elementary School before she retired. Gail was an avid supporter of the Lake Fenton Schools football and band programs. She loved to travel and plan trips to Disney World. In her free time, she enjoyed baking, cooking, crocheting, sewing, woodworking and crafting. She is survived by her husband, Orlin Knuth; three children, Karen (Jeff) Morris, Kim (Randy) Lee and Kevin Knuth (Rylee O'Leary); three grandchildren, Tyler, Randa and Ragan; niece, Julie Jackson; and nephew, Tim (Tina) Johnson. Gail was preceded in death by her grandson, Trevor; sister, Carroll Johnson and parents Elmo and Margaret Shoup. Friends may share a tribute at www.sharpfuneralhomes.com.

Midweek Sudoku

FUN BY THE NUMBERS
Place a number in the empty boxes in such a way that each row across, each column down and each small 9-box square contains all of the numbers from one to nine.

Horoscopes

For the week of
February 10, 2020

ARIES

Mar 21/Apr 20
Align yourself with the movers and shakers, Aries. Sometimes it's not what you know but who you know. Find a solid team and stick with them.

TAURUS

Apr 21/May 21
Taurus, if you're already running on fumes, it may not be possible for you to tackle any additional tasks this week. Make some hard cuts and you'll be better for it.

GEMINI

May 22/June 21
You have several weeks to understand how recent changes will affect you, Gemini. You may need to get a few new friends in your circle of supporters.

CANCER

June 22/July 22
Cancer, don't be surprised when someone from your past approaches you for some advice. You may not have all the answers, but you can help guide this person in the right direction.

LEO

July 23/Aug 23
Leo, some new information has put you in a better position to make an important decision. These details have come just in the nick of time.

VIRGO

Aug 24/Sept 22
Virgo, you may need to make some important decisions regarding your finances in the days ahead. It's now or never to square away your short- and long-term budget.

LIBRA

Sept 23/Oct 23
An important relationship is on the cusp of reaching a milestone, Libra. Enjoy this special time and make every effort to commemorate it in a unique way.

SCORPIO

Oct 24/Nov 22
Find a way to cool your jets for the time being, Scorpio. Extra pressure may have you feeling the stress, and you may not be putting your best self forward.

SAGITTARIUS

Nov 23/Dec 21
Sagittarius, a passing comment rings true to you this week and commands your immediate attention. You do not want to let any opportunities pass over the next few days.

CAPRICORN

Dec 22/Jan 20
Learn how to count the small blessings in your life, Capricorn. Doing so will help you overcome a challenging issue that may pop up shortly.

AQUARIUS

Jan 21/Feb 18
You may need to look inward and make changes before you start suggesting others make their own modifications, Aquarius. Be honest in your personal assessment.

PISCES

Feb 19/Mar 20
There are a few things you are still trying to uncover about a new person in your life, Pisces. Keep digging because the reveal is worth it.
