

BIG DEAL \$\$\$\$

JUNE 2025

Over 50,000 mailed monthly to Oxford, Orion, Addison, Clarkston & Waterford's 48329 ZIP Code and posted online.

Mother Nature doesn't usually need help, but when She does, She calls us.

We know. It's hard to top Mother Nature, but we try. Our landscape designers are accredited professionals with extensive experience in projects ranging from annual and perennial flower plantings through extensive landscape renovations. We'll create designs based on objectives, site conditions and the budget unique to each project. We install pavers and natural stone for driveways, parking areas, walkways, pool decks and patios. We can add custom tile work and lay complex patterns so every job is uniquely yours. We work with you to make your landscape dreams a reality. Call or go online today to save **\$500** on an outdoor living space that will be the envy of the neighborhood...and make Mother Nature smile.

\$500 OFF!

...your next landscape project*

Invest in your long-term health and experience unparalleled comfort and support with the innovative Tri-Core® Cervical Support Pillow! Find the Tri-Core® Cervical Support Pillow perfect for you, and say goodbye to restless nights and wake up feeling refreshed each morning, ready to conquer the day ahead!

Tailored for both back and side sleepers, the Tri-Core Pillow offers targeted support, providing a healthier sleep environment. While lying on your back, a firm cervical roll provides neck support while a contoured center gently cradles the head, creating a hammock-like effect that distributes weight evenly, inducing relaxation and comfort. For enhanced comfort during side sleeping, the elevated side sleeping areas help maintain the head in a level position, ensuring proper alignment of the spine while reducing strain on the neck muscles. By ensuring proper neck alignment during sleep, the Tri-Core fosters therapeutic health benefits and overall well-being.

Additionally, the Tri-Core Pillow serves as a proactive measure against common neck and shoulder issues. By maintaining proper alignment of the neck and spine.

To meet individual needs, two very firm cervical rolls provide distinct support options. Choose the larger roll for maximum support (ideal for longer, slender necks) or the smaller roll (suitable for shorter, thicker necks) during an adjustment phase or for a gentler experience. For newcomers to cervical support pillows or those desiring gentle support, the "Gentle" version is available in full and midsize options.
