## **Traveling Taste in Fenton** features area restaurants

#### Chamber keeps traveling format to encourage participants to physically visit restaurants

#### **By Hannah Ball**

Fenton — Taste in Fenton in 2021 was a traveling event like 2020, sending attendees and food lovers to three different regions in Fenton and Linden to visit all participating businesses on Wednesday, Aug. 18.

Sponsored by the Fenton & Linden Regional Chamber of Commerce, the Traveling Taste in Fenton raises funds for different chamber functions throughout the year. It's known for attracting people from surrounding areas to come and enjoy Fenton and Linden restaurants.

Last year during the pandemic, the chamber reorganized the event into a traveling format instead of having it in one location at Rackham Park.

Approximately 20 businesses had booths or set up a Taste in Fenton location in their business. The public got their ticket passports stamped at the different regions for a chance to win a cash prize.

An employee from The Cheese Lady hands out food to the public. The traveling format encouraged people to walk around downtown and to other areas in the city. Photo: Hannah Ball

Sarah Whitney of Fenton, who attended the event for the first time this year, said, "I thought it was really neat. I liked it."

They started downtown at El Topo and worked their way north. She said they were fortunate to miss the long lines. "We've been lucky. We've been hitting things about the right time," she said.

#### Schools should be empowered to make own decisions

■Genesee County legislators call on health official to reverse countywide mandate

State Rep. David Martin, Rep. Mike Mueller and Sen. Ken Horn today called on the Genesee County Health Department to allow individual school districts to make their own decisions about whether students will be required to wear masks in the classroom.

The Genesee County legislators sent a letter to Dr. Pamela Hackert of Ann Arbor, the medical health officer at the Genesee County Health Department, urging her to end her mandate that all students and teachers in kindergarten through sixth grade wear masks indefinitely, until a vaccine for that age range has been available for eight weeks.

"Representatives are elected by the people — whether to Congress, the state Legislature, the school board, or the county commission See **DECISIONS** on 8

#### Words with Hannah

he movie theater experience has never been better. At least, for me. Movie theaters shut down during the pandemic, and when they opened again, it was with limited seats available and many didn't sell food. Production companies didn't want to put out films to small audiences, so many delayed premieres or put them on streaming services.

Food, drinks and popcorn are available now, and thanks to companies still releasing movies on streaming services, theaters are rarely crowded.

Going to the theater is blissful. I've always loved movies, books and storytelling, but I've never loved going to see a movie in a theater with airplane seating and no elbow room.

Currently, theaters aren't packed with people who talk during the film. Getting tickets online means you can pick your seats. You have elbow space, and thanks to many theaters installing larger, more comfortable seats, the overall movie experience has improved drastically.

(Caveat: One of my favorite movie experiences was watching Aveng-

## I love the theater

ers: Endgame in a crowded theater and sitting next to a young boy and his father. His reactions to everything were amazing and made the experience so much more fun. In this instance, the crowd enhanced the experience. The energy and excitement was palpable.)

Staff Reporter I watched a few new movies from the comfort of the house. "Wonder Woman: 1984"

## Township clarifies definitions of brewpubs, wineries and distilleries

#### By Hannah Ball

**Fenton Twp.**—On Monday, Aug. 16, the Fenton Township Board of Trustees amended the zoning ordinance to clarify that small scale wineries, distilleries and brewpubs are allowed as special uses in the commercial zoning districts.

Michael Deem, zoning administrator, said that these facilities include restaurants. Prior to this amendment passing, the zoning ordinance listed large scale commercial breweries as manufacturing establishments only allowed in the M-3 zoning districts.

"The zoning ordinance was interpreted for restaurants with retail sales to be equivalent to a brewery," he said. "I don't think that's the best way to go about it. I think the best way is to formally amend the ordinance."

He provided definitions for small scale wineries, distilleries and brewpubs, which came from the state liquor control commission. They are now considered special use permits in commercial districts.

**Brewpub**: An eating or drinking establishment that includes the brewing of beer or ale as an accessory use for sale.

**Small distiller**: An establishment that manufactures not more than 60,000 gallons of spirits annually. A small distiller may include ancillary facilities, such as a tasting room.

Winery: An establishment

for making wine, consisting of a producing vineyard, orchard, or similar growing area, and/or manufacturing and bottling of wines. A winery may include ancillary facilities, such as a tasting room.

"It clarifies the ordinance. We want to see these uses. They are allowed as special use permits, similar to other restaurant uses, things that have outdoor entertainment, drive-thrus. It kind of falls into the category of restaurant plus," Deem said.

Treasurer John Tucker, who's also on the Fenton Township Planning Commission, said special use permits allow them to review each one individually and place conditions on approval. LOOKING BACK at this week in **HISTORY**

1965: At San Francisco's Candlestick Park, Giants pitcher Juan Marichal steps up to the plate to lead off the home half of the third inning against the Los Angeles Dodgers. After the second pitch, a ball low and away, catcher John Roseboro returns the ball to pitcher Sandy Koufax, but he offends Marichal by throwing it close to his head. Marichal's reaction is unprecedented — he attacks Roseboro, hitting him in the head with his bat and setting off an epic, 14-minute brawl. When the brawl was over, multiple players on both sides and the umpire had suffered injuries. Marichal, who was ejected from the game, was suspended eight games and fined \$1,750.

### **NOCFA Board will not mandate vaccine**

■Votes unanimously to allow vaccination against COVID to be an individual decision

#### **By Sharon Stone**

During the North Oakland County FireAuthority(NOCFA) board meeting on Tuesday, Aug. 17, Fire Chief Jeremy Lintz proposed that the NOCFA board mandate that all members of NOCFA be vaccinated against COVID.

Lintz brought up the issue with the board, who are two representatives each from the Rose Township Board of Trustees and the Holly Township Board of Trustees. Representing Rose Township are Supervisor Dianne Scheib-Snider and Treasurer Paul Gambka. Representing Holly Township are Supervisor George Kullis and Clerk Karin Winchester. The fifth individual on the NOCFA board is citizen-atlarge, Paul Stouffer of Rose Township. Stouffer was absent from the meeting.

The fire chief told the NOCFA board that approximately half of his 40 employees have been vaccinated. He said the 20 who have been vaccinated had no issues with the vaccine. He said based on his own research and data, he believed it would be best for every one of his first responders to be vaccinated. Medical and religious exemptions would be allowed.

Lintz asked the board to make this decision.

Winchester said she was against mandating the vaccine until it was fully approved by the FDA. She said the decision should be left to the individual. She added that it would be unethical to

#### **CATALYTIC CONVERTER THIEVES SOUGHT**

On Thursday, Aug. 12, at 8:15 a.m., Holly police officers were dispatched to a Grange Hall Road business where the owner reported that catalytic converters of several vehicles had been cut off and removed. The owner has video of the suspects on their surveillance camera system and provided them to the officers.

mandate this and there are no current laws that mandate the vaccine. "People have died from the vaccine," she said.

Scheib-Snider said she too was not in favor of mandating the COVID vaccine for the NOCFA employees. "It's not approved by the FDA," she said.

Kullis said he knows the NOCFA employees are a good crew and understands that half of them have been vaccinated. "If they want it, it's an individual decision."

Gambka said he agreed with the other board members' comments and added that he was on the same page with individual decisions.

By a vote of 4-0, the NOCFA Board voted to not approve mandating the COVID vaccine for NOCFA employees.

Following the vote, Lintz said he respected the Board's decision.

According to the Centers for Disease Control and Prevention, reports of death after COVID-19 vaccination are rare.

"More than 357 million doses of COVID-19 vaccines were administered in the United States from December 14, 2020, through August 16, 2021. During this time, VAERS (Vaccine Adverse Event Reporting System) received 6,789 reports of death (0.0019%) among people who received a COVID-19 vaccine.

"FDA requires healthcare providers to report any death after COVID-19 vaccination to VAERS, even if it's unclear whether the vaccine was the cause. Reports of adverse events to VAERS following vaccination, including deaths, do not necessarily mean that a vaccine caused a health problem," according to the CDC.

Two male suspects and a female driver entered the lot in a gray Ford Fusion on Saturday, Aug. 7 at approximately 6:45 p.m. and guickly removed the converters. Anyone having information on the crime to the suspects are asked to call the Holly police department at 248 634-8221.

#### **GOOD SAMARITAN RETURNS** WALLET IN HOLLY

On Sunday, Aug. 15, at 5:27 p.m., A Good Samaritan found a wallet while visiting the Great Lakes National Cemetery in Holly Township and took it to the Holly Police Department. Holly police officers were able to locate the owner and returned the property.

— to make governing decisions on behalf of their constituents," the letter reads. "A mask mandate instituted by one unelected official, such as yourself, undermines the will of the people. We respectfully urge you to continue to allow each school district to set their own guidelines."

#### THE LETTER:

August 18, 2021 Pamela Hackert, MD, JD, MPH Medical Health Officer Genesee County Health Department 630 S. Saginaw St, Suite 4 Flint, Michigan 48502-1540

Dear Medical Health Officer Hackert,

Genesee County residents are currently raising debates regarding mask mandates. You recently enforced masks to be worn by students and teachers in kindergarten through 6th grade indefinitely, until a vaccine for their age range has been available for eight weeks in our county.

As a medical health officer, your efforts should be focused on administering our county's existing public health system.

Representatives are elected by the people — whether to Congress, the state Legislature, the school board, or the county commission — to make governing decisions on behalf of their constituents. A mask mandate instituted by one unelected official, such as yourself, undermines the will of the people.

We respectfully urge you to continue to allow each school district to set their own guidelines. Thank you for your time and consideration as you continue serving the people of Genesee County.

Sincerely, State Rep. David Martin (Dist. 48) State Rep. Mike Mueller (Dist. 51) State Rep. Ken Horn (Dist. 32)

#### Continued from Front Page

aging fleet of apparatus, the funds will be used to replace and update the older vehicles and equipment," Kurtz said. "After board debates, public comment, and a closed session, the township board has decided to keep the assessment as is at this time with no change." The meeting took place Tuesday,

Aug. 17.

Graves said the township collects a total of \$300 per parcel for public safety a year, with \$170 for the police department and \$130 for the fire department.

"We proposed the reduction for one year after meeting with leadership of the fire department to help alleviate some pressure on our general fund. The fire department is fully funded through the fire assessments totaling \$403,600. However, the

police department is heavily subsidized by the Township General Fund. The proposal was to move \$30 per resident from the fire to police, which is a practice which has been performed in the past to prevent increasing assessments during questionable economic times like now," he said.

The \$30 per parcel is equivalent to \$80,600.

"The overwhelming sentiment of residents attending the meeting opposed this move, so we elected to keep all public safety assessments as is and continue to subsidize the police through our general fund as well as savings and consider alternative solutions in the future that does not impact the fire department," Graves said.

The previous Argentine Township

Argentine Township fire chief

of the citizens that live in the community. Imagine the impact on your life, if you are in need of the fire department and they are delayed because a truck won't start or they don't have enough staff to respond. Make your voice head!"

On Thursday, Aug. 19, he said, "I just want it known, I agree 100% with increasing the police department's special as-

sessment. I don't support it being at the expense of the Fire Department. Clerk Graves mentioned the pay for our police officers. He said we need to retain the officers we have and entice recruitment. The Fire Department is in the same boat."

Lafferty said when he was chief, raises were requested along with a pay structure for recruitment and retention of firefighters, but it was rejected from the board.

"The fire department was in desperate need of staffing, especially during daytime hours. It's my understanding this is still a concern," Lafferty said, adding that an audit showed that the fire department has aging equipment and is understaffed. "Seeing how this is an on-call department, recruiting is even more difficult because of the residency requirements."

**SO PROUD OF** the mom from Linden who spoke at the Genesee County Commissioner's meeting to let them know wearing a mask should be optional. No one is saying you cannot wear one. If you think they work, by all means, wear it.

**SO WHAT WILL** our local school leaders and teachers do when our children choose not to wear a mask? Remember, you have to answer to us, not the other way around. Mandates are not the American way. We'll remember this at election time.

#### TASTE

#### Continued from Page 3

Shawn Hall, who owns Grace2Graze, a nonprofit that specializes in food insecurity and awareness, had her first Taste in Fenton as a vendor. Previously, she's come before as a volunteer, chamber member and attendee. More than 200 people stopped at their booth in the Fenton Community and Cultural Center

parking lot.

"This is our first one that we actually got to participate in as a vendor. It was amazing. We feel really good about what we offered. We believe that it helped us to share our story. That is what it was all worth and to be part of the community," Hall said.

She noticed the camaraderie between people and how they loved going from "place to place at their own pace."

#### WEEKEND TIMES

"We are so happy with the turnout, a special thanks to our restaurants for participating and the community for coming out to support the restaurants and enjoy good food," said Meghan Grimshaw, membership director & event coordinator at the Fenton Regional Chamber of Commerce. "We are so pleased to say that Traveling Taste grew from last year, we had over 900 tickets sold for the event on Wednesday."

#### GIFT

#### **Continued from Front Page**

the Holly Farmstead Project, since the beginning, when they attended one of our stakeholder meetings in 2017. As the project continued, they showed their support and eagerness to help make this project a reality for the youth of this community by making a gift of \$100,000 to get the project off the ground.

"They have stayed engaged as the project has developed over the past four years. With the recent completion of the engineered drawings of the plan, I met with the family, and we discussed the future of the plan and a timeline to make this happen. The family is eager to see this project become a reality for the community and its youth.

"They are making an additional gift in the amount of \$500,000 to help see this project through. This will allow the township to move forward on the development of this project as a whole, instead of one piece at a time, while creating educational opportunities for our youth and families

for many years to come."

With this donation, we can do development all at one time, said Kullis. The township board approved the

\$44,000 costs for engineering to begin. The township also approved the

creation of a 501c3 status in order to accept grants. Kullis said they will continue looking for grants and with the \$500,000 gift from the Mott family, this money could be used if they find a grant that requires matching funds. He clarified that had this gift been a grant, it could not have been used as matching funds for another grant.

#### **Holly Heritage Farmstead**

The township took the project on in 2014 to save the approximately 120-year-old, 80-ton barn. Leaders had and have a vision of turning the site into a venue that could support agricultural education and offer a music and wedding venue.

The property at 13409 N. Holly Rd. is the home to the original Holly Township supervisor when the township was certified in 1838.

WEEKEND TIMES

#### MASKS

follow the ever-changing guidelines issued by the Genesee County Health Department (GCHD), the Michigan Department of Health and Human Services (MDHHS) and the Centers for Disease Control and Prevention (CDC).

The Times reached out to school officials at Fenton Area Public Schools, Holly Area Schools, Lake Fenton Community Schools, Linden Com-

munity Schools, Holly Academy and St. John School in Fenton with a series of questions to inform readers of what will be happening at our local schools.

On Wednesday, Aug. 18, Fenton Area Public Schools (FAPS) Superintendent Adam Hartley said his students will start Aug. 24. He expects the district's enrollment to be less than what they were in 2020-2021. "We are projecting a

loss of 20 students compared to 2020-21," he said.

FAPS will provide in-person instruction and a virtual option for families choosing to stay remote. There are no COVID policies exclusive to studentathletes.

"FAPS is following the Genesee County Health Department's mandate that all K-6 students and staff wear a facial covering when inside," Hartley said. "FAPS is also encouraging facial coverings for students and staff in grades seventh-12th per the GCHD voluntary directive."

There is a federal order that states

#### THEATER Continued from Page 4

the fashion was gorgeous. I saw "Mortal Kombat" and it gave me everything I wanted from an action movie based on a video game - spectacular fight scenes, excellent villains and end-of-the-world stakes. 10/10 from me.

(Sidenote: I'm fully vaccinated and keep my distance from others. I love my personal space.)

"Hitman's Wife's Bodyguard" with Ryan Reynolds, Gabriella Wright and Samuel L. Jackson was hilarious.

My second favorite movie this year, so far, is "The Suicide Squad." The best character was Ratcatcher 2, a woman named Cleo Cazo who can control rats and hates mornings. It was an action-packed, heartwarming and very violent film that I enjoyed immensely.

My favorite movie I've seen this year is "A Quiet Place Part II." The suspense, the acting, the monstersit was all superb.

On my list to see is "Free Guy," "Respect," "Shang-Chi" and "The Green Knight."

I also really want to see "Old" in theaters. It's an M. Night Shyamalan film about a beach that causes people to age rapidly. Delightfully creepy, perfectly unsettling. I'm planning a scary movie marathon leading up to Halloween, and I think I'm going to start with The Conjuring movies after I see "Old." If you have suggestions, please let me know.

And I cannot wait until "Dune" comes out in October! After going through a pandemic, we deserve to see the giant sandworms on the big screen. Though it's my choice to see it on the big screen, and I definitely respect people who prefer to watch movies from home.

#### **UNIONIZE**

#### **Continued from Front Page**

NOCFA provides coverage to Holly and Rose townships, covering approximately 72 square miles. NOCFA is a combination fire department with approximately 40 employees staffing two stations. They provide 24/7 fire/rescue and advanced life support to the residence of the northern Oakland County area as well as surrounding mutual aid communities.

They currently have eight full-time employees and approximately 30 parttime employees. NOCFA Fire Chief Jeremy Lintz is the eighth full-time employee, however, he is an administrator and not a member of the new local union.

NOCFA employees who joined the union are Capt. Tim Seal Jr., who was elected president of Local 5346, Assistant Fire Chief Matt Weil, who was elected vice president of Local 5346, Lt. Joe Durocher, who was elected treasurer of Local 5346 and Sgt. Ian Dunbar, who was elected secretary of Local 5346. Other NOCFA employees with the new local union include Kevin McKee, Don Dewey and Dan Miller.

On Wednesday, Aug. 18, Durocher said, "We are very excited for this step and we look forward to what the future holds for our community. We have an exceptional group of men and women proudly serving."

In a letter dated Aug. 11, Seal introduced the new IAFF Local 5346 to the NOCFA Board. This union, under the Michigan Employment Relations Commission, is now the exclusive representative of all NOCFA full-time officers and employees below the rank of fire chief. He wrote that this union represents its members for the purposes of collective bargaining with respect to rates of pay, wages, hours of employment and other conditions of employment.

The letter stated that the union's goal is to create and maintain an environment that is safe, in compliance with state and federal laws, comparable to other departments of the size and service and equitable for all members.

The NOCFA Board discussed the new local union during its meeting Tuesday, Aug. 17.

Seal told the NOCFA board members

that the union members would put together a list of demands for discussion and arbitration.

The NOCFA Board determined that a negotiating committee would be necessary and voted to appoint Kullis and Gambka to that committee.

Kullis and Gambka agreed that they should consider talking to an attorney specializing in labor contracts. They said this attorney could be contacted on an as-needed basis.

Lintz would not be a member of this NOCFA negotiating committee, however, it was agreed upon that he could provide his opinions and input when needed.

Talk of unionizing surfaced again after the Rose Township Board of Trustees failed to approve NOCFA's operating budget request.

During a special meeting June 3, the Rose Township Board of Trustees approved \$849,926 for its contribution to NOCFA'S operating budget. Prior to that, Lintz had requested Rose and Holly townships to each contribute \$920,000 for its annual operating budget. The Holly Township Board of Trustees initially approved the full

\$920,000 contribution, however, when Rose Township approved a lesser amount, Holly Township matched that lesser amount since the two townships share the cost equally.

Prior to the mutually approved \$849,926 amount, each township had been contributing \$818,000 annually. Funds are generated by millages in each township.

As previously reported, Lintz had told the NOCFA Board that the increase was necessary because everything costs more.

During public comment time at the Aug. 17 NOCFA Board meeting, Gambka said having the union "looks poorly on our management." He added that as a board, they gave Lintz and NOCFA everything they needed, except this last time. He said he was disappointed that they needed a union and said it was a "drastic measure."

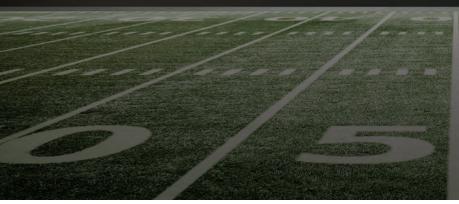

# WALT TO TEXT]

Drivers typically spend five seconds looking at their phones, which is enough time to cover more than the length of a football field going normal highway speeds.

## **BACK-TO-SCHOOL SHOPPING** in pandemic era

## May prove to be a unique experience

Back-to-school shopping sales have long been indicators that the summer vacation season is coming to a close. Students and their parents may visit area stores or browse online looking for items to make the coming school year a success. Those lists have looked similar for decades, but shopping for school supplies in the pandemic era may prove to be a unique experience.

Though hundreds of millions of adults and adolescents have now been vaccinated against COVID-19, there figures to be some lingering effects of the pandemic during the upcoming school year. That could affect which school supplies families buy in the weeks to come. Here's a look at some of the latest trends. • A shift from in-person shopping: According to data from IBM's U.S. Retail Index, the pandemic has accelerated a shift away from physical stores to digital shopping by about five years. It's likely that school shoppers will turn to the internet for their supplies, which has resulted in local brick and mortar shops increasing their online presence and digital shopping capabilities to reach their online

Back-to-school shopping may continue to look a bit different than in previous years, spawning trends that may ultimately become the new normal.

shoppers. This includes the process of buying online and picking up merchandise at the store.

• **Reassessment of what's essential:** The pandemic may have changed which items consumers consider essential. For example, clothing became less significant as a greater number of students were enrolled in virtual learning. Back-to-school shoppers may purchase less clothing and focus more on tech items, among others.

• Traditional supplies become

**less necessary:** In 2020, Deloitte forecasted that a shift in preferences and intentions would result in parents buying fewer traditional supplies, such as notebooks and office supplies, as they chose to invest in digital resources to supplement children's education. That shift likely will continue into this school year.

• Support for local retailers: Community spirit grew in the early days of the pandemic and continues now. Many people prefer to shop in locally owned stores. Eighty percent of customers surveyed feel more or as connected to their communities, according to the business industry consultant company Accenture.

• Customers are trying new brands and products: Shoppers are trying new products out of curiosity as well as necessity. Back-to-school shopping may include novel brands and other items that may not have been readily purchased in years past.

#### BACK TO SCHOOL 2021

## FOCUSING ON THEIR STUDIES

#### Struggles students can have became apparent during pandemic

Teachers strive to create supportive and challenging classroom environments for their students. Such settings can bring out the best in students and help them overcome obstacles, including an inability to focus.

The struggles students can have with focusing on their studies was apparent during the pandemic. A 2020 survey of more than 400 college students found that 64 percent were concerned about their ability to maintain their focus and discipline in remote instructional environments.

Though educators, students and parents are hopeful that

remote learning will soon be a thing of the past, no one is certain about what lies ahead in regard to the 2021-22 school year. Ideally, students will be back in school time full-time five days per week by the start of the new academic year. However, there's no guarantee that will be the case, and students may need help focusing on their studies.

#### • Emphasize one activity at a time. Various

studies have shown that multitasking adversely affects performance and makes it hard to concentrate. A recent study from researchers at the Massachusetts Institute of Technology found that performing two or three activities simultaneously puts significantly more demand on

the brain than simply doing those tasks one after another. All students, and especially those who are struggling with focus, should be encouraged to take on one task at a time. • **Take breaks.** The

Cleveland Clinic found that various studies have shown that periodic breaks improve mood, boost performance and increase a person's ability to concentrate and pay attention. Many students are well acquainted with lengthy cramming sessions on the eve of a big exam, which can feel like a rite of passage for high schoolers and college students. Parents and educators can emphasize the importance of taking breaks during such sessions and how periodic rest can help improve performance.

• Take a piecemeal approach to big tasks. The Child Mind Institute notes that breaking big tasks down into smaller, more manageable pieces can help kids effectively tackle more challenging tasks. The piecemeal approach can make big tasks seem less daunting, and the success kids have at each smaller task can provide some needed momentum as they draw closer to solving the problem.

Many students struggle to focus on their studies. Some simple strategies can help students overcome such challenges and fulfill their academic potential.

## How your kids will **BENEFIT** from being read to

#### Those who read five books per day will hear more than 1.4 million words by kindergarten

Reading aloud to children is one of the joys of parenting. All children, whether they're infants, toddlers or school-aged, can benefit from being read to, and parents whose youngsters have grown up often look back on story time as some of their favorite moments as moms and dads.

Reading aloud to children is about more than just establishing a bond between parent and child. According to Reading Rockets, a national public media literacy initiative, children as young as infants can benefit from being read to. Infants can look at pictures as their parents point to them and say the names of the various objects within them. By drawing attention to the pictures and associating words with them and real-world objects, parents are helping infants learn the importance of language.

Kids of all ages can benefit from being read to, even after they learn to read on their own. The following are a handful of ways that reading aloud to children can benefit them. • **Reading to children dramatically expands their vocabulary.** A 2019 study published in the Journal of

Reading to children can benefit them in myriad ways and provide a great way for parents to bond with their youngsters.

Developmental and Behavioral Pediatrics found that young children whose parents read them five books a day enter kindergarten having heard roughly 1.4 million more words than kids who were never read to. The disparity is even significant when comparing kids who are periodically read to each day with kids who are read five books per day. Children who are read to daily may hear slightly less than 300,000 words prior to entering kindergarten, while those read five books per day will hear more than 1.4 million words. • Reading to children expands their imaginations. The Northern

Virginia Family Services reports that research has shown that children who activate their imaginations through being read to develop higher activity in the area of their brain that's responsible for cultivating mental images and deciphering and comprehending verbal cues. That heightened activity bolsters youngsters' imaginations and instills in them a greater fondness for reading.

• Reading can help kids learn to focus. Parents of young children no doubt know that such youngsters rarely sit still for any significant length of time. However, when being read to, young children, even those who are initially reluctant to engage in story time, will learn to sit still for the duration of the book. That can help them learn to focus, a benefit that will pay dividends when children begin school.

• Reading to children can speak to children's interests or emotional needs. Children's favorite stories may speak to their emotional needs and interests. That's why so many youngsters insist on reading a favorite book over and over again. Though that's often boring for parents, it can benefit youngsters, who will eventually move on to other books.

## WHEN IT'S TIME TO CALL IN A TUTOR

#### Here are some indicators that a little extra help is needed

Busy schedules, hybrid learning and demanding coursework have affected students' academic performance over the last year-plus. The months since a pandemic was declared in March 2020 have been unlike any other, and confronting the academic challenges of the pandemic may have adversely affected some students' grades.

A recent report showed the number of middle and high school students with two or more failing marks increased by 83 percent in the first quarter of the 2020-2021 school year compared to the year prior. But students' grades may slide or they may find certain school work overly challenging even in normal years. Since many parents have not seen a periodic table or had to solve high school math problems in decades,

Tutors can be valuable resources for students who need some one-on-one attention to master general learning concepts or reinforce skills for key tests or projects.

tutors may be just what students need to regain their academic footing.

Failing grades are not necessarily the most notable indicator that students can benefit from the services of a tutor. The Princeton Review reports that 25 percent of high school students say homework is their biggest source of stress, and homework progress can help parents determine if it's time to call in a tutor. Students who find their homework is taking too long, particularly double or triple the amount of time it once required, may need some extra help.

Here are some additional indicators

that a tutor may be needed.

• Declining test scores: Some students are simply poor test takers, but a gradual or sudden decline in test scores may indicate students are having trouble mastering material. Teachers can pinpoint if certain concepts are overly challenging to students and notify parents if there are any problem areas.

• **Poor time management or focus:** Students who are struggling may have their attention drift or they put off doing tasks because they don't grasp the assignments.

• Lack of homework help at home: Parents may have prior commitments during the times of day when their children are doing homework. Even when parents are home, they may discover that the concepts covered in school are not being taught in the ways parents learned them and they may have difficulty assisting their children. Tutors can step in and help See **TUTOR** on 19

Dort Creating Visa Signature

It's a matter of choice. Learn more by calling 800.521.3796 or visit dortonline.org.

## What Matters Most to You?

#### 2% Cashback or 2x Reward Points?

#### The Dort Financial Visa Signature Credit

Card gives you the purchasing power you deserve and the benefits you want. Along with a great low rate. our Visa Signature Credit Card earns 2% cashback or two reward points for every \$1 in purchases. Receive 10,000 bonus points (that equals \$100 cashback) when you spend your first \$3.000 in purchases in the first three months.\*

\*Cardholders will earn rewards points of 2% on all purchases for every one US Dollar spent. Receive 10,000 reward points, earning an extra \$100 cashback, when you spend your first \$3,000 in purchases in the first 90 days after card approval.

## Coping with more than just summer learning loss

#### Students may also struggle with deficits that developed during virtual learning

Lazy summer days are great for lounging around the pool. Though such afternoons are synonymous with summer, failure to flex cognitive muscles along with physical ones may lead to struggles when children return to classrooms.

Summer learning loss, also dubbed "summer slide," is a term used in reference to the loss of academic skills and knowledge during summer vacations. However, in addition to the potential for lost skills from being away from school during summer breaks, students also may be affected by deficits that developed due to virtual learning. This summer may be one best spent catching up on studies.

Researchers have been looking at summer slide since at least 1996, when one of the first comprehensive studies on the phenomenon was published. That study indicated children lose significant knowledge in reading and math over summer break. More recently, a 2020 NWEA MAP Growth assessment found children in third to fifth grades lose, on average, 20 percent of their school-year gains in reading and 27 percent in math during summer break. NWEA is a research-based, not-for-profit organization that creates assessment solutions that premeasure growth and proficiency.

While summer learning loss has been widely recognized for years, a new issue has developed due to the global pandemic. A shift to hybrid or all virtual learning for significant portions of the last two school years could have long-term consequences for students. A recent study out of Virginia found that middle and high school students have had less academic success as a result of online learning. The percentage of students with two or more failing marks increased by 83 percent in the first quarter of the 2020-21 school year. Certain demographics

of students struggled even more, including students with disabilities, Hispanic students and English learner students, according to the report. When separating middle school students from high school students, the former had higher incidences of two or more failing grades, a 300 percent increase versus 50 percent increase among high school students.

There are physical consequences to consider as well. A recent study from the Centers for Disease Control and Prevention that included 1,290 parents whose children were engaged in online instruction found that students receiving virtual instruction were more likely than those who received inperson instruction to report decreased physical activity, fewer opportunities to socialize with friends and worsened mental or emotional health overall.

Parents who are concerned about their children's educational opportunities over the last yearplus may want to emphasize more smart play as summer winds down. Encourage children to read more, even if it's books of their own choosing, which they are more likely to complete than books selected for them. Families also may want to work with tutors to bring their children back up to level in math and reading proficiency so students are ready for the new school year when it begins in August and September.

#### TUTOR

Continued from Page 18 students when parents cannot. • Learning disorder: Certain students learn differently from others due to a diagnosed or undiagnosed learning disorder. A child who is struggling with reading, phonics, spelling, and writing may have dyslexia, according to the tutoring experts at Dyslexia Practitioner NJ. Tutors who specialize in learning disorders can assess and address learning conflicts and tailor instructions in ways that can help students overcome those challenges. • Students "shut down" or say they "hate" school: Disinterest in school or expressions of

in school or expressions of hating going to school may be indicative of academic struggles in the classroom, according to the Princeton Review. Some students get so frustrated they simply give up. Tutors can solve learning puzzles and help get students back on track and reignite their interest in school.

## HELPING KIDS ADJUST TO CONTACT LENSES

## Strategies moms and dads can try to help

Adults find contact lenses more convenient than traditional

eyeglasses for a variety of reasons. Some adults don't like the way eyeglasses look, while others find that eyeglasses move around too much on their

faces, requiring near-constant adjustment. Though many people wait until they're adolescents or even full-grown adults to even consider contact lenses, these popular alternatives to eyeglasses can be worn by children as well. The United States Food and Drug Administration (FDA) found that children can safely wear contact lenses. In fact, the FDA

even notes that young athletes may find contacts are better for sports than eyeglasses because they don't break, potentially reducing the risk of eye injuries that can

occur if eyeglasses break during competition. But contacts don't just benefit athletes. According to the FDA, in certain instances, contact lenses improve the See **CONTACTS** on 24

Routine wellness exams by your child's physician can help to determine if a child is having problems with his or her vision.

## Signs your child is having vision problems

#### Routine wellness exams can help determine if child is struggling to see clearly

As many a parent can attest, decoding a youngster's needs can be challenging when that child is not yet able to fully communicate. Diagnosing health issues may require a little trial and error. So it's no wonder many parents are not aware if their children are having issues with vision.

Routine wellness exams by your child's physician can help to determine if a child is having problems with his or her vision. Doctors may detect subtleties that parents may not see, including signs that suggest kids are having trouble with their vision.

The American Optometric Association recommends vision exams at age 6 months, 3 years and before entering first grade, as well as every two years thereafter until age 18. Initial vision assessments typically take place in a pediatrician's office. Parents can speak with their children's pediatrician and ask if he or she can look for signs of vision trouble in their sons or daughters. Some pediatricians may recommend children visit an optometrist or ophthalmologist.

In addition to speaking with their

children's pediatricians, parents can keep an eye out for the following warning signs children may exhibit when they're experiencing vision disorders.

- Squinting, which can be a sign of compensating for poor vision
- **Sitting too close** to the television or holding a tablet screen close to the face
- Covering or shutting one eye
- **Rubbing eyes due** to visual fatigue and not general fatigue
- Pulling toys or other objects closer • Head tilting, which could be a

signal that vision may be better in one eye than the other

• **Inability to make** steady eye contact or track an object in an infant older than three months of age

• Crossed or misaligned eyes after age 4 months

• **Children who are** easily distracted in learning situations or have difficulty paying attention may be losing interest due to trouble with their vision.

A proactive approach to eye health by parents when children are young can help correct problems early on and ensure children can see and function successfully through the years. Early treatment can lead to major, long-term improvements in vision. SCHOOL BUS

RED DIAMOND

### LAKE FENTON 2021-2022 SCHOOL BUS SCHEDULES

#### Welcome to a new school year on behalf of First Student and Lake Fenton **Community Schools**

We take great pride in our department and are looking forward to serving you during the 2021-2022.

Our number one priority is to provide the safest most reliable student transportation service. We focus on the safest loading and unloading procedure for your child.

Michigan State law requires bus stops to be 200 feet apart from one another. Please have your child at his/her bus stop 15 minutes early for the first few days of school. Loading times are approximate until drivers adjust the routes. When routes have been adjusted we recommend your children are at their bus stop 5 minutes prior to their loading time.

The entire bus fleet is equipped with the eight light system, crossing gate, side stop arm, two-way radios, and all buses are equipped with the child check mate system. All the drivers use a uniform crossing pattern, and check their bus after each route to deactivate the child check mate system and hang a EMPTY PLACARD SIGN to ensure no sleeping children are left on board. All drivers prior to employment will have an extensive local, state and federal background check on both criminal and drivers license records. After employment we update these records yearly. Physical and substance abuse screening. Random substance abuse screening is performed on the entire transportation staff throughout the year. Post accident screening. Every driver is fully trained with a minimum of 52 hours classroom and behind the wheel training. Every driver is to attend scheduled safety meetings. Every driver is re-evaluated at least once a calendar year.

We ask, for the safety of your child and to continue consistency for the driver that you maintain the same pick-up and drop-off location every day throughout the week. Your AM pick-up may be different from your PM drop-off.

• We feel it is very important for you to be visible by the bus driver when unloading your children; this reassures the bus driver and child you are home.

• Please keep your emergency card up to date, any bus changes please notify transportation as well.

Please contact the Lake Fenton Transportation Department if you have questions or need additional clarification regarding this information at (810) 591-2552. Your cooperation and assistance in making sure these policy and guidelines are followed will help insure the personal safety of your student.

#### Sincerely,

Montgomery White — Location Manager Heather Waltrip — Dispatcher **First Student Transportation** Lake Fenton Community Schools

#### CONTACTS

Continued from Page 20 quality of vision in comparison to eyeglasses, especially for children who are very nearsighted.

Some adults are hesitant to try contact lenses out of fear of injuring their eyes when putting them in. Others may be wary of potential infection with lenses they place directly on their eyes. Parents can expect children to have similar reservations, and there are some strategies moms and dads can try to help their children adjust to wearing contact lenses.

• Point out the popularity of contact lenses. Children may be hesitant to wear contact lenses because they don't see other people wearing them every day. But they actually do. According to the Centers for Disease Control

and Prevention (CDC), more than 45 million Americans wear contact lenses. Explain to children that many of the people they see every day, including teachers, coaches, police officers, etc., are likely wearing contact lenses. Kids who recognize just how many people safely wear contacts each day may be more willing to give them a try. If kids remain hesitant and doctors haven't specifically recommend they wear contacts, give them more time to come around.

• Demonstrate safe handling. If adults are concerned about potential eye infections, kids may have those same reservations. To help kids adjust and overcome any fears they may have, parents can point out that safe handling greatly reduces the risk of eye infection from contact lenses. Parents can then demonstrate the various steps contact

lens wearers must take to promote safe handling. Washing hands with soap and water prior to handling, keeping contacts away from water and properly cleaning them with a disinfecting solution are a few techniques to safely handle contact lenses. Parents and their children can discuss other safe handling techniques with their eye doctors at length.

BACK TO SCHOOL 2021

• Encourage children to carry their eveglasses with them at all times. Instruct kids to take their eyeglasses with them everywhere just in case they lose a contact lens during the day or if the lenses grow uncomfortable. Eyeglasses and a contact kit with disinfecting solution inside can fit easily into children's backpacks, and knowing an alternative is always on hand can ease any comfort concerns kids may have throughout the day.

### **BACK TO SCHOOL ALL-YOU-CAN-EAT PANCAKE BREAKFAST**

The Fenton Education Foundation is hosting a fundraising event "Back-to-School All-You-Can-Eat Pancake Breakfast" on Sunday, Aug. 29, from 9 a.m. to noon, at Fenton AGS Middle School. They will have Guinness World Record Flippers and Food Network Stars - Chris Cakes on-site for the pancakes, Fenton fire trucks, bounce houses, and more. All proceeds go to grant funding for Fenton Area Public Schools. Buy tickets online at fentoneducationfoundation.org.

The Fenton Education Foundation Mission: The Foundation was established in 2004 to further support the opportunities that require financial resources beyond the Fenton Area Public Schools' contribution, including present day funding through grants and scholarships and future planning through endowment funds.

work of moving your contents! Sit back and relax knowing we have you covered.

#### Ve Store

We place your contents in an on-site locked storage unit so you can rest assured your things are dry and safe.

We Floor

Watch the transformation as we liven up your space with our lifetime warranted coating system called GatorGuard! Then we return and safely place your items back where we found them.

With GatorGuard's proprietary coating technology you will save yourself hours of continued cleaning and money by not choosing a secondary product that will fail and have to be re-coated time after time.

Indiana - Michigan - Kentucky - Ohio www.mygatorguard.com

Subject to credit approval. Fixed APR of 0.00% for 24 months. Actual payments based on usage. If full credit taken on approval date, payments for 6 month promo will be \$41.67, followed by 18 monthly payments of \$41.67 for each \$1,000 financed. If transaction is later, the 18 monthly payments could be as high as \$55.56. Financing for Greenstyke@consumer loan programs is provided by federally insured, equal opportunity lender banks. NMLS #1416362 Expires: 9/5/21.

#### **Receive** a **\$25 Amazon gift card** with FREE in-home estimate

All participants who attend an estimated 60-90 minute in-home product consultation will receive a \$25 gift card. Retail value is \$25. Offer sponsored by LeafGuard Holdings Inc. Limit one per household. Company procures, sells, and installs seamless gutter protection. This offer is valid for homeowners over 18 years of age. If married or involved with a life partner, both cohabitating persons must attend and complete presentation together. Participants must have a photo ID, be able to understand English, and be legally able to enter into a contract. The following persons are not eligible for this offer: employees of Company or affiliated companies or entities, their immediate family members, previous participants in a Company in-home consultation within the past 12 months and all current and former Company customers. Gift may not be extended, transferred, or substituted except that Company may substitute a gift of equal or greater value if it deems it necessary. Gift card will be mailed to the participant via first class United States Mail or e-mailed within 30 days of receipt of the promotion form. Not valid in conjunction with any other promotion or discount of any kind. Offer not sponsored or promoted by Amazon and is subject to change without notice prior to reservation, 9/30/2021.

### **\$99 DOWN \$99 PER MONTH \$99 INSTALLATION**

This promotion assumes an estimated job cost of \$7883. The advertised payment of \$99 a month is an estimate only, and assumes that third-party financing is available for new customers at an estimated 9.99% annual percentage rate for 132 months. Promotion available to qualified buyers on approved credit with \$99 down payment. Not all buyers will qualify. Higher annual percentage rates apply for buyers with lower credit ratings. LeafGuard is neither a broker nor a lender. Financing is provided by third-party lenders unaffiliated with LeafGuard, under terms and conditions arranged directly between the customer and such lender, all of which are subject to credit requirements and satisfactory completion of finance documents. Any finance terms advertised are estimates only. LeafGuard does not assist with, counsel or negotiate financing, other than providing customers an introduction to lenders interested in financing its customers. Expires 9/30/2021.

### REZONING

**Continued from Front Page** and preliminary site plan for a proposed subdivision off Lahring Road on Thursday, Aug. 12.

The property, called the Fairways of Spring Meadows, is on the southeast corner of Linden and Lahring roads. It's approximately 80 acres and is currently zoned Agricultural. The planning commission recommended approval to rezone it to a Planned Unit Development (PUD) to allow a 70-unit subdivision.

At the Thursday meeting, applicant and property owner Mike Davidson spoke about how in 2001, the township approved a 207-unit open space subdivision on this site from a different developer.

The plan included 58 single family homes and 149 condos with 55% open space. It was never developed. What he's proposing is less dense. Plans include a 70-unit subdivision, which would be single family homes, on approximately 80 acres of land.

Michael Deem, zoning administrator, said open space developments have larger lots and more undeveloped land to leave space for trees and nature. He said the master plan classifies this area as medium density residential, which would be MSB R-3 or R-4 zoning district.

"We look at what would be required under an open space development in the R-3 district. With the amount of acres they have, they would have 98 units for an R-3 zoning. They'd be allowed 122 units for an R-4 zone," Deem said. "They're coming in as an open space development and they are only asking for 70 units, which is a dramatic decrease from the 207 that was originally approved and it's less than the 98 that would be allowed under an R-3 zoning district." Under R-3, they would be allowed 12,000 square feet lots with 75-foot wide lots if they provide 28% open space.

These developers are asking for a minimum lot size of 24,000 square feet and a minimum lot width of 85 feet. There will be sidewalks on both sides of the road throughout the subdivision.

Davidson said they're making sure that all of the lots are at least half an acre, but there are some problems with power lines going through some of the properties. The rest of the land will stay undeveloped and will be a common ground for the subdivision.

Chris Ward, who lives on Hogan Road, said he supports the lot size proposed for this development.

"I think that it's the way of the future to have bigger lot sizes," he said. "I think that lot size should be commended."

Deem read a letter from someone who opposes the development and said that 70 units is too many. Plans include two entrances to Linden Road, but Deem said the fire chief would be okay with one entrance.

A traffic impact study, completed by Beaubien Engineering, found that at Linden Road, north of Lahring Road, there were approximately 6,854 trip generations per day.

Trips are defined as "a single or one directional movement with either the origin or destination of the trip inside the study site," according to Beaubien. This means that a car entering and leaving a site would be recorded as generating two trips.

On Linden Road, south of Lahring Road, the firm recorded approximately 6,563 trip generations per day.

Beaubien Engineering estimates that the subdivision would add approxi-

mately 660 more daily trips.

WEEKEND TIMES

The traffic study states, "Because the daily traffic volume on Linden, south of Lahring is less than 8,000 vehicles per day and the left turns into the site during the peak hour are estimated to be less than 20, the Michigan Department of Transportation Guidelines for driveway passing flares does not indicate the need for construction of a passing flare."

Planning Commissioner Andy Mar-

ko said he doesn't like to rezone agricultural property.

The vote for rezoning was 4-0. Three commissioners, David Cypher, John Tucker and Donna Warren, were absent.

Planning Commissioner Jim Mc-Guirk said final site plan approval is subject to road commission and environmental studies. The commission recommended approval for the preliminary site plan in a 4-0 vote.

### PUBLIC NOTICE CHARTER TOWNSHIP OF FENTON BOARD MEETING SYNOPSIS AUGUST 16, 2021

The Fenton Township Board held a regular meeting on Monday August 16, 2021 at the Fenton Township Civic Community Center, 12060 Mantawauka Drive, Fenton, Michigan, and took the following actions.

- 1. Trustee Goupil offered the opening prayer.
- 2. Supervisor Lorraine led the pledge of allegiance to the flag.
- 3. Approved the agenda as presented.
- Approved invoices and expenditures for payment in the total amount of \$617,153.45.
- Introduced a proposed Zoning Ordinance amendment to define the uses Brewpub, Small Distiller and Winery, and to permit those uses by special use permit in the C-1, C-2 and C-3 zoning districts.
- 6. Approved the 2021 Thompson Road Corridor Water Improvements Agreement with the Genesee County Drain Commissioner.
- Adopted Resolution No. 2021-17, proclaiming support for the Southwest Water Loop project and requesting \$6.5 million in ARPA grant funds from Genesee County for the first phase of the project.
- Adopted Resolution No. 2021-18, authorizing accelerated foreclosure proceedings for abandoned, tax delinquent properties.
- Adopted Resolution No. 2021-19, authorizing Lake Fenton Community Schools to apply for a permit from the Genesee County Road Commission to conduct their annual homecoming parade along Torrey Road between North Long Lake Road and Lahring Road on October 8, 2021.
- Adopted Resolution No. 2021-20, scheduling a public hearing on a proposed erosion control improvement special assessment district for the Cottage Cove condominium subdivision.
- Adopted Resolution No. 2021-21, scheduling a public hearing on a proposed new lake improvement special assessment district for Pine Lake.
- Adopted Resolution No. 2021-21, scheduling a public hearing on a revised special assessment roll for Loon Lake Improvement Special Assessment District No. 2.
- 13. Adjourned at 8:01 p.m.

A complete copy of the minutes of this meeting and any ordinances adopted at the meeting are on file and are available for review at the Fenton Township Office, 12060 Mantawauka Drive, Fenton, Michigan 48430. Ordinances, meeting schedules, meeting minutes and other Township information are also available at <u>www.fentontownship.org</u>.

### Fenton's Alvord leads our 2021 area baseball team

#### **By David Troppens**

Brendan Alvord has been one of the elite baseball players since the first day he competed on Fenton's varsity baseball squad.

He can beat you with his arm, as was evident by his 1.37 earned run average this spring. He's also one of the area's elite offensive powers, as evident by his .360 batting average and 21 RBI.

So when it came to figuring out who should be the 2021 Tri-County Baseball

Player of the Year, his name was automatically added to the list of candidates. After some strong competition from Holly's Nolan Jenkinson (both were MVPs for their team at the Mott All-Star Game). Alvord has earned our MVP honors.

The Tigers had a pretty solid season, finishing third in the Flint Metro League with a 17-5 record. They also advanced to the district final game where they lost to the eventual Division 1 state champion Grand Blanc Bobcats 5-2. The loss ended

the Tigers' season with a 24-10-1 record overall.

Alvord, who is headed to Eastern Michigan University to continue his baseball career, was part of a senior class that had its share of success despite the fact having their junior season erased due to the COVID-19 pandemic.

Alvord was a key contributor to the Tigers' 2019 run to the Super Regional, finishing that season with a 21-18 overall See ALVORD on 39

### Devils feel team unity is strong entering season

**By David Troppens** Lake Fenton — When the Lake Fenton varsity football program started work this summer in preparation for the 2021 season, varsity football coach Marty Borski wanted to

see a couple of things. The main thing was he wanted to see the team get stronger. Not necessarily physically stronger, although that was a big part of it. He also wanted to see them get stronger with their unity. Borski feels he's seen that happen.

"Summer went great,"

Borski said. "Our weight room numbers were outstanding. The focus was getting stronger and creating a team unity and they did that. A lot of it happens organically. I think it's the closest you can get to being in a military situation without being in the military. You work together, bleed together and by default what develops is camaraderie. That builds trust and that's what our culture was this summer. I think we took a massive step forward

### Tigers' bats get 2005 Tigers closer to .500 with win vs. Blue Jays

Editor's Note: Sports editor David Troppens collects historical radio and television broadcasts of Detroit Tigers games. He'll be featuring games through his collection based on the date close to the actual date of our current publication.

### Aug. 21, 2005 Detroit 17, Toronto 6

Network/Announcers: We have Dan Dickerson and Jim Price doing this Detroit radio network based broadcast.

Background: It seems I have covered quite a few 2005 games. For some reason a lot of interesting games from my collection happened in 2005,

### **ALVORD**

#### **Continued from Page 38**

record. Alvord needed just 92 pitches to lead the Tigers to a 6-1 regional championship victory against Detroit Catholic Central that season.

"It set the new bar for Fenton baseball," Alvord said after the 2019 season. "It's been our goal for awhile, but now the bar has been set and met and each year we can look to step past it."

This year, Alvord's pitching numbers were pretty impressive, but he frequently ran until some tough-luck losses against the Tigers' top competition this spring. He posted a microscopic 1.37 earned run average and struck out 49 batters. However, his 2-3 record reflected his toughluck status on the mound. He also had two saves.

"Tiger baseball is on the air."

which otherwise was a reasonably generic season. It wasn't completely generic. The 2005 Tigers brought some excitement to Comerica Park by contending for a .500 record for a large portion of the season before losing 13 of their last 17 games of the season.

were still excited about the thoughts of a .500 season. That wouldn't happen. In fact, the closest the Tigers would get was 61-62 a couple of days later, but then they'd go on to lose 14 of their next 16, pretty much ending the hopes of a .500 season.

One of Alvord's finest outings of 2021 was a hard-luck loss for the team. Competing against eventual Metro champions Goodrich, Alvord tossed a four-hitter over eight innings while walking just two and striking out 10 in what eventually was a nine-inning 2-1 loss for the Tigers. Fortunately, Alvord only took a no-decision in the contest since he left before the game was decided in the ninth.

One of his victories came against the Tigers' top rival, Linden. He pitched a five-inning, one-hit shutout, striking out nine of the 18 batters he faced in the mercy-shortend five-inning 10-0 victory. He tossed 58 of his 73 pitches for strikes and didn't walk a batter.

Perhaps his biggest game on the mound during the season was his district semifinal contest against the Holly Bron-

### **All Tri-County Baseball Team**

Here is a list of the players that made our All Tri-County Baseball Team as selected by the sports staff.

### PLAYER OF THE YEAR:

Brendan Alvord, Fenton Alvord was a unaminous First-Team All-Metro selection after batting .360 at the plate and a 1.37 earned run average on the mound.

#### **REST OF FIRST TEAM**

Pitchers	<b>School</b>	Nolan Jenkinson	Holly
Mason Yoder		Mason Clark	Holly
Eddie Briand	Fenton	Gavin Darling	Holly
Kenny Wright	Lake Fenton	U U	
Catchers	School		
Jacob Hild		Kyle Crow	Fenton
Luke Kenny		Mason Cook	Lake Fenton
Infielders	School	Lance Barkholz	Fenton
Connor Luck	Fenton	Gavin Wildeman	Linden

The Tigers were 59-62 entering this contest and fans

Detroit had won their previous three games, and this one would make it four straight, so people were excited.

Game summary: The Tigers' bats took control of this game immediately with seven runs in the first inning. Carlos Pena, who had just returned to Detroit from Toledo a few days earlier, hit a three-run in the shot. Craig Monroe hit a two-run four-bagger in the second, increasing the Tigers' lead to 9-0. Finally, Curtis Granderson hit a threerun shot in the sixth, giving Detroit a 15-0 lead at that time.

Sean Douglass started on the mound and pitched well until the seventh when he tired and eventually allowed four of the Blue Jays' five runs that inning. Chris Spurling pitched two shut-

chos. Alvord didn't have his best stuff but he mentally figured a way to earn the victory in the Tigers' 4-2 win. Alvord scattered seven hits and two walks over six innings, while striking out six. Only one of the two runs he allowed were earned. Sixty-four of the 92 pitches he tossed were for strikes.

"This team comes in every day, works hard and we started with the goal of June 19th. That's the day of the finals at Michigan State," Alvord said after that victory. We want to be there for the final. This team is coming together at the right time, and I'm just happy to be with them every day."

Unfortunately, little did Alvord know

### CHARTER TOWNSHIP OF FENTON PUBLIC NOTICE OF PROPOSED ZONING ORDINANCE AMENDMENT

At their meeting of August 16, 2021, the Fenton Township Board introduced a proposed Zoning Ordinance amendment to define the uses Brewpub, Small Distiller and Winery, and to permit those uses by special use permit in the C-1, C-2 and C-3 zoning districts.

The second reading and a vote on the adoption of the proposed ordinance will be conducted at the August 30, 2021 Fenton Township Board meeting.

Complete copies of the proposed ordinance may be obtained at the office of the Fenton Township Clerk, 12060 Mantawauka Drive, Fenton, MI 48430. The ordinance is also available on Fenton Township's website at www.fentontownship.org.

ROBERT E. KRUG FENTON TOWNSHIP CLERK

Craig Monroe went 3-for-5 in this 2005 17-6 victory against the Toronto Blue Jays. He's still very much in fan's focus as a Tigers' commentator.

out innings to close the victory in front of 36.818 at Comerica Park.

Carlos Pena: Pena had his up-anddown times during his portions of four seasons with the Tigers, and he was certainly experiencing a pretty big down side when he was demoted to See TIGERS' on 40

the next team they'd face would be the eventual state champions, Grand Blanc, at Grand Blanc's home field.

Alvord started and it was a strong pitching battle between Grand Blanc Nathan Helms and Alvord. Alvord tossed six innings of two-hit, four-walk ball, allowing four runs. However only one was earned as the Tigers committed four errors in the contest. He struck out seven.

"When he's on the mound, you know you always have a chance," Fenton varsity baseball coach Shawn Lawrence said during the district tournament.

CONTINUED AT TCTIMES.COM

### DEVILS

#### **Continued from Page 38**

with that this year."

"This year, we are definitely a selfless group," senior Reid Shumaker said. "In year's past, we had some people that it was 'all about me, me, me.' This year we've had guys switch positions where we need them. It's a group of guys that are really focused on winning and less concerned about personal goals this season."

The Blue Devils open their season Friday at Gaylord at 7 p.m. The JV contest begins action at 3:30 p.m. in a rare JV/varsity doubleheader.

Shumaker is entering his third season with the Blue Devils' varsity squad. He's seen some challenging seasons so far during his career. Two seasons ago, the Blue Devils finished 3-6 and last year Lake Fenton finished 3-5. Shumaker likes the experience the squad returns this season. "We are a group that has a lot of experience up front on the offensive and defensive line, which is super helpful when calling out blitzes," Shumaker said. "They've seen it all before and we have at least two-year starters up front in most positions. Our slot receiver positions also are two-year guys. Our wides are a little younger. We have some sophomores out there, but athletically are super-gifted, so it's just a matter of getting them up to speed, and we are going to have a great year."

"We have 14 players back on varsity and almost all of those 14 got good playing time last season," Borski said. "We are ahead of the game in terms of instillation of our Xs and Os on both sides of the ball. We are well ahead of where we were last year and two years ago.

"We have a fair share of sophomores. I think we have five up right now and the kids can play. That's a great class."

CONTINUED AT TCTIMES.COM

SPENCER Continued from Page 38

Yordenis Ugas championship from the T-Mobil Arena in Las Vegas, Nevada.

In fact, Spencer is so young, he's about 10 years younger than his first professional boxing opponent. Spencer will face off against Brandon Trout in a lightweight battle.

The fight will only be Trout's second professional fight. Trout lost by technical knock out in his first fight on May 29 against Demler Zamora (5-0). Spencer's fight won't be part of the pay per view coverage, so it won't be televised. However, it will be live streamed on Spencer's Facebook and Instagram page at approximately 7:15 p.m.

Due to COVID, Spencer hasn't fought against an opponent in almost two years, but the four-time amateur national champion says he's ready.

"I'm so excited," Spencer said. "It's a good way to start off my career, being a part of a card this big. ... It's going to be a learning experience."

Of course, the six-foot Spencer (he has a tall frame for a lightweight boxer) is the younger brother of Linden's

### TIGERS' Continued from Page 39

Toledo at the end of May with a .181 batting average. But he was called back to Detroit for this series against Toronto and hit two home runs in his first game back. When he homered in the first inning in this game, it was his third in first six at bats back with the Tigers. Before being demoted, he had gone 59 plate appearances with the Tigers without a four-bagger.

His career took an upswing after leaving the Tigers. After a horrible 2006 season with Boston, he hit 46 home runs and drove in 121 runs with Tampa Bay in 2007. He ended up having a fine 14-year career, hitting 286 home runs despite a .232 career batting average.

Joel Zumaya the starter: One of everyone's favorite images of the 2006 Tigers' season was Joel Zumaya entering a contest in the seventh or eighth inning, usually trying to get a few key outs with his fastball in a close contest. Zumaya was electric in 2006. But in 2005 he was still in the minors and his recent performances at Toledo became

Linden resident Mickel Spencer is beginning his professional boxing career on Saturday (Aug. 21) as part of the pay per view boxing card being held in Las Vegas. **Photo: David Troppens** 

other well known professional boxer Joey Spencer. Joey recently won his 13th professional bout, improving to 13-0. Mickel said his style is different than his older brother's style.

"Me and Joey are completely different people," Mickel Spencer said. "When Joey fights, he's more serious and very focused on just the fight. I'm more relaxed. I think staying relaxed is one of the key things. When you are relaxed, things go way smoother."

a conversation between Price and Dickerson during one juncture. They were discussing a game started by Zumaya in Toledo. He pitched six innings, allowing two runs while striking out four. In his seven starts with Toledo at that time, he had pitched 40 innings, allowing just 27 hits, but walking 23. He had struck out 47. But, here's the shocker, he was a starting pitcher that season.

"I predict he will be in a Tiger uniform," Price accurately predicted about the then 20-year old.

**Craig Monroe:** Future Tiger commentator, Monroe had a big game, going 3-for-5 with two RBI. He was a triple away from the cycle. Monroe had a fine career, playing parts of six seasons with Detroit, hitting 101 home runs in 672 games.

**On this day in Tiger history:** The announcing crew discussed how bullpen coach and 1984 Tiger starting catcher Lance Parrish had a big game on this date in 1978. He hit a grand slam home run, a triple and drove in six RBI.

### NOTICE HOLLY TOWNSHIP RESIDENTS

NOTICE IS HEREBY GIVEN, that the Holly Township Planning Commission will hold a public hearing on:

DATE: SEPTEMBER 7, 2021 TIME: 6:30 PM PLACE: KARL RICHTER COMMUNITY CENTER HOLLY AREA SCHOOLS BOARD ROOM 920 E. BAIRD ST. HOLLY, MI 48442 PHONE: 248-634-9331 Ext. 301

The purpose of the public hearing is to consider a Special Land Use Permit by the following applicants:

#### Shannon Precision Fasteners, LLC. (Edwin Lumm) to operate a Manufacturing Plant on Parcel Number 01-01-301-054 in an L-1: Limited Industrial Zoning District.

Any person having interest is encouraged to attend the hearing or comment by letter to the Holly Township Zoning Administrator, 102 Civic Drive, Holly, MI 48442.

A copy of the Special Use application and plans may be reviewed at the Clerk's office at the above-mentioned address during regular business hours Monday through Friday 9:00 A.M. to 4:00 P.M. except holidays.

Handlcap persons needing assistance to attend or participate in this hearing are asked to contact the Township Clerk at 248-634-9331 Ext. 301 or by writing to the above-mentioned address at least 5 business days prior to the meeting.

## Saving the Holly Union Depot

■Fundraising efforts continue on \$1.8-million relocation and restoration project

### **By Sharon Stone**

Efforts continue to relocate and preserve the historic Holly Depot, which was in service until the 1970s.

Holly's railroad history began in 1855 with the construction of the Detroit, Milwaukee and Grand Haven railroad. Passengers and goods flowed from Detroit to Pontiac and then Grand Haven in 1857.

According to Main Street Holly, a 501c3 organization, that formed to promote the historic downtown area, Henry Howland Crapo, a Flint lumberman, built a line which became the Flint and Holly railroad. In 1864, it started connecting the Saginaw Valley with Detroit and beyond. This started a statewide lumber boom.

Main Street Holly created a gofundme to help raise funds to save the Holly Union Depot.

The Main Street Holly 501c3 was recently awarded a \$40,000 grant to help support The Save The Holly Union Depot Project from the Community Foundation for Greater Flint and the Charles Stewart Harding Mott, II, Holly Michigan Fund. The current Depot, which was built in 1886 after a fire burned down the original, has been an historic focal point of the Holly community since the 1860s, when the railway helped connect Canada to the eastern U.S. and allowed more travel within Michigan. The building is on the National Register of Historic Places.

The Depot committee plans to use the funds to move the Depot about 1,000 feet northwest to a spot that is "safe to maintain the integrity of the Depot and also make it into something that can be used for many different situations for the community. This is according to Nick Klempp, secretary of Main Street Holly and the Holly Downtown Development Authority (DDA) director.

Main Street Holly believes breathing new life into the beloved building will create a sense of deep pride for the community. For more than a century, Holly residents took excursions from the historic depot for shopping, visiting relatives, going to school, sightseeing and vacations.

Historical figures such as Carry Nation, George Bush Sr. and other presidents used the rails to come to Holly.

In 1998, the depot building was stabilized and placed on the National Register

The current Depot, which was built in 1886 after a fire burned down the original, has been an historic focal point of the Holly community since the 1860s. Times file photo

of Historic places. Safety rules were changed and made the current location of the building unusable.

Klempp said they are currently writing two more grants to bring in more funds; The Hometown Grant and one through the Daughters of the American Revolution. They also are asking corporations that have some ties to Holly if they would be interested in helping by donating funds or in-kind services to help complete the project and be recognized for their efforts.

"We are also selling decorative take home Depot bricks at the Village offices for \$50 and \$100 that people can purchase to help fund the depot," he said. Serving the Tri-county area for generations

"Soon we will be starting a new Patronicity campaign through the MEDC that will have matching funds attached to it if we reach our goal."

They are planning a Railway day story telling during the HollyDays celebration on Sept. 11 where participants can give a donation to help and then take a tour to hear stories of Holly's connection to the railroad and the depot. Klempp said they have met their goal to get the match that the Holly DDA promised to the Depot committee.

"We still have a long way to go to reach our complete goal but we are hoping to get the Depot moved to its new spot by next spring," Klempp said. "It has not been an easy project but it is one built out of love of historic preservation that continues to move us forward."

The Community Foundation of Greater Flint helps donors support the causes they care about, today or through their estates. Since 1988, the CFGF has granted more than \$130 million to nonprofit organizations to build a thriving community. **MORE DETAILS**
