Superintendents welcome students back for new school year

Fenton Area Public Schools
Superintendent Heidi Ciesielski

"We are excited to invite you to explore Fenton Area Public Schools (FAPS). We view ourselves as a destination district for students, families, and staff as we offer world-class educational programming and opportunities while maintaining an

individualized environment that is focused on family. We work hard to instill a learning environment that fosters success for all students regardless of their needs, and we also try to provide opportunities for students and families to build lifelong memories. Here in FAPS, we educate the whole child and work very hard to partner

with our families from the time children walk through our doors for the first time, to the time they walk across the stage as a graduate. While our programs and facilities are amazing, our greatest asset is our people. We have incredible staff and students that work collaboratively together each

Changes students and parents will see

Bond projects underway, new technology, new lockers and more

By Sharon Stone

It's exciting and sometimes overwhelming or intimidating to walk back into school after a fun-filled summer. The four local school district superintendents summarized projects or updates at the buildings that have been worked on or completed at their school buildings.

Fenton Area Public Schools

Superintendent Heidi Ciesielski said they have 1:1 Chromebook Initiative in grades 6-12. Students can take Chromebooks home for the first time to help with engagement and technology access.

The Ivan Williams Field Stadium turf has been replaced with a new field design after 15 years. She said they hope the design adds to their already excellent facilities and helps protect athletes from injury. Field improvements were made with sinking fund dollars.

Fenton also has a new website and app for improved communication and engagement with stakeholders.

Lake Fenton Community Schools

Superintendent Julie Williams said the bond projects associated with the 2017 voter approved bond extension have been completed.

This year, students will have access to the brand new locker rooms at the middle

Students at Lake Fenton Middle School will see new locker rooms. **Submitted photo**

school. The old locker room was torn down, due to structural issues and replaced with two full-size locker rooms, which will be used for physical education classes and athletics. In addition, the middle school gym floor has been sanded and resurfaced to create a better playing surface.

Linden Community Schools

In November 2020, the Linden community supported a \$55 million bond initiative to enhance student safety and school security, expand and enhance the instructional environment, modernize, upgrade, and construct school facilities, and upgrade technology and technology infrastructure.

Superintendent Russ Ciesielski said, "We are currently in Phase 1, of a three-phase process."

Phase 1 bond projects included the construction of a new multipurpose center, a collaboration zone/media center at Linden Elementary, multiple paving projects, and a complete renovation of Linden Elementary.

LCS Phase 1 Bond Projects

The multipurpose center, located between Linden High School and Linden Middle School, will house a fitness center, wrestling room, locker, and team rooms, main gymnasium (volleyball, basketball, portable turf system), gymnastics center, district maintenance area, and an elevated walking track. We are still on target for a March 2023

Linden Community Schools' Multi-purpose Center is taking shape. It's between the high school and middle school and will house a fitness center, wrestling room, locker and team rooms and more. **Submitted photo**

completion of the multipurpose center.

The paving project on the Linden High School/Central Elementary campus is complete. The visitor and staff parking area at LHS was combined to create one large parking area with a parent/student drop-off loop. This drop-off loop is separate from the bus loop. At Central Elementary, a new entrance into the visitor parking area was created, and the drop-off/pick-up loop was moved to match the exit of the LHS parking lot.

The purpose of restructuring these areas is to create a more efficient traffic flow for our buses, parents, and students. The final paving project included an expansion and resurfacing of the LHS student parking lot.

A new collaboration zone/media center is currently under construction at Linden Elementary. Construction will continue during the school year, they are targeting a January 2023 opening of the new collaboration zone/media center.

The interior of Linden Elementary was completely deconstructed, and updates

and renovations have been ongoing since June. Every classroom and every space of Linden Elementary is being updated. This includes instructional technology and technology infrastructure, new flooring and classroom furnishings, an improved security system and secure main entry, new mechanical and electrical equipment, etc.

Ciesielski said they are seeing delays with certain products and enhancements at Linden Elementary. Contingency plans for these products and enhancements are in place.

Phase 2 of the LCS Bond Program is also underway. They are in the middle of the development and design phase of the enhancements for Linden High School and Hyatt Elementary, moving forward with the commitment the district has made that our community has supported.

Continuous bond project updates are posted on the district's website, LCS Livefeed app, and their LCS social media sites.

Holly Area Schools

Superintendent Scott Roper said, "Our amazing Broncho community continues to invest in the success of our students, including approval of bond issues in 2018 and this past May."

Phase 3 of the 2018 Bond is currently being completed at Holly High School. Upgrades include:

- New carpeting in corridors and stairwells
- New sinks and urinals in restrooms
- New interior room signage, and
- Reconfigured parent drop-off and student lots, along with upgraded staff and visitor lots

Breakfast and lunch offerings

Tri-county schools serve meals; some breakfasts are free to students

By Sharon Stone

For many students and their families, mornings are a race against the clock to get out the door and to school on time – and all too often, kids skip breakfast in the rush, according to childrens.com. However, research suggests that this habit can lead to decreased focus and learning and have a negative impact on school performance. Kids should eat breakfast every day.

The four local school districts have outlined their meal programs and costs for this school year.

Fenton Area Public Schools

Superintendent Heidi Ciesielski said Fenton Area Public Schools is excited to offer free Universal Breakfast to all Y5-12th grade students. Other prices include:

Be sure to check out prices and meal programs at your child's school. Parents are encouraged to fill out the free and reduced application for breakfast and lunch. **Photo: Metro Creative Connection**

- Student free Lunch (Y5-12) \$0.00
- Student Reduced Lunch (Y5-12) \$0.40
- Student Full Pay Lunch (Y5-5) \$2.75
- Student Full Pay Lunch (6-12) \$3.50
- Milk Only \$0.60

As of June 30, all federal waivers providing free meals to all students expired. Ciesielski asks that parents fill out a free and reduced application through the Family Portal for the 2022-2023 school year to apply for free or reduced meal prices at www.familyportal.cloud. The family portal has replaced sendmoneytoschool.com and lunchapp.com. Within the Family Portal, parents can deposit money, check balances, transfer money between your students, view transactions, and fill out a lunch application. If anyone has questions, contact Anna Goss, food service director at agoss@fentonschools.org or (810) 591-4709.

Time to enjoy some FALL BONFIRES!

vice Department will no longer be able to provide free meals to all students for the 2022-2023 school year.

Prices for the 2022-2023 school year will be the same as they were before the pandemic.

- Student Breakfast at all buildings will be \$1.75
- Elementary Lunch will be \$2.75
- Middle and High School Lunch will be \$3.75

For more information, call Michele Lubahn at (810) 591-0435.

Holly Area Schools

At Holly Area Schools, providing healthy, nutritious meals is critical to helping ensure our Bronchos are ready to learn, said Superintendent Scott Roper. There are several changes to Holly's food program as they plan for the new school year. The USDA rules for free meals (pandemic programs since March 2020) have expired. This school year, Holly will be returning to their meal prices that were in place for the 2019-2020 school year:

Secondary

- Breakfast - \$1.25*
- Reduced breakfast - \$.30
- Lunch - \$2.75
- Reduced lunch - \$.40

Elementary

- Breakfast - \$1.25*
- Reduced breakfast - \$.30
- Lunch - \$2.25
- Reduced lunch - \$.40

*Holly Elementary, Patterson Elementary, Rose Pioneer Elementary and Holly Middle School qualify for the Universal Breakfast program. This provides a free breakfast for all students at these buildings.

Holly's program also offers students additional ala carte choices beyond the traditional school breakfast or lunch. These prices will continue to be market-driven based on product costs. All parents are encouraged to complete the free and reduced meals application in the online registration materials for their children. Use this link to get the application information (https://www.hask12.org/downloads/food_services/22-23_free_and_reduced-price_application.pdf)

Lake Fenton Community Schools

Superintendent Julie Williams said the Lake Fenton Board of Education reviewed lunch pricing at its August 15 workshop and will be updating information. Information about free lunch eligibility and the application can be found at the following link. <https://www.schoolnutritionandfitness.com/index.php?sid=1206121805457735&page=lunchapps>

Linden Community Schools

Superintendent Russ Ciesielski said Linden Community Schools Food Ser-

LAKE FENTON 2022-2023 SCHOOL BUS SCHEDULES

Welcome to a new school year on behalf of First Student and Lake Fenton Community Schools

We take great pride in our department and are looking forward to serving you during the 2022-2023.

Our number one priority is to provide the safest most reliable student transportation service. We focus on the safest loading and unloading procedure for your child.

Michigan State law requires bus stops to be 200 feet apart from one another. Please have your child at his/her bus stop 15 minutes early for the first few days of school. Loading times are approximate until drivers adjust the routes. When routes have been adjusted we recommend your children are at their bus stop 5 minutes prior to their loading time.

The entire bus fleet is equipped with the eight light system, crossing gate, side stop arm, two-way radios, and all buses are equipped with the child check mate system. All the drivers use a uniform crossing pattern, and check their bus after each route to deactivate the child check mate system and hang a EMPTY PLACARD SIGN to ensure no sleeping children are left on board. All drivers prior to employment will have an extensive local, state and federal background check on both criminal and drivers license records. After employment we update these records yearly. Physical and substance abuse screening. Random substance abuse screening is performed on the entire transportation staff throughout the year. Post accident screening. Every driver is fully trained with a minimum of 52 hours classroom and behind the wheel training. Every driver is to attend scheduled safety meetings. Every driver is re-evaluated at least once a calendar year.

We ask, for the safety of your child and to continue consistency for the driver that you maintain the same pick-up and drop-off location every day throughout the week. Your AM pick-up may be different from your PM drop-off.

- We feel it is very important for you to be visible by the bus driver when unloading your children; this reassures the bus driver and child you are home.
- Please keep your emergency card up to date, any bus changes please notify transportation as well.

Please contact the Lake Fenton Transportation Department if you have questions or need additional clarification regarding this information at (810) 591-2552. Your cooperation and assistance in making sure these policy and guidelines are followed will help insure the personal safety of your student.

Sincerely,
Montgomery White — Location Manager
Heather Waltrip — Dispatcher

New programs, classes

What our local schools have to offer to prepare students for quality careers

By Sharon Stone

New advanced placement courses, new computer software, summer camps, more emphasis on science and technology and more will be on full display with students return to classes for the 2022/2023 school year in the tri-county area.

Fenton Area Public Schools

Fenton students are learning that career and technical education opportunities were added in Desktop Publishing and Photography, Education, and Video Productions.

Also, with the help of ESSER funding, Superintendent Heidi Ciesielski said Fenton schools are piloting more STEM (technology, engineering and mathematics) science opportunities at the K-5 level with robotics during the school day.

She said another key aspect is their focus on the whole child by looking at screening their students with how they are feeling about school and social issues on a regular basis.

"Ensuring our students have what they need academically as well as socially and emotionally is not only a goal of our state's Top 10 in 10 initiative, but here at our local level as well," she said.

Lake Fenton Community Schools

Superintendent Julie Williams said Lake Fenton has a few new courses or revised programming for the 2022-23 school year. New this year are:

- New high school course: AP Chemistry
- New middle school course: Life Skills

- Courses returning to the middle school after two years: Project Lead the Way (STEM focused) courses

The district has realigned its STEM programming to offer a comprehensive approach to STEM opportunities in grades K-12.

- New programs at West Shore Elementary School: Mystery Science curriculum and Number Corner Math Resources

Linden Community Schools

Each of Linden's buildings will have a dedicated SOAR time. SOAR is part of their social and emotional support, according to Superintendent Russ Ciesielski.

Holly Area Public Schools

At Holly Area Schools, Superintendent Scott Roper said they are committed to identifying new, innovative learning opportunities that help all Bronchos achieve and succeed today and in the future.

Last school year, the district was launched its popular high school theater and construction trades programs. This school year, they are building on the success of those programs with the addition of robotics instruction in all four elementary schools. With the addition of elementary robotics, they will have teams at all grade levels.

Holly is also offering a virtual learning option for Holly Area Schools students in grades 2-12. The Broncho Virtual School offers three pathway options for students with the support of certified Holly teachers. Next summer, they plan to again offer Camp Explorer, their fun new summer camp for incoming kindergartners. For more information about these new programs, visit the hask12.org.

Furry friends to the rescue

Local schools use therapy dogs to reduce stress, anxiety and more

By Sharon Stone

Therapy dogs not only have a positive effect on emotional well-being, they have an influence on cognitive development. Studies have shown that interacting with therapy dogs improves students' reading skills, stimulates memory and problem-solving skills, and even optimizes executive-functioning skills.

The local superintendents share information about their therapy dogs for their school district.

Fenton Area Public Schools

Superintendent Heidi Ciesielski said Sunny, Bella, and Simon are at Fenton High School. Buddy is a district dog at all buildings when needed and Charlie is at Tomek Eastern Elementary School.

As Fenton focuses on social and emotional learning (SEL) with their students and staff their therapy dogs are key to helping them in that en-

deavor and a valuable part of the "WeAreFenton Family."

LakeFentonCommunitySchools

"We still have our two therapy dogs, Charlie and Hannah," Superintendent Julie Williams said, "They are amazing! We are hoping at some point to add two additional dogs, so we have one per building."

Linden Community Schools

Linden Community Schools would like to introduce families to the newest members of the Eagle Family — Skittles and Ruby, both Australian Labradoodles, who have been hired as therapy friends at Linden Middle School. Skittles and Ruby join Mara, who joined LCS in 2021 at Argentine Early Childhood Center, and Darla, who joined Hyatt Elementary in 2021.

Skittles will be working with her handler, Kraig Enders, LMS assistant principal, and Ruby will be joining her handler, Cheryl Thomas, LMS principal. Together, they will be work-

Don't forget vision and hearing screenings

Area health departments, schools offer screenings to detect problems

By Sharon Stone

Early identification of hearing and vision problems increases each child's opportunity for academic and social success. According to Michigan law, a child's hearing and vision must be screened prior to school entry.

Michigan's Hearing and Vision screenings are offered free of charge by local health departments in collaboration with local schools; the programs are administered by the Michigan Department of Community Health.

The Times reached out to the local school superintendents for an update on their hearing and vision screening for their students.

Fenton Area Public Schools

Hearing and vision screening was done in June at Fenton's Y5/Kinder-garten Meet and Greet; however, the Genesee County Health Department will be in Flushing Aug 22-25 from 9-11 a.m. and 1-3 p.m. and the same hours at the Flushing Early Childhood Center. Also, screenings will be done during a round-up at Davison schools' Thomson Elementary Aug. 8-12, same time as in Flushing.

Superintendent Heidi Ciesielski said dental screening is new to our state requirements this year but will be offered throughout the school year.

Lake Fenton Community Schools

West Shore Elementary School works with families to have screenings done.

Linden Community Schools

Linden Community Schools provided vision and hearing screening during the month of June.

Holly Area Public Schools

Holly Area Schools works in partnership with the Oakland County Health Division to provide hearing and vision testing to students in designated grade levels each year.

DOGS

Continued from Page 11

ing to serve students and staff at Linden Middle School.

Superintendent Russ Ciesielski said, "Research has shown that there are many benefits of having therapy friends available to students and staff. From reducing anxiety and easing social isolation, to lowering blood pressure and stress levels, the inclusion of a therapy dog has proven to be an invaluable asset to schools, including Linden."

He said research has also shown that having therapy dogs in a school setting can significantly contribute to helping achieve student development goals including:

- The reduction of stress and anxiety among students in social settings
- Helping students and staff decompress following traumatic situations
- Improvement of reading and comprehension skills by increasing confidence and literary interest
- Working with students who have antisocial behaviors by increasing empathy and compassion
- Helping students learn responsibility
- Assisting students who are victims of bullying and related behaviors by reducing retaliatory impulses and increasing self-esteem

"As our students face the uncertainties caused by everyday life, being able to spend time with a therapy dog can feel like a piece of normalcy, which

is essential in these challenging and ever-changing times," Ciesielski said.

Linden Community Schools is continuing to work toward having at least one therapy friend in each of their buildings to help support their students and staff.

"Expanding our LCS Therapy Friend Program will continue to be a benefit for our students and school community for many years," he said.

If you have any questions, please do not hesitate to reach out to Ciesielski.

"We would also like to thank the Linden Kiwanis for their generous donation, which has made it possible for LCS to expand our Therapy Friend Program," he said.

Pandemic restrictions lifted

Area schools adjust to life with lessening COVID-19 impact

By Sharon Stone

After two years of the COVID-19 pandemic, vaccines are readily available to those who seek the vaccine. Cases are continuing to decline. Businesses and schools are continually adopting and adapting to new guidelines set by their respective health departments. The tri-county school district superintendents provide an update on COVID restrictions for their school districts.

Fenton Area Public Schools

At this time, the Genesee County Health Department is creating an updated school kit, but as of today, Superintendent Heidi Ciesielski said Fenton schools are operating with the same guidelines that they followed in the spring.

Lake Fenton Community Schools

Positive individuals need to quarantine for five days and can return if they mask for an additional five days.

Linden Community Schools

Superintendent Russ Ciesielski

said, "We will continue to follow the COVID protocols as outlined by the Michigan Department of Health and Human Services and the Genesee County Health Department.

"If a student/staff tests positive for COVID-19 they will need to be isolated (out of school) for five days. If symptoms no longer exist, or have improved, that individual may return to school, and should wear a mask for days six through 10.

Holly Area Public Schools

"The health, safety and security of our students, staff and families continues to be our number one priority," said Superintendent Scott Roper. "It is our understanding that the Oakland County Health Division will not be imposing any new mandates for the coming school year.

OCHD offers the COVID-19 Vaccine for all eligible ages.

To make an appointment, visit OaklandCountyVaccine.com or call the Oakland County nurse on-call hotline at 800-848-5533.

"We will continue to provide our families with valuable resources from health experts at the county and state levels," Roper said.

Holly Area Public Schools

Superintendent Scott Roper said, "Holly Area Schools remains committed to the health, safety, and security of our students, staff, and families.

"We also continue working with staff to best support the mental health and emotional challenges facing youth."

Holly has added a family school liaison and a district counseling specialist, and are seeking to expand their team of social workers.

"We have also invested in a new employee assistance program. Our team leaders are discussing additional strategies to support students, including further research into the possible addition of therapy dogs in the future," he said.

New faces walking the halls

By Sharon Stone

The four local school districts have provided a list of new employees that parents and students will be seeing this new school year and new roles taken on by employees who were already working for the school district.

Fenton Area Public Schools

- Megan Yelle — State Road Elementary principal
- Marissa Cobleigh — World of Wonder/ Ellen Street early childhood director

and every day. I encourage you to take a close look at what we offer and speak to any of our employees and families about what we do. If you have further questions or would like to learn more about our district, I would welcome the opportunity to meet you and speak with you. #WeAreFenton"

**Lake Fenton Community Schools
Superintendent Julie Williams**

"Hello Lake Fenton Blue Devils, I hope you have had a fantastic summer! We have been busy preparing for what we hope will be a great school year for each and every one of you. We want to refocus on what makes Lake Fenton a great place to Be — Brave, Loyal, Unstoppable and Extraordinary. We want you to be, "Proud to Be BLUE!"

Julie Williams

As the summer draws to a close, we are looking forward to seeing you at our open houses, athletic events and especially on our first day of school, August 29th. Reminder, our first day of school is a half day for all students. Also, we are already planning our Fall Homecoming activities, here are some important dates for planning ahead: September 26 – 30: Spirit Week September 30: Homecoming Parade at 5 p.m., Homecoming Game at 7 p.m.

Enjoy the last few weeks of summer break. We will be anxiously awaiting your return to school."

**Linden Community Schools
Superintendent Russ Ciesielski**

"Wow! It is time to start the 2022-23 school year. I hope everyone has had the chance to relax and spend time with family and friends. Linden Community Schools will start Monday, Aug. 22 and we are looking forward to having students in the classrooms. I want to thank our families, students, and staff for their continued support

Russ Ciesielski

of Linden Community Schools. Current LCS Bond Program projects are moving along, and have already made a positive impact on our district. These new learning opportunities will allow students to be connected, challenged, and productive in their growth and development.

Our vision, 'Learning, Creating, Succeeding' will continue to guide our mission of developing all learners to be self-directed with confidence. The Linden Board of Education and all members of our team are committed to unlocking the potential of every student we serve. As we work together throughout your student's schooling, we must remember that we are a team. If we continue to focus on your student's growth, together we will make a tremendous impact. Here is to a great school year, and welcome back."

**Holly Area Schools
Superintendent Scott Roper**

"Dear Students, Parents, and Staff of Holly Area Schools, I am excited to welcome you back for the 2022-2023 school year! I hope you had a wonderful summer break and were able to enjoy some time with friends and family. As Superintendent, I am proud to be part of a Broncho community dedicated to providing all students with a top-notch education that prepares them for success and the jobs of the future. We are gearing up for another successful school year for our students and families.

Districtwide, we are achieving safety, building, and technology upgrades and improvements, thanks to the continued generosity of our supportive community. Design planning is already underway for the new Holly Middle School scheduled to open in the fall of 2025, and for the new Construction Trades Center scheduled to open in the winter of 2024. We will continue providing updates to our community on more exciting projects throughout this school year and beyond.

The new school year will also welcome new staff to our Broncho family and hallways. We hope all our families

will have the opportunity to meet these outstanding educators in the weeks ahead.

We are proud to partner with our families to help ensure the success of all Bronchos. We truly appreciate the help of our entire community to provide a positive, nurturing learning environment that helps all Bronchos achieve and succeed. With the help of our community, we continue to provide a culture of kindness, compassion and respect in our schools.

I would like to take a moment to thank all of the Broncho staff working this summer to prepare our buildings for the arrival of our teachers and students. Everyone from maintenance, custodial, technology, office staff and building administration have been laser-focused and committed to preparing for the start of the new school year.

There has truly never been a better time to be a Broncho, and I can't wait to see the smiling faces of our Bronchos in our hallways on Aug. 29. Thank you for making Holly Area Schools a great place to learn and achieve. #BronchoPride and #BronchosUnited!"

School districts strive to protect students, staff with technology

By Sharon Stone

With summer winding down and school safety on everyone's mind, especially parents, students and school employees, the local superintendents provide updates on what their school districts have been completing to enhance school security and the wellbeing of all.

Fenton Area Public Schools

Superintendent Heidi Ciecielski said, "Safety remains a top priority, and because of this all buildings are closed campuses, and visitors must check in to the main office if coming to the building for any reason."

- 23 Years of Excellence
- TUITION FREE
- CMU School of Excellence
- Character education in all grades
- Daily science Young 5's-8th
- Special Education Young 5's-8th
- Spanish Young 5's-8th
- Sports and clubs for all students
- Tours are available by appointment

Safety is top priority

She said Fenton schools wants to provide an open and caring place for their students to learn and they also want to work tirelessly to provide safe facilities with added security cameras and door systems.

"We have also added staff to buildings that may have added risk with facility structure to check visitors in and ensure they go directly to the main office." She said.

Lastly, Fenton's School Resource Officer remains vigilant and proactive in training the district's staff and students on how to respond to emergencies.

Lake Fenton Community Schools

Superintendent Julie Williams said Lake Fenton schools have no new safety rules, but they have made a few updates.

Their updated emergency operations plan includes adding additional security cameras in various places, updated building public address system in the middle school, and they have replenished Emergency Buckets, which are in every classroom throughout the district.

Lake Fenton has scheduled a third party to complete a district security assessment.

Linden Community Schools

Superintendent Russ Ciecielski said they do not have "new" safety rules, but they do have protocols in place when parents/visitors enter their buildings. All parents/visitors do need to report to the main office, once they have been buzzed into Linden's buildings.

Holly Area Public Schools

Superintendent Scott Roper said, "At Holly Area Schools, the safety and security of our Broncho students, teachers and staff is our top priority."

Holly is continually upgrading and enhancing safety and security measures districtwide to help ensure a safe, nurturing learning environment for all students.

Following approval of their 2018 bond, they added new security entrances at all buildings. Holly Area Schools has also invested in many new safety and security upgrades over the past year including Nightlock Door barricades, armed security guards, increased training and technology support for ALICE Training protocols.

The voter-approved 2022 Bond will fund additional

safety improvements, including fire protection upgrades, emergency alert systems and more.

Roper said they also continue to review and refine their crisis response plan to include more training for their team to improve emergency preparedness, response, management and recovery.

Additionally, Holly has hired its first Family School Liaison and a new District Counseling Specialist, and are reviewing applications to hire additional social workers to promote mental health in their schools.

"Through these efforts and more, we will continue working with our students, families and staff to remain vigilant and be prepared to respond to any potential crisis," Roper said.

#DestinationHurley

Choose the Region's Only Children's Hospital for Her.

Parents are choosing the only destination built just for kids... Hurley Children's Hospital.

Hurley has the region's only Pediatric Emergency, Burn Care and ICU, plus the Highest Level NICU and top pediatric specialists. There's no reason to travel anywhere else.

When it matters most...choose Hurley Children's Hospital.
