Board discusses Cider Creek proposal
Lot size issues, home values discussed at first reading for rezoning for subdivision behind Mueller’s Orchard
By Hannah Ball
Fenton Twp. — The first reading and public hearing for the proposed rezoning for the Cider Creek subdivision, which would be built behind Mueller’s Orchard with access from Linden and Lobdell roads, mainly focused on lot size concerns and the potential value of the homes.
On Monday, June 21, the Fenton Township Board of Trustees heard from Zoning Board of Trustees, hosted by numerous churches and faith-based organizations, with a worship service, pig roast, inflatables, yard games and more.
The worship service begins at 10:30 a.m. at the First Baptist Church of Fenton at 860 N. LeRoy Street, before food and family activities.

Churches host July 4 celebration
Event to feature combined worship service, games, activities, pig roast and more
By Hannah Ball
On Sunday, July 4, the public is invited to attend an Independence Day Celebration, hosted by numerous churches and faith-based organizations, with a worship service, pig roast, inflatables, yard games and more.

Multiple structures catch fire on Davis Street
No injuries to people, however, four dogs died — fire appears to be electrical in nature and accidental
By Sharon Stone
Fenton Twp. — Several homes, garages, and a motorhome were destroyed by fire on Davis Street and Moffett Court in Fenton Township early in the morning of Saturday, June 19. There were no injuries to people, however, four dogs died.

Subcontractor gets early start on roadwork
Silver Lake Road in Fenton City congested with start of 1.5-mile project
By Sharon Stone
Motorists driving through Fenton were caught off guard when the subcontractor doing joint repair for the Silver Lake Road project needed to start this past week. This is according to Fenton Department of Public Works Director Dan Brisson. The original timeline indicated work on Silver Lake Road would not start until August.

Special section included with this edition
Wishing everyone safe travels through Fenton. I know the roads are a mess with reconstruction but have patience and be the nice one out there. Remember, be polite and wave or acknowledge when someone lets you in. This too shall pass.

I love going into Shirley’s Cafe on Broad Street because the staff is polite. I go in there and I never get waited on as they know my order and bring me my order.

City dedicates new flagpole

Erected in front of the Fenton-Winegarden Library

Fenton officials and citizens recently dedicated a new flagpole at the Fenton-Winegarden Library at 200 E. Caroline St.

Sam Levi and Zach Riedel, Eagle Scouts from Boy Scout Troop 219 (Fenton First Presbyterian Church), solemnly hoisted a new United States flag on the pole, which replaced one that was corroded and began leaning in 2020.

Fenton Mayor Sue Osborn and Library Board Member Adam Hazlett spoke about the significance of the flag and thanked the work of the Library Board and the Fenton City Council in funding and approving the work.

“The beautiful new flagpole provides the opportunity for Fenton to display our freedom and the cause for which our country was founded,” Osborn said. “The colors of the flag are dedicated to all residents in our community. I hope when people see it, they will reflect upon it and rejuvenate the concept of why this nation was founded.”

The pole will be lit at night from a spotlight on the roof of the library.

Mike Hart, Fenton’s assistant city manager and Downtown Development Authority executive director, said that the project efficiently made use of equipment already being used in a nearby public parking lot project.

Representatives from the city of Fenton police and fire departments, as well as City Council members, were on hand for the ceremony and joined in reciting the Pledge of Allegiance under the new flag.

A message from the director

Educators have just completed the most challenging school year of their careers. Students also have been challenged in ways we never thought they would have to face. On Tuesday, June 22, for the first time in 10 months, Holly Academy did not require students to wear masks in the classroom.

As I visited our summer school classrooms on Tuesday I asked our Huskies, “How does it feel not wearing masks?” I received many interesting responses, “I feel like I’m breaking the law.” “When I got in the building after recess, I automatically reached into my pocket to get my mask,” “It feels like I actually have my mask on my face.” Prior to school starting last August, we wondered how our students would react and adapt to wearing masks. We had all sorts of unfounded ideas that they would rebel (especially our middle school students) or end up using them as sling shots, etc. We were pleasantly surprised that our students stepped up to the plate and wore them correctly and did not complain.

As educators, we knew that children are resilient and they proved us right. For 10 long months, five days per week, our Huskies — adults and students, followed health and safety guidelines to minimize risk for the greater good.

We hope that when school resumes for the 2021-22 school year we will not be required to wear masks or follow the strict protocols that we adhered to this past year. However, doing so kept us safe and enabled us to provide in-person teaching and learning while other districts limited hours, weeks, and months of face-to-face instruction.

As Huskies, we will do what we must to make education first and foremost. I thank our students and families for following the rules we set forth. It was hard, but as usual, we “dared to be remarkable” and it paid off in a significant way. To all those educators out there — have a marvelous summer, you’ve definitely earned it!

Have a marvelous summer

The COVID-19 vaccine is our path back to normal life and a strong economy.

By protecting public health first, we can shift our focus to economic recovery.

A COVID-19 vaccine is part of how we in Michigan will ensure our employees, customers, and businesses move forward from this pandemic.

Vaccinating the majority of our population to reach herd immunity is the only path to a full economic recovery.

Business leaders are encouraged to empower employees to protect their family and loved ones by learning about the vaccine through credible sources such as healthcare providers, the CDC, and the State of Michigan.

How many cremated remains in one plot?

Township discusses cemeteries ordinance; couple requests to have cremated remains buried together

By Hannah Ball
Fenton Twp. — How many cremated remains can be buried in one cemetery plot?

The Fenton Township Board of Trustees discussed this question at the Monday, June 21 meeting during the first reading for a possible amendment to the cemeteries ordinance.

Fenton Township has one cemetery, Gage Cemetery, on N. Fenton Road between Thompson and N. Long Lake roads. It was originally established in 1856.

The current ordinance states that, “Only one person may be buried in a cemetery plot, except for a mother and infant or two children buried at the same time.”

Thomas Broecker, operations manager/deputy clerk, said a couple approached the township to inquire about having both their cremated remains interred in the same plot. Broecker said it was a reasonable request, but the township ordinance currently restricts it to one person, with the exception for a mother and infant or two children buried at the same time.

The amendment proposed on Monday, June 21 would allow more exceptions: A, a mother and an infant may be buried together; B, two children can be buried at the same time; C, the non-cremated remains of one person and the cremated remains of a second person; D, the cremated remains of two people.

See REMAINS on 9

“I would be less restrictive than this, actually. Why just two cremated remains in one plot?”

Mark Goupil
Fenton Township trustee

It’s Aquatic Invasive Species Awareness Week

Boating, fishing outreach events to teach impacts of harmful, nonnative aquatic plants and animals

Compiled by Sharon Stone

More than 64 boat landing events are planned across the state to mark this year’s Aquatic Invasive Species Awareness Week, June 27 to July 4. Public awareness about the impacts of harmful, nonnative aquatic plants and animals is critical to protecting Michigan’s ecosystems, tourism and economy.

According to the Michigan Department of Energy, Great Lakes and Energy (EGLE), the boat landing events are part of the eighth annual Landing Blitz in which representatives of state departments and local partners such as lake associations and cooperative invasive species management areas give boaters tips to prevent the spread of harmful species and comply with recently-updated laws. The Landing Blitz website allows you to search for an event near you. Similar AIS Landing Blitz events will be held in each of the Great Lakes states and Canadian provinces.

Gov. Gretchen Whitmer has issued a proclamation to mark Aquatic Invasive Species Awareness Week and raise awareness about this important issue to help prevent the spread of invasive aquatic plants and organisms.

Follow these simple steps to avoid the proliferation of aquatic invasive species:

Required actions — it’s the law in Michigan
• Remove all aquatic organisms, including plants, from watercraft and trailers before launching or transporting to protect Michigan’s ecosystems, tourism and economy. Photo: Michigan.gov

• Dry boats and equipment for five days before launching into a different water body.
• Disinfect live wells and bilges with a bleach solution (1/2 cup of bleach to 5 gallons of water.)
• A short EGLE video from a past Landing Blitz shows how easy it is to clean, drain and dry boats and trailers.

“Everyone has a part to play in helping prevent the spread of invasive species,” said Kevin Walters, aquatic biologist with EGLE. “Education is key to protecting Michigan’s incredible natural resources.”

Events at boat launches are contingent on weather and volunteer availability.

AIS Awareness Week is sponsored by EGLE’s Water Resources Division, in partnership with the departments of Natural Resources and Agriculture and Rural Development, federal agencies and private and nonprofit organizations. For more information about AIS Awareness Week or the AIS Landing Blitz visit Michigan’s invasive species web site at Michigan.gov/Invasives.
Consumers Energy announces proposal to end coal use by 2025

If approved by the Michigan Public Service Commission, would lead Michigan’s clean energy transformation

Consumers Energy announced Wednesday, June 23 a sweeping proposal to stop using coal as a fuel source for electricity by 2025 —15 years faster than currently planned. The plan would make the company one of the first in the nation to go coal-free and provide a 20-year blueprint to meet Michigan’s energy needs while protecting the environment for future generations.

“We are proud to lead Michigan’s clean energy transformation and be one of the first utilities in the country to end coal use,” President and CEO Garrick Rochow said. “We are committed to being a force of change and good stewards of our environment, producing reliable, affordable energy for our customers while caring for our communities during this transition.”

The plan, which requires regulatory approval, ensures Consumers Energy will be:

• Be among the first utilities in the nation to go coal-free by 2025;
• Use 90 percent clean energy resources by 2040;
• Build nearly 8,000 megawatts of solar energy to power Michigan’s homes and businesses by 2040;
• Stay on the path to achieve net zero carbon emissions, and
• Save customers about $650 million through 2040.

If approved by the Michigan Public Service Commission, the updated plan would speed closure of our three coal-fired units at the Campbell generating complex near Holland.

• Campbell 1 and 2, collectively capable of producing more than 600 megawatts of electricity, would retire in 2025 — roughly six years sooner than their scheduled design lives.
• Campbell 3, capable of generating 840 MW, would also retire in 2025 — roughly 15 years sooner than its scheduled design life.

The updated proposal also calls for moving up closure of Karn 3 and 4, units that run on natural gas and fuel oil and can generate more than 1,100 MW to meet peak demand, to 2023 — about eight years sooner than their design lives.

See COAL USE on 10
REMAINS
Continued from Page 7
Treasurer John Tucker asked if it included restrictions on the relationship between the two people, and Broecker said no. The board spoke in favor of not having restrictions on this.

Trustee Mark Goupil said, “I would be less restrictive than this, actually. Why just two cremated remains in one plot? Knowing what I’ve done in my career, I’ve had several times where there’s been more than two people perish at the same time in the same family.”

Broecker said two people seemed to be the standard, but they can change it.

Supervisor Vince Lorraine, and more members of the board, agreed with Goupil and spoke in favor of not restricting it to two people.

However, Clerk Robert Krug said there could be a state law that limits the number of remains that can be buried in one plot to two people.

RJ Sharp, president of business operations/funeral director, at Sharp Funeral Homes, said there’s no state law he’s aware of that limits the number of cremated remains being placed in one grave.

“Every cemetery that we have worked with has their own individual restrictions. The most common is two cremated remains being allowed to be placed in one grave however I have heard of some cemeteries that will allow as many as four,” he said. A resident asked if the cremated remains have to be put in something, and Broecker said any remains have to be contained in a vault, which can be plastic or concrete.

The second reading will take place at the Tuesday, July 6 meeting.

Cemeteries Ordinance, Section 7 of Ordinance No. 453
The ordinance states that “not less than 36 hours’ notice shall be given in advance of any time of any funeral to allow for the opening of the cemetery plot(s).”

Appropriate permits and the appropriate identification of the person(s) to be buried there shall be presented to either the Cemetery Sexton or the Township Clerk prior to interment.

“Where such permit has been lost or destroyed, the Township Clerk shall be satisfied, from his or her records, that the person to be buried in the cemetery plot is an authorized and appropriate one before any interment is commenced or completed. All graves shall be located in an orderly and neat appearing manner within the confines of the cemetery plot involved,” the ordinance states.

TYRONE TOWNSHIP PLANNING COMMISSION
NOTICE OF PUBLIC HEARING

Notice is hereby given the Tyrone Township Planning Commission will hold a Public Hearing on Tuesday, July 13, 2021, beginning at 7:30 pm at the Tyrone Township Hall, 8420 Runyan Lake Road, Fenton, Michigan 48430. The purpose for the Public Hearing is:

To receive public comments regarding proposed amendments to Zoning Ordinance #36:

Planned Unit Development: Article 11, Section 11.02, Table 11.1 – to revise the table used to correspond Master Plan Future Land Use Map designations with current zoning districts to resolve discrepancies between Table 11.1 in the Zoning Ordinance and Table 20 in the Master Plan.

Additional information is available at the Tyrone Township Clerk’s Office, 8420 Runyan Lake Road, Monday through Thursday, 9 a.m. to 5 p.m. Individuals with disabilities requiring auxiliary aids or services should contact the Tyrone Township Clerk, at (810) 629-9631, at least seven days prior to the meeting.

Appeal #2021-4 TABLED ITEM
Richard St. Louis, 16377 Whitehead Dr, is requesting Variances for a Side Yard and Rear Yard to provide garage space for 2 cars and storage/warehouse space for tools and projects. Described as 01-35-526-167, Lots 302 And 303 Argentine Park Lobdell Lake.

Appeal #2021-6
Tim & Barb Purman, 7249 Island Ct, are requesting a Rear Yard and Side Yard setback. They would like to add a 2 story addition (main level garage & upper level storage) to the existing home. Described as 01-35-577-016, Lot 20 Pleasant View Park Lobdell Lake.

A complete copy of these tax descriptions may be viewed at the Township office during regular office hours.

Joseph Graves, Clerk
Argentine Township
“Consumers Energy is committed to a just transition away from coal as a fuel source for electricity,” said Brandon Hofmeister, senior vice president for governmental, regulatory and public affairs. “We supported employees and communities impacted by our 2016 coal retirements by finding new roles for workers who wanted to stay, fulfilling our environmental responsibilities at the sites and helping local leaders pursue new economic possibilities. We plan to follow the same philosophy to help those affected by the proposed Campbell and Karn retirements.”

To ensure continued reliable, affordable energy for Michigan and the Midwest during this historic transition away from coal generation, Consumers Energy proposes buying four existing natural gas-fired power plants in the state: Covert Generating Station in Van Buren County; Dearborn Industrial Generation in Wayne County; Kalamazoo River Generating Station in Kalamazoo County; and Livingston Generating Station in Otsego County. The proposed purchases require state and federal regulatory approvals. The Kalamazoo River and Livingston plants are smaller and used primarily to meet peak demand. These natural gas plants — along with Consumers Energy’s current natural gas-fired power plants in Zeeland and Jackson — would supply steady, reliable electricity for homes and businesses as the company invests more heavily in renewable energy and continues to explore emerging technology to minimize impact on the environment.

Consumers Energy’s proposal creates price stability and, by using natural gas as a fuel source to generate baseload power, will save customers about $650 million through 2040 compared to its current plan. Further, the increased use of demand management tools such as energy waste reduction programs will give customers more control over their monthly energy bills, equipping them to save energy and money over the long term.

FIRE
Continued from Front Page
Fenton Township Fire Chief Ryan Volz said the fire department responded to a report of a motorhome that had caught fire on the north side of the road in the 2400 block of Davis Street at 2:58 a.m. The motorhome was close to a garage, which also caught fire. Volz said he arrived on scene at 3:06 a.m. and the structure was 50% involved.

In all, two homes on the lakeside of Davis Street caught fire, the 37-foot motorhome, three vehicles and a garage with the home on Moffett Court had extensive damage.

Davis Street is a narrow road with one entrance from N. Long Lake Road. Moffett Court also is off N. Long Lake Road, near the far west dead end of Davis Street, but the two roads do not connect.

Assisting through mutual aid were Fenton City, Linden City, Mundy Township, Argentine Township and Atlas. Fire crews set up on Davis Street and Moffett Court to battle the multiple blazes.

Volz said all of the homeowners were insured. He said five different insurance agencies, the fire marshal and an engineering firm would continue sorting through all the damage. The fire chief said the fire appears to be electrical in nature and accidental. The investigation will continue and likely last past the upcoming holiday.

I GOT THE SHOT
SO THAT I CAN GO TO CONCERTS AGAIN

DDA approves Dibbleville Woodworks to do project; structure is one component of whole area renovation

By Sharon Stone

The gazebo in downtown Fenton will undergo a nearly $65,000 restoration.

The Fenton Downtown Development Authority (DDA) approved the expenditure at its Tuesday, June 15 meeting at the recommendation of Michael Hart, assistant city manager and DDA executive director.

The gazebo was constructed in the late 1970s over a couple of years and funds were raised from various sources and included volunteer build efforts from community members. Since that time, there have been several efforts to do upkeep work and related maintenance on the gazebo.

Hart, in a memo to the DDA Board of Directors, said currently, the gazebo is in need of significant repair and upgrades in order to keep it a viable, safe, and aesthetically pleasing structure in the heart of downtown.

Due to the specialized and complex nature of the restoration work, the city’s architectural firm, The Spicer Group, reached out to Dibbleville Woodworks, to obtain an estimate for the restoration project. Dibbleville Woodworks had performed repairs and replacement work for the gazebo in the past and had the tooling necessary to perform the restoration.

Hart said Terry Steffey owns Dibbleville Woodworks and serves on the DDA board. Since Steffey has had so much history with the gazebo he offered a $20,000 discount to the city bringing the original cost from $84,998 down to $64,998. As a DDA board member, Steffey abstained from voting on the expenditure.

Restoration includes:
• Small repairs on cupola
• Removal and replacement of crown molding at roof eaves with new mahogany crown to match existing
• Sanding facia around roof
• Remove, sand, repair and reinstall existing brackets and large flat panels
• Remove, fabricate, and install new large decorative mahogany fretwork panels
• Fabricate and install new small decorative mahogany moldings on large columns
• Sand existing redwood columns
• Remove and fabricate all new mahogany railings with Ipe balusters
• Sand existing floor
• Remove and replace front steps with Ipe boards
• Replace lattice panels with black Starboard with mahogany frame and inset mahogany lattice
• Removal and disposal of debris

Work on the gazebo is expected to be done this summer and fall.

Future plans

Hart said as big as this restoration project is, it is just one component of the entire project which includes the redoing the plaza surrounding the gazebo, reconstructing the foot bridge over the Shiawassee River, and making the area wheelchair accessible and Americans with Disabilities (ADA) compliant.

Hart said, “The whole area will be renovated and reinvented.”

The gazebo area is a popular spot for weddings and photo shoots, however, Hart said the city is not taking any bookings until these projects are complete.

Dibbleville Woodworks will begin restoration work on the gazebo near Fenton City Hall this summer. Submitted photo
VILLAGE OF HOLLY OFFICES AND PUBLIC MEETINGS RETURN TO NORMAL TUESDAY, JULY 6
With the announcement that Governor Gretchen Whitmer lifted most COVID protocols June 22, the offices and public meetings will return to normal. The current meeting room was not large enough to provide 6-foot separation from other council/commission/board members or meeting attendees during the meeting. The meetings could have been moved to the cafeteria/commons area, but that space was not ideal either due to logistics of providing appropriate sound and recording equipment. The other factor that was considered is that meeting attendance and participation was actually higher during electronic meetings than it had been during prior in-person meetings. The offices and meeting rooms are scheduled to be sanitized at the end of June in preparation for opening July 6.

A small piece of Linden’s early history

Linden’s 150 birthday celebration planned for July 16-18

Submitted by Peter Maas, president of the Linden Mills Historical Society

The following article appeared in the Fenton Independent, Thursday, May 4, 1971 to commemorate the upcoming Centennial Celebration. It tells of the early history of Linden. Now, 50 years later we again bring attention to Linden’s early history as we prepare for our Sesquicentennial Celebrations. (The following is a partial account of the 1971 story)

The first recorded marriage performed in Linden was that of Jared Ball and a Miss Sage. It was solemnized in 1841. Lafayette Fairbank and Almeda Hunt were among others who also married during those years, as were Walter Davenport and Lucinda Hunt and Alden Tupper and Louisa Lamb.

The first school in Linden was taught in a long, low-roofed shanty, which stood in front of the Linden Mill site. The first teacher was the daughter of Abel D. Hunt during the summer of 1839. Hunt and his family had settled in Linden that very year. The building had served as a boarding house for the men who worked on the saw mill and grist mill.

The following winter, Walter Brown taught school in a building three-quarter miles east of Linden, later referred to as Traphagen Corners. A frame structure was built on the street running south from the hotel and “Union Block.” Louisa Hillman and John Morris were the early teachers. The building was used for about two years or until a framed building could be erected.

North of Linden, the first school was taught in the summer of 1840 in a small frame schoolhouse built on the north end of the Morris Ripley farm. The school was taught by a woman whose name has been lost in history. Shortly thereafter, the school was moved farther east.

The Linden post office was established in the fall of 1850, partially through the efforts of Seth Sadler. The first postmaster was Claudius Thompson. The first brick store in Linden was built by James Fairbank about 1865-66, and he opened a hardware store in it. The brick Union Block on the north side of the main street, opposite the hotel, was built in 1868-69, with I. B. Hyatt as superintendent.

The group which built the building includes William Middlesworth, James Moshier, J. J. Johnson, Charles Brown, W. H. Cook and Allen Leonard, beginning in the west end. Later Moshier took charge of the hotel, which had been built in 1840 and today has the distinction of being the longest continuous business in Genesee County.
POLICE & FIRE
REPORT

COMPILED BY SHARON STONE

GOODRICH MAN ARRESTED FOR OWI AFTER RANGE ROVER SPOTTED IN DITCH
On Tuesday, June 1, a Genesee County Sheriff’s deputy observed a white Range Rover in the ditch at North and Lahrng roads in Fenton Township. Deputies observed a 55-year-old male from Goodrich staggering as he exited the vehicle. The driver appeared intoxicated and standard field sobriety tests were administered. The driver was unable to successfully complete the tests. The vehicle was impounded and the driver was transported to the Genesee County Jail. Once at the jail, a breath test was performed on the driver. The results indicated the driver had a blood alcohol content of 0.16%. The driver was lodged at the Genesee County Jail. Once at the jail, a breath test was performed on the driver. The results indicated the driver had a blood alcohol content of 0.16%. The driver was lodged at the Genesee County Jail and issued an appearance ticket with a future court date.

CONSTRUCTION TOOLS STOLEN IN LIBERTY SHORES
On Friday, June 4, Genesee County Sheriff’s deputies responded to Liberty Shores subdivision for a larceny from a building report. Deputies made contact with the male victim, a 38-year-old Fenton resident. The victim, who is a builder, working on a new home, said when he arrived he noticed several tools missing from the job site. There was an estimated $2,500 worth of tools taken. This incident remains under investigation. Anyone with information is asked to contact Sgt. Snyder directly at (810) 424-4326.

FENTON MAN CHARGED WITH RESISTING POLICE
On Friday, June 4, a Genesee County Sheriff’s deputy observed a Ford pickup run the stop sign at McCully Lane and N. Fenton Road in Fenton Township. The vehicle was traveling at excessive speeds. Deputies attempted to make a traffic stop on the vehicle. The vehicle ultimately pulled into a driveway on Butcher Road. The male driver immediately exited the vehicle and fled from the scene ignoring the deputy’s orders to stop. Deputies were assisted by Grand Blanc Township K-9 unit to perform a track. The track was unsuccessful. Approximately two hours later, several prank phone calls came into Fenton City Police Dispatch. The caller, who was determined to be the driver who fled earlier, was identified as Antonio Webster, 23, of Fenton, and he taunted sheriff’s deputies. The phone number was traced to a home on Riggs Street in the city of Fenton. Deputies were assisted by Fenton police to make contact. Contact was made with the homeowner and Webster was seen inside the house. Deputies attempted to take Webster into custody and he resisted all verbal orders given. Webster was ultimately taken into custody and transported to the Genesee County Jail and lodged. Webster was arraigned June 7 on two counts of resisting arrest. He was released on personal recognizance bond. A preliminary exam is set for Aug. 19.

FLINT WOMAN CITED FOR DRIVING WITH SUSPENDED LICENSE
On Sunday, June 6, a deputy from the Genesee County Sheriff’s Office observed a GMC Terrain driving northbound on Torrey Road near Thompson Road in Fenton Township with an expired registration plate. Deputies initiated a traffic stop and made contact with the driver, a 33-year-old Flint woman. A records check showed a suspended driver license. The vehicle was impounded and the driver was issued a citation for driving while license suspended with a future court date.

FENTON TOWNSHIP MAN REPORTS FRAUD
On Tuesday, June 8, Genesee County Sheriff’s deputies responded to Step- ping Stone Lane for a fraud complaint. Upon arrival, deputies made contact with the victim a 33-year-old Fenton Township man who said he was reviewing his credit report and noticed an unfamiliar charge from Verizon Wireless. The man said the bill was sent to collection in the amount of $2,400. The victim stated he has never purchased anything for that amount through Verizon. This incident remains under investigation.

HOLLY POLICE ARREST FLINT WOMAN
On Monday, June 14, at 3:40 a.m., Holly police officers were at a gas station on N. Holly Road when they were dispatched to look for a red Dodge Journey that had driven through a lawn at the corner of Oakland and Michigan. The officers noticed a red Dodge Journey pull to a gas pump at the gas station. They also noted the vehicle had fresh damage to the passenger side. The front grill was damaged, and it had fresh grass underneath the vehicle. The driver was asked for ID and questioned about the damage. The 30-year-old Flint woman became argumentative with the officers and a records check showed she was driving on a suspended license. One of the officers went to the reported crash location but could not find damage that matched her vehicle. She was arrested for driving on a suspended license.

ROADWORK
Continued from Front Page
Lake Road would begin the week of July 5.

Brisson said the subcontractor agreed to lessen the impact of their work by beginning repairs between Jennings and Silver Parkway. “The contractor moved to the east side of Silver Parkway and I was notified after the fact,” he said. “Now, they are almost done with joint repairs and expect to be out of the area by Thursday (Friday latest).”

To save re-mobilization to finish joint repairs, and most importantly, keep the project on schedule, Brisson said he agreed to allow the joint repair work to continue. The work on Silver Lake Road between Jennings and Silver Parkway was to be completed Wednesday, June 23. The remaining work east of Silver Parkway will be done in a manner that one lane in each direction will remain open.

Brisson said he met with the engineering team and the project manager for Ace Saginaw Paving Tuesday morning and they agreed that Ace will not start the next stage of roadwork on Silver Lake Road until the Owen Road bridge is open to all lanes of traffic or the week of July 5. Michigan Department of Transportation (MDOT) reports the Owen Road bridge is expected to be re-opened to all lanes of traffic by the end of June.

“Overall, there are a lot of road projects being performed by various road agencies in our area,” Brisson said. “Seeing these important infrastructure improvements go from planning to actual construction is exciting and a good for our community.

“I believe as road agencies, we make an effort to coordinate projects to lessen the impact on the traveling public. It was my plan to hold Silver Lake Road until the Owen bridge work was completed, but we did have a week of overlap that was unavoidable.”

GAZEBO
Continued from Page 11
Funding for the projects beyond the gazebo restoration will be covered by the DDA, grants and other avenues, said Hart. The city will have its architect and a general contractor put together a list of the projects and estimated costs and bring back their plans to the DDA at an upcoming meeting. Once approved, projects could begin this year and likely finish next year.

Hart said it will probably be expensive, but the city expects it to last for many years to come and also take care of any ADA access issues.
Grand Blanc — Dort Financial Credit Union has selected the recipients of the 2020-2021 $1,000 Student Scholarship Award.

“We were thrilled to receive 49 submissions for this scholarship,” said Beverly Kittle, Board Director and Chairperson of the Community Involvement Committee.

These 10 students were selected based on a variety of criteria. All applicants were asked to submit transcripts, letters of recommendation, and a brief essay describing what “Being Financially Responsible” means to them.

“The essays that were selected were very thoughtful and exceptionally well written,” said Wayne Natzke, chairperson of the Board. He added, “These students were grateful and excited to receive this scholarship.”

Dort Financial congratulates all the students on their scholastic achievements and wishes them much success in achieving their future goals and dreams. — G.G.
JULY 4

Continued from Front Page

The main churches and organizations involved are The Fenton Center of Hope, First Baptist Church of Fenton, Faith Church of Linden, First Baptist Church of Holly, Heritage Baptist Church of Grand Blanc, and The Road Community Church in Fenton.

James Bell, pastor of First Baptist Church of Fenton, said this event is an example of churches in the county working together. Besides the churches listed above, there are more from around the county who are involved in the July 4 event.

“There’s a growing sense of cooperation in our community” between the churches, he said. This began during the pandemic when these faith-based organizations formed a coalition and worked together to deliver food to people in need. For Easter, they delivered more than 9,000 Easter baskets to children in foster care and in hospitals. These organizations also delivered more than 11,000 gift boxes to healthcare workers.

“A lot of our churches are working together,” Bell said, adding that they’re working on more future projects.

On Sunday, a combined worship service with several churches will begin at 10:30 a.m. Pastors from multiple churches will be involved in the service.

“It’s kind of a unique thing. We’re kind of pioneering this. It’s across denominations too, which is a very unique thing to do,” Bell said.

After the worship service ends at approximately 11:45 a.m., the event will also feature family activities, food, a 125-foot slip and slide with a foam machine, water balloons, live music and more. The event is free. This is the fourth year for the pig roast but the first year partnering with several local churches and community leaders.

“We live in a very divided world with many broken relationships with seemingly no end in sight. If anyone is going to lead the charge in restoring peace and unity in the world, it should be through those who are called to love their neighbor as themselves,” Bell said. “We simply desire to show our city true love and the power of people coming together despite their differences. This has never been done historically in our area but it’s time for age-old barriers to be broken down and the love of Jesus to be seen by our city.”

They’re expecting 800-1,000 people between the congregations, but there could be more depending on how many people from the community attend.

Bell said it’s been a difficult year-and-a-half for many people, and their goal is to provide a sense of normalcy with family activities and a message of hope.

“Our churches just don’t want to always talk about love and unity and cooperation without any actual display of those things...”

James Bell
First Baptist Church of Fenton pastor

Our churches just don’t want to always talk about love and unity and cooperation without any actual display of those things...

PROPOSAL

Continued from Front Page

Administrator Michael Deem, a representative from Lombardo Homes and from residents. On May 13, the Fenton Township Planning Commission made a recommendation of approval for the rezoning request for the Cider Creek subdivision development.

However, John Tucker, treasurer and planning commissioner, said he missed those two meetings and disagreed with Deem on what lot sizes are allowed under township ordinances.

Lombardo Homes is requesting to rezone the property, which is currently farmland, from R-3, single family residential, to planned unit development (PUD). They are requesting to build 122 houses, a decrease from 142, which was the original plan.

Deem said Lombardo presented three plans. The first plan followed rules under the R-3 zoning district. The second plan is an open space plan with 23 percent open space. Deem said with open space plans, developers are given a bonus in regards to density over what they’d be allowed to do under traditional zoning. He said a 23 percent open space allows them 122 lots.

The third plan, which the board discussed Monday, June 21, is a 44-percent open space plan. With more open space, they’re proposing smaller lot sizes under R-3 zoning. Deem said one goal of the master plan is to provide more open space.

Based on the 43 percent open space plan in R-3, they’d typically be allowed a lot width of 75 feet and minimum lot size of 12,000 square feet. What Lombardo proposed is a minimum lot width of 70 feet and a minimum lot size of 9,100 square feet.

In addition to the open space, they’ve also been in talks with the LAFF (Linden, Argentine Township, Fenton, Fenton Township) Pathway group to construct an 8-foot wide pathway through the subdivision.

The main concerns from residents are noise, the value of homes, density, sewer management, stormwater management, groundwater management and more. Deem said they also heard concerns about traffic on Linden and Lobdell roads, especially with the Deer Run Soccer Park so close and on Sundays around church time.

Lyle Winn, development compliance manager at Lombardo Homes, said after the Planning Commission meetings, they addressed the two issues of density and lot sizes.

“The positives that came out of the meeting is that the Planning Commission was very encouraging and very encouraged by the large park area that we proposed in the middle of the subdivision, maintaining the perimeter buffers, and coming to the community with a moderately priced housing product,” he said.

Lot size concerns

Tucker doesn’t believe township ordinances allow the plan they are presenting.

“I don’t think there’s anything in our ordinance that allows you to reduce the minimum lot width below 75 feet. I don’t believe there’s anything in our ordinance that allows minimum lot sizes of less than 12,000 square feet,” he said.

He said he’s a “huge fan” of bike paths, but he doesn’t believe the ordinance allows developers to ignore the ordinance requirements in exchange for things like bike paths. Under the R-3 zoning, the minimum lot width allowed is 100 feet and they’re allowed 20,000 square feet minimum lot size if you have sanitary sewer. This area does not. With no sanitary sewer installed, they’re allowed one lot per acre. Since the area is approximately 67 acres, they would be allowed that many lots. Using net acreage, they would be allowed 65 one-acre lots.

With a 20 percent or more open space plan, the minimum lot width can be reduced from 100 to 75 feet and they are allowed 12,000 square foot lots. Based on the density bonus and the minimum lot size set under R-3 zoning, a 67.5-65.65 acre property with 43 percent open space would be allowed 94 lots. The minimum lot size for a development with 43 percent open space would be 12,000 square feet.

However, with 75-foot wide lots with a minimum of 12,000 square feet, they would no longer have 43 percent open space because more land would be used for the plots.

Tucker said there still no provision that allows for anything less than a 12,000 square foot minimum lot size in any of the residential zoning ordinances.

“Our ordinance is pretty clear on this,” he said. “I’m not going to be voting in favor of proposal three.”

Tucker said he would support the other two plans.

Deem said he and Tucker have a difference of opinion in what a PUD can allow. The purpose of PUD zoning is to provide flexibility.

“It’s sort of like a super variance. It allows give and take,” he said. “That open space is a benefit.”

Jack Belzer said the ordinance needs specific parameters, and he believes it’s too vague. The PUD ordinance does not provide parameters for density, which Belzer said is a problem.

“The circumstance here is there’s no standards,” he said, adding that this could cause issues with future developments.

Tucker agreed with him.

While lot size issues are normally worked out during the site plan approval process, Tucker said if they approve the rezoning to PUD, they’d also be approving the lot sizes.

Home value concerns and public input

At an earlier meeting, Deem said a goal of the master plan is to “provide a variety of housing types to meet the needs of each stage of life, whether they are first time home owners, looking to start a family, or seeking a place for retirement.”

At one Planning Commission meeting, commissioner Mark Mustola said during the master plan process, they found that Fenton Township has a lack of affordable home inventory.

On Monday, June 21, multiple residents expressed concerns with the proposed size of the homes.

Chris Ward, who grew up on Lobdell Road, said he thinks it’s a “bad idea.”

“You got to stop somewhere with these subdivisions.”

Chris Ward
Linden resident

“We don’t have affordable housing in this township that’s available right now.”

David Goldstein
Area resident

“You got to stop somewhere with these subdivisions.”

David Goldstein, with RE/MAX Platinum in Fenton, said speaking as a resident of the area, “what’s happening now with someone who’d like to move to Fenton and buy a home, it is absolutely uncanny and unrealistic. You cannot get a bid in on a house without having to pay a premium...We don’t have affordable housing in this township that’s available right now. This is the first subdivision that’s being developed since the housing boom crash in 2008 and that’s 13 years ago.”

Trudy Starrs, who lives next to the proposed entrance to Cider Creek, said they’re not against the development, but they disapprove of it because it’s not a “forever home” development.

“We don’t need more...underserved development in our area. We’re surrounded by it. We don’t need it to be squeezing us out anymore than it already is. We need nicer homes, well-cared for homes, forever homes for people,” she said. “It’s farmland. It should be embraced as such.”

“Not everyone needs a 150,000-$200,000 home. I’m sorry. If you build that kind of home there, there’s going to be transient people that are just that. Coming and going. Not taking care of their places... Build fewer homes on big lots.”

She also said traffic is “horrible” on Linden Road already.

John Starrs said they need to look more at the Linden and Owen roads intersection. “Sooner or later, someone needs to address it. That intersection now is ridiculous. At 5 at night, cars are lined up close to Whitaker because there’s stop and go and people can’t get through,” he said.

The board spoke briefly about requesting a traffic study be done.

On June 22, Lombardo Homes requested that its rezoning request be removed from the Tuesday, July 6 meeting agenda. Due to the number of traffic complaints from residents, the company will have a traffic impact study done to determine the impact of the subdivision on the area. This is estimated to take four to six weeks.
House Bill 4561: Waive some state license fees in epidemic
To make restaurants and other food service establishments and vendors affected by government pandemic lockdownseligible for refunds on the fees they pay under various state license regimes. The House also passed related bills applying similar provisions to other occupational or business licensing regimes.
Passed 97 to 10 in the House
Rep. Bob Bezoette (R-Dist. 47) YES
Rep. Mike Mueller (R-Dist. 51) YES

House Bill 4434: Cancel delivery of $300 weekly federal unemployment bonus payments
To end further state participation in the $300 per week “supplemental” federal unemployment benefits authorized by congress in epidemic “stimulus” bills. News reports indicate 25 other states have refused the benefits as of the date of this vote, due to concerns they incentivize people not to work when jobs are plentiful. The bill would also require the state unemployment agency to use clear and concise plain language in communications to employers and benefit claimants, with vocabulary based on a fourth-grade reading level.
Passed 60 to 49 in the House
Rep. Bob Bezoette (R-Dist. 47)
Rep. Mike Mueller (R-Dist. 51)

Senate Bill 285: Require ID to vote, authorize exceptions
To require a person to show an original or a copy of identification when requesting an absentee ballot in person or by mail, with those unable to do so getting a “provisional” ballot. Also passed were Senate Bills 303 and 304 to authorize the provisional ballots, which require a voter to show documents within six days that verify his or her identity and address for the vote to be counted.
Passed 19 to 16 in the Senate
Sen. Ruth Johnson (R-Dist. 14) YES
Sen. Jim Runestad (R-Dist. 15) YES
Sen. Lana Theis (R-Dist. 22) NO
Sen. Jim Ananich (D-Dist. 27) YES
Sen. Ken Horn (R-Dist. 32) YES

Senate Bill 362: Authorize certain developer tax breaks, and housing subsidies
To authorize a new form of property tax break for developers who refurbish or build rental housing and rent out at least 30 percent of the proposed units at below-market prices to households with incomes less than 120 percent of the median for their county (dubbed “attainable housing”). The bill would authorize a 50 percent property tax cut on the structures. Also passed was the related Senate Bill 360, to grant income tax breaks to these developers, which the Senate Fiscal Agency reports would bring “unknown and potentially significant” costs.
Passed 28 to 7 in the Senate
Sen. Ruth Johnson (R-Dist. 14) NO
Sen. Jim Runestad (R-Dist. 15) NO
Sen. Lana Theis (R-Dist. 22) NO
Sen. Jim Ananich (D-Dist. 27) YES
Sen. Ken Horn (R-Dist. 32) YES

Senate Bill 422: Authorize additional subsidies for developers
To create another type of selective property tax break that local elected officials can give to certain developers, this one granting a 50 percent cut for up to 12 years for residential developments.
Passed 28 to 7 in the Senate
Sen. Ruth Johnson (R-Dist. 14) NO
Sen. Jim Runestad (R-Dist. 15) NO
Sen. Lana Theis (R-Dist. 22) NO
Sen. Jim Ananich (D-Dist. 27) YES
Sen. Ken Horn (R-Dist. 32) YES

House Bill 4541: Expand Detroit transit police powers, “rules of the road” for streetcars
To establish that Detroit “Q-Line” streetcar transit police are considered full law enforcement officers: House Bill 4540 does the same for the Detroit “People Mover” monorail. The bill would also amend the state vehicle code to add rules of the road for “streetcars” and regular vehicles that share the road with them, and also prescribes personal behavior rules for individuals who ride them (no smoking or spitting, etc.)
Passed 33 to 2 in the Senate
Sen. Ruth Johnson (R-Dist. 14) NO
Sen. Jim Runestad (R-Dist. 15) NO
Sen. Lana Theis (R-Dist. 22) YES
Sen. Jim Ananich (D-Dist. 27) YES
Sen. Ken Horn (R-Dist. 32) YES

---

**POLICE & FIRE REPORT**

**COMPILED BY SHARON STONE**

**GRAND BLANC TOWNSHIP MAN KILLED IN MOTORCYCLE CRASH**

On Saturday, June 19 at 8:47 p.m., Oakland County Sheriff’s deputies responded to a personal injury crash on northbound Dixie Highway at Rattlesnake Lake Road in Springfield Township. The Crash Reconstruction Unit assisted deputies from the Springfield Township substation with what turned out to be a fatal crash. The preliminary investigation revealed that a 50-year-old Clarkston man and a 49-year-old passenger were exiting left out of a parking lot onto northbound Dixie Highway in a 2019 Ford Explorer when they collided with a northbound 1997 Harley Davidson Motorcycle. The operator of the Harley Davidson motorcycle, a 44-year-old Grand Blanc Township man, and his passenger, a 38-year-old Grand Blanc Township woman, were transported to Ascension Genesys by the Groveland Township Fire Department. The operator of the motorcycle died from his injuries and the passenger is being treated for minor injuries. The occupants of the Ford Explorer were not injured. The operator of the motorcycle and the passenger were both wearing helmets at the time of the crash and the operator had a cycle endorsement. Both occupants of the Ford Explorer were wearing seatbelts. Alcohol does not appear to have been a factor in this crash. The crash remains under investigation.
Wednesday Night Races at the Park record high numbers

By David Troppens

Flint Twp. — When it comes to extreme runners at Linden County Park, it’s hard to beat Clara Fowler, 5, and her younger sister Arden Fowler, 3.

Due to the COVID-19 pandemic, the annual Wednesday Night Races at the Park weren’t held last year for the first time since they became a fixture at Linden County Park during the summer of 2002, but that didn’t stop the sisters.

Egged by their uncle and aunt, the two came to the park last summer competing for prizes on a course personally marked for their age and ability. That continued earlier this spring as well and, finally, on Wednesday the sisters were rewarded. They were actually able to run with peers their age at the first Wednesday Night Races at the Park held during the 2021 season at Linden County Park.

“I like running and I like the prizes,” Clara said, referring to the awards she won during her personal races and to the ribbon she won Wednesday for completing her half-mile race.

Like many young runners who compete in the half-mile race, Arden had some help, running with her mom, Linda Lampi, during her lap around the park. Clara, who competed in her first Wednesday Night Races at the Park when she was only 2, ran most of her first lap among her peers and then was joined by her uncle during while he tried to keep up with her and take photos of her run.

Both had cheering sections — their father David Fowler and grandmother Sharon Lampi.

“It’s good for them to be out here with other kids running,” father David Fowler said. “They enjoy it.”

The first of four scheduled races at Linden County Park was a pretty big success. The ages of the 65 runners competing in the events ranged from 2 to competitors in their 70s. Perhaps the oldest competitor was Gary Mundy, 76, who has been attending the races annually for years. The races are as short as a half-mile for the younger ages and the longest distance is three miles. In between there is a one-mile race and a two-mile event. The two-mile event is run in

The Wednesday Night Races at the Park had a successful first week on Wednesday as 65 runners competed at Linden County Park. (Top) The 1/2-mile race had the most competitors and the youngest field. (Left) Clara Fowler runs down a hill with a few runners following her. (Immediately above) The two-mile and three-mile race has just begun. Photos: David Troppens

See RACES on 21
Sports staff struggles with placing of teams in middle of Top 10 poll

By David Troppens

Many times when the sports staff does these top team polls, most of the squads fall into place really well.

But it seems there are always a time or two in each poll where that isn’t the case.

This installment of the 2021 Tri-County Spring Terrific Top 10 is a classic example when it gets hard.

We have a league championship team that dominated during regular season play, but when it came to the postseason, struggled. And we also had some pretty strong teams competing in relatively established sports who didn’t win league crowns and none really advanced terribly far in the postseason tournaments either, but even with that said were respected squads.

How the heck do you rank these teams? Well, today we rank our No. 8 to No. 5 teams, and this is the date we have to deal with these questions. Let’s see how we deal with it. It’s very likely if we did this poll each week for the next four weeks, the order may be different depending on the sports staff’s current mood.

No. 8 - Holly baseball: The Bronchos were one of the toughest teams to rank in this poll. Holly had a senior dominated team and had an outstanding season. The Bronchos finished the season with an overall record of 25-10-2, playing games seemingly every moment there was a chance. They flirted early on with possibly contending for the league crown with a solid start, but finished a distant second with a 16-4-2 league record. It’s a strong record, but Goodrich ended up running way with the title with a 21-1 mark. Holly had a nice sweep against Fenton to earn its second-place league finish, but when the postseason came they lost a tight 4-2 district opening contest against the Tigers.

So where do the Bronchos rank? We have them at No. 8. They possibly could’ve gone lower but probably could be argued another position higher as well. They were a really tough team to figure out for this poll.

No. 7 - Lake Fenton girls soccer: The Blue Devils were a challenge to figure out just as well. They were a great story. They were a team of mostly freshmen and sophomores trying to navigate the Flint Metro League, and did so impressively. Lake Fenton was in the title hunt for at least a co-championship until the Blue Devils’ final Metro contest of the year, a tight 2-1 loss to eventual league champion and state-ranked Linden. The Blue Devils were the only real team to give the Eagles a challenge in league play.

The Blue Devils were supposedly going to get their rematch with Linden in district play, and they did their part by beating Fenton 2-0 in the district semifinal. However, once Linden lost to Clio in the other semifinal game, it looked like the district was the Blue Devils’ to win. However, Clio continued its amazing run.

The Fenton boys golf team (above) is No. 5 on our Terrific 10 poll, while the Fenton boys baseball team was placed at the No. 6 spot.

Tigers’ Robertson wins his duel with Roger Clemens during 2006

Editor’s Note: Sports editor David Troppens has been a Detroit Tigers’ fan from his earliest memories during his childhood. Through the years he’s collected historical radio and television broadcasts of Detroit Tigers games. During the summer, he’ll be featuring some of these games through his collection based on the actual date of our current publication.

June 27, 2006
Detroit 4, Houston 0

Network/Announcers: Dan Dickerson and Jim Price on WDFN-FM.

Background: In 2006, the Tigers ended more than a decade of poor and mediocre baseball, suddenly becoming pennant contenders. The Tigers were leading the AL Central with a 52-25 record and were hosting the Houston Astros (38-39) who were pitching Roger Clemens for just his second start of the season.

Game summary: It was an outstanding pitchers’ duel against Clemens and Detroit starter Nate Robertson. The game remained scoreless until the seventh. In Houtson’s seventh the Astros had a runner on third with no out after Preston Wilson singled and went to third on a bad pickup throw by Robertson. Houston was unable to score. Robertson got ex-Tiger Brad Ausmus to strike out, got Adam Everett to pop out to Chris Shelton at first and then got Willie Taveras to ground out to Ramon Santiago at second to end the threat.

Detroit responded with three runs in its seventh against Clemens, the only time Clemens ever struggled in the contest. With one out, Magglio Ordonez and Carlos Guillen walked, chasing Clemens from the game. The Tiger fans gave him an ova-
TOP 10
Continued from Page 20

district run by winning a 2-1
cricket by shootout against the
Blue Devils. Clio ended up los-
ing decisively in the regional
semifinals.

Lake Fenton ended with a
strong 10-4 overall record, ac-
tually finished third in league
play and weren’t able to win a
district. But at the same time, the
Blue Devils did finish ahead of a
state ranked team.

The future is filled with prom-
ise for this young team.

No. 6 - Fenton baseball:
They only finished third in the
Metro League, but posted a
strong 17-5 league mark while doing so. They also finished with a
solid 24-10-1 record overall.

However, the Tigers saw their
postseason run end short of what
they had hoped. Fenton defeated
Holly 4-2 and Swartz Creek 7-3
in their first two district con-
tests, but then faced journey
hosts Grand Blanc in the finals.

New York scored two runs in the
top of the inning. Detroit scored a run in the bot-
tom of the 17th, but ended up losing 10-9.

Tigers vs. Clemens: Detroit would
face Clemens one more time in 2007. In 48
starts against the Tigers, Clemens posted a
26-11 record, tossing three shutouts.

So how did some of the Tiger greats do
against Clemens? Alan Trammell held a
.364 batting average (24-for-66) against
the Rocket, hitting two home runs. Tram-
mei’s long-time double play partner, Lou
Whitaker, also had success against Cle-
mens, batting .338 (22-for-65) with three
home runs.

On the other side of the spectrum, Cecil
Fielder had no success against Clemens, collect-
ing just two hits in 46 at bats (.043).

Detroit manager Jim Leyland on
Roger Clemens: “He will out-compete
you. He has that mean-streak and I say
that in a good way.”

Jim Price mentioning “the art of
pitching”: Maybe I missed it, but I didn’t
recall Price making one of his most fa-
mous comments even once during the
contest. Hard to believe considering it
was a pitchers’ duel involving Clemens.

CONTINUED AT TCTIMES.COM

TIGERS’
Continued from Page 20

tion as he left. Dan Wheeler relieved Cle-
mens and Craig Monroe followed with a
double to left enabling both runners to
score. Monroe moved to third on an error.
Sheldon grounded out for the second out
but then Brandon Inge reached on an er-
ror, enabling Monroe to score. The Tigers
were a tough one

Looking back: Dickerson and Price
spent a lot of time talking about the last
time the Tigers faced Clemens during
the lousy 2003 season. Actually, it was
the second-last time they faced Clemens,
but it was worth remembering the con-
test. Then with the Yankees, New York
led 7-1 in the fifth inning as Clemens was
pursuing his 300th victory. It seemed like
he was destined to earn it. But the 2003
Tigers, who held a 43-119 record fought
back, tied the game at 8 and forced Cle-
mens to no decision. The game remained
tied at 7-all until the 17th inning when

Continued from Page 19

TIGERS’
Continued from Page 20

No. 5 - Fenton boys golf:
The Tigers were a tough one
to initially figure out where to
place, but it became evident that
they should be ahead of each of
the other teams for one simple
reason — they dominated their
Flint Metro League foes. The
Tigers went 11-0 in dual action,
usually crushing their Metro op-
ponents and also won the league
tournament by a comfortable 25
strokes. Their Metro dominance
was on display the first day of
the season right to the end of
the season with state qualifier Dylan
Davidson leading the way. How-
ever, the Tigers didn’t stack
up so well against their regional
foes. They shot a 349 at region-
als and finished 13th in the 18-
team field.

RACES
Continued from Page 19

Evening with those who
run the three-mile race through
the park and wide open paths
through the woods.

“They are close to home,”
Mundy said. “The only race I
ran last year was the Crim and
that was by myself. I missed it.”

Another regular is Holly
resident Brian Burnell, 55.
While he’s been attending the
races for many years, two
seasons ago was the first time
he earned the Extreme Runner
medal — an award given to all
the runners who attend all four
events.

“I like coming out here be-
cause it’s very casual. It’s an
enjoyable family atmosphere.

“I missed this last year. If
there was one thing I missed it
was this. I have different agen-
cas each time I run, getting
ready for something. This time
it’s just to get back in shape af-

CHARTER TOWNSHIP OF FENTON
PUBLIC NOTICE OF ADOPTED AND PROPOSED
ORDINANCES

At their meeting on June 21, 2021, the Fenton Township Board took the following
actions relative to ordinances:

1. Adopted Ordinance No. 825, a Zoning Ordinance amendment to
rezone part of parcel 06-03-400-011, (11394 Torrey Road) from R-3 to
C-3, with the subject property to be split off and combined with 11428
Torrey Road.

2. Introduced a proposed Zoning Ordinance amendment to rezone parcel
06-31-200-008 (near Lobell & Linden Roads) from R-3 to PUD.

3. Introduced a proposed amendment to the Cemeteries Ordinance to
revise language regarding the number of persons than may be buried in
a single plot.

The second reading and a vote on the adoption of the proposed ordinanc-
es will be conducted at the July 6, 2021 Fenton Township Board meeting.

Complete copies of the adopted and proposed ordinances may be
obtained at the office of the Fenton Township Clerk, 12060 Mantua Drive, Fenton, MI 48430. The ordinance is also available on Fenton Town-
ship’s website at www.fentontownship.org.

ROBERT E. KRUG
FENTON TOWNSHIP CLERK
LUND
Continued from Page 19
Highlanders 33-18 at halftime with Lund being held scoreless in the opening half. The second half was a different story. Lund scored 33 second-half points and Linden had a great chance to earn the victory before falling 66-62 at Howell High School.

“At halftime I got a lot of encouragement,” Lund said after the contest. “I was told to (take) my shot, and in the second half when it came time, my teammates got me open.

“I think confidence is the best thing you can have in any sport, and knowing that a shot is going to go in just helps you that much more. I thought that from an early age — to be confident with every shot I take.”

It was just one of many great moments in the 2021 graduate’s four-year varsity career. As a freshman he averaged 16 points a game, leading the Eagles to a 13-8 overall record. His sophomore season he led the Eagles to a Flint Metro League championship by averaging 15.8 points a game and 3.4 assists a contest. That was just the halfway point.

In his junior season, his talent skyrocketed from a statistical standpoint. He averaged 23 points a game while dishing four assist a game. He also grabbed 4.5 rebounds and had 2.5 steals a contest. He led the Eagles to an 18-2 regular season record and a perfect 10-0 Metro League Stripes Division record.

His senior season ended with another league crown, a Stripes Division title, earning a 7-0 record. The squad finished the season with an 8-5 overall record.

The one thing that hurt was the Eagles never earned a district crown during his tenure with the squad. Some of that wasn’t his fault. Lund was hurt his sophomore season, and during his junior season, COVID-19 ended the district tourney after a semifinal victory against Holly.

Lund was happy he was able to have a senior season.

“First, I want to say I’m thankful we had the chance to play,” Lund said. “That’s the first thing that has made you want to go into that next season if you were going to play again. It just helps you that much more. I thought that from an early age — to be confident with every shot I take.”

“It was just one of many great moments in the 2021 graduate’s four-year varsity career. As a freshman he averaged 16 points a game, leading the Eagles to a 13-8 overall record. “First, I want to say I’m thankful we had the chance to play,” Lund said. “That’s the first thing that has made you want to go into that next season if you were going to play again. It just made you want to go into that next game playing that much harder.”
Celebrating 61 years of Silver Lake Ski Club

Ski shows and competitions resume for local team

By Sharon Stone

Fenton City has been home to the Silver Lake Ski Club since 1960. That means the club is in its 61st year of practices, shows and competitions.

The club practices and performs weekly shows Tuesday evenings in June through August on Silver Lake for spectators at Silver Lake Park Beach. Following a year of no performances due to COVID-19, the skiers performed their first show this past Tuesday.

The community is invited to attend these shows and are encouraged to bring a lawn chair, a picnic and their camera to witness the tournament style ski show featuring skiers of all ages. The pre show begins at 6:15 p.m. and the main show begins at 7 p.m.

Jeremy Ameen, president of Silver Lake Ski Club since last fall, said everyone was excited to be back performing. All of their shows were canceled in 2020.

See SKI CLUB on 24
SKI CLUB
Continued from Page 23
because of the COVID-19 pandemic, but skiers were still able to work out and practice.

When asked how Tuesday’s performance went, Ameen said, “It went well. It’s early in the season and it’s been a long time since we’ve done shows. It takes a bit, but they’ve had lots of practice.”

The ski show team has approximately 40 skiers of all ages, but the majority are high school and college age. Ameen said they’ve also got their older seasoned skiers, as well.

Last weekend, the Silver Lake Ski Club’s team competed at a tournament hosted by another ski club in Warsaw, Indiana. It was a small tournament and the team took third place, which prepares them for regionals in a few weeks.

Today, Sunday, June 27, the ski club hosts its “Flaunt It Swivel Ski Tour” competition. The club welcomed “amazing swivel ladies” to Silver Lake to compete in the Knotty Girl Flaunt It Swivel Ski Competition.

Ameen said individual skiers compete behind the boat by performing tricks and spinning using special skis. This show is open to the public and set to begin at 8 a.m. at the Silver Lake Park beach. He added that there are only eight to 10 of these competitions in the U.S. and Silver Lake Ski Club was privileged to be host. “It’s been quite a few years since we’ve hosted a major event,” he said.

Despite there being no Fenton Freedom Festival this year to celebrate the Fourth of July, the Silver Lake Ski Club will be putting on a patriotic themed ski show Saturday, July 3, beginning at 10 a.m. Ameen said Fenton City and the park board gave approval to the ski club to perform its customary Fourth of July show.

During the weekend of July 10 and 11, the ski club will compete in its central regional tournament in Rock Island, Illinois. After that, if the ski club qualifies at regional tournament, they will advance to the Division 2 National Show Ski Tournament in Shawano, Wisconsin, the weekend of Aug. 7 and 8.

Ameen said when he joined the Silver Lake Ski Club five years ago, he had not known much about the club and learned about it by accident. He said he believes there are others who don’t realize Fenton has a ski club on Silver Lake, which is celebrating 61 years. He wants everyone to know about the club and invites anyone out who wants to watch the performances and competitions or to join the ski club.

BECOMING A MEMBER OF THE SILVER LAKE SKI CLUB

First off, you don’t need to know how to ski to join. There are many things you can do as part of the team. Competing and putting on shows is a big job and takes the coordinated efforts of many people. But, if you want to learn how to ski, you’ll have the opportunity to learn from some of the best.

During the summer months (and even before) there are many practices, both on and off the water. They also regularly compete in tournaments that take the team out of state.

Individuals of any age are welcome. They have had members as young as 4.

For more details on becoming a member, go to silverlakeski4club.com or follow them at Silver Lake Ski Club on Facebook.

PUBLIC NOTICE
CHARTER TOWNSHIP OF FENTON
BOARD MEETING SYNOPSIS
JUNE 21, 2021

The Fenton Township Board held a regular meeting on Monday June 21, 2021 at the Fenton Township Civic Community Center, 12060 Mantawauka Drive, Fenton, Michigan, and took the following actions.

1. Trustee Goupil offered the opening prayer.
2. Supervisor Lorraine led the pledge of allegiance to the flag.
3. Approved the agenda as presented.
4. Approved invoices and expenditures for payment in the total amount of $452,041.54.
5. Conducted a public hearing on and introduce a proposed Zoning Ordinance amendment to rezone parcel 06-31-200-008 (near Lobell & Linden Roads) from R-3 to PUD.
6. Adopted Ordinance No. 85, a Zoning Ordinance amendment to rezone part of parcel 06-03-400-011, (to be split and combined with 11428 Torrey Road) from R-3 to C-3.
7. Conducted the first reading of a proposed amendment to the Cemeteries Ordinance to revise language regarding the number of persons than may be buried in a single plot.
8. Approved a Website Redesign, Hosting and Support proposal from Municeo.
9. Adopted revisions to the 2021 Fenton Township Meeting Schedule to change the starting time for Planning Commission meetings to 6:00 p.m.
10. Adjourned at 9:02 p.m.

A complete copy of the minutes of this meeting and any ordinances adopted at the meeting are on file and are available for review at the Fenton Township Office, 12060 Mantawauka Drive, Fenton, Michigan 48430. Ordinances, meeting schedules, meeting minutes and other Township information are also available at www.fentontownship.org.

The Tri-County Times Daily Edition myfenton.com
NOTICE: STREET CLOSINGS IN DOWNTOWN FENTON

Beginning Thursday, May 20 and Friday, May 21, and continuing every Thursday and Friday through mid-October, S. LeRoy Street from Caroline Street to Shiawassee Avenue, and Shiawassee Avenue from S. LeRoy to Adelaide Street will be closed to vehicle traffic from 4 to 9 p.m. Detour signage surrounding these closings will be posted.

The community is invited to Fenton’s Street Experience in downtown Fenton to support our local businesses and stroll the downtown streets, enjoying the numerous planned entertainment happenings, children’s games, farmers market, and fun events.

JUMBLE KIDS
THAT SCRAMBLED WORD GAME®
By David L. Hoyt and Jeff Knurek

The letters of these crazy words are all mixed up. To play the game, put them back into the right order so that they all make real words you can find in the dictionary. Write the letters of each real word under each crazy word, but only one letter to a square.

Now you’re ready to solve today’s Jumble for Kids. Study the picture for a hint. Play around with the letters in the circles. You’ll find you can put them in order so that they make your funny answer.

Print Answer Here

Weekend Scrambler

Unscramble the letters within each rectangle to form four ordinary words. Then rearrange the boxed letters to form the mystery word, which will complete the gag!

Word Search

SAFETY TERMS

ACCIDENT, BODY, CRITICAL, DANGEROUS, DATA, EGRESS, GEAR, HAZARDOUS, HEALTH, HELMET, HOOD, ILLNESS, INGRESS, INJURY, LIFT, LOCKOUT, MACHINE, MANUAL, MONITORING, NIOSH, OCCUPATIONAL, OSHA, RISK

Weekend Sudoku

FUN BY THE NUMBERS
Place a number in the empty boxes in such a way that each row across, each column down and each small 9-box square contains all of the numbers from one to nine.

Answers in this edition of the Tri-County Times
James Oran Reid
1938 - 2021

James Oran Reid – age 83, of Holly, passed away Tuesday, June 22, surrounded by his loving family. He was born in Rock Hill, SC, to William Macklin and Maggie (Rainey) Reid. Deeply loved husband of Sharron (Long) Reid to whom he was married for nearly 60 years. In addition to his wife, Jim leaves three daughters, Linda (Larry) Avery of IL, Angela (Ed) Robak of Michigan for his exceptional community events. He was regularly asked to perform an accomplished guitarist who could arrange a piece of music, play it flawlessly. Jim was an abundantly skilled man who could arrange a piece of music, solve a complex engineering problem, and build or fix about anything. In his later years he was most proud of his long marriage, his daughters, and his exceptionally close and loving relationships with his grandchildren. Visitation was held from 1 - 4 PM with his grandchildren. Visitation was held at the funeral home Tuesday from 11 AM until the time of the service. Those desiring may make contributions to Great Lakes National Cemetery (Avenue of Flags) or Michigan Bikers Helping Veterans. William served in the sand and gravel industry. He designed several sand plants and he was the principal inventor and designer of an innovative system for cleaning industrial paint drums, which was awarded a patent. Throughout his life, Jim was an accomplished guitarist who was regularly asked to perform at area churches and other community events. He was recognized by musicians across Michigan for his exceptional five-finger style and his expert covers of several Chet Atkins’ masterpieces. The childhoods of his children and grandchildren were permeated by the sound of Jim playing Black Mountain Rag, Cannonball, In the Mood, Via Con Dios, and other melodies that kept him challenged. His wife, Sharron, recalls that when he was in his 20s, they saw the movie Dr. Zhivago and he went home and immediately began to teach himself “Lara’s Theme”; he persisted until he could play it flawlessly. Jim was an abundantly skilled man who could arrange a piece of music, solve a complex engineering problem, and build or fix about anything. In his later years he was most proud of his long marriage, his daughters, and his exceptionally close and loving relationships with his grandchildren. Visitation was held from 1 - 4 PM with a Memorial Service that followed at 4 PM on Friday, June 25, 2021 at the Dryer Funeral Home, Holly. www.dryerfuneralhomeholly.com.

William Gordon ”Reload” Wentz, Sr.
1949 - 2021

William Gordon “Reload” Wentz, Sr. - age 71, of Fenton, died Friday, June 18, 2021 at his home after a courageous battle with Leukemia. Funeral services were held 1 PM Tuesday, June 22, 2021 at Sharp Funeral Homes, Fenton Chapel, 1000 Silver Lake Road, Fenton (A live stream of the service can be viewed on William’s obituary page at www.sharpfuneralhomes.com). Pastor Brad Foster officiating. Visitation was held at the funeral home Tuesday from 11 AM until the time of the service. Those desiring may make contributions to Great Lakes National Cemetery (Avenue of Flags) or Michigan Bikers Helping Veterans. William was born October 6, 1949 in Braddock, PA, the son of William Gordon “Billy” (Mary Stephens) Wentz, Jr. of Fenton; grandchildren, Sydney, Sam, Jolene Wentz of GA, Penny (John) Lucia of Grosse Ile, Terry (Walter) McCurdy of Harrisville, and Laurie Thomas of Fenton; brothers-in-law, Kenneth Landers of Fenton, Thomas (Diane) Landers of Byron, Robert Landers of Davison, and John (Diane) Landers of OH; and several nieces; nephews; and cousins. He was preceded in death by his parents; sisters, Bessie Reed and Stanette Wentz; and brothers, Rick and Mark Wentz. The family wishes to extend special thanks to Pam. Tributes may be shared at www.sharpfuneralhomes.com.

Joseph Husocki
Vicki Sue Martin - age 76, of Linden, went to be with her Lord Jesus on Tuesday, June 22, 2021, at Woodhaven Assisted Living in Livonia. Vicki was born February 5, 1945, in Alma, a daughter of the late Robert and Dorothy (Rhoads) Orndoff. Vicki grew up surrounded by relatives and close family friends in Breckenridge. The family moved to Mt. Pleasant in 1954 then on to Logan, Ohio, in 1968, when Vicki was 13 years old. As she was growing up, Vicki and her three sisters sang together with their mother at the piano for churches, revivals, civic and service clubs, and even the county fair. This sparked her lifelong love of music. Vicki graduated from Logan High School in 1963 as class valedictorian, then moved to Columbus, Ohio to earn her R.N. degree from Riverside Methodist Hospital in 1966. On December 30 of 1966, she married her life's partner, Donald Bruce Martin III. In their early years of marriage, they lived in various places from Michigan to Ohio to West Virginia, and eventually settled in Covington, Ohio. In Covington, Bruce and Vicki started their family, became active members of Covington Church of the Brethren, and made many life-long friends. During those years, Vicki often played piano for church, the Christian Women’s Club, and accompanied school choirs and band instrumentalists. Vicki was a great cook and had a wonderful gift of hospitality, welcoming family and friends to their home. In 1994, Bruce and Vicki moved to Michigan for Bruce’s work, and enjoyed many years living close to her children and grandchildren. She loved her family deeply and prayed for them continuously. Vicki was a devoted wife, mother, grandmother, sister, and friend to all. Vicki is survived by her loving husband of 54 years, Bruce Martin; son, Bruce (Monica) of Clio; and daughter, Kerri (Mike) Burba of Farmington Hills; grandchildren, Jacob Martin, Luke (Jordyn) Martin, Emily Martin, and Meghan Burba; sisters, Carole McCutcheon, Conni Skinner, and Kathy (Daile) Kronk. Vicki is reunited in Heaven with her parents, Bob and Dorothy Orndoff; and her sister, Patricia Ann. Vicki will be laid to rest in Ridgelawn Cemetery in Breckenridge, Michigan. A memorial service will be held at Davison Missionary Church on Sunday, July 18 at 1PM with a meal following. In lieu of flowers, the family requests that gifts be made in Vicki’s honor to the Arthritis Foundation. www.sharpfuneralhomes.com.

Warren Walter Hein - age 77, of Fenton, passed away suddenly on Friday, June 11, 2021. A memorial service will be held 10 AM Friday, August 20, 2021 at Fenton United Methodist Church, 119 S. Leroy St, Fenton. Visitation will be held from 9 AM until the time of service. In lieu of flowers, please consider donations to Habitat for Humanity or Fenton United Methodist Church. Warren was born May 13, 1944 in Plymouth, WI, the son of Roosevelt and Adele (Schlichting) Hein. He graduated from the University of Wisconsin-Whitewater and Iowa State University, earning degrees in Physics, Math and a PhD in Nuclear Physics. Warren retired as Department Head & Professor of Physics, South Dakota State University (27 years) and Executive Officer, American Association of Physics Teachers (13 years). Additionally, he held positions at Northern State University, the National Science Foundation, and Kettering University. He married Melanie Nicholson on November 24, 2001 in Springfield, VA. He lived in Fenton since 2010, previously residing in Aberdeen and Brookings, SD, and Alexandria, VA. He had been a member of the Fenton Lions Club, American Association of Physics Teachers, American Physical Society and Sigma Xi. Warren is survived by his wife, Melanie; children, Benjamin Hein, Elizabeth Hein, and Suzyn Daniel; five grandchildren; a great-grandchild; father-in-law, Thomas Nicholson; daughter-in-law Neva Hein. He was preceded in death by his parents; son, Josef Hein; grandchild, Wesley Hein; brother, Norbert Hein; sister, Lorraine Wassink; mother-in-law, Donna Nicholson. Tributes may be shared (see Ecclesiastes 3:1-13) at www.sharpfuneralhomes.com.
