## Pandemic, ideal weather keeps marine patrol busy

■Public's help needed in identifying Jet Skier who 'purposefully' hit swan

By Hannah Ball

In the 2020 summer season, the Genesee County Sheriff's Office Marine Patrol reported four fatalities on area lakes this summer.

Along with fatalities, Sheriff Chris Swanson said this lake season was busier than past years with traffic. They issued more than 100

citations to boaters.

Four fatalities in one summer "is really unusual," Swanson said.

The first was 17-year-old Lexi Simon of Fenton who was killed in a personal watercraft collision on Lake Fenton on Sunday, May 24. Genesee County Marine Patrol hosted two boater safety classes due to this, and classes were attended by more than 200 people.

## TRICK OR TREAT...

■Spooky tradition still on, but local municipalities ask participants to adhere to COVID-19 guidelines

By Sharon Stone

Local municipalities are fielding inquiries from

residents to find out what they are permitted to do for Halloween this year. With the continued safety guidelines in effect because of the COVID-19 pandemic, many are wondering if the kids can go out for trick or treating.

**Argentine Township** Supervisor Brian Saad said the municipality doesn't have an official statement or guidelines for Halloween trick-or-treating, but he urged parents to do what's best and safest for their children.

## Holly Union Depot takes another step to relocating

By Sharon Stone

The site of Holly Union Depot's future home, which is located about 1,000 feet closer to Broad Street, has been purchased. This announcement was made on the "Save Our Holly Union Depot" Facebook page.

Village Manager Jerry Walker said they closed on the property with CSX

# Fenton theatre live streams ‘Radium Girls’ performances

■ Play season adapts to pandemic restrictions; performances began Oct. 1

By Hannah Ball

The show goes on even during a pandemic. The Fenton Village Players have a number of shows planned in the upcoming months, starting with “Radium Girls.” From Oct. 1 to 11, the theatre will live stream performances of “Radium Girls” at the same times they would put on a usual show.

“Radium Girls,” based off the nonfiction book, tells the real stories of a dozen who worked in radium watch dial factories in the 1920s, when radium was used in multiple markets and the public wasn’t aware of the dangers and often deadly side effects. Read the synopsis below.

Fenton Village Players is ready to bring the characters to life even though audiences will not be allowed in person.

“The process will be to live stream the performances each night at the same time we would hold a traditional ‘live’ performance,” said director Daniel Ragan. “We were given the option to record one performance and stream that recording each night; however, we wanted to stay as true as possible to a live theatrical experience. And yes, we are completely live streaming the performances for free on Zoom.”

Go to [fentontheatre.org/radium-girls](https://fentontheatre.org/radium-girls) for the link.

“This will also be the first time we are venturing into the realm of streaming performances with ‘Radium Girls’ being 100 percent streamed and ‘Drinking Habits’ likely being at least a hybrid stream/in-person.”

## A message from the superintendent

## 'Grace, my friend'

It just wouldn't be fall without the sounds of football pads hitting, the band playing and those Friday night lights illuminating the field. We all look forward to each season for various reasons. For school districts, fall marks the beginning of a new school year, the return of students to classrooms and excitement in anticipation of all the fun activities that take place this time of year. Although this year looks different from years past, the return of the fall sports season gets us one step closer to that feeling of normal.

Slowly but surely, more aspects of our lives are returning to normal, but we still have a long way to go. When I think about the past several months, it seems surreal. We have been invaded by an enemy with no face and we are still trying to find the right strategy to beat it. Unfortunately, it has created division in our country and in our community. We seem to have lost sight of the need to respect each other's beliefs. We do

**Julie Williams**

not have to agree, but a little compassion and concern for others will help us get through this without creating a path of destruction along the way.

During times like these, it is easy to be angry, get frustrated and criticize those around us. I encourage you to focus on the positive things in your life and look for the good in people. Life is just too short to live it angry. A very dear friend always says the same thing when

frustration is getting the best of me, "Grace, my friend." Very simple and somehow it always brings me back to good.

I have said it before and I will say it again, we have an amazing community. We rally like no other when someone in our community is faced with adversity. Just recently, one of our staff members lost their home in a fire and the outpouring of support for that family was incredible. Our Lake Fenton Family is loving, supportive and resilient. I have always felt there is nothing we cannot get through together. We Got This!

## Education secretary concedes defeat

■ In fight against AG Nessel and others over Cares Act funding for public schools

U.S. Department of Education Secretary Betsy DeVos issued a letter Friday, Sept. 25, acknowledging defeat in her effort to rewrite a section of the CARES Act that would have diverted over \$16 million away from K-12 public schools in Michigan, Attorney General Dana Nessel announced Sept. 29.

In litigation led by Nessel and California Attorney General Xavier Becerra, Judge James Donato of the U.S. District Court Northern District of California issued a preliminary injunction Aug. 26 halting DeVos' rule. Donato's ruling joined two similar orders by courts in the District of Columbia and Washington State.

"We filed this lawsuit for one simple reason: to ensure students in Michigan and across this nation were not robbed of educational resources they deserve," Nessel said. "The landscape of how a regular school day is conducted has

changed for so many and Congress allocated these CARES Act funds for those most in need. We were poised for a fight because it was the right thing to do, and will accept Secretary DeVos' acknowledgement of her defeat. However, my colleagues and I will remain on guard to defend against any future attempts by this administration to rob funding from our public schools and students who are most in need of these critical resources."

In her letter, DeVos wrote that while the U.S. Department of Education disagrees with Judge Donato and the other district courts' rulings, her Department will "respect the rule of law and will enforce the law as the courts have opined. The Department will not appeal these rulings."

Confirming what the CARES Act requires and Nessel had fought to enforce, the Department stated that "going forward, districts must calculate the minimal proportional share for CARES Act equitable services according to the formula provided in Section 1117(a)(4)(A) of the ESEA of 1965."

Nessel and Becerra led a coalition of states that filed suit July 7 against DeVos and her Department for issuing a rule that would unfairly limit the ability of public schools to use federal funds provided under the CARES Act.

The Aug. 26 preliminary injunction order prohibited the Department from enforcing its rule until a decision on the merits of the case could be rendered.

## Glik's to feature Adopt-A-Pet animals Oct. 6

■ Event is part of Give Back Tuesday, when portion of sales benefits local non-profits

By Sharon Stone

As part of its 123<sup>rd</sup> anniversary of fashion and Give Back Tuesday, Glik's of Fenton will have Fenton Adopt-A-Pet animals at the store on Silver Parkway on Oct. 6, from 12 to 4 p.m.

These animals will help donors see what their monetary funds will go toward sustaining. Adopt-A-Pet will not be completing adoptions at that time, just socializing and generating attention to the good works Adopt-A-Pet Fenton does for animals throughout the year.

## CHEERS TO 123 YEARS OF FASHION!

According to Jeff and Jim Glik, their great grandfather opened their first store 123 years ago, which has changed a lot over the years. They no longer carry wedding dresses, fishing rods, box fans, glassware, etc.; but they do continue to sell fashion.

Their commitment to serving the community has not changed since 1897. This year, they have taken a local approach to their Give-Back Tuesday. This year, they asked each of their 64 storefront locations to select a local organization to donate 10 percent of their stores sales to on Tuesday, Oct. 6.

The 65th location, their web store, has selected the national organization Color of Change to donate to on this day.

The Glik's said they also are proud to be a chamber member in all of their 65 communities.

To learn more about their history, check them out at glik's.com on the "about us" page. This anniversary event runs from Sept. 28 to Oct. 11.

## 'We're just passing a little love around'

### ■ Local church supports residents and staff of two area nursing facilities

By Sally Rummel

Dozens of essential workers at two local nursing facilities are enjoying a sweet taste of life, thanks to volunteers from Transfiguration Lutheran Church (TLC) in Fenton Township.

The Pathways in Compassion ministry, founded at TLC four years ago, strives to bring companionship to nursing home residents at Fenton Healthcare and WellBridge of Fenton, many of whom have few visitors. A volunteer group from Linden United Methodist Church also partners with Argentine Care Center in Argentine Township.

"It doesn't matter what religion a person is, we're just visiting," said Pathways volunteer Rosie Quinn. "We're just passing a little love around."

But the coronavirus pandemic has changed all that. Visitors can no longer go inside nursing homes to bring comfort to loved ones. These TLC volunteers continue to host special events

to encourage and support the staffs of Fenton Healthcare and WellBridge of Fenton, while they are unable to visit residents indoors.

Sweet treats will be delivered to Fenton Healthcare staff Oct. 14 and to WellBridge staff in November. Homemade cookies are wrapped with an encouraging message for each staff member. In September, a Root Beer Social lifted the spirits of both staffs.

Pathways volunteer Marlene Fagerman also sends monthly birthday/holiday/greeting cards to residents and staff at both facilities.

# Program helps kids prepare for real world

■Dort Financial Credit Union provides remote-learning financial literacy program for local schools

Local students are getting a free education in how to manage their money. Dort Financial Credit Union is working with Banzai, a national award-winning financial literacy program, to make an online, remote-friendly curriculum available to 174 schools in your area completely free.

"Banzai is a web-based financial literacy program. Kids get their own accounts, and they work through assignments that are based on real life," said Morgan Vandagriff, co-founder of Banzai. "But because Dort Financial

Credit Union is sponsoring it, local schools get it for free. More than ever, it's important that kids develop sound financial skills to prepare them for the real world, and Dort Financial Credit Union realizes that and they're doing something about it."

Banzai is an interactive, online program supplemented by printed workbooks and aligns with Michigan state curriculum requirements for personal finance education. The course work can be completed on any internet enabled computer or mobile device, and teachers are able to monitor student progress remotely. It has become the largest program of its kind, servicing more than 60,000 teachers nationwide.

Dort Financial Credit Union has offered time, money, industry experience, and a variety of credit union resources to help local schools teach personal finance in the classroom. Students using the program are exposed to real-life scenarios where they learn to pay bills and balance a budget — but it's not always easy. Students must learn to manage unexpected expenses such as parking tickets, interest charges and overdraft fees. The educational program also introduces students to auto loans, bank statements, entertainment costs, savings and more.

Teachers interested in using the Banzai program can visit [dort.teachbanzai.com](http://dort.teachbanzai.com) or call 888-822-6924.

**DEPOT**  
**Continued from Front Page**  
on Wednesday, Sept. 30. The purchase price of the two parcels was \$35,000. The property is positioned between the CSX rail, currently leased by Lake State Rail and CN Rail.  
“The position of the property is perfect since the former Depot was used by both rail systems,” Walker said. “Purchase of this property was a long process and we are thankful to move to the next step with major fundraising.”  
Walker said they have estimates of moving the Depot at approximately \$350,000, which does not include expenses that will be incurred in preparation for the move as well as expenses for foundation and

rehabilitating the grounds and building. This puts Holly Village one step closer to saving the Union Depot. In order to finish the preservation project, the Holly Downtown Development Authority (DDA) will continue to raise and match all funds donated 2:1, up to \$50,000, in order to move the Depot.  
Every \$1 donation will become \$3. Through this crowdfunding campaign, if they can raise \$50,000, the Holly DDA will donate \$100,000. Tax-deductible donations will make a significant difference and allow the village of Holly to breathe life back into

this historical building.  
The Holly Union Depot was built in 1886 and was placed on the National Register of Historic Places in 2000 because of the significance of the Depot’s history to the local community. The Depot was such a “people place” that over time the many travelers that waited in line to purchase tickets wore depressions in the floor.  
The village of Holly owns the building, but the public cannot access it due to its close proximity to two active rail lines and the change in safety standards by the railway companies. The building

must be moved to become a people place once again.  
Last year, the village of Holly was named one of the winners of a national contest and received a \$150,000 ‘Partners in Preservation’ grant from the National Trust for Historic Preservation. They still need to raise \$150,000 to move the building and make this worthwhile project a reality.

## 'RADIUM GIRLS'

Continued from Page 3

In the theatre's usual play selection process, the Play Reading Committee reads through numerous plays and musicals, and they discuss how the plays would work on the Fenton Village Players stage and how interesting and compelling the story would be.

"Radium Girls" was chosen because of the "compelling and important" historical story, he said. Ragan is also directing "Drinking Habits," which he said is an "absolutely hilarious farce." Running from Feb. 25 to March 7, 2021, this play is about two nuns who have been secretly making wine to keep their convent's doors open.

"Don't Mention My Name" was scheduled for last season, but was canceled halfway through the rehearsal process due to the pandemic. The play, which is about a man who suffers temporary amnesia, now runs from April 8-18, 2021.

"Finally, Something Rotten! was just recently released and is a huge favorite

among our membership and the theatre community in general, not to mention the great music and dancing that is in it," Ragan said. The play is about two brothers desperate to write a hit play. It runs July 15 to Aug. 1, 2021.

This season is different from past years. Most notable is how the seasons run, Ragan said. Instead of seasons running from January to December, this one will run from September 2020 to August 2021. The shutdown this past spring made that switch easier.

"Radium Girls' will be the first show of this new season format moving forward. This will also be the first time we are venturing into the realm of streaming performances with 'Radium Girls' being 100 percent streamed and 'Drinking Habits' likely being at least a hybrid stream/in-person," Ragan said.

They've limited the cast to no more than 10 actors, so everyone plays at least four characters with the exception of three actors who play the main characters. Everyone who enters the building goes through a COVID

screening, and the theatre also offers testing assistance.

The biggest difference is that they aren't having live audiences. The public can still see videos on their YouTube channel, and they will post royalty-free shows there in the future.

"The board decided to close the building to the public early on in the pandemic, so only our members and select volunteers are allowed in the building. Although the governor's most recent order will allow us to open to the public starting on the 9th, we will not be opening right away," he said.

Gov. Gretchen Whitmer's latest executive order allows for 20 members of the public to attend a show, but for how much the theatre pays for rights and royalties, Ragan said it doesn't make much sense right now for them to do that.

"However, we will be continuing to constantly re-evaluate based on new data and the ever-evolving situation to try and keep theatre alive while ensuring the safety of our patrons and members," he said.

## "RADIUM GIRLS" RUN TIMES AND SYNOPSIS:

- Thursday, Oct. 1 @ 7 p.m.
- Friday, Oct. 2 @ 7 p.m.
- Saturday, Oct. 3 @ 7 p.m.
- Sunday, Oct. 4 @ 2 p.m.
- Friday, Oct. 9 @ 7 p.m.
- Saturday, Oct. 10 @ 7 p.m.
- Sunday, Oct. 11 @ 2 p.m.

"In 1926, radium was a miracle cure, Madame Curie an international celebrity, and luminous watches were the latest rage — until the girls who painted them began to fall ill with a mysterious disease. Inspired by a true story, Radium Girls traces the efforts of Grace Fryer, a dial painter, as she fights for her day in court.

"Her chief adversary is her former employer, Arthur Roeder, an idealistic man who cannot bring himself to believe that the same element that shrinks tumors could have anything to do with the terrifying rash of illnesses among his employees. As the case goes on, however, Grace finds herself battling not just with the U.S. Radium Corporation, but with her own family and friends, who fear that her campaign for justice will backfire."

Kristopher Ferenz, a man in his 50s drowned, on Lobdell Lake on Sunday, June 14. Argentine Township Police Chief Daniel Allen said the call for a person in the water came over at approximately 10 p.m. from the 1600 block of Whitehead Drive. The man had been drinking with his friend and fell in the water.

Max G. Lutz, 72, of Fenton Township, drowned in Lake Fenton on Friday, June 26. According to Fenton Township Fire Chief Ryan Volz, the man jumped into the lake with a floating noodle, where the water is approximately 50-foot deep.

He lost the noodle and his wife and a few passersby jumped into the water to help him. They got him onto a boat. After getting him to shore, Genesee County Sheriff's deputies tried lifesaving measures for 40 minutes.

Ralph Roberts, 63, of Argentine Township, drowned in McKane Lake in Argentine Township on Sunday, July 26. Allen said Roberts reportedly jumped in the water and did not resurface.

Swanson said they had 15 calls for

service through 911, they issued 164 warnings to boaters, and had 467 boat contacts, which are when police do safety inspections on boats and other watercrafts and talk with residents.

The county patrols seven lakes — Lake Fenton, Lake Ponemah/Squaw/Tupper, Lobdell lake, Pine Lake, Byram Lake, McKane Lake and Holloway Reservoir.

"The lakes were more crowded this year, considerably higher," Swanson said. "Boat sales were through the roof and traffic was worse than ever before because people didn't travel. It added to more people on lakes."

He added that the "incredible" weather encouraged people to enjoy the lakes.

This was the first full summer that the Argentine Township Police Department was able to use its boat on township lakes. Allen said there were a few incidents this summer, including a boating accident on July 2 that resulted in minor property damage.

On July 31, a Lobdell Lake resident

took a video of a person on a yellow Jet Ski who had "purposefully" hit two swans, Allen said. The video, which doesn't show the incident itself, shows the Jet Ski operator driving fast on the lake while swans swim near shore.

"I saw him purposefully go that way 10 feet, 20 feet from them, do a loop and come back and drive right through them and hit one," the resident says in the video.

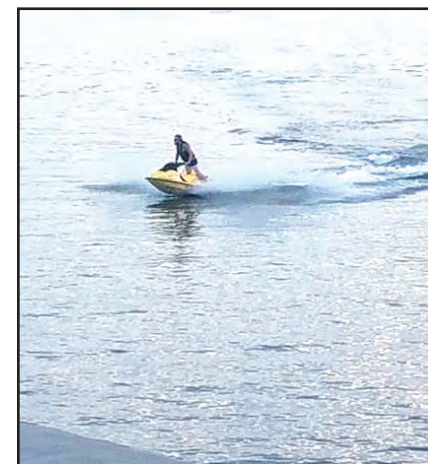

They're still searching for the suspect and are hoping someone will come forward with information.

In the beginning of August, there was an incident at the Lobdell Lake boat launch when someone cut someone else off in the parking lot. Allen said one of them pulled a gun on the other. That person was arrested and charged with felonious assault.

Allen said there were a lot of personal watercraft complaints this year, and the marine patrol was able to stop a lot of personal watercraft operators and other kayakers who were not operating watercraft responsibly or legally.

**“It added to more people on lakes.”**

**Chris Swanson**  
Genesee County sheriff

The Argentine Township Police Department is searching for information on this Jet Ski operator. **Submitted photo**

"It worked out really well the first full year," he said, adding that they didn't give out any tickets because their focus was on educating people. "A lot of education. People not driving the proper direction on the lake, going too close to docks and swimmers. We saw super positive results. The residents loved the marine patrol."

# HOSPICE: MORE THAN END OF LIFE CARE

Cindy Tomlinson, MSN, RN  
Vice President McLaren Hospice and Palliative Care

Nationally, hospice is often recognized as a model of care that affords treatment to individuals with illnesses in the last six months of their lives. At McLaren, our delivery model of hospice caregiving is much more; it's a model that helps patients and their families maximize life, get control of their care back, and optimize the end of life experience.

Hospice is a distinct style of medical care, delivered by uniquely trained and exceptional individuals. When patients are facing the most difficult transition in their lives, hospice caregivers innately know that empathy, compassion, kindness, education and specialized hospice care are the key differences for both patients and families. McLaren Hospice caregivers focus on DOING WHAT'S BEST® for the ailing patient and their families so they can focus on what really matters – getting the most out of their time together.

At McLaren, we are proud to provide the highest level of compassionate care, in whatever setting an individual calls home – whether that's their lifetime residence, an assisted living facility, adult foster care, a nursing home, or even in a hospital for a short-term stay. At a time when grief, pain and fear can be overwhelming, McLaren will bring the care, comfort and support that you need.

McLaren Hospice provides:

- Hospice care wherever you call home
  - 24/7 nurse availability

# Fenton golfers earn share of league crown

By David Troppens

A year ago, the Fenton varsity girls golf team cruised through the dual portion of the Metro League's regular season only to see them lose the league crown after taking second at the conference meet.

This season, the Tigers did the exact opposite.

The Tigers had their golfers finish in the top three positions earning the squad a first-place finish at the Flint Metro League Meet held at Springfield Oaks Golf Course on Tuesday. It earned the team a co-Metro League title with the Goodrich Martians.

Fenton posted a team score of 335, 10 strokes fewer than

second-place Goodrich's 345, forcing the two squads to have to share the league crown. Fenton's score was just two strokes more than the school record.

The two teams dominated the event with both recording all of the sub-90 scored posted at the meet.

### Bronchos share the top of the Metro mountain

By David Troppens

The Holly-Fenton varsity boys tennis rivalry played out another chapter of their history Tuesday.

The Bronchos got out of it pretty well, earning a co-Metro League title with a 6-2 victory against the Tigers.

Holly (7-0-1) finished in a first place tie with the Flushing Raiders. The Tigers (4-3) are in fourth place. The win had a sweeter taste for another reason. The Bronchos avenged their loss to Fenton from a year ago.

"We lost to Fenton last year for the first time in a long time so we weren't taking anything for granted this year," Holly varsity boys tennis coach Will Sophiea said. "I'm just proud of this group, especially the seniors. These seniors have had one of the toughest four-year careers in Holly history, so to be league champions, I'm happy for them and proud of them."

The Bronchos won the event through its doubles flights, winning all four flights by decisive scores.

The No. 1 doubles team of Garrett Reid and Drew Hignite who beat Gavin Stoober and Justin Miller by a 6-1, 6-1 score. The other three doubles flights were won by Holly by 6-1, 6-2 scores. Those matches were Parker Monty and Quintin Monty beating Trey Hajak and Tate Webb at No. 2 doubles, Alex Hepner and Joe Loeffler beating Garrett Stack and Joe McCarthy at No. 3 doubles and Miles Syjud and Jake Distel beat Zach Michelson and Cam Ruiz at No. 4 doubles.

The singles flights had some competitive battles with both teams winning two matches. The tightest match of the day came at No. 4 singles where Holly's Joe Kittle beat Fenton's Nate Dymond 7-6, 6-3. The other Holly win came at No.

1 singles where Walker Glass defeated Fenton's Sheldon Hand in a competitive 6-4, 6-3 competition.

Fenton's Remy Book won the most dominant of the singles matches. He beat Holly's Jacob Denman by a 6-0, 6-4 score.

# Eagles remain perfect in Metro League action, defeat Kearsley

By David Troppens

The Flint Metro League boys soccer season is quickly nearing its end, and the Linden Eagles remain the only undefeated team in the competition.

The Eagles improved to 8-0-0 in Metro League action with a decisive 8-0 road victory against the Kearsley Hornets.

The Eagles' win combined with Fenton's 3-1 victory against the Goodrich Martians made the Eagles (9-0-0 overall) the only remaining unbeaten team in league play with three conference games

remaining. Linden has games at Corunna on Monday, a road game at Lake Fenton on Wednesday and a pivotal home game against the Goodrich Martians at home on Oct. 12. If Linden wins out or records no worse than one tie in its last three league games, the Eagles will lock up the conference title.

The Eagles recorded their third straight league shutout against Kearsley with keeper Ian Downarowicz earning the clean sheet in net in all three games. The team defense was strong against Kearsley as

Downarowicz had to make two saves to earn the victory.

Offensively, Bishop Lawrence had a huge game, recording a three-goal hat trick. Brendan Johnson had two goals while Hunter Hall and Christian Wright had a goal each. The other Linden goal was provided by a Kearsley own goal.

Hall also had two assists while Alex Smith, Daniel Duprey, Johnson, Lucas McNamara and Devin Nowak had an assist each.

## Bronchos remain atop Metro volleyball standings, crush Swartz Creek

By David Troppens

Halfway through the Flint Metro League Stripes Division title race, the Holly varsity volleyball team is looking unbeatable.

And actually, that's what the Bronchos have been, unbeatable.

Holly improved to 4-0 in league play by crushing Swartz Creek 25-9, 25-8, 25-12, Wednesday.

Paige Weeder had a huge match in a lot of key statistical categories. She led

the team with eight kills, providing a 46.2 hitting percentage in the process. She also helped at the service line, recording nine aces, while also leading the team in service reception by posting a 2.33 grade (out of a 3.0 scale). Weeder also had five digs.

The offense was pretty balanced with setter Nicole Jewell setting four hitters consistently. Sarah Jewell also tied Weeder for the team lead with eight kills.

# Tigers return to family message, defeat Blue Devils in Metro contest

By David Troppens

**Fenton** — The season changed a little bit for the Fenton varsity boys soccer team on Sept. 23.

That was the day the Tigers lost control of their chances to earn at least a share of the Flint Metro League title when they lost a 4-2 verdict against the Linden Eagles.

In the team's first league game since then, the Tigers defeated Lake Fenton 6-1 and also beat Goodrich 3-1 in a contest they had to win if they want to have any shot at a league title still.

But league titles aren't on the team's mind since the loss against

Linden, team unity is. Fenton senior Calvin Curtis said the new mindset is working.

"In the beginning, it felt like it was more about winning, but after that Linden loss we realized it is about how we are," Curtis said minutes after the Lake Fenton win. "We care about each other and we are working for us not for anybody else. It's not to beat Linden but it's all about us. We don't really care about winning or losing, but it's just about having fun with each other."

The Blue Devils gave a great account of themselves in the contest during the first half, actually going into halftime tied 1-1. Lake Fenton actually led 1-0 early on when Alexander Zatelli scored. Fenton tied the game with a penalty kick goal by Curtis, but that's how the half ended with the Blue Devils presenting a great challenge for 40 minutes.

However, the second half was a different story as the Tigers dominated. Curtis took part in four of Fenton's five second-half goals, scoring two

## YOUR SMILE MATTERS!

By: Dr. Steven Sulfaro

### TOOTHPASTE

I am often asked by patients which toothpaste is best. Toothpaste is used to promote oral health. It serves as an abrasive that aids in removing of dental plaques, food and stains from teeth. Toothpaste also assists in suppressing halitosis (bad breath), and delivers active ingredients such as fluoride to help prevent tooth decay and gum disease. It should be noted that most of the cleaning achieved by the mechanical action of the tooth brush and that other materials such as baking soda and salt work nearly as well in cleaning of the teeth. One of the key ingredients of toothpaste is fluoride. Fluoride toothpaste, I feel, is very important in the prevention of tooth decay. In fact, for those folks in my practice who are struggling in their battle with tooth decay; I sometimes recommend a prescription strength fluoride tooth paste that they get from their pharmacist. Some patients struggle with a lot of tooth sensitivity and there are toothpastes which have desensitizing agents as an active ingredient which give them relief. There are several whitening toothpastes on the market now that can help brighten the smile and I feel these do an OK job of helping to keep the teeth whiter especially for those people who have had teeth whitening. So as you can see there are many options and your choice really depends on your individual situation. So my advice to those interested in buying the best tooth paste; I recommend any brand that has the ADA Seal of Approval, that they like, and they **will use**.

I welcome your questions and comments.

## Blue Devils honor Simon, earn win

By David Troppens

The Lake Fenton varsity volleyball team learned this summer that wins and losses aren't the most important aspect of being on a squad.

Far from it in fact.

It has more to do with the relationships created while on those teams. On Wednesday night the Blue Devils remembered one of those relationships and while doing so they defeated the Brandon Blackhawks 22-25, 25-20, 26-24, 17-25, 15-8. It also was the team's first game since COVID-19 issues created a two-week quarantine.

"Last night was a very meaningful match for our team," Lake Fenton varsity volleyball coach Allison VonDaggenhausen said. "We played in honor of Lexi Simon who was tragically killed this summer. Her sister, Laci Simon, is a freshman on our freshman team and some of her closest friends are on our varsity team, Syd Johnson, Bailey Wil-

The Holly varsity boys cross country team competed in a dual meet with Corunna High School and earned a split between the two programs.

The Holly boys won a 23-32 verdict while the girls lost 18-40.

In the boys' race, Holly had five of the top seven finishers to earn the win. Corunna's Mason Warner won the race with a time of 17:02.98, while Holly's Nolan Weisdorfer was less than a second behind in second place with a time of 17:03.95.

## : The Eagles overcome injury, defeat Kearsley Hornets

**By David Troppens**

The Linden varsity volleyball squad has settled into a pattern in Metro League action this fall.

The team lost its first match against Flushing but bounced back to beat Swartz Creek in its second match. The Eagles then lost to Fenton, but have rebounded by defeating the Kearsley Hornets in four sets. The Eagles had to earn the victory despite a key injury.

"I liked that we played consistent the first two matches and it was a total team effort," Linden varsity volleyball coach Cori Mason said. "Our libero went down at the end of the second set so we definitely struggled in the third set without her leadership, but managed to pull it back together in the fourth set."

Emma Mossing had a big game. She provided 12 digs but also was a perfect 20-for-20 at the service line, recording five

aces. Hannah Lewandowski also had a big defensive game, recording 11 digs. Braylin Robbins chipped in a healthy 10 digs.

Offensively, setter Kendal Miller had 28 assists. Robbins had the biggest night at the net, recording nine kills.

The Eagles finished the first cycle through the Flint Metro League's Stripes Division with a 2-2 mark, tied for third with area rival Fenton. Linden hosts Stripes Division leader Holly Wednesday.

of them and assisting two others. Just 2:21 into the second half, a pass from James Myers to Curtis and another pass to Benjamin Chapple resulted in a Chapple goal. Fenton led 2-0. From there, the floodgates opened. Curtis scored his second goal on a lead pass from Desmond Coughlin about five minutes later. Two minutes later it was a 4-1 Fenton lead on a goal by James Myers. Before the game was over, Chapple scored a second goal while Curtis scored his third goal.

“It was such a great victory for us,” VonDaggenhausen said. “It was our first game after being quarantined for two weeks and only having one practice. The girls really played their hearts out. It was so fun to see everything we have worked on come together. Especially to do it in honor of Lexi Simon and her family.”

Christina Lamb led the team with 19 kills and two solo blocks. She also had two aces.

**Linden City** announced this week that the tradition of Halloween and trick or treating is not a city of Linden organized or sanctioned event. Other than announcing trick or treating hours between 5:30 and 7:30 p.m., every year, the city has no further involvement.

City leaders do encourage everyone to follow health department guidelines (Go to link at end of this story).

**Fenton City** Manager Lynn Markland said no decision has been made in Fenton, however, he expects city leaders to have the same opinion as Linden City, allowing trick or treating, but not sanctioning it.

**Holly Village** announced its stand on Halloween and trick or treating Thursday, Oct. 1. Village leaders want to make it known that trick-or-treating has never been a Village sponsored event, since Halloween is not a government holiday.

However, the Holly Police Department will provide the same staffing levels as in previous years on Oct. 31 from 6 to 8 p.m., which is the traditional time for trick-or-treating in the village. If residents chose to participate in trick-or-treating, village leaders hope they will follow all Covid-19 safety protocols and guidelines.

# McLaren Fenton ER saving lives 24/7

■ **Marks six months of providing emergency services and life-saving care to Fenton area**

McLaren Fenton recently marked its sixth month of serving the emergency needs of southern Genesee and northern Livingston county residents and has already provided life-saving care.

"McLaren Fenton is staffed around-the-clock with board-certified emergency physicians, emergency room nurses, and support personnel," said Raymond Rudoni, MD, medical director of the Fenton emergency center. "It is important to remind people the center is not an urgent or convenient care facility; it is an emergency center that's already saved lives including patients who have suffered a heart attack and

stroke. We knew this kind of care was needed in this community and we are proud to offer it."

The idea of an emergency room not being inside of a hospital may be new to some, but be assured, McLaren Fenton has the appropriate staff and the necessary technology and equipment to care for patients with serious illnesses and injuries. The center features trauma and resuscitation bays directly inside the ambulance entrance, an isolation room, tele-stroke technology as a part of the McLaren Stroke Network, a lab, and imaging capabilities including X-rays and CT scans.

The waiting room accommodates social distancing. The ability for anyone with non-life-threatening conditions to schedule their arrival time through the

center's online check-in system is also an option.

"If you are having chest pain, shortness of breath, weakness or numbness, slurred speech, changes in mental status, concussion or confusion, head or eye injury, broken bones, seizures, or severe abdominal pain, you may need emergency care," Rudoni said. "Some of these conditions may require time-sensitive interventions or surgeries. If you are experiencing an emergency and need healthcare, the McLaren Fenton emergency room is safe, and ready to take care of you 24/7."

Also, during the current construction project on Shiawassee Avenue, those heading westbound on Shiawassee can use Grant Street between S. West Street and Fenway Drive to access the center from the back of the building.

## LAFFAPALOOZA 2020 celebrates completion of phase 1 of pathway

■ Register for 'virtual' phase 2 fundraising event and enjoy completed 4.5-mile paved path

By Sharon Stone

A "virtual" event beginning Monday, Oct. 5, and continuing through Sunday, Nov. 8, will celebrate the opening of Phase 1 of the LAFF Pathway, which links Argentine Township, through Fenton Township, to the city of Linden.

Participants can complete this "virtual" event on their own schedule during this timeframe. Everyone is invited to participate in this event using the pathway for their favorite activity whether it is walking, running, wheeling, biking or strolling with the family dog. This is a family friendly event in which everyone is encouraged to put on their most comfortable shoes and start moving on the brand new pathway.

The "virtual" event starts at Haviland Beach Drive and Lobdell Road (the beginning of the Phase 1 Pathway) and continues into the Linden schools campus where it heads north and then onto Silver Lake Road heading east to the city of Linden.

The "virtual" event course will then continue from the Phase 1 LAFF Pathway

through the city of Linden to the Linden County Park trail on Linden Road until it ends at the soccer fields. The distance following this route is approximately 4.5 miles. The course will be well marked every half-mile, so participants can enjoy the activity with ease.

In conjunction with the event, free fitness-related demonstrations will be held from 11 a.m. to 12 p.m. at Blue Jay Picnic Pavilion at Linden County Park. The schedule is as follows:

- **Oct. 10** – Racewalking Clinic with Robin Keene and Kathy Gurin
- **Oct. 17** - Bicycle Maintenance & More with Cycle Fit
- **Oct. 24** - Yoga for Runners & Walkers with Lynn North
- **Oct. 31** - Juggling with Heather with Heather Durham

All registrants for the "virtual" event will receive a moisture-wicking performance shirt. To register for the event go to: [laffpathways.com](http://laffpathways.com).

Proceeds from this event will be used to help build Phase 2 of the LAFF Pathway, which will link the cities of Linden and Fenton (through Fenton Township) east along Silver Lake Road.

## Just sayin'...

[vhogan@tctimes.com](mailto:vhogan@tctimes.com)

### Money is the object

**W**hen our boys were very little, I was a stay-at-home mom for a couple of years. During one of those years, my husband suffered an unfortunate back injury, could not work and was at home for a while. To say money was tight is an understatement. We managed, but it was not easy.

At Christmas that year, my husband's parents came over with four brand new, white laundry baskets. They were filled to the brim with much-needed and wanted items that included diapers, baby wipes, paper towels, toilet paper, laundry detergent, dish liquid, a large canister of coffee, a 5-pound container filled with an assortment of popcorn, pretzels, chips and more, hot chocolate with marshmallows and more. They were also filled with nonperishable food items from A-Z. We were thrilled, and relieved. It was the greatest Christmas gift either of us had ever received.

Also during that time, I had occasion to get away for a while and go shopping with some of the girls. One of them, along with her husband, had amassed a fortune in personal wealth from flipping houses. Money was no object for them. We were in Marshall Field's and happened to be walking through the bedding and linens section. There was a bed on display covered with the most beautiful comforter I had ever seen. It had a matching dust ruffle and pillow shams.

While I was drooling over this bed set, my wealthy shopping mate said, "Why don't you just buy it?"

"Are you kidding, I said, it's \$478!"

She just looked at me with a straight face and said, "So."

It was then that I realized that she,

along with a lot of other people, have no idea whatsoever what it's like to not have money, or at least money to spend frivolously on extras.

Everyone is so focused on this year's presidential race. I hope they are not overlooking other very important races, like who they put in

Congress, the Senate and U.S. House of Representatives. The majority of legislators in office today are multi-millionaires. At an annual salary of \$174,000, I guarantee that the few who are not considered wealthy are not turning in cans and bottles to buy macaroni and cheese, and hot dogs for their kids' dinner.

Do your homework, find out who really has you and your family's best interests at heart. Those who really and truly understand the plight of regular people, especially now during this pandemic period, should get your vote, whether it's at the state or federal level. Put their feet to the fire and make them tell you, I mean really tell you why they deserve your vote.

Just sayin'!

# Pink Night Palooza goes virtual

■ Proceeds go to breast cancer survivors; sponsored by Hurley and Financial Plus Credit Union

By Hannah Ball

**Fenton Twp.** — Instead of having a large in-person celebration, Pink Night Palooza was a live streamed event, and it still raised thousands of dollars on Thursday, Oct. 1.

It's the 12th year for the event, and founding sponsor Financial Plus Credit Union and presenting sponsor Hurley Medical Center made the event virtual. The purpose is to raise money by auctioning off items to support local breast cancer patients through the Hurley Breast Cancer Patient Navigation Program.

Genesee County Sheriff Chris Swanson was the host.

Normally, Pink Night Palooza is held at the Holiday Inn Gateway Center and thousands of people attend. That wasn't possible this year due to the COVID-19 pandemic. Instead, organizers and sponsors hosted smaller watch parties.

Andrea Shearer, real estate agent with Real Estate Cousins and Berkshire Hathaway Home Services Michigan Real Estate, organized a watch party at The FirePlace in Fenton Township.

She asked the owner if they could have a watch party at the restaurant with a small gathering. They watched the virtual event on the big screen.

"It's a blast," Shearer said. "It's a really big amount of money brought in for breast cancer survivors. We're trying to do all we can to keep it moving along."

This year, they had five celebrity-signed bras for auction.

Multiple bras are auctioned off during the event. Sponsors designed their own bras and viewers could text a number to bid on the item. The title sponsor is Shea Automotive Group.

Mid-Michigan's own famous rockers Greta Van Fleet and country stars Big & Rich each autographed creations. Organizers also had the Brother Bra Battle for Breast Cancer as Mark Wahlberg, Donnie Wahlberg and Chef Paul Wahlberg compete with their signed bras to

see who could raise the most money to support local breast cancer patients.

"The Breast Navigation program helps to directly relieve financial burdens so cancer patients can concentrate on treatment, wellness, and getting back to work, if possible," according

to Hurley Foundation. "Knowing that most people don't plan ahead to be off work for several months due to breast cancer, Hurley's program identifies gaps within their patient's care and assists with financial hardships they may encounter including treatment co-pays, house payments, auto payments, purchasing a wig, groceries, and much more."

Joseph Gilbert, owner of The Fireplace Bar and Grille, said this is the first fundraiser they've done in a while.

"I give back a lot to the community. I do a lot of fundraising for the local schools. Before COVID, we did an awful lot of that," he said. "What better thing to do to start off the month than with breast cancer awareness?"

He can only operate the restaurant at half capacity right now. Gilbert anticipates more groups will hold these virtual parties with smaller groups.

## Art is 'popping up' in Fenton

The Fenton Arts Council (FAC) is bringing art to the community through a series of eight pop-up activity stations this fall. This is in lieu of the Arts are the Heart weekly events normally held over the summer.

According to the FAC, each challenge is created to be interactive for friends and families and multi-generational. The FAC encourages photos of the participation to share to social media with the hashtag "PopUpPostFenton."

There are already several challenge stations set up in Fenton. The first challenge is at Uncle Ray's Dairyland at 1462 N. LeRoy St. This is a "Create Your Own 'Silly Walk'" challenge, encouraging anyone to do a silly dance and take a photo and share online.

The rest are at the Fenton Area Schools Ellen Street Campus — World of Wonder at 404 W. Ellen St. One example, "Chalk Your Walk" challenge, invites participants to use provided chalk to make art on the sidewalk, take photos and post to social media.

There will be more challenges in coming weeks. Follow "Fenton Arts Council" on Facebook for more updates.

The Fenton Kiwanis, City of Fenton Arts and Culture Commission and Parks and Recreation Board have also joined in the project.

It was funded in part by grants and millage dollars.

# HISTORY

COMPILED BY VERA HOGAN

### OCT. 4

**2011:** Michael Morton, who spent 25 years in prison for his wife's murder, is released after DNA evidence implicates another man in the crime.

### OCT. 5

**1974:** American Dave Kunst completes the first round-the-world journey on foot, taking four years and 21 pairs of shoes to complete the 14,500-mile journey across the land masses of four continents. He left his hometown of Waseca, Minnesota, on June 20, 1970.

### OCT. 6

**1961:** President John F. Kennedy, speaking on civil defense, advises American families to build bomb shelters to protect them from atomic fallout in the event of a nuclear exchange with the Soviet Union.

### OCT. 7

**1960:** The first episode of the one-hour television drama "Route 66" airs on CBS. The program followed the story of two young men, Buz Murdock and Tod Stiles as they drove across the country in an inherited Chevy Corvette doing odd jobs and looking for adventure.

### OCT. 8

**1871:** The most devastating fire in United States history burns in Wisconsin. Some 1,200 people lost their lives and 2 billion trees were consumed by flames. Despite the massive scale of the blaze, it was overshadowed by the Great Chicago Fire, which began later that night about 250 miles away.

### OCT. 9

**1974:** German businessman Oskar Schindler, credited with saving 1,200 Jews from the Holocaust, dies at the age of 66.

### OCT. 10

**2004:** Actor Christopher Reeve, who became famous for his starring role in four Superman films, dies from heart failure at the age of 52. Reeve, who was paralyzed in a 1995 horse-riding accident, was a leading advocate for spinal cord research.

# HOT LINE CONTINUED

I THINK SOME people actually like wearing a mask. They buy masks to match their outfit, some with cute sayings on them. Sad that they've bowed down to the dictator and are taking pleasure in being silenced.

TO THOSE PUSHING absentee voting. You'd better never go into a store or any business if you're too afraid to exercise

your right to vote because of COVID-19. The polling locations are safe. Take the time to get in line and vote in person. Do not mail in your ballots.

TO THE RISK taker to survive today's society but not COVID-19. It is incumbent on you to not take the risk, i.e. staying away from crowds, wearing a mask (which really doesn't work), and other precautions. Take personal responsibility to avoid the virus.

LOOKS LIKE THE Democrats are repeating the same platform they had last election. Trump will end Social Security. Trump has been in office for three years. If he wanted to end it, it would have happened by now. Same old scare tactics.

IF YOU'RE SICK of being controlled by your government then stand up to them. Stop wearing a mask. If asked to wear

one, simply tell them you're exempt. They cannot legally say another word to you. It is like living in the Twilight Zone with all the robots walking around with their mouths silenced.

SOMETIMES I THINK this country deserves Joe Biden. They have to criticize how President Trump greeted his wife and Chris, your father is rolling over in his grave.

With Gov. Whitmer's emergency order to allow outdoor visitation with restrictions since Sept. 15, new opportunities allow visitors to visit nursing home residents in Michigan, outside with masks and at a safe distance.

"We can also visit FHC residents at the visitation window, communicating through the intercom," said Joanne Rinke, Pathways chairman. "When colder weather arrives, scheduled virtual visits through the facility's activities department will be our option for continued resident contact."

At WellBridge of Fenton, Pathways' efforts before the pandemic included group Bible studies, communion and visits with interested residents. Volunteers Jim and Marlene Leaman, who are trained hospice volunteers, said they aren't even able to visit hospice patients at this time. "Most of them have passed (since the pandemic started)," Marlene said. She finds the volunteer work rewarding. "The people you see are so glad to have a visit. You can make someone feel good in just a 10-minute visit."

Whatever form of communication takes place between TLC volunteers and local nursing homes, one thing is certain: it's a win-win for residents, staff and volunteers.

"The Pathways volunteers have been a blessing to our Fenton Healthcare community," said Carrie Beaulieu, administrator. "They've provided our

**By Sharon Stone**

If you haven't noticed, the tri-county area and most of Michigan is beginning to peak with outdoor fall color.

With mild temperatures in the 60s expected in our area next week, it will be the perfect time to get outdoors and hike or ride bikes on some tree lined trails.

Last minute camping trips up north, shopping in small downtowns that dot the landscape across the state or taking

a few remaining cruises in your boat or pontoon before they're put in storage will provide ample opportunities to enjoy Michigan's spectacular fall colors.

According to Michigan.org, right now is the perfect time to visit the Keweenaw to see the fall color show. The vibrant shades

of red, orange and yellow have burst, with color becoming more spectacular every day. Enjoy panoramic views of the Keweenaw atop Brockway Mountain Drive or flow through tree-bough "tunnels" corridors for a secluded drive. Brockway Mountain Drive is consistently

## COLOR

Continued from Page 29

Trees in and around Iron Mountain, Kingsford and Norway in the southern part of Dickinson County are popping with deep crimson and a mix of gold and bronze against a backdrop of fading green foliage. Peak conditions are expected to arrive in the next two weeks.

Jeff Nelson, formerly of Argentine Township, said the colors are best in the Upper Peninsula.

Bright reds and yellows can be seen on the hills of the Marquette County's Michigamme Highlands. Visitors can walk or bike the Iron Ore Heritage Trail through vibrant forests in the historic towns of Ishpeming and Negaunee. Some stop for lunch at the Midtown Bakery & Cafe in Negaunee. Drive south along scenic M-35 to Gwinn, and stop at Towners Pastry & Chocolate Shoppe, a hidden gem with French pastries and chocolate made from scratch. Colors are more intense toward the interior and less, closer to Lake Superior.

Fall color is peaking in Northern

Michigan. While the area is still enjoying a green backdrop, the trees are now covered with splashes of red, gold and orange.

Eric Ham, formerly of Fenton Township, said he and his family enjoy

the Petoskey area. Specifically, he said they enjoy "the wineries, breweries, small shops, the wind coming from the bay, the water, the stars at night, the fresh air, family, etc."

Fall is a perfect time to check out wineries along the Traverse Wine Coast and enjoy a glass on an outdoor patio — or to take a stroll along the beach and look for Petoskey stones and other beach gems. Plenty of outdoor dining options are still available too — so, visitors to the area can enjoy the tastes Traverse City is known for and make the most of these fall days. Northern Michigan's Grand Traverse Bay Region is about a week away from peak color.

Andy Serrels of Fenton Township said for fall color, you cannot beat the Tunnel of Trees on M-119 in Emmett County.

Fall color also is bursting in the Cadillac area, with most trees changing daily. The recent warmer days and evenings slowed down the color change to allow for visitors to make plans to experience the full array of yellow, gold, purple, red and oranges that cascade across the Huron-Manistee National Forest.

Sheila Stone of Owosso said she and her family enjoy White Birch. "We are surrounded by all different types of trees and the colors are breathtaking," she said.

The western side of the state is a popular destination. The Silver Lake Sand Dunes area, White Lake, Holland, South Haven, Muskegon and Mount Pleasant are reporting to be two to three weeks from peak conditions. Grayling, Gaylord

One of the most popular and scenic hiking trails, River Trail, links the Upper Falls and Lower Falls along the Tahquamenon River. Photo: michigan.gov

and Oscoda anticipate the arrival of peak conditions in two weeks.

Visitors to the Flint and Genesee County area will find peak conditions to be two to three weeks away, when area golf courses, country roads, parks and orchards are expected to have great viewing opportunities.

Tina Hoffmeyer of Linden said, "Hubbard Lake. We have a home there and it is such a hidden gem in Michigan. In the fall, the colors are amazing around the lake."

Even closer to home are relaxing drives down local dirt roads or through our tree-lined downtowns in Fenton, Linden and Holly.

This river in the Upper Peninsula is a favorite spot for fall color for a former Argentine Township resident.

## JUMBLE FOR KIDS

THAT SCRAMBLED WORD GAME!®  
By David L. Hoyt and Jeff Knurek

The letters of these crazy words are all mixed up. To play the game, put them back into the right order so that they all make real words you can find in the dictionary. Write the letters of each real word under each crazy word, but only one letter to a square.

Now you're ready to solve today's Jumble for Kids. Study the picture for a hint. Play around with the letters in the circles. You'll find you can put them in order so that they make your funny answer.
